1100 DISTRICT ORGANIZATION

The Board of Education directs the establishment and implementation of an organizational plan for the management and control of school district operations. The plan will require the identification and resolution of problems at appropriate organizational levels. All references to school district administrators in policies or regulations shall be construed to mean that administrator or his/her designee.

All members and employees of this Board are directed to observe faithfully the chain of communications established by the district organizational plan. In general, a problem should be identified and its resolution attempted at the level most immediate to the problem's origin. When a resolution cannot be found at that level, remedy may be sought through appropriate resolution and remediation procedures.

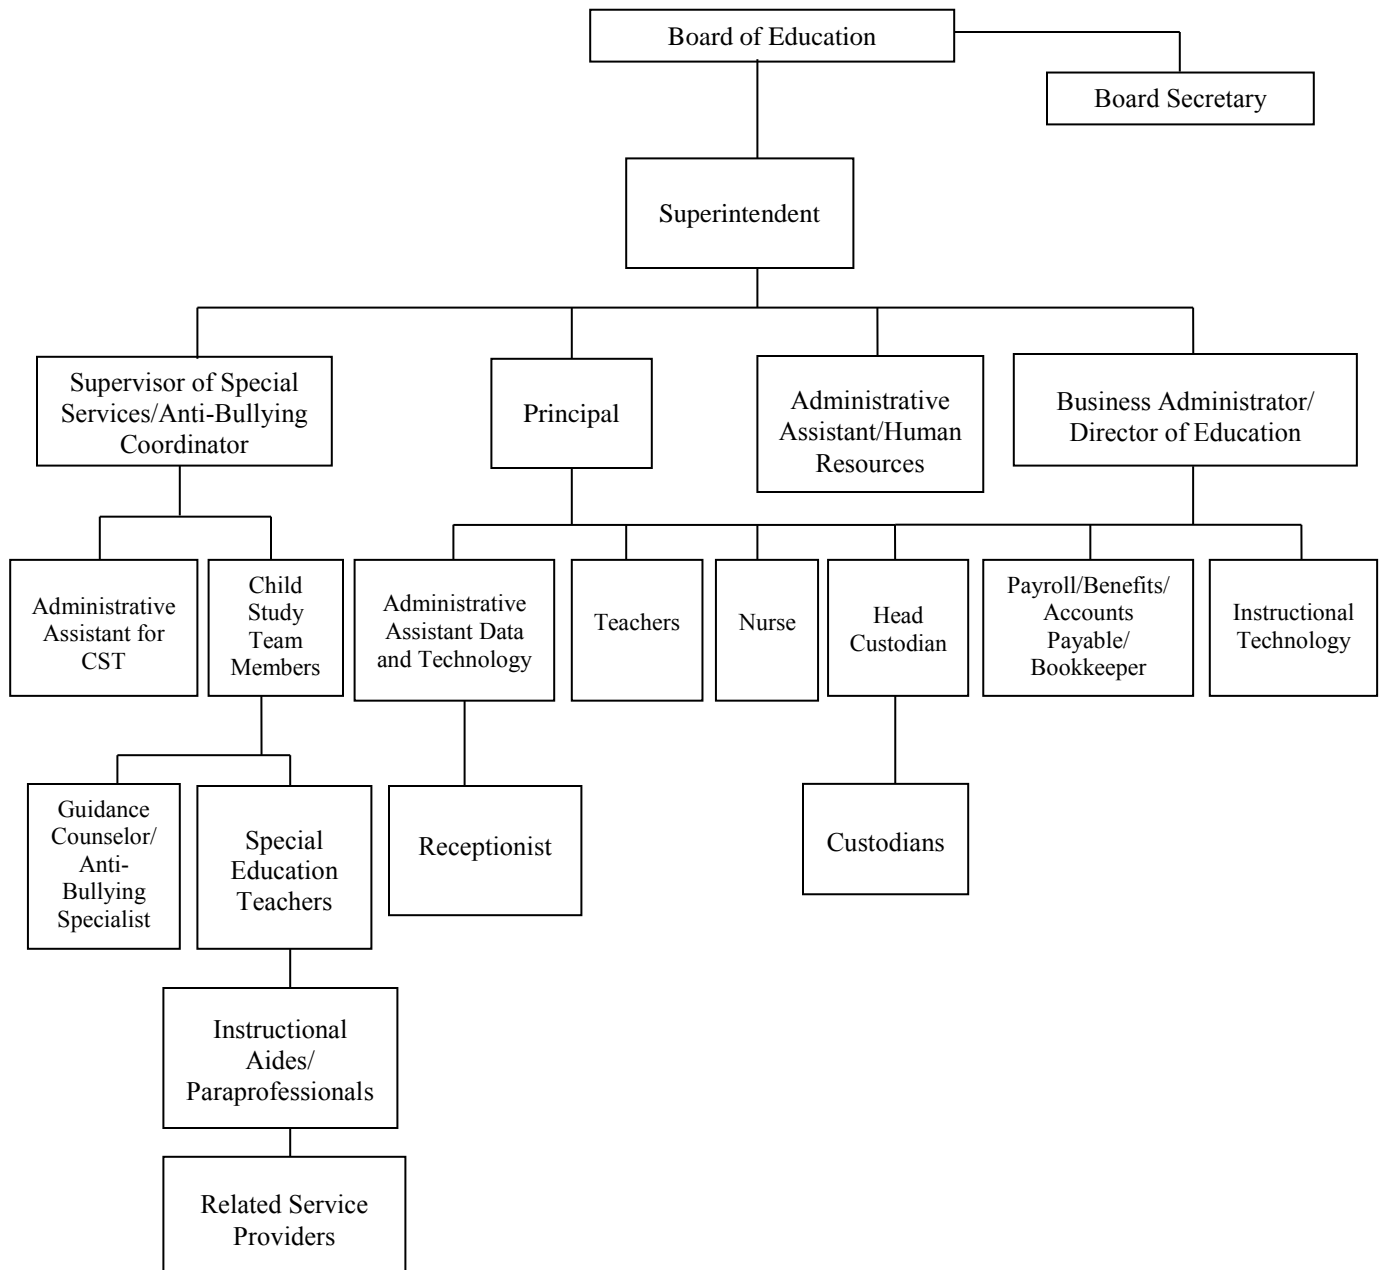

The Board expressly disapproves of any attempt to expedite the resolution of a problem by disregard of the organizational plan and the appropriate processes. A staff member's persistent disregard for the established management organization of this district in violation of this policy will be considered an act of insubordination subject to discipline.

The district may submit a written request to the Commissioner to approve an alternative system, approach, or process for implementing the internal controls required in N.J.A.C. 6A:23A-6. The application must include documented evidence that includes, but is not limited to, an independent, third-party written assessment that the alternative system, approach or process will achieve the same safeguards, efficiency, and other purposes as the specified internal control requirement(s).

The school district shall evaluate business processes annually and allocate available resources appropriately in an effort to establish a strong control environment pursuant to the requirements of N.J.A.C. 6A:23A-6.5. In accordance with the provisions of N.J.A.C. 6A:23A-6.5(b), the Board Secretary shall identify processes that, when performed by the same individuals, are a violation of sound segregation of duties and shall segregate the duties of all such processes among Business office staff based on available district resources, assessed vulnerability, and associated cost-benefit. The district shall include in the Comprehensive Annual Financial Report (CAFR) a detailed organizational chart for the Central office that tie to the district's position control logs, including but not limited to, the business, human resources, and information management functions.

The school district shall establish Standard Operating Procedures (SOPs) for each task or function of the business operations of the district by December 31, 2009. The SOP Manual shall include sections on each routine task or function as outlined in N.J.A.C. 6A:23A-6.6(b) and 6A:23A-6.6(c). A standard operating procedure shall be established that ensures office supplies are ordered in appropriate quantities, maintained in appropriate storage facilities, and monitored to keep track of inventory.

School districts with budgets in excess of \$25,000,000 or with more than three hundred employees shall maintain an Enterprise Resource Planning (ERP) System which integrates all data and processes of the school district into a unified system. The ERP system shall use multiple components of computer software and hardware and a unified database to store data for the various system modules to achieve the integration. Districts required to maintain an ERP System that do not have an ERP System in place on July 1, 2008 shall fully implement an ERP System by the 2010-2011 school year and maintain both the existing system(s) and run a beta test ERP System during the 2009-2010 school year. Whenever considering financial systems or the automation of other services or functions, the Superintendent of Schools or Board Secretary shall notify the Executive County Superintendent in writing to see if opportunities for a shared service system exist. Access controls shall be established for key elements of financial systems to ensure that a single person does not have the ability to make system edits that would violate segregation of duties controls.

The school district shall maintain an accurate, complete, and up-to-date automated position control roster to track the actual number and category of employees and the detailed information for each. Districts are required to maintain a position control roster by December 31, 2009. The position control roster shall share a common database and be integrated with the district's payroll system, agree to the account codes in the budget software, and ensure that the data within the position control roster system includes, at a minimum, the required information as required in N.J.A.C. 6A:23A-6.8(a)3.

1581 VICTIM OF DOMESTIC OR SEXUAL VIOLENCE LEAVE

In accordance with the provisions of N.J.S.A. 34:11C-1 et seq., an employee who was a victim of an incident of domestic violence as defined in Section 3 of P.L.1991, c.261 (C.2C:25-19) or a sexually violent offense as defined in Section 3 of P.L.1998, c.71 (C.30:4-27.26), or whose child, parent, spouse, domestic partner, or civil union partner was a victim shall be entitled to unpaid leave of no more than twenty days in one twelve-month period, to be used in the twelve-month period following any incident of domestic violence or any sexually violent offense as provided in N.J.S.A. 34:11C-1 et seq.

For the purposes of N.J.S.A. 34:11C-1 et seq. and this Policy, an “employee” means a person who is employed for at least twelve months by the Board of Education, with respect to whom benefits are sought under N.J.S.A. 34:11C-1 et seq. – “NJ SAFE Act” for not less than 1,000 hours during the immediately preceding twelve-month period.

For the purposes of N.J.S.A. 34:11C-3 and this Policy, each incident of domestic violence or any sexually violent offense shall constitute a separate offense for which an employee is entitled to unpaid leave, provided the employee has not exhausted the allotted twenty days for the twelve-month period. The unpaid leave may be taken intermittently in intervals of no less than one day, as needed for the purpose of engaging in any of the following activities as they relate to the incident of domestic violence or a sexually violent offense:

1. Seeking medical attention for, or recovering from, physical or psychological injuries caused by domestic or sexual violence to the employee or the employee’s child, parent, spouse, domestic partner, or civil union partner;
2. Obtaining services from a victim services organization for the employee or the employee’s child, parent, spouse, domestic partner, or civil union partner;
3. Obtaining psychological or other counseling for the employee or the employee’s child, parent, spouse, domestic partner, or civil union partner;
4. Participating in safety planning, temporarily or permanently relocating, or taking other actions to increase the safety of the employee or the employee’s child, parent, spouse, domestic partner, or civil union partner from future domestic or sexual violence or to ensure economic security;

5. Seeking legal assistance or remedies to ensure the health and safety of the employee or the employee's child, parent, spouse, domestic partner, or civil union partner, including preparing for, or participating in, any civil or criminal legal proceeding related to or derived from domestic or sexual violence; or
6. Attending, participating in, or preparing for a criminal or civil court proceeding relating to an incident of domestic or sexual violence of which the employee or the employee's child, parent, spouse, domestic partner, or civil union partner, was a victim.

An eligible employee may elect, or the Board of Education may require the employee, to use any of the accrued paid vacation leave, personal leave, or medical or sick leave (in accordance with the provisions of N.J.S.A. 18A:30-1) during any part of the twenty-day period of unpaid leave provided under N.J.S.A. 34:11C-1 et seq. In such case, any paid leave provided by the Board, and accrued pursuant to established policies of the Board, shall run concurrently with the unpaid leave provided under N.J.S.A. 34:11C-1 et seq. and, accordingly, the employee shall receive pay pursuant to the Board's applicable paid leave policy during the period of otherwise unpaid leave. If an employee requests leave for a reason covered by both N.J.S.A. 34:11C-1 et seq. and the "Family Leave Act," P.L.1989, c.261 (C.34:11B-1 et seq.) or the Federal "Family and Medical Leave Act of 1993," Pub.L.103-3 (29 U.S.C. § 2601 et seq.), the leave shall count simultaneously against the employee's entitlement under each respective law.

Leave granted under N.J.S.A. 34:11C-1 et seq. and this Policy shall not conflict with any rights pursuant to the "Family Leave Act," P.L.1989, c.261 (C.34:11B-1 et seq.), the "Temporary Disability Benefits Law," P.L.1948, c.110 (C.43:21-25 et seq.), or the Federal "Family and Medical Leave Act of 1993," Pub.L.103-3 (29 U.S.C. § 2601 et seq.).

Prior to taking this leave an employee shall, if the necessity for the leave is foreseeable, provide the Superintendent of Schools with written notice of the need for the leave. The notice shall be provided as far in advance as is reasonable and practical under the circumstances.

Nothing contained in N.J.S.A. 34:11C-1 et seq. and this Policy shall be construed to prohibit the Superintendent from requiring that a period of this leave be supported by the employee with documentation of the domestic violence or a sexually violent offense which is the basis for the leave. If documentation is required, the employee shall be regarded as having provided sufficient documentation if the employee provides one or more of the following:

1. A domestic violence restraining order or other documentation of equitable relief issued by a court of competent jurisdiction;

2. A letter or other written documentation from the county or municipal prosecutor documenting the domestic violence or a sexually violent offense;
3. Documentation of the conviction of a person for the domestic violence or a sexually violent offense;
4. Medical documentation of the domestic violence or a sexually violent offense;
5. Certification from a certified Domestic Violence Specialist or the director of a designated domestic violence agency or Rape Crisis Center, stating that the employee or employee's child, parent, spouse, domestic partner, or civil union partner is a victim of domestic violence or a sexually violent offense; or
6. Other documentation or certification of the domestic violence or a sexually violent offense provided by a social worker, member of the clergy, shelter worker, or other professional who has assisted the employee or employee's child, parent, spouse, domestic partner, or civil union partner in dealing with the domestic violence or a sexually violent offenses.

For the purposes of N.J.S.A. 34:11C-1 et seq. and this Policy, "Certified Domestic Violence Specialist" means a person who has fulfilled the requirements of certification as a Domestic Violence Specialist established by the New Jersey Association of Domestic Violence Professionals; and "designated domestic violence agency" means a county-wide organization with a primary purpose to provide services to victims of domestic violence, and which provides services that conform to the core domestic violence services profile as defined by the Division of Child Protection and Permanency in the Department of Children and Families and is under contract with the division for the express purpose of providing the services.

For the purposes of N.J.S.A. 34:11C-1 et seq. and this Policy, "Rape Crisis Center" means an office, institution, or center offering assistance to victims of sexual offenses through crisis intervention, medical and legal information, and follow-up counseling.

The Board shall display conspicuous notice of its employees' rights and obligations pursuant to the provisions of N.J.S.A. 34:11C-1 et seq., in such form and in such manner as the Commissioner of Labor and Workforce Development shall prescribe, and use other appropriate means to keep its employees so informed.

No provision of N.J.S.A. 34:11C-1 et seq. and this Policy shall be construed as requiring or permitting the Board to reduce employment benefits provided by the Board or required by a collective bargaining agreement which are in excess of those required by N.J.S.A. 34:11C-1 et seq. Nor shall any provision of N.J.S.A. 34:11C-1 et seq. be construed to prohibit the negotiation and provision through collective bargaining agreements of leave policies or benefit programs which provide benefits in excess of those required by N.J.S.A. 34:11C-1 et seq. This provision shall apply irrespective of the date that a collective bargaining agreement takes effect.

Nothing contained in N.J.S.A. 34:11C-1 et seq. and this Policy shall be construed as permitting the Board to:

1. Rescind or reduce any employment benefit accrued prior to the date on which the leave taken pursuant to N.J.S.A. 34:11C-1 et seq. commenced; or
2. Rescind or reduce any employment benefit, unless the rescission or reduction of the benefit is based on changes that would have occurred if an employee continued to work without taking the leave provided pursuant to N.J.S.A. 34:11C-1 et seq.

All information and/or documentation provided to the Board or Superintendent of Schools pursuant to N.J.S.A. 34:11C-1 et seq., any information regarding a leave taken pursuant to N.J.S.A. 34:11C-1 et seq., and any failure of an employee to return to work, shall be retained in the strictest confidentiality, unless the disclosure is voluntarily authorized in writing by the employee or is required by a Federal or State law, rule, or regulation.

The Board of Education shall not discharge, harass or otherwise discriminate or retaliate or threaten to discharge, harass or otherwise discriminate or retaliate against an employee with respect to the compensation, terms, conditions or privileges of employment on the basis that the employee took or requested any leave to which the employee was entitled pursuant to N.J.S.A. 34:11C-3 or on the basis that the employee refused to authorize the release of information deemed confidential pursuant to N.J.S.A. 34:11C-3.f.

1620 ADMINISTRATIVE EMPLOYMENT CONTRACTS

The Executive County Superintendent shall review and approve for all Superintendents, Deputy Superintendents, Assistant Superintendents, and School Business Administrators in school districts, county vocational school districts, county special services school districts and other districts, except charters, within the County under the supervision of the Executive County Superintendent:

1. New employment contracts, including contracts that replace expired contracts for existing tenured and non-tenured employees;
2. Renegotiations, extensions, amendments, or other alterations of the terms of existing employment contracts that have been previously approved by the Executive County Superintendent; and
3. Provisions for contract extensions where such terms were not included in the original employment contract or are different from the provisions contained in the original approved employment contract.

In counties where there is no Executive County Superintendent or Acting Executive County Superintendent, the Assistant Commissioner for Field Services shall review and approve all above contracts.

The contract review and approval shall take place prior to any required public notice and hearing pursuant to N.J.S.A. 18A:11-11 and prior to the Board approval and execution of those contracts to ensure compliance with all applicable laws, including but not limited to N.J.S.A. 18A:30-3.5, 18A:30-9, 18A:17-15.1 and 18A:11-12.

The public notice and public hearing required pursuant to N.J.S.A. 18A:11-11 is applicable to a Board that renegotiates, extends, amends, or otherwise alters the terms of an existing contract with the Superintendent of Schools, Deputy Superintendent, Assistant Superintendents, or School Business Administrator.

The public notice and public hearing requirements of N.J.S.A. 18A:11-11 do not apply to new contracts that replace expired contracts for existing employees in one of these positions, whether tenured or not tenured.

In connection with the Executive County Superintendent's review of the contract, the Board shall provide the Executive County Superintendent with a detailed statement setting forth the total cost of the contract for each applicable year, including salary, longevity (if applicable), benefits and all other emoluments.

The review and approval shall be consistent with the following additional standards:

1. Contracts for each class of administrative position shall be comparable with the salary, benefits and other emoluments contained in the contracts of similarly credentialed and experienced administrators in other school districts in the region with similar enrollment, academic achievement levels and challenges, and grade span.
2. No contract shall include provisions that are inconsistent with the travel requirements pursuant to N.J.S.A. 18A:11-12 and N.J.A.C. 6A:23A-7 including, but not limited to, the provisions for mileage reimbursement and reimbursement for meals and lodging in New Jersey. Any contractual provision that is inconsistent with law is superseded by the law.
3. No contract shall include provisions for the reimbursement or payment of employee contributions that are either required by law or by a contract in effect in the district with other teaching staff members, such as payment of the employee's State or Federal taxes, or of the employee's contributions to FICA, Medicare, State pensions and annuities (TPAF), life insurance, disability insurance (if offered), and health benefit costs.
4. No contract shall contain a payment as a condition of separation from service that is deemed by the Executive County Superintendent to be prohibited or excessive in nature. The payment cannot exceed the lesser of the calculation of three months pay for every year remaining on the contract with pro-ration for partial years, not to exceed twelve months, or the remaining salary amount due under the contract.
5. No contract shall include benefits that supplement or duplicate benefits that are otherwise available to the employee by operation of law, an existing group plan, or other means; e.g., an annuity or life insurance plan that supplements or duplicates a plan already made available to the employee. Notwithstanding the provisions of this section, a contract may contain an annuity where those benefits are already contained in the existing contract between the employee and the district.

6. Contractual provisions regarding accumulation of sick leave and supplemental compensation for accumulated sick leave shall be consistent with N.J.S.A. 18A:30-3.5. Supplemental payment for accumulated sick leave shall be payable only at the time of retirement and shall not be paid to the individual's estate or beneficiaries in the event of the individual's death prior to retirement. Pursuant to N.J.S.A. 18A:30-3.2, a new Board of Education contract may include credit of unused sick leave in accordance with the new Board of Education's policy on sick leave credit for all employees.
7. Contractual provisions regarding accumulation of unused vacation leave and supplemental compensation for accumulated unused vacation leave shall be consistent with N.J.S.A. 18A:30-9. Contractual provisions for payments of accumulated vacation leave prior to separation can be included but only for leave accumulated prior to June 8, 2007 and remaining unused at the time of payment. Supplemental payments for unused vacation leave accrued consistent with the provisions of N.J.S.A. 18A:30-9 after June 8, 2007 as well as unused vacation leave accumulated prior to June 8, 2007 that has not been paid, shall be payable at the time of separation and may be paid to the individual's estate or beneficiaries in the event of the individual's death prior to separation.
8. Contractual provisions that include a calculation of per diem for twelve month employees shall be based on a two hundred sixty day work year.
9. No provision for a bonus shall be made except where payment is contingent upon achievement of measurable specific performance objectives expressly contained in a contract approved pursuant to N.J.A.C. 6A:23A-3.1, where compensation is deemed reasonable relative to the established performance objectives, and achievement of the performance objectives has been documented to the satisfaction of the Board of Education.
10. No provision for payment at the time of separation or retirement shall be made for work not performed except as otherwise authorized above.
11. No contract shall include a provision for a monthly allowance except for a reasonable car allowance. A reasonable car allowance cannot exceed the monthly cost of the average monthly miles traveled for business purposes multiplied by the allowable mileage reimbursement pursuant to applicable law and regulation and NJOMB circulars. If such allowance is included, the employee cannot be reimbursed for business travel mileage nor assigned permanently a car for official district business. Any provision of a car for official district business must conform with N.J.A.C. 6A:23A-6.12 and be supported by detailed justification. No contract can include a provision of a dedicated driver or chauffeur.

12. All Superintendent contracts shall include the required provision pursuant to N.J.S.A. 18A:17-15.1 which states that in the event the Superintendent's certificate is revoked, the contract is null and void.
13. No contract shall include a provision for additional compensation upon the acquisition of a graduate degree unless the graduate degree is conferred by a duly accredited institution of higher education as defined in N.J.A.C. 6A:9-2.1. No contract shall include a provision for assistance or tuition reimbursement, or for additional compensation for graduate school coursework, unless such coursework culminates in the acquisition of a graduate degree conferred by a duly accredited institution of higher education as defined in N.J.A.C. 6A:9-2.1.

Any actions by the Executive County Superintendent undertaken pursuant to N.J.A.C. 6A:23-3.1 and this Policy may be appealed to the Commissioner of Education pursuant to the procedures set forth at N.J.A.C. 6A:3.

1631 RESIDENCY REQUIREMENT FOR PERSON HOLDING SCHOOL DISTRICT OFFICE, EMPLOYMENT, OR POSITION

Every person holding an office, employment, or position in a school district shall have his or her principal residence in New Jersey in accordance with the provisions of N.J.S.A. 52:14-7.

For the purpose of this Policy, “school district” means any local or regional school district established pursuant to Chapter 8 or Chapter 13 of Title 18A of the New Jersey Statutes and any jointure commission, county vocational school, county special services district, educational services commission, educational research and demonstration center, environmental education center, and educational information and resource center.

