

Gitty Daneshvari

Author Visit to

Haworth School

Monday, November 16

About the Book

Are you average? Normal? Forgettable? If so, the League of Unexceptional Children is for you! This first book in a hilarious new adventure series is for anyone who's struggled to be noticed in a sea of above-average

overachievers.

What is the League of Unexceptional Children? I'm glad you asked. You didn't ask? Well, you would have eventually and I hate to waste time. The League of Unexceptional Children is a covert network that uses the nation's most average, normal, and utterly unexceptional children as spies. Why the average kids? Why not the brainiacs? Or the beauty queens? Or the jocks? It's simple: People remember them. But not the unexceptionals. They are the forgotten ones. Until now!

We are delighted to announce that children's author Gitty Daneshvari will visit Haworth School on Monday, November 16 to discuss her new book, *The League of Unexceptional Children*. The author will be speaking to students in grades 3 - 6.

An author visit is a wonderful opportunity for young readers to meet the creators of the books they read, and we have arranged for both students and teachers to purchase autographed copies of their books. Please consider extending this learning experience through the purchase of an autographed book.

About the Author

As a child Gitty Daneshvari talked and talked and talked. Whether yammering at her sister through a closed door or bombarding her parents with questions while they attempted to sleep, she absolutely refused to stop chattering until finally there was no one left to listen. In need of an outlet for her thoughts, Gitty began writing and she hasn't stopped since

She currently lives in New York City. And yes she still talks too much.

A percentage of book sales will benefit Haworth School

The order deadline is Wednesday, November 4

This event has been arranged through the courtesy of Books, Bytes & Beyond, the independent children's only book seller in Glen Rock. Follow them on Facebook and Twitter.
