

Annabel Monaghan

Author Visit to
Haworth School
Thursday, January 30

About the New Book

Farrah Higgins - or - Digit has been cracking codes since childhood, and is finally at home with "her people" at MIT in Cambridge. Her talents are so off the charts that her laptop is under surveillance by both the CIA and an ecoterrorist named Jonas Furnis. So when she thoughtlessly hacks into the Department of Defense's database, she lands in serious hot water inside and outside the law.

We are delighted to announce that YA author Annabel Monaghan will visit Haworth School on Thursday, January 30 to discuss her new book, *Double Digit* and other titles. Ms. Monaghan will be speaking to students in grades 7 & 8.

An author visit is a wonderful opportunity for young readers to meet the creators of the books they read, and we have arranged for both students and teachers to purchase autographed copies of their books. Please consider extending this learning experience through the purchase of an autographed book.

About the Author

Annabel grew up in Los Angeles, pondering traffic and what motivates people to put bumper stickers on their cars. She has since become an avid bumper sticker collector.

She writes a bi-weekly column for The Rye Record and is a regular contributor to The Week. Annabel has a degree in English from Duke University, an MBA from The University of Pennsylvania and a brief history as an investment banker. She lives in Rye, New York with her husband and three sons.

A percentage of book sales will benefit Haworth School