For the purpose of this Policy, a person may have at most one principal residence and the State of a person’s principal residence means the State where the person spends the majority of his or her nonworking time, which is most clearly the center of his or her domestic life, and which is designated as his or her legal address and legal residence for voting. Having a home in New Jersey is not significant enough by itself to meet the principal residence requirement of the law. The fact that a person is domiciled in New Jersey shall not by itself satisfy the requirement of principal residency.

A person, regardless of the office, employment, or position, who holds an office, employment, or position in the school district on September 1, 2011, but does not have his or her principal residence in New Jersey on September 1, 2011, shall not be subject to this residency requirement of N.J.S.A. 52:14-7 while the person continues to hold office, employment, or position without a break in public service of greater than seven days.

A person may request an exemption from the provisions of N.J.S.A. 52:14-7 on the basis of critical need or hardship. The request shall be made to a five-member committee established in accordance with the provisions of N.J.S.A. 52:14-7 to consider applications for such exemptions. The decision on whether to approve an application from any person shall be made by a majority vote of the members of the committee, and those voting in the affirmative shall so sign the approved application. If the committee fails to act on an application within thirty days after the receipt thereof, no exemption shall be granted and the residency requirement of N.J.S.A. 52:14-7 shall be operative.

Any person holding or attempting to hold an office, employment, or position in violation of N.J.S.A. 52:14-7 shall be considered as illegally holding or attempting to hold the office, employment, or position; however, the person shall have one year from the time of taking the office, employment, or position to satisfy the requirement of principal residency. If such person fails to satisfy the requirement of principal residency as defined in N.J.S.A. 52:14-7 after the

The Superior Court shall, in a civil action in lieu of prerogative writ, give judgment of ouster against such person, upon the complaint of any officer or citizen of the State, provided that any such complaint shall be brought within one year of the alleged 365-day period of failure to have his or her principal residence in this State.

Notice of the residency requirements as outlined in N.J.S.A. 52:14-7 and this Policy should be provided to all existing persons holding office, employment, or a position in the school district and to candidates seeking to hold office, employment, or a position in the school district.

New Jersey Core Curriculum Content Standards

Adopted: 19 June 2018

2210 CURRICULUM DEVELOPMENT

The Haworth Board of Education recognizes its responsibility for the improvement and growth of the educational program in the schools. The Superintendent shall be responsible to the Board for the development of curriculum to meet identified student needs. The Board shall ensure that curriculum and instruction are designed and delivered in a way that all students are able to demonstrate the knowledge and skills set out in the New Jersey Student Learning Standards. Every student will complete the academic program according to his/her skills and abilities. In addition, the Board shall ensure that appropriate instructional adaptations are designed and delivered for students with disabilities, for students with limited English proficiency, and for students who are gifted and talented.

The Superintendent shall establish procedures for curriculum development that ensure the effective participation of teaching staff members; students, as appropriate to their age and grade; parents; the community; members of the Board; and the use of all available resources.

Teaching staff are encouraged to utilize resources such as the Department of Education curriculum frameworks to develop classroom strategies that are consistent with the New Jersey Student Learning Standards.

Care shall be taken that certified staff shall not be assigned to teach material outside the limits of their certification and endorsements. The Federal law requires that students be taught by "highly qualified" teachers and that research based methodologies be used in the classroom.

New programs shall reflect the goals of the Board. The Superintendent shall report to the Board the objectives, evaluative criteria and costs of each proposed program before seeking Board adoption. New programs and courses of study shall not be acted upon by the Board until the meeting following their presentation, in order for Board members to have an opportunity to review the proposed program.

Criteria by which the Board will judge the acceptability of new course offerings include:

1. Does it address an identified student need?
2. Is it relevant to the Board's philosophy and goals and does it offer real possibilities for progress toward these goals?
3. Does it satisfy the requirements of the Board's school and classroom practices regarding bias and stereotyping?

4. If the proposed course replaces an existing program, what defect in the previous program is it designed to overcome?
5. Does it include measures for determining progress?
6. Does it address the necessary study skills?
7. Has it been thoroughly studied and/or tested by district staff or by another district? What were the results?
8. Has a curriculum guide been completed? If not, when can it be expected?
9. Have the accompanying textbooks been recommended to the Board?
10. Have the costs and time of implementation been reviewed, including inservice training?
11. How does it address the New Jersey Student Learning Standards?

The Superintendent shall ensure that instruction in African-American History, including the Amistad, and the history of other cultures is taught as part of the history of the United States (N.J.S.A. 18A:35-1) and the curriculum includes instruction on the Holocaust and other genocide curricula at all grade levels (N.J.S.A. 18A:35-28).

A five-year plan for updating curriculum shall be developed and implemented. The Superintendent shall report annually on all progress in curriculum development and the implementation of the five-year curriculum plan at the time of the Board's annual adoption of curriculum.

2230 COURSE GUIDES

The Board of Education directs the preparation of a guide for each approved course of study in order to direct and assist teaching staff members toward the attainment of goals addressed by that course.

Each course guide will contain, as appropriate to the course of study, content standards; objectives, concepts, and skills to be taught; attitudes and appreciations to be developed; suggested activities designed to achieve the objectives; suggested methods of instruction; performance indicators; evaluation criteria intended to test the extent to which learning objectives have been achieved; and a reading list of supplemental titles for the guidance of teachers.

The course guides will be the basic instructional tool for each course of study.

Each teacher shall conduct the course of study as required by the course guide. Any deviation from the content of the guide must be approved by the Principal in advance of its implementation.

The Superintendent shall be responsible for the preparation of course guides, and shall develop a plan for such preparation that includes the participation of appropriate staff members and resource personnel; the participation of members of the community; the participation of students at appropriate grade levels; continuing research in instructional methods, materials, and activities; systematic review of all course guides to ensure their continuing usefulness in achieving goals set by the Board; and a system of administrative review to ensure that course guides are being followed by teaching staff members to the degree of conformity desired by the Board.

All new course guides and revisions of existing guides shall be submitted to the Board for approval before they are implemented.

Copies of all current course guides shall be kept on file in the office of the Superintendent.

Adopted: 19 June 2018

2240 CONTROVERSIAL ISSUES

Free discussion of controversial issues: political, economic, and social, shall be encouraged in the classroom whenever appropriate for the level of the group.

Issues may be considered controversial which arouse strong reactions, based either on personal conviction or allegiance to a group. School treatment of controversial issues shall be designed to instruct students in fair and objective study techniques. The decision on whether a particular controversial issue shall become a matter for school study shall be based on the timeliness of the question, the maturity and needs of the students and the purposes of the schools. Classroom discussions on controversial questions which arise unexpectedly shall be the responsibility of the teacher, who shall provide relevant information on both sides of the question. Such discussions shall be kept free from the assumption that there is one correct answer that should emerge from a discussion and be taught authoritatively to the students.

Students shall be taught to recognize each other's right to form an opinion on controversial issues, and shall be assured of their own right to do so without jeopardizing their relationship with the teacher or the school. When public employees make statements pursuant to their official duties: in the classroom, at Haworth Board of Education meetings, and at other meetings related to educational issues affecting the district, the employees are not speaking as citizens for First Amendment purposes, and the Constitution does not insulate their communications from employer discipline (*Garcetti v. Ceballos*).

The Superintendent or designee shall have the authority to limit or suspend discussion of controversial issues pending a review of the issue/materials. Instructional materials not previously approved must be reviewed by the Superintendent or designee before being introduced into the classroom.

Adopted: 19 June 2018

2260 AFFIRMATIVE ACTION PROGRAM FOR SCHOOL AND CLASSROOM PRACTICES

The Board of Education shall provide equal and bias-free access for all students to all school facilities, courses, programs, activities, and services, regardless of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status, by:

1. Ensuring equal and barrier-free access to all school and classroom facilities;
2. Attaining minority representation within each school, which approximates the district's overall minority representation. Exact apportionment is not required, however, the ultimate goal is a reasonable plan achieving the greatest degree of racial balance, which is feasible and consistent with sound educational values and procedures;
3. Utilizing a State-approved English language proficiency measure on an annual basis for determining the special needs of English language learners and their progress in learning English pursuant to N.J.A.C. 6A:15-1.3(b);
4. Utilizing bias-free multiple measures for determining the special needs of students with disabilities, pursuant to N.J.A.C. 6A:14-3.4;
5. Ensuring that support services, including intervention and referral services and school health services pursuant to N.J.A.C. 6A:16, are available to all students; and
6. Ensuring that a student is not discriminated against because of a medical condition. A student shall not be excluded from any education program or activity because of a long-term medical condition unless a physician certifies that such exclusion is necessary. If excluded, the student shall be provided with equivalent and timely instruction that may include home instruction, without prejudice or penalty.

The Board of Education shall ensure that the district's curriculum and instruction are aligned to the State's Core Curriculum Content Standards and address the elimination of discrimination by narrowing the achievement gap, by providing equity in educational programs and by providing opportunities for students to interact positively with others regardless of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status, by:

1. Ensuring there are no differential requirements for completion of course offerings or programs of study solely on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status;
2. Ensuring courses shall not be offered separately on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status;
 - a. Portions of classes which deal exclusively with human sexuality may be conducted in separate developmentally appropriate sessions for male and female students, provided that the course content for such separately conducted sessions is the same.
3. Reducing or preventing the underrepresentation of minority, female, and male students in all classes and programs including gifted and talented, accelerated, and advanced classes;
4. Ensuring that schools demonstrate the inclusion of a multicultural curriculum in its instructional content, materials and methods, and that students understand the basic tenet of multiculturalism;
5. Ensuring that African American history, as well as the history of other cultures, is infused into the curriculum and taught as part of the history of the United States, pursuant to N.J.S.A. 18A:35-1 and the New Jersey Core Curriculum Content Standards; and
6. Ensuring that instruction on the Holocaust and other acts of genocide is included in the curriculum of all elementary and secondary schools, as developmentally appropriate, pursuant to N.J.S.A. 18A:35-28.

The Board of Education shall ensure all students have access to adequate and appropriate counseling services. When informing students about possible careers, professional or vocational opportunities, the Board shall not restrict or limit the options presented to students on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status. The district will not use tests, guidance, or counseling materials which are biased or stereotyped on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status.

The Board of Education shall ensure that the district's physical education program and its athletic programs are equitable, co-educational, and do not discriminate on the basis of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity or expression, religion, disability, or socioeconomic status, as follows:

1. The district shall provide separate restroom, locker room, and shower facilities on the basis of gender, but such facilities provided for students of each gender shall be comparable;
2. A school within the school district may choose to operate separate teams for both genders in one or more sports or single teams open competitively to members of both genders, so long as the athletic program as a whole provides equal opportunities for students of both genders to participate in sports at comparable levels of difficulty and competency; and
3. The activities comprising such athletic programs shall receive equitable treatment, including, but not limited to, staff salaries, purchase and maintenance of equipment, quality and availability of facilities, scheduling of practice and game time, length of season, and all other related areas or matters.

2270 RELIGION IN THE SCHOOLS

The Board of Education recognizes that religious belief and disbelief are matters of personal conviction rather than governmental authority and the students of this district are protected by the First Amendment of the United States Constitution and by Article I, Paragraph 4 of the New Jersey State Constitution from the establishment of religion in the schools. School officials will be neutral in their treatment of religion in the school district, showing neither favoritism toward nor hostility against religious expression. Accordingly, devotional exercises will be permitted in this district. The following activities will be permitted in the school district provided the activity is consistent with current United States Supreme Court decisions regarding the relationship between government and religion: prayer during instructional time; organized prayer groups and activities; religious expression and prayer in classroom assignments; student assemblies and extra-curricular events; prayer at graduation; baccalaureate ceremonies; devotional exercises; and other prayer and/or religion related activities. The school district will not permit an activity if the activity advances or inhibits any particular religious expression that is protected by the First Amendment of the United States Constitution.

The Board believes that an understanding of religions and the contributions that religion has made to the advancement of civilization is essential to the thorough education of young people and to their appreciation of a pluralistic society. To that end, the curriculum may be developed to include, as appropriate to the various ages and attainments of the students, instruction about the religions of the world.

The Board also acknowledges the degree to which a religious consciousness has enriched the arts, literature, music, and issues of morality. The instructional and resource materials approved for use in the schools of this district frequently contain religious references or concern moral issues that have traditionally been the focus of religious concern. That such materials may, therefore, be religious in nature shall not, by itself, bar their use by the district. The Board directs that teaching staff members employing such materials be neutral in their approach and avoid using them to advance or inhibit religion in any way.

The instructional program of the school should inform students of the many beliefs and customs stemming from religious, racial, ethnic and cultural heritages. Such instruction should be designed to broaden the students' understanding of and tolerance for the multiple ways of life enjoyed by the peoples of the world.

Songs and customs that have come to us from the various ethnic, religious and racial elements of our population should be used to broaden our students' awareness of the contributions that each segment has made to the composite American culture.

Music, art, literature, and drama having religious themes or bases are permitted as part of the curriculum for school-sponsored activities and programs if presented in an objective manner and as a traditional part of the cultural and religious heritage of the particular holiday.

The use of religious symbols such as a cross, menorah, crescent, Star of David, creche, symbols of Native American religions or other symbols that are part of a religious holiday is permitted as a teaching aid or resource, provided such symbols are displayed as an example of the cultural and religious heritage of the holiday and are temporary in nature.

The Board recognizes that religious traditions vary in their perceptions and doctrines regarding the natural world and its processes. The curriculum is chosen for its place in the thorough and efficient education of the children of this district, not for its conformity to religious principles. Students should receive unbiased instruction in the schools so that they may privately accept or reject the knowledge so gained in accordance with their own religious tenets.

2310 STUDENT GROUPING

The Board of Education believes that each student should be provided with the instruction that will best suit his/her intellectual, physical, emotional, and social capabilities. The Board authorizes the Superintendent to develop a schedule and class organization that will provide for the placement of students in instructional groups that will offer them the greatest educational benefit.

The grouping of students should be flexible and should take into consideration the age, mental ability, past academic record, emotional needs, physical maturity, and interests of each student.

Adopted: 19 June 2018

2312 CLASS SIZE

The Board of Education directs that the number of students assigned to any one class be governed by considerations of instructional quality and economy of operation.

A desired range for the minimum and maximum number of students that shall be assigned to regular classes shall be established by the Superintendent.

The Superintendent shall prepare guidelines for class size. Maximum limits shall take into account the subject matter, type of instruction, ability of students, availability of aides, and use of special facilities and equipment and may be waived to accommodate the demands of a temporary increase in enrollment.

Adopted: 19 June 2018

2330 HOMEWORK

The Haworth Board of Education believes that homework relevant to material presented in class provides an opportunity to broaden, deepen or reinforce the student's knowledge. Teachers must use discretion in deciding the number and length of assignments. The Board encourages the use of interrelated major homework assignments such as term papers, themes, and creative art projects.

Homework shall not be used for punitive reasons.

Students absent for any reason must make up assignments, class work, and tests within a reasonable length of time. In most cases, a reasonable length of time shall be the same number of school days as the days missed.

Students being excused for any reason must make arrangements with the teacher of the missed classes in order to make up the work missed. This must be done before the absence from class.

Incompletes

When a student does not complete work missed for absence or other reasons, he/she will receive an "incomplete" for the marking period. Students will complete all make-up and missed work by the end of the marking period unless alternative arrangements have been made to extend the make-up period.

If work critical to the student's understanding of the subject is not made up by the end of the next marking period, the grade for that subject area may be an "F."

If work is missing during the final marking period of the school year, the grade will be left to the discretion of the teacher. The teacher who has given an incomplete is responsible for reporting to the student the work he/she has missed and citing the consequences mentioned above.

Adopted: 19 June 2018

2340 FIELD TRIPS

The Board of Education recognizes that field trips properly planned and integrated with the curriculum are an educationally sound and important part of the program of the schools that can supplement and enrich classroom instruction by providing learning experiences in an environment outside the schools.

For purposes of this policy, a field trip means any journey by a group of students away from the school premises, under the supervision of a teacher, and integrally related to an approved course of study.

The Board of Education shall approve annually a list of potential field trips. All proposed field trips not so listed must be individually approved by the Board. The approved list will include the trip location, advisor or teacher in charge, and grade or group of students participating on the trip.

The Board may authorize field trips for which all or part of the costs are borne by the students' parent(s) or legal guardian(s), except that no student in a special education class or student unable to pay the cost assessed shall be prohibited from attending a field trip. (N.J.S.A. 18A:36-21)

The determination of a student's inability to pay will be based upon the student's eligibility for free and reduced meals in accordance with Board Policy No. 8540.

Students on field trips remain under the supervision of this Board and are subject to its rules and regulations.

A student who violates rules or disregards the authority of supervisors on a field trip significantly endangers the safety of other students and may be summarily dismissed from the trip. The teaching staff member in charge will make arrangements for the dismissed student's transportation to home or school as appropriate. The cost of any such transportation will be borne by the parent(s) or legal guardian(s) of the student. The Board reserves the right to take further disciplinary measures in accordance with Policy No. 5600.

The Superintendent shall prepare regulations for the operation of field trips that ensure that the safety and well-being of students shall be protected at all times; that parental permission is sought and obtained before any student may be removed from the school for a field trip; that each field trip is properly planned, integrated with the curriculum, and followed up by appropriate activities that enhance its usefulness; that the effectiveness of field trip activities are monitored and continually evaluated; that teachers are allowed a considerable degree of flexibility and innovation in planning field trips; that no field trip will be approved unless it contributes to the achievement of specified instructional objectives; and that teachers are not permitted to make on-site alterations to a trip itinerary, except where the health, safety or welfare of students is imperiled or where changes or substitutions beyond the control of the teacher have frustrated the purpose of the trip.

Student Self-Administration of Medication

The Board shall permit self-administration of medication on field trips for asthma or other potentially life-threatening illness by students age ten or older. All conditions established by law and Board policy shall be met (see policy 5330 Administration of Medication).

Epinephrine shall be administered via epi-pen to students in emergencies on field trips by the school nurse, his/her designee(s), the student's parent or the student himself/herself, in accordance with policy 5330 Administration of Medication.

The Haworth School District school nurse accompanies students on those field trips on which there are students with asthma, diabetes, or allergies to bees and, thus, may oversee the self-administration of asthma medication or, in the case of an emergency, administer epinephrine if necessary.

Adopted: 19 June 2018

2360 USE OF TECHNOLOGY

The Board of Education recognizes the use of technology in the educational process is an essential part of the schooling experience. Technology is to be viewed as a resource to enhance the learning process among other resources available to teachers and students. In addition, technology can be used to enhance the administration of the schools and the district. In order to provide direction and meaning to the use of technology as an instructional resource, the Board encourages and supports staff use of technology as a component of the learning process.

For purposes of this policy “technology” includes, but is not limited to, the use of computers and computer peripherals, communications networks, access to databases and libraries of information and the integration of audio, video, multimedia devices and media for purposes of teaching and learning.

The Superintendent, in consultation with teaching and support staff, shall recommend to the Board the acquisition of appropriate technology to best implement the curricular, instructional, and administrative program of the school district. Facilities Planning

In all facilities projects involving new constructions, additions, and renovations the Superintendent or designee shall ensure the plans include provisions for current and future technology needs in terms of the structural, electric/electronic, mechanical, acoustical and visual systems of the building(s). All educational specifications shall include features required for the use of instructional technology.

Computers

The school district will provide support or maintenance agreements for specified brands of computers. All other computers purchased or donated will be subject to repair only when non-allocated funding is available and therefore may remain unrepaired until funding is available.

Computer Software Acquisition and Upgrading

Software Copyright

All employees shall strictly adhere to the copyright laws of the United States. No software shall be copied and/or distributed except in accordance with these laws. All software placed on media workstations or any network with public access shall be copy protected by the IT Coordinator, who shall assure that individuals who have access to such programs shall not copy them without authorization.

Internal Communication (District)

The school district shall provide communication between schools by a variety of means.

External Communications

The Board encourages the use of external communications so schools may utilize the vast resources of external databases and communicate with other schools, external agencies, and businesses throughout the world. Gateways to such communications will be supported by the school district. The use of particular gateways shall be approved by the IT Coordinator. The IT Coordinator shall be responsible for the installation of software in district owned computers and/or computer systems that prevents access to gateways and Internet sites that have material considered by the IT Coordinator to be inappropriate for use by students.

Computer Laboratories and Distributed Computing

In order to provide teacher, staff, and student access to computers, the Board directs that provisions be made to provide computer access in computer laboratories, classrooms, and school libraries/media centers.

Audio/Video

All audio and/or video materials shall be used in accordance with the copyright laws of the United States. Teachers, students, or staff who create audio or video materials containing the voices or images of the individuals involved shall obtain proper releases from those individuals, their parent(s) or legal guardian(s) for instructional use within the school.

Informing Parents, Legal Guardians and Interested Parties

Upon request, the Building Principal shall make available to parent/legal guardians the computer hardware and software used in the district in order that a computer purchased privately for home use may be compatible with the computer and software the student uses in the school setting.

Technology Coordination

The Board shall appoint an IT Coordinator to assure the technology needs of the district are met in the most efficient manner possible at the lowest costs available to meet specified needs.

Broadcast Rights and Copyrights

The Board specifically retains the Broadcast rights and copyrights to all materials created by employees of the Board as part of their responsibilities to the Board. Any financial remuneration for the use of such materials shall be retained by the Board.

Computer Security

The IT Coordinator shall develop security procedures to include, but not be limited to, the following areas:

3. Employee Training

All new employees having, as part of their job responsibilities, access to computers and information systems will be trained in the proper security procedures outlined above.

All employees having, as part of their job responsibilities, access to computers and information systems will be kept up-to-date on current security procedures for equipment and data.

4. Transaction Audit Trail

Appropriate procedures will be maintained in order to monitor system activity and users, as necessary.

5. Security Officer

The Superintendent shall designate the IT Coordinator as the district's Computer Security Officer to monitor system security procedures.

Use of Facsimile (FAX) Machines

Fax machines provide a useful means of communicating and shall be subject to the same rules that apply to the use of telephones. All incoming faxes shall be considered confidential mail. No disclosure of the contents of any fax shall be made except to the individual for whom the fax is intended. Any individual violating this confidentiality shall be subject to discipline as provided by the policies and regulations of the Board.

2361 ACCEPTABLE USE OF COMPUTER NETWORKS/ COMPUTERS AND RESOURCES

The Board of Education recognizes as new technologies shift the manner in which information is accessed, communicated, and transferred; these changes will alter the nature of teaching and learning. Access to technology will allow students to explore databases, libraries, Internet sites, and bulletin boards while exchanging information with individuals throughout the world. The Board supports access by students to these information sources but reserves the right to limit in-school use to materials appropriate for educational purposes. The Board directs the Superintendent to effect training of teaching staff members in skills appropriate to analyzing and evaluating such resources as to appropriateness for educational purposes.

The Board also recognizes technology allows students access to information sources that have not been pre-screened by educators using Board approved standards. The Board therefore adopts the following standards of conduct for the use of computer networks and declares unethical, unacceptable, or illegal behavior as just cause for taking disciplinary action, limiting or revoking network access privileges, and/or instituting legal action.

The Board provides access to computer networks/computers for educational purposes only. The Board retains the right to restrict or terminate student access to computer networks/computers at any time, for any reason. School district personnel will monitor networks and online activity to maintain the integrity of the networks, ensure their proper use, and ensure compliance with Federal and State laws that regulate Internet safety.

Standards for Use of Computer Networks

Any individual engaging in the following actions when using computer networks/computers shall be subject to discipline or legal action:

- A. Using the computer networks/computers for illegal, inappropriate or obscene purposes, or in support of such activities. Illegal activities are defined as activities that violate Federal, State, local laws and regulations. Inappropriate activities are defined as those that violate the intended use of the networks. Obscene activities shall be defined as a violation of generally accepted social standards for use of publicly owned and operated communication vehicles.
- B. Using the computer networks/computers to violate copyrights, institutional or third party copyrights, license agreements or other contracts.

- C. Using the computer networks in a manner that:
1. Intentionally disrupts network traffic or crashes the network;
 2. Degrades or disrupts equipment or system performance;

2412 HOME INSTRUCTION DUE TO HEALTH CONDITION

The Board of Education shall provide instructional services to an enrolled student, whether a general education student in Kindergarten through grade eight or special education student age three to twenty-one, when the student is confined to the home or another out-of-school setting due to a temporary or chronic health condition or a need for treatment that precludes participation in their usual education setting, whether general or special education.

A parent's request for home instruction shall include a written determination from the student's physician documenting the projected need for confinement at the student's residence or other treatment setting for more than ten consecutive school days or twenty cumulative school days during the school year. The written determination from the student's physician shall be forwarded to the school physician, who shall either verify the need for home instruction or provide reasons for denial. The parent shall be notified concerning the school physician's verification or reasons for denial within five school days after receipt of the written determination by the student's physician.

The school district shall be responsible for the costs of providing instruction in the home or out-of-school setting either directly, or through online services, including any needed equipment, or through contract with another district Board of Education, Educational Services Commission, Jointure Commission, or approved clinic or agency. The school district shall provide instructional services within five school days after receipt of the school physician's verification or, if verification is made prior to the student's confinement, during the first week of the student's confinement to the home or out-of-school setting.

The home or out-of-school instruction shall meet the minimum standards as required in N.J.A.C. 6A:16-10.1(c). The school district shall establish a written plan for delivery of instruction and maintain a record of delivery of instructional services and student progress. The teacher providing instruction shall be a certified teacher. The teacher shall provide instruction for the number of days and length of time sufficient to continue the student's academic progress and dependent upon the student's ability to participate.

For a student with disabilities, the home instruction shall be consistent with the student's Individualized Education Plan (IEP) to the extent appropriate, and shall meet the Core Curriculum Content Standards. When the provision for home instruction for a student with disabilities will exceed thirty consecutive school days in a school year, the IEP team shall convene a meeting to review and, if appropriate, revise the student's IEP.

For a student without disability, the home instruction shall meet the Core Curriculum Content Standards, and the requirements of the Board for promotion to the next grade level. When the provision for home instruction for a student without disability will exceed sixty calendar days, the school physician shall refer the student to the Child Study Team for evaluation, pursuant to N.J.A.C. 6A:14.

The Board reserves the right to withhold home instruction when the reason for the student's confinement is such as to expose a teacher to a health hazard or dangerous home situation; when a parent or other adult twenty-one years of age or older, who has been designated by the parent, is not present during the hours of instruction; or when the condition of the student is such as to preclude benefit from such instruction.

Students on home instruction will be accounted for on the attendance register as required by the Department of Education. The name of a student on home instruction will not be released at a public Board meeting or placed in a public record.

2415.06 UNSAFE SCHOOL CHOICE OPTION

The New Jersey Department of Education (NJDOE) is required to establish an Unsafe School Choice Option (USCO) Policy per the Elementary and Secondary Act (ESEA) of 1965, as reauthorized under the Federal Every Student Succeeds Act of 2015 (ESSA). The USCO Policy requires that students who attend a persistently dangerous public elementary or secondary school as determined by the NJDOE, or become victims of a violent criminal offense while in or on school grounds of a public school that they attend, be allowed to attend a safe public school within the district. The USCO provision under the ESSA contains two provisions that apply to school districts that receive funds under ESSA: Provision I - Persistently Dangerous Schools and Provision II - Victims of Violent Criminal Offenses.

Effective the beginning of each school year, school districts receiving ESSA funds must be prepared to complete the transfer of students who choose to exercise Provision I and Provision II of this USCO Policy. Compliance with the Policy is a condition of receiving funds under any and all titles under ESSA. The Superintendent is required to certify compliance with this USCO Policy to the NJDOE in the application for ESSA funds.

USCO Policy Provision I - Persistently Dangerous Schools (PDS)

1. Criteria for Determining PDS.

A persistently dangerous school is a public elementary or secondary school building (except for Regional Day Schools, Educational Services Commissions and Special Services School Districts) that meets the objective criteria determined by the NJDOE for three consecutive years and is part of a school district that receives funds under ESSA. The NJDOE will use the most current available data from the Electronic Violence and Vandalism Reporting System (EVVRS) to identify PDS on or before July 31 of each year.

2. Procedures and Guidelines for Schools Determined to be Persistently Dangerous.

A school district will be notified by the NJDOE on or before July 31 of each year if a school(s) in the school district has been identified as a PDS. Once the district receives notification a school is identified as persistently dangerous, the district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the date of the notice and offer them the option for their children to transfer to a safe public school within the district by the beginning of the respective school year. The district must complete all transfers by the beginning of the school year following the July notification.

Students are not required to accept the transfer option, but they must be afforded the opportunity to do so. Parental notice regarding the status of the school and the offer to transfer students should be made simultaneously. Parents of enrolled students must be notified of the persistently dangerous designation whether or not there is another school within the district for the transferring students.

To the extent possible, the district will allow transferring students to transfer to schools that have not been identified as low performing, under the State's ESSA accountability system. When a transfer school is not available within the school district, the district may seek arrangements for students to transfer to the nearest charter school or neighboring district; however, this is not required. The district may take into account the needs and preferences of the affected students and parents.

3. Corrective Action Plan for a School Identified as Persistently Dangerous.

If a school in the district is identified by the NJDOE as persistently dangerous, the district will submit to the NJDOE documentation of compliance with the parent notification requirement and actions taken to complete the transfer arrangements for all students exercising the option by the first day of the school year. Additionally, the district is required to develop and submit for approval a corrective action plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The corrective action plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide the school with guidance for its corrective action plan, as well as monitor the school district's timely completion of the approved plan.

In the spring of each following year, the NJDOE will re-evaluate the status of a school identified as persistently dangerous. The NJDOE will review the school's progress towards completing its corrective action plan and compare the current year's incidents of violence, as reported on the EVVRS, to the criteria for determining PDS. A school identified as maintaining the persistently dangerous designation will be notified by the NJDOE on or before July 31 of the respective year and will be required to submit for approval a revised corrective action plan by September 30 of that year, which will apply to the respective school year. The school district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the date of notice and offer them the option for their children to transfer to a safe public school by the beginning of the respective school year in accordance with 2. above.

A school no longer designated persistently dangerous will be notified on or before July 31 of the respective year. The persistently dangerous designation will be removed after one or more years contingent upon successful fulfillment of the criteria for removal, as determined by evidence of the school's progress toward successfully completing the approved corrective action plan, and evidence of incidents that no longer meet the criteria for determining PDS, described above, for one school year, the year in which the corrective action plan was in effect.

4. Procedures and Guidelines for Early Warning of Schools.

When a school meets the criteria set forth in this Policy for one year, the district will be informed of the types of offenses reported that have led to an early notification. This notification, on or before August 15 of each year, will be informational only. A school that no longer meets the criteria for PDS for one year will no longer be considered in early notification status. A school that meets the criteria for two consecutive years will move into early warning status outlined below.

If a school meets the criteria set forth in this Policy for two consecutive years, the district will be notified of the pattern of offenses on or before August 15 of each year. If notified, the district will develop and submit for approval a school safety plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The school safety plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide an early warning school with guidance for its school safety plan, as well as monitor the school's timely completion of the approved plan. A school receiving an "early warning" notice is not required to provide the transfer option to students.

In the spring of each following year, the NJDOE will reevaluate the school's progress towards completing its school safety plan and compare the current year's incidents of violence, as reported on the EVVRS, to the criteria for determining PDS. The school will be notified of its status on or before July 31 of the respective year.

A school that no longer meets the criteria for PDS for one school year, the year in which the school safety plan was in effect, will no longer be required to submit a school safety plan.

A school that meets the criteria for PDS for a third consecutive year will be designated persistently dangerous and will be required to submit for approval a corrective action plan on or before September 30 of that year, which will apply to the respective school year and provide the transfer option to students in the school designated as persistently dangerous.

5. Schools Not Receiving ESSA Funds, but Meeting the Criteria for PDS.

School buildings and districts that do receive Federal funds under ESSA, but meet any one of the criteria for PDS will be contacted by the NJDOE and be required to develop and submit for approval a school safety plan on or before September 30 of the respective year. The school safety plan must be completed in the format provided by the NJDOE and describe how the school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide the school with guidance for its school safety plan, as well as monitor the school's timely completion of the approved plan.

USCO Policy Provision II – Victims of Violent Criminal Offenses

The Unsafe School Choice Option provision under the ESSA requires a student who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the district, including a public charter school.

The individual victim provision of this Policy attempts to fulfill the requirement for the school district to provide relief to students who have been victimized, while providing a school with a practical means for making determinations on incidents of victimization that are within the purview of the school district. The individual victim section of this Policy has been crafted to enable school staff to make reasonable determinations and actions regarding this Policy. The Superintendent will consult with the Board attorney and communicate with designated local and/or county law enforcement authorities, per the provisions of the *Uniform State Memorandum of Agreement Between Education and Law Enforcement Officials and N.J.A.C. 6A:16-6.2(b)13*, on questions and issues that arise in the implementation of the individual victims of violent criminal offenses section of this Policy.

1. Criteria for Determining Victims of Violent Criminal Offenses

The following criteria must be used to determine when an enrolled student has become a victim of a violent criminal offense while in or on the grounds of a public elementary or secondary school that the student attends. These criteria only apply to a student who has become a victim of one or more of the violent criminal offenses enumerated below:

A student is considered a victim of a violent criminal offense when:

- a. A referral has been made to law enforcement officials for suspicion that one of the violent criminal offenses enumerated below has occurred; and
- b. One or more of the following applies:
 - (1) Law enforcement officials have filed formal charges against the offender(s) for commission of the violent crime; or
 - (2) The offender(s) has received sanctions in accordance with the Board of Education's Code of Student Conduct; or
 - (3) The offender(s) either has not been identified or is not an enrolled student(s), but it is clear that the student (victim) has become a victim of a violent criminal offense based on objective indicators such as physical evidence, eyewitness testimony, and/or circumstantial evidence; or
 - (4) The pre-existence of a restraining order against the offender(s).

2. Procedures and Guidelines

Effective the first day of each school year, the district must be prepared to begin the transfer of any student who chooses to exercise the individual choice option provision. The district must offer, within fourteen calendar days of the incident, an opportunity to transfer to a safe public school within the district to any student who has become a victim of a violent criminal offense while in or on the grounds of a public school that the student attends. While the student must be offered the opportunity to transfer, the student may elect to remain at the school.

To the extent possible, the district will allow any transferring student to transfer to a school that has not been identified as low performing, under the State's ESSA accountability system. In addition, when a transfer school is not available within the district, the district may seek arrangements for a student to transfer to the nearest charter school or neighboring district; however, this is not required. The district may take into account the needs and preferences of the affected student and his or her parent(s). Transfers must occur within thirty days of the determination that the student was a victim of a violent criminal offense.

3. Violent Criminal Offenses

The violent criminal offenses under New Jersey statutes that apply to the individual victim provision of this Policy are identified and explained below. The offenses apply to completed offenses, as well as attempts to commit the offenses. The offenses and attempts to commit the offenses apply only when they occur in or on the school grounds, as defined in N.J.A.C. 6A:16-1.3, of the school that the student attends. The offenses apply whether they occur wholly or in part in or on the grounds of the school that the student attends. The offenses apply only to acts or attempts that are directed at a person (victim) or a group of specified individuals (victims), rather than acts that indiscriminately affect the entire school population or non-specified individuals or groups.

4. Applicable Violent Criminal Offenses

Below is a description of each applicable violent criminal offense that is based upon New Jersey statutes and references to statutory citations that provide complete explanations of each designated offense. The descriptions provided below are not intended to be a complete explanation of each offense or a substitute for the actual provisions of the authorizing statutes. Instead, the descriptions are provided as an aid in facilitating understanding of the general intent and practical applications of the violent criminal offenses that pertain to this Policy.

- a. Homicide [N.J.S.A. 2C:11-2] - A student is a victim of a homicide when he or she is the child, sibling or other relative of a decedent, resulting from someone purposely, knowingly or recklessly causing the death of the student's parent, sibling, or relative in or on school grounds.
- b. Assault [N.J.S.A. 2C:12-1(A)(1-3) and 2C:12-1(B)(1-4)] - A person is a victim of an assault when the actor: purposely, knowingly, or recklessly causes bodily injury to the victim; negligently, recklessly, knowingly, or purposely causes bodily injury to the victim with a deadly weapon; attempts by physical menace to put the victim in fear of imminent serious bodily injury; or knowingly points a firearm at or in the direction of the victim, whether or not the actor believes it to be loaded.

- c. Sexual Assault [N.J.S.A. 2C:14-2] - A student is a victim of a sexual assault when the student is a victim of an act of sexual contact when the victim is less than thirteen years old and the actor is at least four years older than the victim, or the student is a victim of an act of sexual penetration under any of the following circumstances:
 - (1) The victim is less than thirteen years old.
 - (2) The victim is at least thirteen, but less than sixteen years old; and the actor is at least four years older than the victim.
 - (3) The victim is at least sixteen years old, but less than eighteen years old; and the actor has supervisory or disciplinary power over the victim.
 - (4) The actor uses physical force or coercion.
 - (5) The victim is one whom the actor knew or should have known was physically helpless, mentally defective, or mentally incapacitated.
- d. Bias Intimidation [N.J.S.A. 2C:16-1(A)] - A person is a victim of the crime of bias intimidation when an actor commits, attempts to commit, conspires with another to commit or threatens the immediate commission of an offense specified in Chapters 11 through 18 of Title 2C of the New Jersey Statutes; N.J.S.A. 2C:33-4; N.J.S.A. 2C:39-3; N.J.S.A. 2C:39-4 or N.J.S.A. 2C:39-5 in the following circumstances:
 - (1) With a purpose to intimidate a victim or a group of specified victims because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or
 - (2) Knowing that the conduct constituting the offense would cause a victim or a group of specified victims to be intimidated because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or
 - (3) Under circumstances that caused any victim of the underlying offense to be intimidated and the victim, considering the manner in which the offense was committed, reasonably believed either that:

- (a) The offense was committed with a purpose to intimidate the victim or any person or entity in whose welfare the victim is interested because of race, color, religion, gender, handicap, sexual orientation, or ethnicity; or
 - (b) The victim or the victim's property was selected to be the target of the offense because of race, color, religion, gender, handicap, sexual orientation, or ethnicity.
- e. Terroristic Threat [N.J.S.A. 2C:12-3(A) and 2C:12-3(B)] - A person is a victim of a terroristic threat when the actor threatens to commit one of the violent criminal offenses enumerated under this Policy against the victim with the purpose to put the student in imminent fear of one of the violent crimes enumerated in this Policy under circumstances reasonably causing the victim to believe the immediacy of the threat and the likelihood that it will be carried out. The definition of terroristic threat applies to N.J.S.A. 2C:12-3(a) insofar as the threat was directed at a person (victim) or a group of specified individuals (victims).
- f. Robbery [N.J.S.A. 2C:15-1] - A person is a victim of a robbery when the actor, in the course of committing a theft, inflicts bodily injury; or uses force upon the victim; threatens the victim with or purposely puts the victim in fear of immediate bodily injury.

- h. Arson [N.J.S.A. 2C:17-1] - A person is a victim of arson when the actor purposely or knowingly starts a fire or causes an explosion in or on the grounds of a school whereby the victim or group of specified victims are in danger of death or bodily injury; or with the purpose of destroying or damaging the victim's or group of specified victim's property that is in the school or on school grounds.

Miscellaneous Provisions of USCO

1. Transfer Time Period – PDS

The transfer will be temporary and will be in effect as long as the student's original school is identified as persistently dangerous.

2. Charter School Transfer Option

While ESSA permits affected students to be afforded the opportunity to attend a public charter school, in addition to a safe public elementary school or secondary school within the school district, the application of this provision in New Jersey is limited. Transfers to a charter school can only occur as a part of the charter school's "equal opportunity" selection process and among charter schools administered under the same managing authority (i.e., charter schools within the charter school district).

Since charter schools in New Jersey are considered public local education agencies (LEA's), pursuant to N.J.S.A. 18A:36A-3, operated independently of a local board of education, transfers may only take place among charter schools within the LEA. Therefore, students may be permitted to transfer to another charter school that is administered under the same managing authority of the charter school, but are not permitted to transfer to a school in the local public school district administered by a local board of education.

However, pursuant to N.J.S.A. 18A:36A-7, a charter school must be open to all students on a space available basis and may not discriminate in its admission policies or practices (although it may establish reasonable criteria to evaluate prospective students), and in accordance with N.J.S.A. 18A:36A-8, if there are more applications to enroll in the charter school than there are spaces available, the charter school must select students to attend using a random selection process for enrollment.

3. Funding Sources for USCO

The USCO statute does not authorize resources specifically to help cover USCO costs associated with transferring a student from a PDS. However, under certain circumstances Federal funds may be used. For example, ESEA Title IV, Part A [Section 4115(b)(2)(E)(v)] may be used to establish safe zones of passage to and from school to ensure that students travel safely on their way to school and on their way home. In addition, ESEA Title IV, Part A [Sections 5121(8) and 5131(12) and (25)] funds may be used to help cover costs such as tuition or transportation related to the USCO or expansion of public school choice.

4. Special Education Students

The district will provide transferred special education students with the program required by the student's Individualized Education Program (IEP).

5. Transfer Schools

In the event there is not another school within the school district for a transferring student, the district is not required to transfer the student to a school outside the school district.

The district will use the school choice option as one response to incidents of victimization. Additionally, the district will develop and implement appropriate strategies for addressing the circumstances that contribute to or support victimization, as well as consistently and proactively manage individuals who have victimized students. The district will promote the importance of school safety and respond to the needs of students and staff. Pursuant to the law, the district will provide an opportunity for students, parents and school district and law enforcement personnel to discuss methods for keeping schools safe from violence; to create school safety plans; and to recognize students in need of help. The district will organize activities to prevent school violence, including, but not limited to, age-appropriate opportunities for student discussion on conflict resolution, issues of student diversity and tolerance. Law enforcement personnel will be invited to join members of the teaching staff in the discussions. Programs shall also be provided for school district employees that are designated to help school district employees recognize warning signs of school violence and to instruct school district employees on recommended conduct during an incident of school violence.

In accordance with the provisions of N.J.S.A. 18A:17-46, two times each school year, between September 1 and January 1 and between January 1 and June 30, at a public hearing, the Superintendent shall report to the Board of Education all acts of violence; vandalism; and harassment, intimidation, and bullying which occurred during the previous reporting period.

Title VIII, Part F, Subpart 2, SEC. 8532
Every Student Succeeds Act (ESSA) of 2015

Adopted: 19 June 2018

2415.30 TITLE I – EDUCATIONAL STABILITY FOR CHILDREN IN FOSTER CARE

The Federal Every Student Succeeds Act (ESSA), which reauthorized the Elementary and Secondary Education Act (ESEA), initiated protections for children in foster care that further enhanced the requirements of the Fostering Connections to Success and Increasing Adoptions Act of 2008 (Fostering Connections Act). These provisions require school districts to work with child welfare agencies to ensure the educational stability of children in foster care. New Jersey statutes support and implement Federal legislation and require New Jersey's child welfare agencies and school districts to collaborate and to keep children placed in foster care in the same school when their living placements change if remaining in that school is in the child's best interest. The educational stability of children in foster care is the joint responsibility of both the educational and child welfare systems.

The Guidance Counselor shall be designated as the Board of Education's point of contact person for all matters related to the educational stability for children in foster care. The point of contact person for the school district shall not be the same person designated as the school district liaison for the education of homeless children.

For the purpose of this Policy, "child welfare agency" shall be the New Jersey Department of Children and Families.

For the purpose of this Policy, "foster care" means twenty-four hour substitute care for children placed away from their parents and for whom the child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions, and pre-adoptive homes.

For the purpose of this Policy, "school of origin" is the school district in which the child is enrolled at the time of placement in foster care or the school district of residence as per N.J.S.A. 30:4C-26 and N.J.S.A. 18A:7B-12.

A child in foster care shall remain in his/her school of origin if it is determined to be in the best interest of the child for the duration of time in foster care.

If a student attending the school district in accordance with the provisions of N.J.S.A. 18A:38-1 et seq. is placed in foster care, the school district contact person will collaborate with child welfare agencies to determine whether it is in the child's best interest to remain in the school district taking into consideration all factors relating to the child's best interest. These factors shall include the appropriateness of the current educational setting and proximity of placement (ESEA Section 1111(g)(1)(E)(i)). These factors may include, but are not limited to:

Title I – Educational Stability for Children in Foster Care

1. Preferences of the child;
2. Preferences of the child's parent(s) or educational decision maker(s);
3. The child's attachment to the school, including meaningful relationships with staff and peers;
4. The proximity of the resource family home to the child's present school;
5. The age and grade level of the child as it relates to the other best-interest factors;
6. The needs of the child, including social adjustment and well-being;
7. The child's performance, continuity of education, and engagement in the school the child presently attends;
8. The child's special education programming if the child is classified;
9. The point of time in the school year;
10. The child's permanency goal and likelihood of reunification;
11. The anticipated duration of the placement;
12. Placement of the child's sibling(s);
13. Influence of the school climate on the child, including safety;
14. The availability and quality of the services in the school to meet the child's educational and socioemotional needs;
15. History of school transfers and how they have impacted the child;
16. How the length of the commute would impact the child, based on the child's developmental stage;
17. Whether the child is a student with a disability under the Individuals with Disabilities Act (IDEA) who is receiving special education and related services or a student with a disability under Section 504 who is receiving special education or related aids and services and, if so, the availability of those required services in a school other than the school of origin; and

18. Whether the child is an English language learner (ELL) and is receiving language services, and, if so, the availability of those required services in a school other than the school of origin, consistent with Title VI and the Equal Educational Opportunities Act of 1974 (EEOA).

The school district's point of contact person will discuss these factors and will make every effort to gather meaningful input and participation from the relevant parties, including appropriate school personnel, in the best-interest determination.

Eligible students with disabilities retain their right to receive a free appropriate public education in the least restrictive environment. When making a best-interest determination regarding the educational placement of a student with a disability under IDEA and Section 504, the Board must ensure that all required special education and related services are provided in the least restrictive placement where the child's unique needs, as described in the student's Individualized Education Program (IEP) or Section 504 Plan, can be met. The school district will identify and assess all potential ELL students and provide all ELL students, including ELL students in foster care, with a language assistance program that is educationally sound and proven successful. When a best-interest determination is made for an ELL student in foster care, the Board of Education will comply with its obligations under Title VI and the EEOA.

To the extent feasible, a child shall remain in his/her school of origin until a final best-interest determination is made. The child welfare agency will notify the school district of origin of the child's school placement after collaboration with the Board of Education's point of contact person and after the child's best-interest determination has been made. If a change of school is recommended by the child welfare agency, the new school shall immediately contact the school of origin to obtain relevant academic and other records of the foster care child. The financial responsibility for the payment of tuition for a foster care child placed outside the school district of origin and attending school outside the school district of origin shall be determined by the Commissioner of Education in accordance with N.J.S.A. 18A:7B-12 – Determination of District of Residence.

A foster care child who has been placed in this district and exits foster care during the school year will not be permitted to continue in this school district for the remainder of the school year.

In the event there is a disagreement regarding school placement for a child in foster care, the school district will comply with the legal requirements for resolving the dispute. A parent can appeal a best-interest determination whenever the child changes schools.

Children placed in foster care outside the school district of origin, attending a school in that district, will be provided transportation to and from school in accordance with N.J.A.C. 6A:27-6.1 et seq. and the Transportation Policy of that district. The district of origin is financially responsible for transportation costs to and from school.

Children placed in foster care outside the school district of origin, but remaining in a school within the school district of origin, shall receive transportation to and from school on a “cost-efficient” manner and in accordance with Section 475(4)(A) of the Social Security Act for the duration of the time the child is in foster care. The district of origin is financially responsible for transportation costs to and from school.

The cost of transportation shall not be considered when determining the best interest of the child.

Section 475(4)(A) of the Social Security Act provides guidance on “cost-effective” transportation as it relates to the cost of reasonable travel for foster care children placed outside the school district of origin to their school of origin indicating: the child may be dropped off at a bus stop just within the school district of origin to be transported to a school in the district of origin; the school district may offer a public transportation option; the foster care parents or other families may be willing to drive the child to school in the school district of origin; the school district may utilize pre-existing bus routes or stops close to the out-of-district foster care placement that cross school district boundaries; or the foster care child may be eligible for transportation under other Federal or State requirements.

In the event there is a disagreement regarding transportation for a child in foster care, the school district will comply with the New Jersey Department of Education requirements for resolving the dispute. The Board of Education shall provide or arrange for adequate and appropriate transportation for foster care children while any disputes are being resolved.

In all cases regarding student data and records, the Board of Education will comply with all statutory requirements to protect student privacy, including Family Education Rights and Privacy Act (FERPA), and all other privacy requirements under Federal laws, State statutes, and administrative codes.

2423 BILINGUAL AND ESL EDUCATION

The Board of Education will provide programs of bilingual education, English as a second language (ESL), and English language services for English language learners (ELLs) as required by law and rules of the State Board of Education. ELLs are those students whose native language is other than English and who have varying degrees of English language proficiency in any one of the domains of speaking, reading, writing, or listening and is synonymous with limited English speaking ability pursuant to N.J.S.A. 18:35-15 to 26.

Identification of ELLs

The Board will conduct a screening process to determine the native language of each ELL at the time of enrollment in the school district. A census shall be maintained of all identified students whose native language is other than English. The English language proficiency of each student whose native language is not English shall be determined by a screening process that includes the administration of a New Jersey Department of Education-approved English language proficiency test, an assessment of the student's level of reading in English, a review of the student's previous academic performance including their performance on standardized tests in English, and a review of the input of teaching staff members responsible for the educational program for ELLs.

Program Implementation

The district shall provide the following programs:

1. An English language services program to improve the English language proficiency of ELLs whenever there are at least one, but fewer than ten ELLs enrolled in the school district. English language services shall be provided in addition to the regular school program;
2. An ESL program that provides at least one period of ESL instruction based on student language proficiency whenever there are ten or more ELLs enrolled in the school district; and
3. A bilingual education program whenever there are twenty or more ELLs in any one-language classification enrolled in the school district pursuant to N.J.S.A. 18A:35-18. Where the age range, grade span, and/or geographical location of eligible students makes a full-time bilingual program impractical, the Board may annually offer an instructional program alternative, provided a waiver for the alternative program has been requested and approval has been granted by the Department of Education. The Board may establish a program in bilingual education for any language classification with fewer than twenty students.

All teachers in these programs shall be appropriately certified in accordance with the requirements as outlined in N.J.A.C. 6A:15-1.9. Every student participating in a bilingual, ESL, or English language services program shall be entitled to continue such participation for a period of three years pursuant to N.J.S.A. 18A:35-19.

Bilingual, English as a Second Language, and English Language Services Program Enrollment, Assessment, Exit, and Re-entry

Students enrolled in a bilingual, ESL, or English language services program shall be assessed annually using a New Jersey Department of Education-approved English language proficiency test to determine their progress in achieving English language proficiency goals and readiness for exiting the program. ELLs enrolled in a bilingual, ESL, or English language services program shall be placed in a monolingual English program when they have demonstrated readiness to function successfully in the English-only program. The process to determine the readiness or inability of the individual student to function successfully in the English-only program shall be initiated by the student's level of English proficiency as measured by a New Jersey Department of Education-established standard on an English language proficiency test. The readiness of the student shall be further assessed on the basis of multiple indicators that shall include, at a minimum: classroom performance; the student's reading level in English; the judgment of the teaching staff member or members responsible for the educational program of the student; and performance on achievement tests in English.

In accordance with provisions of N.J.S.A. 18A:35-22.1, a parent may remove a student who is enrolled in a bilingual education program at any time; except that during the first three years of a student's participation in a bilingual education program, the parent may only remove the student at the end of each school year. If during the first three years of a student's participation in a bilingual education program, a parent wishes to remove the student prior to the end of each school year, the removal must be approved by the Executive County Superintendent of Schools. The parent may appeal the Executive County Superintendent's decision to the Commissioner of Education.

Newly exited students who are not progressing in the mainstream English program may be considered for re-entry to bilingual and ESL programs in accordance with the provisions of N.J.A.C. 6A:15-1.10(e)1 through (e)5.

When the review process for exiting a student from a bilingual, ESL, or English language services program has been completed, the student's parent shall be informed by mail of the placement determination. A parent or teaching staff member who disagrees with the proposed placement may appeal the decision in writing to the Superintendent of Schools or designee, who

will provide a written explanation for the decision within seven working days. The complainant may appeal this decision in writing to the Board within seven calendar days of receiving the Superintendent's or designee's written explanation of the decision. The Board will review the appeal and respond in writing to the parent within forty-five calendar days of the Board's receipt of the parent's written appeal to the Board. A complainant not satisfied with the Board's determination of the appeal may appeal to the Commissioner of Education.

Parental Involvement

The parents of ELLs will be notified in accordance with the provisions of N.J.A.C. 6A:15-1.13 that their child has been identified as eligible for enrollment in a bilingual, ESL, or English language services program. Notice shall be in writing and in the language in which the parent(s) possesses a primary speaking ability, and in English. The notice must also include a statement that the parents have the option of declining their child's enrollment in a bilingual program, and shall be given an opportunity to do so if they choose.

The district will notify the parents of ELLs by mail within thirty days of the child's identification.

Parents shall receive progress reports of students enrolled in bilingual, ESL, or English language services programs in the same manner and frequency as progress reports are sent to parents of other students enrolled in the district.

The Superintendent or designee will provide for the maximum practical involvement of parent(s) of ELLs in the development and review of program objectives and dissemination of information to and from the district Boards of Education and communities served by the bilingual, ESL, or English language services education programs. A school district that implements a bilingual education program shall establish a parent advisory committee on bilingual education of which the majority membership will be parents of ELLs.

Program Plan

The Superintendent shall prepare and submit a plan for a bilingual, ESL, or English language services program every three years to the Board and the New Jersey Department of Education for approval in accordance with the provisions of N.J.A.C. 6A:15-1.6.

N.J.S.A. 18A:35-15 through 18A:35-25
N.J.A.C. 6A:15-1.1 et seq.

Standards-Based Instruction

The school district shall implement a coherent curriculum for all students, including English language learners (ELLs), gifted and talented students, and students with disabilities, that is content-rich and aligned to the Core Curriculum Content Standards (CCCS). The curriculum shall guide instruction to ensure every student masters the CCCS.

Instruction shall be designed to engage all students and modified based on student performance. The curriculum shall include: interdisciplinary connections throughout; integration of 21st century skills; a pacing guide; a list of instructional materials including various levels of text at each grade; benchmark assessments; and modifications for special education students, English language learners in accordance with N.J.A.C. 6A:15, and gifted students.

The school district shall:

1. Transmit required student, faculty, school, and school district data to New Jersey Standards Measurement and Resources for Teaching (NJ SMART), the New Jersey Department of Education's data warehouse, on a schedule and in a form specified by the Department of Education;
2. Use NJ SMART and its data query resources to track student progress year-to-year and school-to-school and to identify continuously enrolled students by school and school district;
3. Ensure teachers, school administrators, and central office supervisors receive training in NJ SMART and its data query resources;
4. Analyze assessments of student progress in relation to curricular benchmarks and the results of State and non-State year-end tests reported by subgroups (such as economically disadvantaged, race and ethnicity, students with disabilities, and English language learners).

The school district central office staff shall prepare data on comparative performance for all schools in the district and make them available to the schools. This analysis shall include the following comparisons using State assessment data:

1. Each grade level across all schools within the district;
2. Schools within the district;
3. Comparable districts by district factor groups; and
4. Data with State averages.

The school district shall ensure a free appropriate public education is available to all students with disabilities according to the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. §§ 1400 et seq., and N.J.A.C. 6A:14.

The school district shall provide English language learners with instructional services pursuant to N.J.A.C. 6A:15 and provide gifted and talented students with appropriate instructional services pursuant to N.J.A.C. 6A:8-3.1.

The school district shall provide library-media services that are connected to classroom studies in each school building, including access to computers, district-approved instructional software, appropriate books including novels, anthologies and other reference materials, and supplemental materials that motivate students to read in and out of school and to conduct research. The school district will provide these library-media services under the direction of a certified school library media specialist.

2430 EXTRA-CURRICULAR ACTIVITIES

The Haworth Board of Education believes that the educational goals and objectives of the district are best achieved by a diversity of learning experiences, some of which are more appropriately conducted outside the regular classroom program.

The purpose of extra-curricular activities shall be:

1. To develop useful new capabilities in students that can lead to extension of career opportunities;
2. To develop student initiative and provide for the exercise of responsibility;
3. To develop leadership capabilities and good organizational skills;
4. To aid students in the social skills;
5. To enable students to explore a wider range of individual interests than might be available in the regular program.

For purposes of this Policy, "extra-curricular activities" shall be those activities that are sponsored or approved by the Board but are not offered for credit toward graduation. Such activities shall generally be conducted outside the regular school day, available to students who voluntarily elect to participate, marked by student participation in the processes of initiation, planning, organizing and execution and shall ordinarily include band, clubs, dramatic or musical presentations, and intramural and interscholastic sports.

Equal access to school facilities shall be granted to all activities that meet this definition. Extra-curricular or interscholastic activity will be funded according to resources available.

The Superintendent or designee shall prepare procedures to implement an extra-curricular program which shall:

1. Assess the needs and interests of the students of this district;
2. Ensure the provision of competent guidance and supervision by staff;
3. Guard against the exploitation of students;

4. Provide for a variety of experiences and a diversity of organizational models;
5. Provide for the continuing evaluation of the extra-curricular program and staff;
6. Ensure that all extra-curricular activities are open to all eligible students and that all students are fully informed of the opportunities open to them.

The guidance goal for each student shall be a balanced program of appropriate academic studies and activities to be determined by the school, the parents and the student. Guidance is necessary to encourage nonparticipants, and to prevent the overenthusiastic from emphasizing activities at the cost of their academic performance.

Only persons in the employ of a Board of Education shall be permitted to organize district students during school time or during any recess in the school day for purposes of instruction or coaching or for conducting games, events, or contests in physical education or athletics.

No activity shall be considered to be under the sponsorship of this Board unless it has been approved by the Board on recommendation of the Superintendent or designee. Fund-raising activities of extra-curricular groups must be approved by the Board.

All students in good disciplinary and academic standing shall have equal access to all extracurricular activities regardless of race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, religion, disability, or socioeconomic status.

Good Disciplinary Standing

Good disciplinary standing shall mean that a student is not eligible to participate while serving a detention or suspension.

1. When a student already participating in an extra-curricular activity is reported for an infraction of the rules for student conduct, the Superintendent or designee shall appoint a staff member to consider whether the student shall be removed from any or all extra-curricular activities.
2. If a student was in bad disciplinary standing the previous term, the Superintendent or designee shall refer the matter to a staff committee to determine whether the student shall be permitted to participate during the current term.

Continuing good academic standing requires maintenance of passing grades in all subjects during the current year.

Attendance

The district's attendance policy shall also apply. Students who violate the attendance policy will not be permitted to participate in extra-curricular activities until improved attendance on a consistent basis has been demonstrated.

Implementation

The Superintendent or designee shall direct development of detailed regulations to ensure equitable implementation of this Policy. Particular care shall be taken to ensure that all extra-curricular programs and their operation comply with district equity requirements. Participation in academically related coaching or tutoring groups may be exempt from the eligibility requirement at the Superintendent or designee's discretion.

Students enrolled in grades six to twelve must receive a medical examination, in accordance with the provisions of N.J.S.A. 18A:40-41.7, prior to participation on a school-sponsored interscholastic or intramural team or squad and any cheerleading program or activity.

The examination shall be conducted within 365 days prior to the first day of official practice in an athletic season with examinations being conducted at the medical home of the student. The "medical home" is defined as a health care provider and that provider's practice site chosen by the student's parent for the provision of health care pursuant to N.J.A.C. 6A:16-1.3. The school district shall annually distribute the Commissioner of Education developed educational fact sheet relative to use and misuse of opioid drugs for sports related injuries to parents of students who participate in athletic activities and comply with the requirements of N.J.S.A. 18A:40-41.10.

Information concerning a student's HIV/AIDS status shall not be required as part of the medical examination or health history pursuant to N.J.S.A. 26:5C-1 et seq. The health findings of this medical examination shall be maintained as part of the student's health record.

Emergency Procedures

Athletic coaches shall be trained in first aid to include sports-related concussion and head injuries, the use of a defibrillator, the identification of student-athletes who are injured or disabled in the course of any athletic program or activity, and any other first aid procedures or other health related trainings required by law or the Superintendent.

The Superintendent shall prepare and present to the Board for its approval procedures for the emergency treatment of injuries and disabilities that occur in the course of any athletic program or activity. Emergency procedures shall be reviewed not less than once in each school year and shall be disseminated to appropriate staff members.

Interscholastic Standards

2431.4 PREVENTION AND TREATMENT OF SPORTS-RELATED CONCUSSIONS AND HEAD INJURIES

A concussion is a traumatic brain injury caused by a direct or indirect blow to the head or body. In order to ensure the safety of students that participate in interscholastic athletics and cheerleading programs, it is imperative that student-athletes, cheerleaders, coaches, and parents are educated about the nature and treatment of sports-related concussions and other head injuries. Allowing a student-athlete or cheerleader to return to play before recovering from a concussion increases the chance of a more serious brain injury.

Every school district that participates in interscholastic athletics or cheerleading programs is required to adopt a policy concerning the prevention and treatment of sports-related concussions and other head injuries among student-athletes and cheerleaders in accordance with the provisions of N.J.S.A. 18A:40-41.1 et seq. For the purpose of this Policy, “interscholastic athletics” shall be Kindergarten through eighth grade school-sponsored athletic programs where teams or individuals compete against teams or individuals from other schools or school districts. For the purpose of this Policy, “cheerleading program” shall be Kindergarten through eighth grade school-sponsored cheerleading programs.

The school district will adopt an Interscholastic Athletic and Cheerleading Head Injury Training Program to be completed by the team or school physician, licensed athletic trainer(s) involved in the interscholastic athletic program, all staff members that coach an interscholastic sport or cheerleading program, designated school nurses, and other appropriate school district personnel as designated by the Superintendent. This Training Program shall be in accordance with guidance provided by the New Jersey Department of Education and the requirements of N.J.S.A. 18A:40-41.2.

The Principal or designee shall distribute the New Jersey Department of Education Concussion and Head Injury Fact Sheet and Parent/Guardian Acknowledgement Form to every student-athlete who participates in interscholastic sports and every cheerleader who participates in a cheerleading program. The Principal or designee shall obtain a signed acknowledgement of the receipt of the Fact Sheet by the student-athlete or cheerleader’s parent and keep on file for future reference.

Prevention of a sports-related concussion and head injuries is an important component of the school district’s program. The school district may require pre-season baseline testing of all student-athletes and cheerleaders before the student begins participation in an interscholastic athletic or cheerleading program.

Any student-athlete or cheerleader who exhibits the signs or symptoms of a sports-related concussion or other head injury during practice or competition shall be immediately removed from play and may not return to play that day. Emergency medical assistance shall be contacted when symptoms get worse, loss of consciousness, direct neck pain associated with the injury, or any other sign the supervising school staff member determines emergency medical attention is needed. If available when the student-athlete or cheerleader is exhibiting signs or symptoms, the student will be evaluated by the school or team physician. The Principal or designee shall contact the student's parent and inform the parent of the suspected sports-related concussion or other head injury.

Possible signs of a concussion can be observed by any school staff member or the school or team physician. Any possible symptoms of a concussion can be reported by the student-athlete or cheerleader to: coaches; licensed athletic trainer; school or team physician; school nurse; and/or parent. The Principal or designee shall provide the student-athlete or cheerleader with Board of Education approved suggestions for management/medical checklist to provide to their parent and physician or other licensed healthcare professional trained in the evaluation and management of sports-related concussions and other head injuries.

A student-athlete or cheerleader who participates in interscholastic athletics or a cheerleading program and who sustains or is suspected of sustaining a concussion or other head injury shall be required to have a medical examination conducted by their physician or licensed health care provider. The student's physician or licensed health care provider shall be trained in the evaluation and management of concussion to determine the presence or absence of a sports-related concussion or head injury.

The student's physician or licensed health care provider must provide to the school district a written medical release/clearance for the student indicating when the student is able to return to the activity. The medical release/clearance must indicate the student-athlete or cheerleader is asymptomatic at rest and either may return to the interscholastic athletic activity or cheerleading program because the injury was not a concussion or other head injury or may begin the district's graduated return to competition and practice protocol outlined in Regulation 2431.4. A medical release/clearance not in compliance with this Policy will not be accepted. The medical release/clearance must be reviewed and approved by the school or team physician.

The school district shall provide a copy of this Policy and Regulation 2431.4 to all youth sports team organizations that operate on school grounds. In accordance with the provisions of N.J.S.A. 18A:40-41.5, the school district shall not be liable for the injury or death of a person due to the action or inaction of persons employed by, or under contract with, a youth sports team organization that operates on school grounds, if the youth sports team organization provides the school district proof of an insurance policy in the amount of not less than \$50,000 per person, per occurrence insuring the youth sports team organization against liability for any bodily injury suffered by a person and a statement of compliance with the school district's Policy and Regulation 2431.4 - Prevention and Treatment of Sports-Related Concussions and Head Injuries.

For the purposes of this Policy a "youth sports team organization" means one or more sports teams organized pursuant to a nonprofit or similar charter or which are member teams in a league organized by or affiliated with a county or municipal recreation department.

This Policy and Regulation shall be reviewed and approved by the school physician and shall be reviewed annually, and updated as necessary, to ensure it reflects the most current information available on the prevention, risk, and treatment of sports-related concussion and other head injuries.

2432 SCHOOL SPONSORED PUBLICATIONS

The Haworth Board of Education sponsors student publications as important elements of the instructional program. Students are encouraged to develop skills of written and verbal communication and to exercise the right to express their opinions freely and responsibly.

The rights of free speech, and free expression of students in public schools pursuant to the First Amendment, are not automatically coextensive with the rights of adults in other settings and shall be applied in light of the special characteristics of the school environment. The Board reserves the right to exercise prepublication control over school-sponsored publications through administrative staff and faculty. Students shall have the right to appeal the exercise of censorship by school district staff to the Board of Education.

Student expression may be restricted, if it can be determined that such expression is inconsistent with the basic educational mission of the school district and when censorship action is reasonably related to legitimate educational concerns.

Students who violate this Policy by expression, publication or distribution of any materials which are biased or prejudiced, vulgar or profane, unsuitable for immature audiences, or which do not meet the school district's high standards of learning and propriety consistent with its educational goals and objectives may be subject to appropriate discipline.

This Policy shall be implemented in accordance with regulations to be developed by the Superintendent or designee. The regulations shall:

1. Identify school district staff responsible for student publications;
2. Establish procedures for prepublication review; and
3. Specify procedures for appeal by students to the Board of Education with provisions for prompt decisions to be made at each level.

Websites

School-sponsored websites are also subject to this policy and to the same regulatory constraints as are print publications. The Superintendent or designee shall develop procedures that assure that no personally identifiable information about a student appears on a school sponsored website without prior parent approval.

The Superintendent or designee is responsible for approving all material before it is posted on the website. The website will be used to keep parents and the community apprised of the news and activities of the school.

2466 NEEDLESS PUBLIC LABELING OF STUDENTS WITH DISABILITIES

The Board of Education guarantees the privacy provided by law that no student with a disability be labeled publicly. Therefore, any reference to a student with a disability brought to the attention of the Board and/or any other potential public reference to a student with a disability will be through the use of a district-developed method of coding that would ensure a student's name or other labeling would not identify the student as a student with a disability. Examples where public labeling of students with disabilities shall be avoided include, but are not limited to, Board meeting agenda information, public address announcements, building/classroom signs, public school documents, and/or any other school publication identifying a student with a disability or class/program of students with disabilities.

Special education classes shall be referred to publicly by the name of the teacher. This applies to schedules, class lists, transportation lists, public address announcements, and any other form of communication that has any potential for any exposure other than for the use by appropriately authorized school staff.

Exceptions to the prohibition of public labeling of students with disabilities may be made upon consent of the student's parent(s) or legal guardian(s).

All student records shall be maintained strictly in accordance with N.J.A.C. 6A:32-7.1 et seq.

2467 SURROGATE PARENTS AND FOSTER PARENTS

Federal and State laws require the Board ensure the rights of a student are protected through the provision of an individual to act as surrogate for the parent and assume all parental rights under N.J.A.C. 6A:14-2.2 when:

1. The parent, as defined according to N.J.A.C. 6A:14-1.3, cannot be identified;
2. The parent cannot be located after reasonable efforts;
3. An agency of the State of New Jersey has guardianship of the student and that agency has not taken steps to appoint a surrogate parent for the student;
4. The student is a ward of the State and no State agency has taken steps to appoint a surrogate parent for the student;
5. No parent can be identified for the student in accordance with N.J.A.C. 6A:14-1.3 except a foster parent, the foster parent does not agree to serve as the student's parent, and no State agency has taken steps to appoint a surrogate parent for the student; and
6. The student is an unaccompanied homeless youth and no State agency has taken steps to appoint a surrogate parent for the student.

Qualifications and Selection

The district will make reasonable efforts to appoint a surrogate parent within thirty days of its determination that a surrogate parent is required for a student. If the district fails to appoint a surrogate parent for a ward of the State, a judge may appoint a surrogate parent if the judge determines a surrogate parent is necessary for such student.

The person serving as a surrogate parent shall:

1. Have no interest that conflicts with those of the student he/she represents;
2. Possess knowledge and skills that ensure adequate representation of the student;
3. Not be replaced without cause;

4. Be at least eighteen years of age;
5. Have a criminal history review in accordance with N.J.S.A. 18A:6-7.1 completed prior to his or her serving as the surrogate parent, if the school district compensates the surrogate parent for such services; and
6. Not be an employee of the New Jersey Department of Education, this district, or a public or nonpublic agency that is involved in the education or care of the child.

The Supervisor of Special Education shall serve as Surrogate Parent Coordinator and will: determine whether there is a need for a surrogate parent for a student; contact any State agency that is involved with the student to determine whether the State has a surrogate parent appointed for the student; and make reasonable efforts to appoint a surrogate parent for the student within thirty days of determining that there is a need for a surrogate parent for the student.

When a student (who is or may be a student with a disability) is in the care of a foster parent, and the foster parent is not the parent of the student as defined in N.J.A.C. 6A:14-1.3, the district where the foster parent resides shall contact the student's case manager at the Division of Child Protection and Permanency (DCP&P) in the Department of Children and Families to determine whether the parent retains the right to make educational decisions and determine the whereabouts of the parent.

If the parent retains the right to make educational decisions and the parent's whereabouts are known to the school district, the Surrogate Parent Coordinator shall obtain all required consent from and provide written notices to the parent.

If the district cannot ascertain the whereabouts of the parent, the foster parent, unless that person is unwilling to do so, shall serve as the parent pursuant to N.J.A.C. 6A:14-1.3. If there is no foster parent, or if the foster parent is unwilling to serve as the student's parent, the Surrogate Parent Coordinator shall consult with the student's case manager at DCP&P to assist in identifying an individual to serve as a surrogate parent and appoint a surrogate parent and obtain all required consent from, and provide written notices to, the surrogate parent.

Training

N.J.A.C 6A:14-2.2(d) requires the district train surrogate parents so they have the knowledge and skills that ensure adequate representation of the student. The Surrogate Parent Coordinator shall coordinate the training for surrogate parents. The training will include, but not be limited to:

1. Providing the surrogate parent a copy of:
 - a. Parental Rights in Special Education booklet;
 - b. N.J.A.C. 6A:14;
 - c. The Special Education Process;
 - d. Code Training Materials from the Department of Education website; and
 - e. Other relevant materials.
2. Providing the surrogate parent an opportunity to meet with the Surrogate Parent Coordinator to discuss the rights of the surrogate parent and the applicable statutes, administrative codes, and Federal laws. The Surrogate Parent Coordinator shall provide the surrogate parent the opportunity to review and to become familiar with the State and Federal requirements for assessment, individualized educational program development, and parental rights with respect to the referral and placement process, including their rights with respect to seeking a due process hearing if they disagree with the local procedure or decisions;
3. Providing the surrogate parent adequate time to become familiar with the student and the nature of the student's disability through a review of the student's record;
4. Providing the surrogate parent an opportunity to confer with the student's case manager to discuss the student; and
5. Other information and resources to provide the surrogate parent the knowledge and skills to ensure adequate representation of the student.

Rights of the Surrogate Parent

A surrogate parent appointed in accordance with N.J.A.C. 6A:14-2.2 shall assume all parental rights under N.J.A.C. 6A:14.

2468 INDEPENDENT EDUCATIONAL EVALUATIONS

Special education law permits a parent to request an independent educational evaluation (IEE) for their child if there is disagreement with any evaluation provided by the Board of Education. An “independent educational evaluation” is an evaluation conducted by a qualified examiner who is not an employee of the public school district responsible for the education of the child in question. Such IEEs shall be provided at no cost to the parent unless the school district initiates a due process hearing in accordance with the provisions of N.J.A.C. 6A:14-2.7 et seq. to show that its evaluation is appropriate and a final determination to that effect is made following the hearing. If it is determined the school district’s evaluation is appropriate, the parent still has the right to an IEE, but not at the school district’s expense.

Upon receipt of a parental request for an IEE, the school district shall provide the parent with information about where an IEE may be obtained and the criteria for IEEs according to N.J.A.C. 6A:14-2.5(c)3 and (c)4 and the additional criteria outlined below in this Policy:

1. Any IEE paid for with public funds shall:
 - a. Be conducted according to the provisions of N.J.A.C. 6A:14-3.4; and
 - b. Be obtained from another public school district, educational services commission, jointure commission, a clinic or agency approved under N.J.A.C. 6A:14-5, or private practitioner, who is appropriately certified and/or licensed, where a license is required.
2. An independent medical evaluation may be obtained according to N.J.A.C. 6A:14-5.1(e).

Additional criteria for an IEE shall be as follows:

1. The Board will not pay for an IEE unless it complies with the following criteria unless the parent can show that unique circumstances warrant deviation from same:
 - a. The independent evaluator must be appropriately certified and/or licensed in the State of New Jersey. In instances where no applicable certification/license exists, the evaluator must provide the Board with documentation of extensive and recent training and experience related to the assessment of the known or suspected disability;

- b. The independent evaluator may only charge fees for educational evaluation services that, in the judgment of the Board, are reasonable in accordance with 2. below;
 - c. The independent evaluator must be free from any conflict of interest;
 - d. The independent evaluator and members of the Child Study Team must be permitted to directly communicate and share information with each other. The independent evaluator must also agree to release the assessment information, results, and report(s) to the school district prior to receipt of payment for services;
 - e. For any independent evaluation, whether paid for with public or private funds, the school district shall permit the evaluator to observe the student in the classroom or other educational setting, as applicable; and
 - f. The independent evaluator shall make at least one contact with the student's case manager for the purpose of determining how the student is progressing in his/her current programming.
2. The maximum allowable cost for an independent evaluation will be limited to the reasonable and customary rate, as determined and approved by the Board annually. This rate shall be in the range of what it would cost the Board to provide the same type of assessment through either another public school district, educational services commission, jointure commission, a clinic or agency approved under N.J.A.C. 6A:14-5, or private practitioner, who is appropriately certified and/or licensed, where a license is required. This Board-approved rate shall be provided to the parent upon their request for an IEE. The Board shall not be responsible for any costs beyond the IEE, such as transportation, lodging, food, etc.
- a. The parent may provide documentation to the Board demonstrating unique circumstances to justify an IEE that exceeds the maximum allowable cost established by the Board. If, in the Board's judgment, there is no justification for the excess cost, the Board may agree to fund the IEE up to the school district's maximum allowable cost with the parent responsible for any remaining costs. In the alternative, the Board may request a due process hearing to enforce its established maximum allowable cost.

Upon receipt of a parental request for an IEE, the school district shall take steps to ensure the IEE is provided without undue delay or not later than twenty calendar days after receipt of the parental request, the school district shall request a due process hearing in accordance with the provisions of N.J.A.C. 6A:14-2.7 et seq. to show that its evaluation is appropriate.

If a parent requests an IEE, the school district may ask the parent to explain why he or she objects to the school district's evaluation. However, the school district shall not require such an explanation and shall not delay either providing the IEE or initiating a due process hearing to defend the school district's evaluation.

Any IEE submitted to the district, including an IEE obtained by the parent at private expense, shall be considered in making decisions regarding special education and related services.

If an Administrative Law Judge orders that an IEE be conducted, the IEE shall be obtained by the district in accordance with the decision or Order of the Administrative Law Judge, and the Board of Education shall pay the cost of the IEE in accordance with the provisions of this Policy.

A parent is entitled to only one IEE paid for by the Board each time the school district conducts an evaluation with which the parent disagrees.

The Board expressly forbids the use of school equipment for the illegal reproduction of copyrighted materials.

In order to define the fair and reasonable use that teaching staff members may make of copyrighted works for educational purposes without the permission of the copyright owner and to reduce the risk of copyright infringement, the Board directs the Superintendent to promulgate regulations regarding the copying and distribution of copyrighted materials for instructional purposes.

Computer software may be reproduced only for archival purposes or when copying is an essential step in the utilization of the program. Computer software should be purchased in sufficient quantity to permit its classroom use without simultaneous loading. The Commissioner shall implement a system and related schedule of Statewide assessments to evaluate student achievement of the New Jersey Student Learning Standards (NJSLS). The Commissioner, with the approval of the State Board of Education, shall define the scope and level of student performance on Statewide assessments that demonstrate thorough understanding of the knowledge and skills delineated by the NJSLS at grade levels three through eight. After consultation with the Commissioner, the State Board of Education shall establish by resolution uniform Statewide criteria defining adequate school district progress toward meeting the NJSLS.

State assessments provide parents with important information about their child's progress; detailed diagnostic information about each individual student's performance that educators, parents, and students can utilize to enhance foundational knowledge and student achievement; and include item analysis which will clarify a student's level of knowledge and understanding of a particular subject or area of a subject. The data derived from State assessments will be utilized by teachers and administrators to pinpoint areas of difficulty and customize instruction accordingly. Such data can be accessed and utilized as a student progresses to successive school levels.

Pursuant to N.J.A.C. 6A:8-4.1(b) and (c), all students at grade levels three through eight, and at any other grade(s) designated by the Commissioner pursuant to N.J.A.C. 6A:8-4.1(a), shall take all appropriate Statewide assessments as scheduled. There is no provision for a student to opt-out of Statewide assessments. If a student is absent on a testing date, the student will be expected to take the missed test on another school day. Parents and students will be informed of all scheduled testing dates, including make-up testing dates for students who missed the initial testing date.

The Board shall provide appropriate accommodations or modifications to the Statewide assessment system as specified by the Department of Education for English Language Learners (ELLs) and students with disabilities as defined in N.J.A.C. 6A:14-1.3 or eligible under Section 504 of the Rehabilitation Act as determined by the IEP or 504 Team in accordance with N.J.A.C. 6A:8-4.1(d)1. The Board may administer the Statewide assessments in mathematics to ELLs in their native language, when available, and/or English. The Board of Education shall have the option for a first-year ELL of substituting a Department of Education-approved language proficiency test only for the English language arts section of the elementary or middle school component of the Statewide assessment, when the student has entered the United States after July 1 of the calendar year prior to the test administration.

The Board of Education shall ensure students with disabilities as defined in N.J.A.C. 6A:14-1.3 participate in Statewide assessments in accordance with N.J.A.C. 6A:14-4.10.

The Department of Education shall implement the alternative assessment for students with

disabilities according to the schedules in N.J.A.C. 6A:8-4.1(c)1, 2, and 3. The alternative assessment for students with disabilities measures the progress of students who have been determined eligible for the alternative assessment for students with disabilities by the IEP team in accordance with N.J.A.C. 6A:14-4.10.

The Boards of Education shall implement alternative ways for students to demonstrate graduation proficiency in accordance with N.J.A.C. 6A:8-5.1(f).

The Department of Education shall review the performance of schools and school districts in accordance with the provisions of N.J.A.C. 6A:8-4.4.

In accordance with the requirements of N.J.A.C. 6A:8-4.5, the Department of Education shall report annually to the State Board of Education and the public on the progress of all students and student subgroups in meeting the NJSLs as measured by the Statewide assessment system by publishing and distributing the Department of Education's annual New Jersey School Report Card in accordance with N.J.S.A. 18A:7E-2 through 5. After each test administration, the Department of Education shall report to the Board on the performance of all students and of student subgroups. 2631 NEW JERSEY QUALITY SINGLE ACCOUNTABILITY CONTINUUM
(QSAC)

The Board of Education and Superintendent of Schools will work with the New Jersey Department of Education to comply with the requirements of the New Jersey Quality Single Accountability Continuum (QSAC) system in accordance with the provisions of N.J.A.C. 6A:30-1.1 et seq. QSAC is the New Jersey Department of Education monitoring and evaluating system for public school districts. Public school districts in New Jersey are evaluated in five key component areas of school effectiveness – instruction and program, personnel, fiscal management, operations, and governance – to determine the extent to which the school district is providing a thorough and efficient education.

Weighted quality performance indicators established by the Department of Education shall be used by the Commissioner of Education to assess school district performance and capacity during the comprehensive reviews pursuant to N.J.A.C. 6A:30-3.1 through 3.4, the in-depth evaluation pursuant to N.J.A.C. 6A:30-5.3, and monitoring of an approved QSAC district improvement plan pursuant to N.J.A.C. 6A:30-5.6. The weighted quality performance indicators shall also be used by the Commissioner in determining whether to initiate intervention activities pursuant to N.J.A.C. 6A:30-6.2, withdrawal from intervention pursuant to N.J.A.C. 6A:30-7.1, and initial placement of Level II, Level III, and State-Operated School Districts on the performance continuum pursuant to N.J.A.C. 6A:30-8.3.

The Commissioner shall conduct a comprehensive review of each public school district every three years. In the intervening years, the Commissioner shall assess the school district's performance to determine whether conditions exist in the school district that significantly and negatively impact the educational program or operations of the school district.

The Superintendent shall be responsible for completing the District Performance Review in accordance with the requirements as outlined in N.J.A.C. 6A:30-3.2. The District Performance Review and a Statement of Assurance prepared in accordance with N.J.A.C. 6A:30-3.2(e) shall be approved by the Board of Education by resolution and submitted to the Executive County Superintendent of Schools in accordance with the provisions of N.J.A.C. 6A:30-3.2(f) and (g). The district's District Performance Review and the Statement of Assurance will be reviewed and evaluated in accordance with the requirements of N.J.A.C. 6A:30-3.3. The Commissioner shall issue a final determination of the school district's performance and initial placement on the performance continuum in accordance with N.J.A.C. 6A:30-4.1.

The district will be required to commence improvement activities as set forth in N.J.A.C. 6A:30-5.3 through 5.7 in the event it satisfies less than eighty percent of the weighted quality performance indicators in one or more key components of school district effectiveness. Where appropriate, pursuant to the factors as outlined in N.J.A.C. 6A:30-6.2, the Commissioner may seek forms of partial or full intervention in a school district as outlined in N.J.A.C. 6A:30-6.1 et seq. Withdrawal from partial or full State intervention shall be in accordance with the provisions of N.J.A.C. 6A:30-7 et seq.

No provision of N.J.A.C. 6A:30 – Evaluation of the Performance of School Districts, shall limit the ability of the Department to monitor public school districts' practices by, among other things, conducting on-site visits to observe instructional practices and school facilities or take other such action as in the judgment of the Commissioner or his/her designee that may be warranted to ensure the satisfaction of any statutory or constitutional obligation.

For the purpose of this Policy, “district of attendance” shall mean the school district in which the nonpublic school is located.

- A. Special Education and Related Services - N.J.S.A. 18A:46-19; N.J.S.A. 18A:46A-1; N.J.A.C. 6A:14-6

The Board of Education of the district of attendance, as required by Federal law and regulation under Part B of the Individuals with Disabilities Education Act (IDEA), shall provide a genuine opportunity for the equitable participation of students with disabilities who are enrolled in nonpublic schools or early childhood programs by their parents. The district of attendance shall make the final decisions with respect to the services to be provided to eligible students with disabilities enrolled in nonpublic schools or early childhood programs. Services shall be provided only upon the written consent of the parent and shall be provided in a location determined by the Board pursuant to N.J.S.A. 18A:46-19.5. The district of attendance shall spend an amount of money equal to a proportionate amount of Federal funds available under Part B of the IDEA for the provision of services to students with disabilities who are attending nonpublic schools.

The district of attendance, after timely and meaningful consultation with representatives of the nonpublic school, shall undertake a child find process in accordance with IDEA and its implementing regulations to determine the number of parentally placed children with disabilities attending nonpublic schools located within the district. As part of the child find process the district shall consult with private school representatives and representatives of parents of parentally placed nonpublic school children with disabilities in the design and development of special education and related services for such children in accordance with N.J.A.C. 6A:14-6.1(c)1. Furthermore, services may be provided by district personnel or through contracts with individuals, approved clinics, or agencies. In addition, services provided shall be secular, neutral, and non-ideological. Those procedural safeguards available to nonpublic school students with disabilities and their parents as specified by Federal law and rules under Part B of the IDEA shall apply in accordance with N.J.A.C. 6A:14-6.1(e).

If a nonpublic school student with a disability will receive special education or related services from the district, the district shall initiate and conduct meetings according to N.J.A.C. 6A:14-2.3(k) to develop, review, and revise a service plan for the student and ensure a representative of the nonpublic school or early childhood program attends each meeting pursuant to N.J.A.C. 6A:14-6.1(f)2.

The Board shall provide for the services of a certified speech-language specialist for each child attending a nonpublic school located in the school district and classified pursuant to N.J.S.A. 18A:46-8 as requiring the services of a certified speech-language specialist. Services for children enrolled in nonpublic schools shall be provided only upon the consent of the parent or guardian and shall be provided in a location determined by the Board pursuant to rules and regulations of the State Board of Education. The Board shall provide for such transportation and maintenance and the cost shall be paid from State aid received by the district in accordance with N.J.S.A. 18A:46-19.6. Contracts for speech correction services shall be in accordance with N.J.S.A. 18A:46-19.7. Costs and provisions for speech correction services shall be managed in accordance with N.J.S.A. 18A:46-19.7 and N.J.S.A. 18A:46-19.8.

The Board shall provide for the receipt of auxiliary services by children between the ages of five and twenty residing in the State and enrolled full-time in a nonpublic school located in the district in accordance with N.J.S.A. 18A:46A-3. Auxiliary services shall mean compensatory education services for the improvement of students' communication skills; supportive services acquiring communication proficiency in the English language for children of limited English-speaking ability; and home instruction services. Services for children enrolled in nonpublic schools shall be provided only upon the consent of the parent and in a location determined by the Board pursuant to rules and regulations of the State Board of Education. The cost of transportation for auxiliary services shall be managed in accordance with N.J.S.A. 18A:46A-6. Contracts for auxiliary services shall be managed in accordance with N.J.S.A. 18A:46A-7. Cost limitations for auxiliary services shall be managed in accordance with N.J.S.A. 18A:46A-8. Calculation of the costs by the Commissioner shall be managed in accordance with N.J.S.A. 18A:46A-9.

B. Health Services - N.J.S.A. 18A:40-23 through 31; N.J.A.C. 6A:16-2.5

The Board shall provide nursing services for students who are enrolled full-time in a nonpublic school located in their district pursuant to N.J.S.A. 18A:40-23. The services shall include assistance with medical examinations; including dental screening, conducting screening of hearing examinations, the maintenance of student health records, and notification of local or county health officials of any student who has not been properly immunized; and conducting examinations of students between the ages of ten

The Board shall adopt written policies and procedures extending the emergency care provided to public school students to those students who are enrolled full-time in the nonpublic school or are injured or become ill at school or during participation on a school team or squad in accordance with N.J.A.C. 6A:16-2.5(b).

Nursing services funded by the Board pursuant to N.J.S.A. 18A:40-23 et seq. shall be provided by a registered nurse licensed by the New Jersey State Board of Nursing who is an employee of the school district or a third-party contractor or is an independent contractor. The Board shall either employ a qualified independent contractor to provide nursing services or shall contract, pursuant to N.J.S.A. 18A:40-28, with other district Boards of Education or with a public or private agency approved by the Commissioner to provide nursing services, pursuant to N.J.A.C. 6A:14-5.2. Prior to any change in the provision of nursing services, the Board shall provide timely and meaningful consultation with appropriate nonpublic school representatives, including parents, pursuant to N.J.S.A. 18A:40-28.

The nursing services provided to nonpublic school students shall not include instructional services in accordance with N.J.A.C. 6A:16-2.5(f). A nonpublic school may decline nursing services required or permitted by submitting to the district of attendance notification in accordance with N.J.A.C. 6A:16-2.5(g). A student who is enrolled in a nonpublic school and whose parent objects to the student receiving any service provided under N.J.A.C. 6A:16-2.5 shall not be compelled to receive the service except for a physical or medical examination to determine whether the student is ill or infected with a communicable disease pursuant to N.J.S.A. 18A:40-30.

The Board of Education shall provide health services based upon the following: the funding for services shall be based upon the nonpublic school enrollment on the last school day prior to October 16 of the preceding school year; a report provided to the New Jersey Department of Education (NJDOE) by the district of attendance or nonpublic school that includes the nonpublic school enrollment on the last school day prior to October 16 of the preceding school year; and the funds expended by the district of attendance for administrative costs shall be limited to the actual costs or six percent of the funds allocated annually for each participating nonpublic school, whichever is less. Administrative costs shall include, but not be limited to, the costs related to the district of attendance annual consultation, bidding, program and contract management, and oversight and quality control.

The Superintendent or designee of the district of attendance in which a nonpublic school is located shall confer annually with the administrator of the nonpublic school for the following purposes: to advise the nonpublic school of the amount of funds allocated to it by the NJDOE for the provision of health services for full-time students enrolled in the nonpublic school; to agree on the basic health services that shall be provided; the additional medical services, equipment, or supplies that may be provided as set forth in N.J.S.A. 18A:40-23 et seq.; to discuss the criteria to be used in the selection of a nursing service provider by the district of attendance for the nonpublic school; and to ascertain the level of satisfaction of the nonpublic school with the current nursing service provider. If the Superintendent or designee and the nonpublic school administrator cannot reach agreement regarding the health services and additional medical services to be provided, the County Office of Education shall provide assistance; to assure that a description of the provision of nursing services is reflected in the nursing services plan of the district of attendance; and to ensure nonpublic school students in the district of attendance who are knowingly without medical coverage have access to the New Jersey FamilyCare program and to make information accessible regarding the program to the nonpublic school students, pursuant to N.J.S.A. 18A:40-34. The Superintendent or designee must submit a report to the Executive County Superintendent on or before October 1 annually in accordance with N.J.A.C. 6A:16-2.5(k).

- C. Textbook Aid to Public and Nonpublic Schools - N.J.S.A. 18A:58-37 et seq.; N.J.A.C. 6A:23A-20 et seq.

N.J.S.A. 18A:58-37.3 requires the Board in which a nonpublic school is located to purchase and to loan, without charge, upon individual requests, textbooks to students in the nonpublic school or schools located within the district of attendance when such students are residents of the State. The Board shall not be required to expend funds for the purchase and loan of textbooks in excess of the amounts provided in State aid. Students who are enrolled in a nonpublic school whose parents do not maintain a residence in this State are not eligible to receive such textbooks. Students who are enrolled in a nonpublic school whose tuition is paid by the district of attendance are not eligible to receive such textbooks. The Board shall distribute to all students on an equitable basis existing book stocks and newly purchased textbooks purchased pursuant to N.J.S.A. 18A:58-37.1 et seq. The Board shall not discriminate against students in either public or nonpublic schools.

An individual written request for the loan of textbooks shall be signed by the parent(s) of nonpublic school students and shall be submitted directly to the Board of the district of attendance or may be forwarded collectively by the nonpublic school. Requests must be received by the Board by March 1 preceding the school year. All individual requests must be made in accordance with N.J.A.C. 6A:23A-20.3.

In accordance with N.J.A.C. 6A:23A-20.4, all textbooks purchased under the provisions of N.J.S.A. 18A:58-37.1 et seq. shall remain the property of the district which shall indicate such ownership in each book by a label. The Board shall be responsible for the receipt of the textbooks from the vendor and inventory of such textbooks. The Board may require that the textbooks be returned to the district at the end of the school year or may enter into agreements with the nonpublic schools to store such books. In the event of such an agreement, the Board shall not pay storage charges of any kind to a nonpublic school for this service.

The Board's accounting entries in relation to expenditures for the purchase of textbooks shall be managed in accordance with N.J.A.C. 23A-20.5.

3111 CREATING POSITIONS

The Board of Education recognizes its authority to create and fill teaching staff member positions to implement a thorough and efficient system of free public schools.

The Board shall, upon the Superintendent's recommendation, create new positions as required and approve job titles and job descriptions. The job description shall outline the background experiences and personal qualities, if any, to be required of candidates or preferred among applicants for a particular position.

The Superintendent shall recommend to the Board such new positions or additions to existing employment categories as may be required by the specific instructional needs of students of the district and each school within the district.

In accordance with the provisions of N.J.A.C. 6A:9B-5.5, titles assigned to teaching staff members shall be recognized by the New Jersey Department of Education. The Department of Education shall maintain and make available a list of approved job titles with corresponding authorized certificates. In the event the Board desires to use an unrecognized title, or if a previously established unrecognized title exists, the Board, prior to appointing a candidate, shall submit to the Executive County Superintendent a written request, including a detailed job description, for permission to use the proposed title. The Executive County Superintendent shall exercise discretion regarding approval of the request and shall determine the appropriate certification and title for the position.

The Executive County Superintendent shall review annually all previously approved unrecognized position titles and shall determine whether the titles will be continued for the next school year. Decisions rendered by the Executive County Superintendent regarding titles and certificates for unrecognized positions shall be binding upon future seniority determinations on a case-by-case basis.

3112 ABOLISHING POSITIONS

The Board of Education will provide the professional staff necessary for the economical and efficient implementation of the educational program of the district. The Board reserves the right to abolish positions and reduce district staff commensurately whenever reasons of economy, reorganization of the school district, reduction in the number of students, or other good cause so warrant. The Superintendent shall continually review the efficiency and effectiveness of the district organization and recommend to the Board the abolishment of positions and the reallocation of duties and positions.

The employment contract will also include a provision for termination of the contract by either the teaching staff member or the Board of Education unless the teaching staff member is represented by a collective bargaining agreement and the agreement has termination provisions.

If the teaching staff member is not represented by a collective bargaining agreement or the collective bargaining agreement does not have provisions for termination, the nontenured teaching staff member may terminate the contract with a sixty calendar day notice and the Board may terminate the contract for non-tenured teaching staff members with a sixty calendar day notice.

In the event that the salary entered on the written contract differs from that approved by the Board in a resolution duly adopted, the salary approved by the Board shall be the salary paid.

3125 EMPLOYMENT OF TEACHING STAFF MEMBERS

The Board of Education believes it is vital to the successful operation of the school district that teaching staff member positions be filled with highly qualified and competent professionals.

In accordance with the provisions of N.J.S.A. 18A:27-4.1, the Board shall appoint, transfer, remove, or renew a certificated or non-certificated officer or employee only upon the recommendation of the Superintendent of Schools and by a recorded roll call majority vote of the full membership of the Board. The Board shall not withhold its approval for arbitrary and capricious reasons. The Board shall approve the employment, fix the compensation, and establish the term of employment for every teaching staff member employed by this district.

No teaching staff member shall be employed unless he/she is a holder of a valid certificate in accordance with the New Jersey Department of Education and applicable statutes and administrative codes. The Superintendent shall require proof of any candidate's certification or pending application for certification.

The Board will employ substitutes for absent teachers in order to ensure continuity in the instructional program and will annually approve a list of substitutes and rate of pay. The Superintendent or designee shall select substitutes from the list approved by the Board to serve in the place of an absent teaching staff member.

In accordance with the provisions of N.J.S.A. 18A:16-1.1, the Board of Education will provide written notice to a teaching staff member, other than a per diem substitute, of his/her designation as a replacement when the teaching staff member has been designated or appointed by the Board to act in place of any officer or employee during an absence, disability, or disqualification of any such officer or employee subject to the provisions of N.J.S.A. 18A:17-13. Per diem substitutes shall also be informed in their notice of approval that their employment is as a replacement staff member.

The Board may use a private contractor to secure a substitute teacher in accordance with N.J.A.C. 6A:9B-7.1(f).

The Board shall approve the employment, fix the compensation, and set the term of employment for each person employed in a summer school program. The Board will employ only those candidates recommended by the Superintendent. Service as a summer school teacher will not count toward the accrual of tenure or seniority.

The Superintendent shall recommend to the Board the employment of qualified coaches for the district's interscholastic and/or intramural athletic programs. The Board will employ as athletic coaches only those persons who have experience in and knowledge of the specific sport, are properly certified, and possess the personal characteristics that qualify them to serve as role models to students.

In accordance with the provisions of N.J.A.C. 6A:9B-5.16(a), any teaching staff member in the employ of the Board of Education shall be permitted to organize public school students for purposes of coaching or for conducting games, events, or contests in physical education or athletics. The Superintendent may recommend to the Board the employment of a qualified candidate for an interscholastic athletic coaching position who is a holder of either a New Jersey teaching certificate or a substitute credential, pursuant to N.J.A.C. 6A:9B-5.16(b), to work in the interscholastic athletic program provided the position has been advertised. The twenty day limitation noted in N.J.A.C. 6A:9B-7.4(a) shall not apply to coaching situations.

An athletic coach employed by this district who is not a regular employee of this district shall be employed only for the duration of the specific sport season. He/She shall be paid the stipend and no out-of-district athletic coach shall be eligible for tenure or for employment benefits.

An athletic trainer shall possess an educational services certificate issued by the State Board of Examiners pursuant to N.J.S.A. 18A:26-2.4 and 18A:26-2.5.

The Board of Education shall not employ for pay or contract for the paid services of any teaching staff member or any other person serving in a position which involves regular contact with students unless the Board has first determined, consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq., that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

An individual employed by the Board in any substitute capacity or position shall be required to undergo a criminal history record check in accordance with the provisions of N.J.S.A. 18A:6-7.1b.

An individual, except as provided in N.J.S.A. 18A:6-7.1g, shall be permanently disqualified from employment or service in the school district if the criminal history record check reveals a record of conviction for any crime or offense as defined in N.J.S.A. 18A:6-7.1 et seq.

The Board or contracted service provider may employ an applicant on an emergent basis for a period not to exceed three months, pending completion of a criminal history record check if the Board or contracted service provider demonstrates to the Commissioner of Education that special circumstances exist which justify the emergent employment as prescribed in N.J.S.A. 18A:6-7.1c. In the event the criminal history record check is not completed for an emergent hired employee within three months, the Board or contracted service provider may petition the Commissioner for an extension of time, not to exceed two months, in order to retain the employee.

No criminal history record check shall be performed unless the applicant shall have furnished written consent to such a check. The applicant shall bear the cost for the criminal history record check, including all costs for administering and processing the check. The district will deny employment to an applicant if the applicant is required and refuses to submit to a criminal history record check.

The Board of Education prohibits any relative of a Board member or Superintendent of Schools from being employed in an office or position in the school district in accordance with the provisions of N.J.A.C. 6A:23A-6.2 and Board Policy 0142.1 – Nepotism.

A teaching staff member's misstatement of fact material to his/her qualifications for employment or the determination of his/her salary will be considered by the Board to constitute grounds for dismissal.

3125.2 EMPLOYMENT OF SUBSTITUTE TEACHERS

The Board of Education will employ substitutes in order to ensure continuity in the instructional program and will approve a list of substitutes on an annual basis and additional approved substitutes will be added to the approved list throughout the school year. Substitute teachers will be employed from the substitute list recommended by the Superintendent and approved by the Board. The Board shall also approve the substitute rate of pay.

All substitute teachers must possess a substitute credential issued by the New Jersey State Board of Examiners in accordance with the provisions of N.J.A.C. 6A:9B-7.1 et seq. All substitute teachers are required to undergo a criminal history record check in accordance with the provisions of N.J.S.A. 18A:6-7.1 et seq. and New Jersey Department of Education regulations and procedures for criminal history record checks. In accordance with the provisions of N.J.S.A. 18A:6-7.1b., a substitute teacher who is rehired annually by the Board shall only be required to undergo a criminal history record check as required by N.J.S.A. 18A:6-7.1 et seq. upon initial employment, provided the substitute continues in the employ of at least one of the districts at which the substitute was employed within one year of the approval of the criminal history record check.

A substitute teacher shall follow the daily lesson plan provided by the regular teacher and, when that plan is exhausted or unavailable, the instructions of the Principal. A substitute teacher may not plan or direct an instructional program except as expressly permitted by the Superintendent.

In accordance with the provisions of N.J.S.A. 18A:16-1.1b. and N.J.A.C. 6A:9B-7.4(c), a vacant teaching position may only be filled by one or more individuals employed as substitute teachers and holding an instructional certificate of eligibility (CE), certificate of eligibility with advanced standing (CEAS), or standard certificate issued by the New Jersey State Board of Examiners with an endorsement within the scope of the subject being taught for no more than sixty instructional days in the same classroom per year. The sixty day limit may be extended if the Executive County Superintendent is notified of an extension by the school district which shall demonstrate:

1. The school district was unable to hire an appropriately certified teacher for the vacant position;
2. The school district is filling the position subject to the limitations in a local contract or N.J.A.C. 6A:9B-7.1; and
3. Holders of an instructional CE or CEAS with an endorsement within the scope of the subject being taught meet the following provisions:

- a. CE or CEAS holders obtain a provisional certificate;
- b. CE or CEAS holders are enrolled in a district mentoring program upon obtaining a provisional certificate;
- c. CE holders are accepted into a CE educator program and will begin coursework in the program's next available cohort.

In the event that one individual employed pursuant to the provisions of N.J.S.A. 18A:16-1.1b. is employed in the same position for more than sixty days, the substitute shall be compensated by the school district on a pro-rata basis consistent with the salary provided to a teacher with similar credentials in the school district.

In accordance with the provisions of N.J.A.C. 6A:9C-5.4, an approved agency and its designated staff shall be authorized to provide the services, evaluations, and recommendations specified within N.J.A.C. 6A:9B-8.6, 8.7, and 8.9 for provisional Teachers of Supplemental Instruction in Reading and Mathematics, Grades K-8 in their employ.

The Superintendent or designee shall make certified staff assignments in the manner best calculated, in his/her judgement, to enhance the educational program.

Teaching, supervisory, administrative and support personnel are subject to assignment and transfer after recommendation of the Superintendent or designee and approval by the Board of Education. Procedures for such transfers shall comply with provisions of current negotiated agreements and State and Federal law. Disciplinary transfers are prohibited. 3134 ASSIGNMENT OF ADDITIONAL DUTIES

The professional responsibilities of teaching staff members include such extra duties as may be assigned by the Board of Education. The Board will appoint teaching staff members to extra duty positions including, but not necessarily limited to, the positions of department chairperson, account treasurer, co-curricular activity advisor, athletic coach, monitor, and chaperone.

A teaching staff member who requests appointment to an extra duty position may be given preference over other candidates for the position. Wherever possible, the Board will fill athletic coaching positions with physical education teachers.

Any teaching staff member appointed to an extra duty position is expected to serve unless excused for extenuating circumstances. A member's refusal to serve or resignation from extra duty service without permission may constitute an act of insubordination subject to discipline.

A teaching staff member can accrue no tenure or seniority rights in an extra duty position and is not entitled to reappointment to an extra duty position.

Performance in an extra duty position will be considered in a teacher staff member's evaluation, in determining whether to renew a nontenured member, and in determining which of two or more tenured members with identical seniority entitlements will be retained in a reduction in force.

The Superintendent will inform the Board of extra duty positions required for the implementation of the district's program, post notice of vacancies in those positions, and recommend appointments to those positions.

The Board shall discharge that obligation by retaining in service only those nontenured teaching staff members who meet those standards. The Board will renew the employment contract of a teaching staff member only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Board shall not withhold its approval for arbitrary and capricious reasons. A nontenured teaching staff member who is not recommended for renewal by the Superintendent is deemed nonrenewed.

When the nontenured teaching staff member's performance does not meet the standards of the district, the Superintendent shall recommend not to renew the teaching staff member's contract. Prior to notifying the nontenured teaching staff member of the nonrenewal, the Superintendent will notify the Board of the recommendation not to renew the nontenured teaching staff member's contract and the reasons for the recommendation. The Superintendent may notify the Board in a written notice or in executive session at a full Board Meeting. In the event the Board is notified in executive session, the Superintendent will comply with the requirements of the Open Public Meetings Act and provide reasonable notice to the nontenured teaching staff member their employment will be discussed in executive session in order for the nontenured teaching staff member to exercise their statutory right to request a public discussion.

Any teaching staff member who received written notice a contract will not be offered may, within fifteen days of receiving such notification, request in writing a statement of the reasons for nonrenewal. The Superintendent will provide a written statement of reasons within thirty days after the receipt of any such request.

Whenever the nontenured teaching staff member has requested in writing and received a written statement of reasons for non-reemployment, the nontenured teaching staff member shall have the right to an informal appearance before the Board to permit the staff member an opportunity to convince the members of the Board to offer reemployment. The staff member must request the appearance before the Board within ten calendar days of the nontenured teaching staff member's receipt of the statement of reasons. The informal appearance before the Board shall be held in accordance with the provisions of N.J.A.C. 6A:10-8.1.

The Board is not required to offer reemployment or vote on reemployment after an informal appearance with a nontenured teaching staff member who was not recommended for reemployment by the Superintendent. The Board may, with a majority vote of its full membership in public session and without the recommendation of the Superintendent, offer the nontenured teaching staff member reemployment after the informal appearance before the Board. The nontenured teaching staff member will be notified of the Board's final determination within three days following the informal appearance before the Board.

3144 CERTIFICATION OF TENURE CHARGES

Tenure charges may be instituted against a tenured staff member of the district in accordance with the provisions of N.J.A.C. 6A:3-5.1 et seq. In all instances of the filing and certification of tenure charges, except charges filed against a teacher, Principal, Assistant Principal, or Vice Principal for reasons of inefficiency pursuant to N.J.S.A. 18A:6-17.3, the procedures and timelines outlined in N.J.A.C. 6A:3-5.1(b) shall be observed. In the event the tenure charges are charges of inefficiency pursuant to N.J.S.A. 18A:6-17.3, except in the case of Principals, Assistant Principals, and Vice Principals in school districts under full State intervention, where procedures are governed by the provisions of N.J.S.A. 18A:7A-45 and such rules as may be promulgated to implement it, the procedures and timelines outlined in N.J.A.C. 6A:3-5.1(c) shall be observed.

Filing and service of petition of appeal as outlined in N.J.A.C. 6A:3-1.3, shall not apply in a case of charges filed with the Commissioner of Education against an employee of a Board of Education or of a school district under full State intervention. In place of the usual petition, the Board of Education or the State District Superintendent shall file written charges and the required certificate of determination with the Commissioner together with the name of the attorney who is anticipated for administrative purposes will be representing the Board of Education or State District Superintendent and proof of service upon the employee and the employee's representative, if known. Such service shall be at the same time and in the same manner as the filing of charges with the Commissioner.

In accordance with N.J.S.A. 34:13A-24, fines and suspensions imposed as minor discipline shall not constitute a reduction in compensation pursuant to the provisions of N.J.S.A. 18A:6-10 where the negotiated agreement between the Board of Education and the majority representative of the employees in the appropriate collective bargaining unit provides for such discipline. In these cases, tenure charges shall not be filed to impose minor discipline on a person serving under tenure.

The Board of Education or the State District Superintendent shall determine whether there is probable cause to credit the evidence in support of the charges and whether such charges, if credited, are sufficient to warrant a dismissal or reduction of salary. Pursuant to N.J.S.A. 18A:6-11, all deliberations and actions of the Board of Education with respect to such charges shall take place at a closed/executive session meeting. In the event the Board of Education or the State District Superintendent finds probable cause exists and that the charges, if credited, are sufficient to warrant a dismissal or reduction of salary, then the Board or the State District Superintendent shall file, within fifteen days, written charges with the Commissioner. The charge(s) shall be stated with specificity as to the action or behavior underlying the charges or the nature of the alleged inefficiency and shall be accompanied by the required certificate of

determination together with the name of the attorney who is anticipated for administrative purposes will be representing the Board of Education or State District Superintendent and proof of service upon the employee and the employee's representative, if known. Such service shall be at the same time and in the same manner as the filing of charges with the Commissioner.

The certificate of determination that accompanies the written charges shall contain a certification by the Board Secretary or the State District Superintendent including that a determination was made of the charges and the evidence in support of the charges are sufficient, if true in fact, to warrant dismissal or a reduction in salary; of the date, place, and time of the meeting at which such determination was made and whether or not the employee was suspended and, if so, whether such suspension was with or without pay; that such determination was made by a majority vote of the whole number of members of the Board of Education or by the State District Superintendent in accordance with N.J.S.A. 18A:7A-39.

An individual against whom tenure charges are certified shall file a written response to the charges in accordance with the provisions of N.J.A.C. 6A:3-5.3 et seq. The Commissioner shall determine whether such charge(s) are sufficient, if true, to warrant dismissal or reduction in salary in accordance with the provisions of N.J.A.C. 6A:3-5.5. Any withdrawal, settlement, or mooted of tenure charges shall be in accordance with the provisions of N.J.A.C. 6A:3-5.6.

Certification of tenure charges for Charter School employees shall be governed by N.J.A.C. 6A:11-6.1 et seq.

In accordance with the provisions of N.J.S.A. 18A:6-17.3 and notwithstanding the provisions of N.J.S.A. 18A:6-11 or any other section of law to the contrary, in the case of a teacher, Principal, Assistant Principal, and Vice Principal, the Superintendent shall promptly file with the Secretary of the Board of Education a charge of inefficiency whenever the employee is rated ineffective or partially effective in an annual summative evaluation and the following year is rated ineffective in the annual summative evaluation.

If the teacher, Principal, Assistant Principal, or Vice Principal is rated partially effective in two consecutive annual summative evaluations or is rated ineffective in an annual summative evaluation and the following year is rated partially effective in the annual summative evaluation, the Superintendent shall promptly file with the Secretary of the Board of Education a charge of inefficiency, except that the Superintendent upon a written finding of exceptional circumstances may defer the filing of tenure charges until after the next annual summative evaluation. If the employee is not rated effective or highly effective on this next annual summative evaluation, the Superintendent shall promptly file a charge of inefficiency.

Within thirty days of the filing, the Board of Education shall forward a written charge to the Commissioner of Education, unless the Board of Education determines the evaluation process has not been followed.

Notwithstanding the provisions of N.J.S.A. 18A:6-16 or any other section of law to the contrary, upon receipt of a charge pursuant to N.J.S.A. 18A:6-17.3.a, and this Policy, the Commissioner of Education shall examine the charge. The individual against whom the charges are filed shall have ten days to submit a written response to the charges to the Commissioner of Education. The Commissioner of Education shall, within five days immediately following the period provided for a written response to the charges, refer the case to an arbitrator and appoint an arbitrator to hear the case, unless the Commissioner determines the evaluation process has not been followed.

The only evaluations which may be used for purposes of N.J.S.A. 18A:6-17.3 are those evaluations conducted in accordance with a rubric adopted by the Board of Education and approved by the Commissioner of Education pursuant to P.L.2012, c.26 – N.J.S.A. 18A:6-117 et seq.

3144.3 SUSPENSION UPON CERTIFICATION OF TENURE CHARGE

Upon certification of any tenure charge to the Commissioner of Education, the Board of Education may suspend the person against whom such charge is made, with or without pay. However, if the determination of the tenure charge by the arbitrator is not made within one hundred twenty calendar days after certification of the tenure charges, excluding all delays which are granted at the request of such person, then the full salary (except for said one hundred and twenty days) of such person shall be paid beginning on the one hundred twenty-first day until such determination is made.

Should the tenure charge be dismissed at any stage of the process, the person shall be reinstated immediately with full pay from the first day of such suspension. Should the tenure charge be dismissed at any stage of the process and the suspension be continued during an appeal, then the full pay or salary of such person shall continue until the determination of the appeal. However, the Board of Education shall deduct from said full pay or salary any sums received by such employee or officers by way of pay or salary from any substituted employment assumed during such period of suspension.

Should the charge be sustained on the original hearing or an appeal, and should such person appeal from the same, then the suspension may be continued unless and until such determination is reversed, in which event the employee or officer shall be reinstated immediately with full pay from the date of such suspension.

3146 CONDUCT OF REDUCTION IN FORCE

When teaching staff member positions have been abolished, in accordance with Board Policy No. 3112, the Board of Education will transfer and/or dismiss affected teaching staff members as required by law.

No tenured teaching staff member will be transferred or dismissed in a reduction in force affecting a category of employment in which a nontenured teaching staff member is employed. When two or more nontenured teaching staff members are employed within the category affected by a reduction in force, the nontenured teaching staff member(s) shall be retained in that category who has demonstrated greater competence.

Tenure and seniority entitlements will govern the transfer and dismissal of tenured teaching staff members affected by a reduction in force, except that, when two or more tenured teaching staff members within the same employment category affected by a reduction in force possess an identical seniority entitlement to that category, the teaching staff member(s) shall be retained in that category who has demonstrated greater competence.

The Superintendent shall collect and maintain the information requisite to the calculation of each tenured teaching staff member's seniority status. The Superintendent shall develop and maintain district seniority lists and shall recommend dismissals and transfers in a reduction in force in accordance with those lists. No seniority list shall be a public document or published in the absence of a reduction in force or reemployment from a preferred eligible list.

Teaching staff members affected by a reduction in force will be informed of their seniority status and of the effect of the reduction in force on their employment, as promptly as possible after the Board's action to abolish positions. Wherever possible, the Board will give sixty days notice of a pending dismissal. If notice cannot be given a full sixty days before the end of the employee's service, salary in lieu of notice will be given for the remaining notice period beyond the end of service.

3152 WITHHOLDING AN INCREMENT

Advancements on the salary guide, including annual employment and adjustment increments, are not automatically granted and must be earned by satisfactory performance. Advancements require favorable evaluations of the employee's performance of assigned duties, a satisfactory attendance record, and adherence to the rules of this district and high standards of professional conduct.

The Board of Education may determine, by recorded roll call majority vote of the full membership and at any time prior to the commencement of the school year or contract year in which the employee's salary will vest, to withhold any or all of the increments indicated by the salary guide or by Board policy. In no case will the Board withhold a portion of an increment.

The Board shall, within ten days of its formal action to withhold an increment, give written notice to the affected employee of both the action and the reason or reasons for which it was taken.

The purpose of the Board in withholding increments is to improve the educational program and encourage the highest possible professional performance of its employees. Accordingly, all reasonable efforts will be made to inform employees of any deficiencies that may result in the withholding of an increment and to assist them in the correction of those deficiencies.

An increment withheld may be restored only by action of the Board. Nothing in this policy shall limit the right of a successor Board to restore an employee from whom an increment or increments have been withheld to that place on the salary guide he/she would have achieved had the increment or increments not been withheld.

For purposes of this policy, “certificate holders” shall include all individuals who hold certificates, credentials, certificates of eligibility (CEs), and certificates of eligibility with advance standing (CEASs) issued by the State Board of Examiners. For purposes of this Policy, the term “certificate” shall include all standard, emergency and provisional certificates, all credentials, and all CEs and CEASs issued by the State Board of Examiners.

The report submitted to the Superintendent shall include the date of arrest or indictment and charge(s) lodged against the certificate holder. Such certificate holders shall also report to the Superintendent the disposition of any charge within seven calendar days of the disposition. Failure to comply with these reporting requirements may be deemed “just cause” for revocation or suspension of certification pursuant to N.J.A.C. 6A:9B-4.4. The school district shall make these reporting requirements known to all new employees upon initial employment and to all employees on an annual basis.

The Superintendent of Schools shall notify the New Jersey State Board of Examiners when:

Teaching Staff Member/School District Reporting Responsibilities

In the event the New Jersey State Board of Examiners issues an order to show cause based on the information that the school district provided about the certificate holder, it shall be the responsibility of the school district to cooperate with the Board of Examiners in any proceeding arising from the order to show cause.

The Superintendent of Schools will comply with the additional notice requirements to the New Jersey State Board of Examiners in the event it is subsequently determined by disciplinary grievance arbitration, a court, or an administrative tribunal of competent jurisdiction that the basis for the dismissal did not constitute misconduct in office. In addition, whenever the Superintendent of Schools notifies the New Jersey State Board of Examiners of an employee's dismissal for reasons of misconduct in accordance with the provisions of N.J.S.A. 18A:16-1.3, the employee shall receive a simultaneous copy of the notifying correspondence.

If upon completing an examination(s) it is determined a candidate for employment who received a conditional offer of employment is unable to perform with reasonable accommodation job-related functions pursuant to the provisions of the ADA, the conditional offer of employment will be rescinded either by the Superintendent of Schools, if the Board has not yet approved the appointment, or by the Board, if the Board had approved the appointment at a Board meeting.

Testing for the usage of controlled or dangerous substances will be required for all candidates for employment who have received a conditional offer of employment.

Pursuant to N.J.S.A. 18A:16-3, the Board shall bear the cost of physical examinations required by this Policy performed by a physician or institution designated by the Board. However, the candidate shall bear the cost if the examination is performed by a physician or institution designated by the candidate with approval of the Board. In the event the Board approves the physician or institution designated by the candidate to complete an examination required by this Policy, the candidate will be provided with the detailed requirements of the examination.

School employee physicals, examinations, and/or annual medical updates do not require screening or disclosure of HIV status.

In such instances, the staff member may also choose to share with the staff member's Building Principal and, if desired, with the certified school nurse, information regarding current health status to assure ready access in a medical emergency.

Additional individual psychiatric or physical examinations of any staff member may be required by the Board whenever, in the judgment of the Board, a staff member shows evidence of deviation from normal physical or mental health. Any additional individual examinations will be pursuant to the requirements of N.J.A.C. 6A:32-6.3. 3161 EXAMINATION FOR CAUSE

The Board of Education may, in accordance with law, require the psychiatric or physical examination of any teaching staff member who shows evidence of deviation from normal physical or mental health.

The Superintendent shall recommend to the Board the examination of any teaching staff member whose physical or mental conditions so departs from normal health as to adversely affect the performance of the member's duties. Any such recommendation must be accompanied by competent evidence. If the Board determines that deviation from normal health has been demonstrated, it may require that the member submit to a physical or mental examination.

A requirement for physical or mental examination shall be made known to the employee by written notice setting forth the nature of the examination required, the reasons for the requirement, and a statement offering the member the opportunity to appear before the Board to explain or refute those reasons, provided any such hearing is requested in writing within five working days of the receipt of the notice.

A teaching staff member who fails to request an appearance before the Board within the time permitted or, having appeared before the Board, fails to persuade the Board that he/she should not be required to submit to the required examination shall be ordered to submit to an appropriate examination by a physician or institution designated by the Board and at the Board's expense.

The teaching staff member may, at his/her option, submit names of physicians or institutions to the Board for consideration to complete the appropriate examination(s). The Board is not required to designate a physician or institution submitted for consideration by the teaching staff member, but the Board will not act unreasonably in withholding its approval of a physician or institution submitted by a teaching staff member. The cost of the examination will be borne by the Board if the Board designates a physician or institution from the names submitted from the teaching staff member.

If the teaching staff member's request is denied, or if the teaching staff member does not request the Board to consider a physician or institution, the staff member may elect to submit to an appropriate examination conducted by a physician or institution of the teaching staff member's own choosing and at his/her expense, provided the physician or institution so chosen is approved by the Board, pursuant to N.J.S.A. 18A:16-3, and is authorized and directed by the member to report the results of the examination to the Board.

3211 CODE OF ETHICS

The Board of Education endorses the code of ethics for professional educators published by the National Education Association.

Preamble

The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence, and the nature of democratic principles. Essential to these goals is the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator accepts the responsibility to adhere to the highest ethical standards.

The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues, of students, of parent(s) or legal guardian(s), and of the members of the community provides the incentive to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics of the Education Profession indicates the aspiration of all educators and provides standards by which to judge conduct.

The remedies specified by the NEA and/or its affiliates for the violation of any provision of this Code shall be exclusive and no such provision shall be enforceable in any form other than one specifically designated by the NEA or its affiliates.

Principle I -- Commitment to the Student

The educator strives to help each student realize his/her potential as a worthy and effective member of society. The educator therefore works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.

In fulfillment of the obligation to the student, the educator--

1. Shall not unreasonably restrain the student from independent action in the pursuit of learning.
2. Shall not unreasonably deny the student access to varying points of view.
3. Shall not deliberately suppress or distort subject matter relevant to the student's progress.
4. Shall make reasonable effort to protect the student from conditions harmful to learning or to health and safety.

5. Shall not intentionally expose the student to embarrassment or disparagement.
6. Shall not on the basis of race, color, creed, sex, national origin, marital status, political or religious beliefs, family, social or cultural background, or sexual orientation, unfairly--
 - a. Exclude any student from participation in any program
 - b. Deny benefits to any student
 - c. Grant any advantage to any student
7. Shall not use professional relationships with students for private advantage.
8. Shall not disclose information about students obtained in the course of professional service, unless disclosure serves a compelling professional purpose or is required by law.

Principle II -- Commitment to the Profession

The education profession is vested by the public with a trust and responsibility requiring the highest ideals of professional service.

In the belief that the quality of the services of the education profession directly influences the nation and its citizens, the educator shall exert every effort to raise professional standards to promote a climate that encourages the exercise of professional judgment, to achieve conditions which attract persons worthy of the trust to careers in education, and to assist in preventing the practice of the profession by unqualified persons.

In fulfillment of the obligation to the profession, the educator--

1. Shall not in an application for a professional position deliberately make a false statement or fail to disclose a material fact related to competency and qualifications.
2. Shall not misrepresent his/her professional qualifications.
3. Shall not assist entry into the profession of a person known to be unqualified in respect to character, education, or other relevant attribute.

4. Shall not knowingly make a false statement concerning the qualifications of a candidate for a professional position.
5. Shall not assist a non educator in the unauthorized practice of teaching.
6. Shall not disclose information about colleagues obtained in the course of professional service unless disclosure serves a compelling professional purpose or is required by law.
7. Shall not knowingly make false or malicious statements about a colleague.
8. Shall not accept any gratuity, gift, or favor that might impair or appear to influence professional decisions or actions.

3211.3 CONSULTING OUTSIDE THE DISTRICT

The Board of Education recognizes that teaching staff members will have expertise and knowledge in areas that other school districts, agencies, and other entities may desire. Recognizing that the school district will request the expertise from teaching staff members from other school districts, agencies and other entities, the Board supports sharing of its teaching staff members with other school districts, agencies, and other entities to the extent it does not interfere with the efficient operation of the school district.

The Superintendent may recommend to the Board a teaching staff member's attendance in another school district, agency or other entity without additional remuneration to the teaching staff member or school district, upon a written request from the agency or from the teaching staff member.

The Board of Education recognizes teaching staff members will have expertise and knowledge in areas that other school districts, public and private agencies, and private business organizations may desire to compensate as a paid consultant. When a teaching staff member serves as a paid consultant, the teaching staff member is not permitted to use normal work hours for any paid consulting activities. The teaching staff member must complete any paid consulting activities on their own time to include vacation days, evenings, weekends, and/or school holidays.

The teaching staff member must comply with the New Jersey School Ethics Act N.J.S.A. 18A:12-21 et seq. and, if required, must comply with financial disclosure requirements of N.J.S.A. 18A:12-24 and 12-25.

N.J.S.A. 18A:12-21 et seq.

3212 ATTENDANCE

The regular and prompt attendance of teaching staff members is an essential element in the efficient operation of the school district and the effective conduct of the educational program. Staff member absenteeism disrupts the educational program and the Board of Education considers attendance an important component of a staff member's job performance.

A teaching staff member who fails to give prompt notice of an absence, misuses sick leave, fails to verify an absence in accordance with Board policy, falsifies the reason for an absence, is absent without authorization, is repeatedly tardy, or accumulates an excessive number of absences may be subject to appropriate consequences, which may include the withholding of a salary increment, dismissal, and/or certification of tenure charges.

In accordance with N.J.S.A. 18A:30-1, sick leave is defined to mean the absence from work because of a personal disability due to injury or illness or because the staff member has been excluded from school by the school medical authorities on account of contagious disease or of being quarantined for such a disease in the staff member's immediate household. No teaching staff member will be discouraged from the prudent, necessary use of sick leave and any other leave provided for in the collective bargaining agreement negotiated with the member's majority representative, in an individual employment contract, or provided in the policies of the Board. In accordance with N.J.S.A. 18A:30-4, the Superintendent or Board of Education may require a physician's certificate to be filed with the Secretary of the Board in order to obtain sick leave.

The Superintendent, in consultation with administrative staff members, will review the rate of absence among the staff members. The review will include the collection and analysis of attendance data, the training of teaching staff members in their attendance responsibilities, and the counseling of teaching staff members for whom regular and prompt attendance is a problem.

3214 CONFLICT OF INTEREST

No staff member of the Board of Education shall have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity which is in conflict with the proper discharge of the staff member's duties.

No staff member shall use or attempt to use his/her position to secure unwarranted privileges or advantages.

No staff member of the Board shall act in his/her official capacity in any matter wherein he/she has a direct or indirect personal financial interest.

No staff member of the Board shall accept any gift, favor, service or other thing of value under circumstances from which it might be reasonably inferred that such gift, service or other thing of value was given or offered for the purpose of influencing the staff member in the discharge of his/her duties.

The Board of Education discourages the presentation of gifts to staff members by students and their parent(s) or legal guardian(s), because it may embarrass students with limited means and give the appearance of currying favor.

The Board encourages that staff members instruct their students to express their appreciation by means other than gifts.

Teaching staff members may receive gifts of only nominal value from students or their parent(s) or legal guardian(s).

The Superintendent may approve an act or gift of appreciation to an individual staff member when special circumstances warrant.

3216 DRESS AND GROOMING

The Board of Education believes that the appearance and dress of teaching staff members is an important component of the educational program of this school district. The attitude of teaching staff members about their professional responsibilities and the importance of education in the lives of their students are reflected in their dress and appearance. Accordingly, in order to create an atmosphere of respect for teachers and an environment conducive to discipline and learning, the Board establishes the following rules for the dress of teaching staff members in the performance of their professional duties:

1. Be physically clean, neat and well groomed;
2. Dress in a manner reflecting their assignments;
3. Dress in a manner that does not cause damage to district property;
4. Dress and be groomed in such a way as not to cause a health or safety hazard.

If a staff member feels that an exception to this Policy would enable him/her to carry out assigned duties more effectively, a request shall be made to the Superintendent or designee.

Adopted: 19 June 2018

3217 USE OF CORPORAL PUNISHMENT

The Board of Education cannot condone an employee's resort to force or fear in the treatment of students, even those students whose conduct appears to be open defiance of authority. Each student is protected by law from bodily harm and from offensive bodily touching.

Teaching staff members shall not use physical force or the threat of physical force to maintain discipline or compel obedience except as permitted by law, but may remove students from the classroom or school by the lawful procedures established for the suspension and expulsion of students.

A teaching staff member who:

1. Uses force or fear to discipline a student except as such force or fear may be necessary to quell a disturbance threatening physical injury to others, to obtain possession of weapons or other dangerous objects upon the person or within the control of a student, to act in self-defense, or to protect persons or property;
2. Touches a student in an offensive way even though no physical harm is intended;
3. Permits students to harm one another by fighting; or
4. Punishes students by means that are cruel or unusual;

will be subject to discipline by this Board and may be dismissed.

3218 SUBSTANCE ABUSE

The Board of Education recognizes a teaching staff member who reports to work under the influence of drugs or alcohol poses a significant threat to their health, safety, and welfare and the health, safety, and welfare of others, including students and other staff members. The Board strongly advises any teaching staff member that has a dependency on a substance as defined in this Policy to seek appropriate treatment. The Board has an obligation and the right to maintain a safe and healthy work environment and adopts this Policy as an important component toward maintaining a safe environment in the school district. A teaching staff member is prohibited from possession, use, distribution, or being under the influence of any substance during work hours or at a school-sponsored function where the teaching staff member has been assigned job responsibilities.

For the purposes of this Policy, “substance” or “substances” means alcoholic beverages, any controlled dangerous substances, including anabolic steroids as defined in N.J.S.A. 24:21-2 and N.J.S.A. 2C:35-2, or any chemical or chemical compound which releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system, including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined in N.J.S.A. 2C:35-10.4, and over-the-counter and prescription medications that are improperly used to cause intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system.

Any teaching staff member who reports to work or attends a school-sponsored function where the teaching staff member has assigned job responsibilities under the influence of or in possession of any substance will be subject to appropriate discipline, which may include termination of a non-tenured teaching staff member or the filing of tenure charges for a tenured teaching staff member in accordance with law.

A teaching staff member shall be required to submit to an immediate medical examination to include a substance test if the Principal or designee has reasonable suspicion to believe a teaching staff member is under the influence of a substance during work hours or at a school-sponsored function where the teaching staff member has been assigned job responsibilities. Refusal of a teaching staff member to consent to the medical examination and substance test will be determined to be a positive result.

In the event a teaching staff member’s medical examination and substance test results are negative for a substance, any documents or records pertaining to the requirement for the examination and test results will not be maintained by the school district. Any required examination and testing shall be paid for by the Board. The teaching staff member will be afforded the opportunity to have any test results confirmed using acceptable test confirmation practices. This confirming test shall be paid for by the teaching staff member.

In accordance with the requirements of N.J.A.C. 6A:16-6.3(a), any teaching staff member who, in the course of their employment, has reason to believe a school staff member has unlawfully possessed or in any way been involved in the distribution of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia shall report the matter as soon as possible to the Principal, or in the absence of the Principal, to the staff member responsible at the time of the alleged violation. Either the Principal or the staff member shall notify the Superintendent of Schools who shall notify, as soon as possible, the County Prosecutor or other law enforcement official designated by the County Prosecutor to receive such information. The Superintendent or designee shall provide to the County Prosecutor or designee all known information concerning the matter, including the identity of the staff member involved.

In accordance with the provisions of N.J.A.C. 6A:16-6.3(a)3, the Superintendent or designee shall not disclose the identity of a teaching staff member who has voluntarily sought and participated in an appropriate treatment or counseling program for an alcohol or drug abuse problem, provided the teaching staff member is not reasonably believed to be involved or implicated in drug-distribution activities. An admission by a teaching staff member in response to questioning initiated by the Principal or designee or following the discovery by the Principal or designee of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia, shall not constitute a voluntary, self-initiated request for counseling and treatment.

3230 OUTSIDE ACTIVITIES

The Board of Education recognizes that teaching staff members enjoy a private life outside their job responsibilities in the school district. The Board believes the role of the teaching profession is such that teachers exert a continuing influence away from the school district. Accordingly, the Board reserves the right to determine if activities outside the teaching staff member's job responsibilities interfere with their professional performance and the discharge of the member's responsibilities to the students of this district.

All teaching staff members are advised to be governed in the conduct of personal activities by the following guidelines:

1. Teaching staff members shall not devote time during their work day to an outside private enterprise, business, or business organization. They shall not solicit or accept customers for a private enterprise, business, and/or business organization on school grounds during their work day without the express permission of the Superintendent;
2. The Board does not endorse, support, or assume liability in any way for any staff member of this district who takes students on trips not approved by the Board or Superintendent, and shall not be liable for the welfare of students who travel on such trips. Any staff member who takes students of this district on a trip not approved by the Board or Superintendent shall clearly and concisely inform the parent(s) of any student solicited and/or attending such a trip that the trip is not endorsed, supported, approved, or authorized by the Board of Education. A staff member shall not solicit students on school grounds for trips not approved by the Board or Superintendent;
3. The Board does not endorse, support, or assume liability in any way for any teaching staff member of this district who conducts a private activity in which students or employees of this district participate;
4. Teaching staff members shall not send campaign literature home with students, or request, direct, or have students distribute campaign literature on behalf of any candidate for local, State, or national office or for any bond issue, proposal, or any public question submitted at any general, municipal, or school election. No student shall be requested or directed by any teaching staff member to engage in any activity which tends to promote, favor, or oppose any such candidacy, bond issue, proposal, or public question;

3231 OUTSIDE EMPLOYMENT AS ATHLETIC COACH

The Board of Education will permit, in accordance with this Policy, staff members of this school district to serve as an athletic coach in another school district providing the responsibilities in the other district do not interfere with the performance of the staff member's professional responsibilities in this district.

A staff member who wishes to accept employment as an athletic coach in another school district must request and receive permission to do so from the Superintendent of this district if the staff member may need to request any special accommodation(s) from this school district to fulfill their coaching responsibilities in another school district. A special accommodation may be consideration for a requested duty assignment(s), a temporary work schedule adjustment and/or other considerations. A special accommodation will not be considered if it would violate any provisions of any collective bargaining agreement within the district. The staff member's request to the Superintendent must be in writing and must indicate with specificity the accommodation(s) that may be required. The Superintendent, in consultation with the staff member's Building Principal and/or immediate supervisor, will evaluate each request on a case-by-case basis.

3232 TUTORING SERVICES

School staff members routinely provide time beyond their assigned responsibilities to students who need additional help in their academic programs. This additional help is provided by a staff member on school grounds during their free time during their workday or immediately before or after school hours. The time a staff member provides additional help to a student is an extension of their assigned school district responsibilities and a staff member may not charge a fee for providing this additional help to students.

However, the Board of Education recognizes a school staff member may be privately contracted to provide tutoring services to a student in addition to any additional help a student receives before, during, and/or after the school day. These tutoring services shall be provided to a student under a private agreement between the staff member and the parent and/or student. Private tutoring shall not take place on school grounds.

There can be no tutoring or presenting of lessons for a fee on school premises.

The Board of Education assumes no responsibility, liability, or obligations for the selection of the private tutor or the quality of the private tutoring services.

To avoid placing a teacher in a position where he/she may have a conflict of interest, teachers shall not tutor for a fee:

1. Students enrolled in their class;
2. Students enrolled within the grade level they are teaching; and
3. Students enrolled in the grade level below or above the grade level they are teaching.

3281 INAPPROPRIATE STAFF CONDUCT

The Board of Education recognizes its responsibility to protect the health, safety and welfare of all students within this school district. Furthermore, the Board recognizes there exists a professional responsibility for all school staff to protect a student's health, safety and welfare. The Board strongly believes that school staff members have the public's trust and confidence to protect the well-being of all students attending the school district.

In support of this Board's strong commitment to the public's trust and confidence of school staff, the Board of Education holds all school staff to the highest level of professional responsibility in their conduct with all students. Inappropriate conduct and conduct unbecoming a school staff member will not be tolerated in this school district.

The Board recognizes and appreciates the staff-student professional relationship that exists in a school district's educational environment. This Policy has been developed and adopted by this Board to provide guidance and direction to avoid actual and/or the appearance of inappropriate staff conduct and conduct unbecoming a school staff member toward students.

School staff's conduct in completing their professional responsibilities shall be appropriate at all times. School staff shall not make inappropriate comments to students or about students and shall not engage in inappropriate language or expression in the presence of students. School staff shall not engage in inappropriate conduct toward or with students. School staff shall not engage or seek to be in the presence of a student beyond the staff member's professional responsibilities. School staff shall not provide transportation to a student in their private vehicle or permit a student into their private vehicle unless there is an emergency or a special circumstance that has been approved in advance by the Building Principal/immediate supervisor and the parent/legal guardian.

Inappropriate conduct by a school staff member outside their professional responsibilities may be considered conduct unbecoming a staff member. Therefore, school staff members are advised to be concerned with such conduct which may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other medium that is directed and/or available to students or for public display.

A school staff member is always expected to maintain a professional relationship with students and to protect the health, safety and welfare of school students. A staff member's conduct will be held to the professional standards established by the New Jersey State Board of Education and the New Jersey Commissioner of Education. Inappropriate conduct or conduct unbecoming a staff member may also include conduct not specifically listed in this Policy, but conduct determined by the New Jersey State Board of Education, the New Jersey Commissioner of Education, an arbitration process, and/or appropriate courts to be inappropriate or conduct unbecoming a school staff member.

School personnel, compensated and uncompensated (volunteers), are required to report to their immediate supervisor or Building Principal any possible violations of this Policy. In the event the report alleges conduct by the Building Principal or the immediate supervisor, the school staff member may report directly to the Affirmative Action Officer. In addition, school personnel having reasonable cause to believe a student has been subjected to child abuse or neglect or acts of child abuse or neglect as defined under N.J.S.A. 9:6-8.10 are required to immediately report to the New Jersey Department of Children and Families in accordance with N.J.A.C. 6A:16-11.1 and inform the Building Principal or immediate supervisor after making such report. However, notice to the Building Principal or designee need not be given when the school staff member believes such notice would likely endanger the referrer or child(ren) involved or when the staff member believes that such disclosure would likely result in retaliation against the child or in discrimination against the referrer with respect to his/her employment.

Reports may be made in writing or with verbal notification. The immediate supervisor or Building Principal will notify the Superintendent of Schools of all reports, including anonymous reports. The Affirmative Action Officer will investigate all reports with a final report to the Superintendent of Schools. The Affirmative Action Officer or the Superintendent may, at any time after receiving a report, take such appropriate action as necessary and as provided for in the law. This may include, but is not limited to, notifying law enforcement, notifying the New Jersey Department of Children and Families in accordance with N.J.A.C. 6A:16-11.1, and/or any other measure provided for in the law.

This Policy will be distributed to all school staff and provided to staff members at any time upon request.

3282 USE OF SOCIAL NETWORKING SITES

The Board of Education has a strong commitment to quality education and the well-being of all students, as well as the preservation of the school district's reputation. The Board believes staff members must establish and maintain public trust and confidence and be committed to protecting all students attending the school district. In support of the Board's strong commitment to the public's trust and confidence, the Board holds all staff members to the highest level of professional responsibility.

The Commissioner of Education has determined inappropriate conduct outside a staff member's professional responsibilities may determine them as unfit to discharge the duties and functions of their position. Staff members should be advised communications, publications, photographs, and other information appearing on social networking sites deemed inappropriate by the Board could be cause for dismissal of a non-tenured staff member or to certify tenure charges against a tenured staff member to the Commissioner of Education.

Staff members are advised to be concerned and aware such conduct deemed inappropriate may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other form of electronic communication that is directed and/or available to students or for public display or publication.

While the Board respects the right of staff members to use social networking sites, staff members should recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. It is important that a staff member's use of these sites does not damage the reputation of the school district, employees, students, or their families. Staff members who utilize, post or publish images, photographs, or comments on social networking sites, blogs, or other forms of electronic communication outside their professional responsibilities shall ensure their use, postings, or publications are done with an appropriate level of professionalism and are appropriate conduct for a school staff member. Staff members should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public even without their knowledge or consent.

The school district strongly encourages all staff members to carefully review the privacy settings on social networking sites they use and exercise care and good judgment when posting content and information on such sites. Staff members should adhere to the following guidelines, which are consistent with the district's workplace standards on harassment, student relationships, conduct, professional communication, and confidentiality.

When using personal social networking sites, school staff members:

1. Should not make statements that would violate any of the district's policies, including its policies concerning discrimination or harassment;
2. Must uphold the district's value of respect for the individual and avoid making defamatory statements about the school district, employees, students, or their families;
3. May not disclose any confidential information about the school district or confidential information obtained during the course of his/her employment, about any individual(s) or organization, including students and/or their families;
4. Shall not use social networking sites to post any materials of a sexual nature;
5. Shall not use social networking sites to post any materials which promote violence;
6. Shall not use social networking sites which would be detrimental to the mission and function of the district;
7. Are prohibited from using their school district title as well as adding references to the district in any correspondence unless the communication is of an official nature and is serving the mission of the district. This prohibition also includes signature lines and personal e-mail accounts;
8. Shall not post updates to their status on any social networking sites during normal working hours including posting of statements or comments on the social networking sites of others during school time unless it involves a school project. Employees must seek approval from the Superintendent of Schools for such use; and
9. Shall not post or publish any information the Commissioner of Education would deem to be inappropriate conduct by a school staff member.

The Policy of this district is to maintain a level of professionalism both during and after the school day. Any publication through any means of electronic communication which is potentially adverse to the operation, morale, or efficiency of the district, will be deemed a violation of this Policy. If the Board or Superintendent believes that a staff member's activity on any social networking site violates the district's policies, the Board or Superintendent may request that the employee cease such activity. Depending on the severity of the incident, the staff member may be subject to disciplinary action.

This Policy has been developed and adopted by this Board to provide guidance and direction to staff members on how to avoid actual and/or the appearance of inappropriate conduct toward students and/or the community while using social networking sites.

3283 ELECTRONIC COMMUNICATIONS BETWEEN TEACHING
STAFF MEMBERS AND STUDENTS

The Board of Education recognizes electronic communications and the use of social media outlets create new options for extending and enhancing the educational program of the school district. Electronic communications and the use of social media can help students and teaching staff members communicate regarding: questions during non-school hours regarding homework or other assignments; scheduling issues for school-related co-curricular and interscholastic athletic activities; school work to be completed during a student's extended absence; distance learning opportunities; and other professional communications that can enhance teaching and learning opportunities between teaching staff members and students. However, the Board of Education recognizes teaching staff members can be vulnerable in electronic communications with students.

In accordance with the provisions of N.J.S.A. 18A:36-40, the Board of Education adopts this Policy to provide guidance and direction to teaching staff members to prevent improper electronic communications between teaching staff members and students.

8. Communications between the teaching staff member and a student that the Commissioner of Education or an arbitrator would determine to be inappropriate in determining the teaching staff member is unfit to discharge the duties and functions of their position.

The following acceptable protocols for all electronic communications between a teaching staff member and a student shall be followed:

1. E-Mail Electronic Communications Between a Teaching Staff Member and a Student

- a. All e-mails between a teaching staff member and a student must be sent or received through the school district's e-mail system. The content of all e-mails between a teaching staff member and a student shall be limited to the staff member's professional responsibilities regarding the student.

If a student sends an e-mail to a teaching staff member's personal e-mail address, the staff member shall respond to the e-mail through the school district e-mail system and inform the student his/her personal e-mail address shall not be used for any electronic communication between the teaching staff member and the student.

Any such text message must be sent to every student in the class or every member of the co-curricular activity. Any such approval for text messaging shall not extend beyond the class or activity approved by the Principal or designee.
4. Social Networking Websites and other Internet-Based Social Media Electronic Communications Between Teaching Staff Members and a Student

In the event a student sends an improper electronic communication, as defined in this Policy, to a teaching staff member, the teaching staff member shall report the improper communication to the Principal or designee by the next school day. The Principal or designee will take appropriate action to have the student discontinue such improper electronic communications. Improper electronic communications by a teaching staff member or a student may result in appropriate disciplinary action.

3310 ACADEMIC FREEDOM

The curriculum adopted by the Board of Education is designed to address the educational goals established for this school district and to meet the needs of students. The course guides prepared for each course of study describe the material to be covered in each course and, in general, the approach to be employed by the teaching staff member responsible for the course.

The Board recognizes that some deviation from the course guide is necessary to the free exchange of ideas within the classroom. Exposure to a wide range of ideas encourages the spirit of inquiry that is essential to the learning process; the thorough examination of those ideas aids students in developing powers of reasoning and in acquiring habits of academic discipline.

The Board directs that the discussion of any issue not specifically covered by the course guide be conducted in an unprejudiced and dispassionate manner. The Board will not condone classroom discussion that is unrelated to the educational goals of this district or to the subject of the course of study, disrupts the educational process, does not match the maturity level of the students, neglects to inform students of various responsible points of view on the subject under discussion, or fails to take into account the sensibilities of the community.

3321 ACCEPTABLE USE OF COMPUTER NETWORK(S)/COMPUTERS AND
RESOURCES BY TEACHING STAFF MEMBERS

The Board recognizes that as telecommunications and other new technologies shift the manner in which information is accessed, communicated and transferred that those changes will alter the nature of teaching and learning. Access to telecommunications will allow teaching staff members to explore databases, libraries, Internet sites, bulletin boards and the like while exchanging information with individuals throughout the world. The Board supports access by teaching staff members to information sources but reserves the right to limit in-school use to materials appropriate to educational purposes. The Board directs the Superintendent to effect training of teaching staff members in skills appropriate to analyzing and evaluating such resources as to appropriateness for educational purposes.

The Board also recognizes that telecommunications will allow teaching staff members access to information sources that have not been pre-screened using Board approved standards. The Board therefore adopts the following standards of conduct for the use of computer network(s) and declares unethical, unacceptable, inappropriate or illegal behavior as just cause for taking disciplinary action, limiting or revoking network access privileges, instituting legal action or taking any other appropriate action as deemed necessary.

The Board provides access to computer network(s)/computers for administrative and educational purposes only. The Board retains the right to restrict or terminate teaching staff member's access to the computer network(s)/computers at any time, for any reason. The Board retains the right to have the Superintendent or designee monitor network activity, in any form necessary, to maintain the integrity of the network(s) and ensure its proper use.

Any individual engaging in the following actions declared unethical, unacceptable or illegal when using computer network(s)/computers shall be subject to discipline or legal action:

1. Using the computer network(s)/computers for illegal, inappropriate or obscene purposes, or in support of such activities. Illegal activities are defined as activities which violate Federal, State, local laws and regulations. Inappropriate activities are defined as those that violate the intended use of the network(s). Obscene activities shall be defined as a violation of generally accepted social standards for use of publicly owned and operated communication vehicles.
2. Using the computer network(s)/computers to violate copyrights, institutional or third party copyrights, license agreements or other contracts.

Acceptable Use of Computer Network(s)/Computers and
Resources by Teaching Staff Members

3. Using the computer network(s) in a manner that:
 - a. Intentionally disrupts network traffic or crashes the network;

3322 STAFF MEMBER'S USE OF PERSONAL CELLULAR TELEPHONES/
OTHER COMMUNICATION DEVICES

The Board of Education recognizes a teaching staff member may need to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday. Electronic communications include, but are not limited to: voice conversations, text-messaging, accessing social networking or other internet sites, or any other type of electronic communication.

In the event the teaching staff member needs to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday, the teaching staff member may do so provided the communication is made during the teaching staff member's duty free lunch or break periods and is made outside the presence of students.

A teaching staff member's personal cellular telephone or other personal communication device shall be secured by the teaching staff member and outside the view of others when the teaching staff member is performing assigned school district responsibilities.

An electronic communication by a teaching staff member on a non-school related, personal matter using a personal cellular telephone or other personal communication device shall not be made while the teaching staff member is performing assigned school district responsibilities.

In the event the teaching staff member has an emergency requiring immediate attention that requires such a communication while performing assigned school district responsibilities, the teaching staff member shall inform their Principal or immediate supervisor before or immediately after the communication, depending on the nature of the emergency. The Board of Education is not responsible if a teaching staff member's personal cellular telephone or other communication device is lost, stolen, or missing.

Adopted: 19 June 2018

3324 RIGHT OF PRIVACY

The Board of Education will provide facilities and school district-owned property to assist staff members in their job responsibilities or for the staff members' convenience. These facilities or district-owned property may include, but are not limited to, an office, a storage closet, a filing cabinet, a locker, and/or a desk. The Principal or designee may provide a staff member with exclusive use and access to such facilities or school district-owned property or may require the facility or school district-owned property be shared with other staff members. The staff member may be provided a lock or key by the school district or may secure the facility or school district-owned property using their own locking device with permission from the Principal or designee.

School staff members should be aware their expectation of privacy in these facilities and/or the school district-owned property provided by the Board of Education is reduced by virtue of actual office practices and procedures, for searches conducted pursuant to an investigation of work-related employee misconduct, or by legitimate school district policies or regulations. In addition, staff members shall have a reduced expectation of privacy in these facilities and school district-owned property if there is reasonable suspicion the staff member is violating a law or school policy. School staff members shall be on notice this reduced expectation of privacy may result in such facilities and/or school district-owned property being searched without a search warrant. In order to avoid exposing personal belongings to such a search, school staff members are discouraged from storing personal papers and effects in these facilities or school district-owned property.

Adopted: 19 June 2018

3340 GRIEVANCE

The Board of Education shall develop and practice reasonable and effective means for the resolution of disputes that may arise in the employment of teaching staff members not covered by the terms of a negotiated agreement.

The Board directs that any grievance not provided for by negotiated agreement be resolved by submission to the following grievance procedure, which is designed to promote proper and equitable settlement of grievances at the lowest appropriate level and to facilitate an orderly process for the resolution of grievances.

For the purposes of this policy, "grievance" means an unresolved problem concerning the application or interpretation by an officer or employee of this district of law, regulations of the State Board of Education, the bylaws or policies of the Board, or the administrative regulations of the Superintendent; "grievant" is a district employee who alleges a grievance or the employee's representative; "party" means the grievant or any person named in the grievance as allegedly having violated a law, bylaw, policy, or regulation; and "day" means a school day.

A grievant may use personal leave time when it becomes necessary to process a grievance during school hours. A grievance that arises late in the school term will be submitted to an expedited process in order that the grievance may be resolved as soon after the school term as possible. There will be no reprisal of any kind taken against any employee or employee's representative for participation in a grievance.

Any alleged grievance should, at the first instance, be discussed in one or more private, informal conferences between the parties involved or between the grievant and his/her immediate supervisor. A grievance not resolved in one or more such private meetings may be processed in accordance with the following procedure.

Level One

Within three working days of the occurrence of the act or omission giving rise to the grievance, the grievant must present his/her grievance in writing to the grievant's immediate supervisor. The written document will be a clear, concise statement of the grievance and will include the law, rule, policy, or regulation that the grievant alleges to have been violated; the factual circumstances on which the grievance is based; the person or persons involved; the decision, if any, rendered at the private conference; and the remedy sought.

Within seven working days the supervisor shall present a decision to the grievant in writing. If the supervisor does not respond during the time permitted, the grievant may appeal to the next level.

Level Two

A grievant not satisfied with a decision at Level One may appeal that decision in writing to the Superintendent within three working days after receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal will include a copy of the original grievance; the decision rendered, if any; the name of the grievant's representative, if any; and a clear, concise statement of the reasons for the appeal of the decision.

The Superintendent shall present a decision to the grievant within seven working days. If no decision is rendered within that time limit, the grievant may appeal to the next level.

Level Three

A grievant not satisfied with the Superintendent's decision may appeal that decision in writing to the Board within three working days after the receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal to the Board will include copies of the original grievance, the appeal of that grievance at Level Two, and the decisions, if any.

The Board may schedule the grievance for hearing to be held within forty-five calendar days of the presentation of the appeal. The grievant shall be present at the hearing.

Within ten calendar days of the hearing, the Board shall submit its decision in writing together with reasons that support the decision to the grievant. A copy of the decision shall be given to the Superintendent and to any other party to the grievance.

The decision of the Board shall be final.

Adopted: 19 June 2018

3351 HEALTHY WORKPLACE ENVIRONMENT

The Board of Education recognizes a healthy workplace environment enables school district administrative and teaching staff members to fully contribute their expertise and skills to their school district responsibilities. A healthy workplace environment can improve productivity, reduce absenteeism, and reduce staff turnover while having a positive impact on the school district's programs provided to students in the school district.

A significant characteristic of a healthy workplace environment is that employees interact with each other with dignity and respect regardless of an employee's work assignment or position in the school district. Repeated malicious conduct of an employee or group of employees directed toward another employee or group of employees in the workplace that a reasonable person would find hostile or offensive is unacceptable and is not conducive to establishing or maintaining a healthy workplace environment. This unacceptable conduct may include, but is not limited to, repeated infliction of verbal abuse such as the use of derogatory remarks; insults; verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating; or the gratuitous sabotage or undermining of a person's work performance. A single act of such conduct shall not constitute the unacceptable conduct prohibited by this policy unless it is especially severe and egregious.

Unacceptable conduct, for the purposes of this policy, is not conduct toward an employee of a protected class or because of the employee's protected activity. These employees and activities are afforded the legal protections under various Federal and State anti-discrimination laws. In addition, unacceptable conduct for the purposes of this policy shall not be confused with conduct of management employees exercising management rights including, but not limited to, assigning tasks, reprimanding, assigning discipline, or directing.

Employees who believe the conduct prohibited by this policy has been directed toward them or to another employee of the school district shall submit a written report to the Superintendent of Schools. The written report shall provide specific details supporting the claim including, but not limited to, the specific conduct; the names of witnesses (if any) who may have observed such conduct; dates or times when such conduct occurred; and any other information the person(s) making the report believes will be informative and helpful to an investigation of the allegations. Upon receipt of a report, the Superintendent or designee will conduct an investigation and upon completion of the investigation will inform the person(s) who made the report such an investigation was completed. The amount of investigation information shared with the person(s) making the report will be at the discretion of the Superintendent or designee and may vary depending on whether the conduct reported was directed to the person(s) making the report, confidential personnel matters, and/or other issues as determined by the Superintendent or designee.

Healthy Workplace Environment

If the investigation determines conduct prohibited by this policy has taken place, the Superintendent or designee will meet with the offender(s) and the victim(s) to review the investigation results and to implement remedial measures to ensure such conduct does not continue or reoccur. Appropriate disciplinary action may be taken depending on the severity of conduct.

There shall be no reprisals or retaliation against any person(s) who reports conduct prohibited by this policy.

Adopted: 19 June 2018

3362 SEXUAL HARASSMENT

The Board of Education recognizes that an employee's right to freedom from employment discrimination includes the opportunity to work in an environment untainted by sexual harassment. Sexually offensive speech and conduct are wholly inappropriate to the harmonious employment relationships necessary to the operation of the school district and intolerable in a workplace to which the children of this district are exposed.

Sexual harassment includes all unwelcome sexual advances, requests for sexual favors, and verbal or physical contacts of a sexual nature that would not have happened but for the employee's gender. Whenever submission to such conduct is made a condition of employment or a basis for an employment decision, or when such conduct is severe and pervasive and has the purpose or effect of unreasonably altering or interfering with work performance or creating an intimidating, hostile, or offensive working environment, the employee shall have cause for complaint.

The sexual harassment of any employee of this district is strictly forbidden. Any employee or agent of this Board who is found to have sexually harassed an employee of this district will be subject to discipline which may include termination of employment. Any employee who has been exposed to sexual harassment by any employee or agent of this Board is encouraged to report the harassment to an appropriate supervisor. An employee may complain of any failure of the Board to take corrective action by recourse to the procedure by which a discrimination complaint is processed. The employee may appeal the Board's action or inaction to the United States Equal Employment Opportunity Commission or the New Jersey Division of Civil Rights. Complaints regarding sexual harassment shall be submitted following the procedures outlined in Regulation No. 1530, Equal Employment Opportunity.

The Affirmative Action Officer shall instruct all employees and agents of this Board to recognize and correct speech and behavior patterns that may be sexually offensive with or without the intent to offend.

3370 TEACHING STAFF MEMBER TENURE

The Board of Education recognizes that the benefit of tenure is conferred by law on teaching staff members who have completed the requisite period of probationary service in this school district. The Board also recognizes that certain service does not qualify the teaching staff member who performs that service for the grant of tenure.

Tenure in any administrative or supervisory position as listed in N.J.S.A. 18A:28-5 shall accrue only by employment in that administrative or supervisory position. Tenure so accrued will not extend to any other administrative or supervisory position and nothing shall limit or restrict tenure rights which were or may be acquired pursuant to N.J.S.A. 18A:28-6.

The Board specifically directs that service in the following positions will not accrue toward the tenure status and will be performed only under contract renewable at the discretion of the Board:

1. Substitute teacher acting in the absence of another employee;
2. Summer school teacher;
3. Co-curricular advisor;
4. Athletic coach; and
5. Department chairperson other than a supervisor.

Nothing in this policy will be deemed to confer tenure on any employee who serves in a position not listed above and for whom tenure is not provided by law.

The Superintendent shall promptly report the same to the Board and institute an investigation of the reported activity. The findings of the investigation will be reported in writing to the Board and to the employee.

The protection of law and this policy apply only to employees who have given notice in accordance with this policy and have afforded the Board a reasonable period of time to take any corrective action that may be required or have acted in circumstances that the employee believes in good faith constitute an emergency.

Any employee who qualifies for work related disability pay under this policy will be entitled to receive full pay during the period he/she is on disability leave of absence, for up to twelve consecutive months.

As a condition of receiving full salary, an employee who receives workers' compensation benefits for his/her work-related disability must endorse and deliver to the Board all workers' compensation temporary disability checks received for the period covered by this policy.

3425.1 MODIFIED DUTY EARLY RETURN TO WORK PROGRAM – TEACHING STAFF MEMBERS

New Jersey's workers' compensation laws provide lost wages and pay medical expenses for an employee who sustains an injury as a result of an on-the-job accident, injury, or occupational disease. Workers' compensation is designed to protect school district employees and their families against the hardships from injury arising in the workplace. In an effort to assist school staff in recovering from an eligible workers' compensation injury, the Board provides a Modified Duty Early Return To Work Program. The Program is provided to staff members who have been injured on the job, but who are not permanently disabled. The Program is intended to minimize the negative psychological impact to an injured staff member due to being out of work and to provide a transition and adjustment period for the injured staff member to return to work while recovering from an on-the-job injury.

The school district may assign temporary modified duties and responsibilities to staff members that have sustained an eligible workers' compensation injury. These employees may temporarily perform duties and responsibilities that may or may not be within their job description, or may or may not be within their department. The modified duties and/or responsibilities will be within the injured staff member's capabilities and a staff member will not be assigned any modified duties and/or responsibilities that require any certifications/licenses that are not possessed by the injured staff member.

The modified duties and responsibilities will be determined by the School Business Administrator, the district's designated Workers' Compensation Coordinator, after a medical examination and evaluation of the injured staff member by the Board's designated workers' compensation physician. The Workers' Compensation Coordinator will determine if the injured staff member is eligible for modified duties or responsibilities. This determination will be based on:

1. The workers' compensation physician's examination and evaluation report;
2. The injured staff member's capabilities to assume modified duties or responsibilities;
3. The availability of modified duties and responsibilities within the district at the time; and/or
4. Other issues that may impact the district's ability to assign modified duties and responsibilities.

A. Introduction

The Board will provide family leave in accordance with the Federal Family and Medical Leave Act (FMLA) and the New Jersey Family Leave Act (NJFLA).

FMLA leave for eligible staff members shall be up to twelve weeks leave of absence in a twelve month period upon advance notice to the district for the birth of a son or daughter of the staff member and in order to care for such son or daughter; for the placement of a son or daughter with the staff member for adoption or foster care; in order to care for the spouse, son, daughter, or parent of the staff member if such spouse, son, daughter, or parent has a serious health condition; or for a serious health condition that makes the staff member unable to perform the functions of the position of such staff member, or because of any qualifying exigency arising out of the fact that the staff member's spouse, son, daughter, or parent is a military member on active duty or call to covered active duty status (or has been notified of an impending call or order to covered active duty). In addition, eligible staff members may take up to a combined total of twenty-six workweeks in a single twelve month period to care for a covered servicemember with a serious injury or illness.

NJFLA leave for teaching staff members shall be up to twelve weeks leave of absence in any twenty-four month period upon advance notice to the district so that a staff member may provide care made necessary by the birth of a child of the staff member, the placement of a child with the staff member in connection with adoption of such child by the staff member, and the serious health condition of a spouse, parent, or child.

B. Applicability

The Board will comply with requirements of the New Jersey and Federal Family Leave laws. The laws have similar and different provisions that may provide different rights and obligations for the staff member and/or the Board. The staff member shall be afforded the most favorable rights if there is a conflict in the rights afforded to the staff member under the two laws.

1. If the staff member is eligible for leave for reasons provided under the FMLA and NJFLA, then the time taken shall be concurrent and be applied to both laws.
2. The NJFLA provides twelve weeks leave in a twenty-four month period while the FMLA provides twelve weeks leave in a twelve-month period. A staff member is eligible for up to twelve weeks leave in the first twelve months of the twenty-four month period under the NJFLA. A staff member is eligible for up to twelve weeks leave in the second twelve-month period under the FMLA.

3. In the event the reason for the family leave is recognized under one law and not the other law, the staff member is eligible for each law's leave entitlements within one twelve-month period. (Example: A staff member may use their FMLA leave for a twelve week family leave for their own pregnancy, which is considered a "serious health condition" under FMLA, and upon conclusion of the twelve week FMLA leave, the staff member would be eligible for a twelve week NJFLA leave to care for their newborn or any other reasons pursuant to the NJFLA.)

C. Definitions

1. Federal Family and Medical Leave Act (FMLA)

"Contingency operation" means a military operation that results in the call or order to, or retention on, active duty of members of the uniformed services during a war or during a national emergency declared by the President or Congress.

"Covered active duty" or "call to covered active duty" means duty during deployment of a member with the Armed Forces to a foreign country and, in the case of a member of the Reserve components of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a Federal call or order to active duty in support of a contingency operation.

"Covered servicemember" means a current member of the Armed Forces (including National Guard or Reserves), who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list for a serious injury or illness; or a covered veteran undergoing medical treatment, recuperation, or therapy for a serious injury or illness.

"Covered veteran" means an individual who was a member of the Armed Forces (including National Guard or Reserves), discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible staff member takes FMLA leave to care for the covered veteran. For a veteran discharged prior to March 8, 2013, the effective date of the FMLA Final Rule, the period between October 28, 2009 and March 8, 2013 will not count towards the determination of the five-year period. 29 CFR §825.127(b)(2)

"Military caregiver leave" means leave taken to care for a covered servicemember with a serious injury or illness under FMLA. 29 CFR §825.127

“Next of kin of a covered servicemember” means the nearest blood relative other than the covered servicemember’s spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made, and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember’s next of kin and may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember’s only next of kin. For example, if a covered servicemember has three siblings and has not designated a blood relative to provide care, all three siblings would be considered the covered servicemember’s next of kin. Alternatively, where a covered servicemember has a sibling(s) and designates a cousin as his or her next of kin for FMLA purposes, then only the designated cousin is eligible as the covered servicemember’s next of kin. An employer is permitted to require an employee to provide confirmation of covered family relationship to the covered servicemember pursuant to 29 CFR §825.122(k). 29 CFR §825.127(d)(3)

“Outpatient status” means, with respect to a covered servicemember who is a current member of the Armed Forces, the status of a member of the Armed Forces assigned to either a military medical treatment facility as an outpatient; or a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients. 29 CFR §825.127(b)(1)

“Parent” means a biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the employee when the employee was a son or daughter as defined below. This term does not include parents “in law.”

“Parent of a covered servicemember” means a covered servicemember’s biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the covered servicemember. This term does not include parents “in law.”

“Serious health condition” means an illness, injury, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical facility or continuing treatment by a health care provider. “Serious health condition” may include treatment of substance abuse pursuant to 29 CFR §825.119.

“Serious injury or illness,” only in the case of a veteran or current member of the Armed Forces, means:

- a. In the case of a current member of the Armed Forces, including a member of the National Guard or Reserves, an injury or illness that was incurred by the covered servicemember in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member’s active duty and was aggravated by service in the line of duty on active duty in the Armed Forces and that may render the servicemember medically unfit to perform the duties of the member’s office, grade, rank, or rating; and
- b. In the case of a covered veteran, an injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member’s active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and manifested itself before or after the member became a veteran, and is:
 - (1) A continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember’s office, grade, rank, or rating; or
 - (2) A physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability Rating (VASRD) of fifty percent or greater, and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or
 - (3) A physical or mental condition that substantially impairs the covered veteran’s ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or

- (4) An injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers. 29 CFR §825.127(c)

“Single twelve-month period” means that a military caregiver’s leave begins on the first day the staff member takes FMLA leave and ends twelve months after that date, regardless of the twelve-month period established by the district for other FMLA leave reasons. 29 CFR §825.127(e)(1)

“Son” or “daughter” means a biological, adopted, or foster child, stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age eighteen or age eighteen or older and incapable of self-care because of a mental or physical disability at the time that FMLA leave is to commence.

“Son or daughter of the covered servicemember” means a covered servicemember’s biological, adopted or foster child, stepchild, legal ward, or a child for whom the covered servicemember stood in loco parentis, and who is of any age. 29 CFR §825.127(d)(1)

“Son or daughter on covered active duty or call to covered active duty status” means the staff member’s biological, adopted or foster child, stepchild, legal ward, or a child for whom the staff member stood in loco parentis, who is on covered active duty or call to covered active duty status, and who is of any age. 29 CFR §825.126(a)(5)

“Spouse” means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under State law in the State in which the marriage was entered into or, in the case of a marriage entered into outside of any State, if the marriage is valid in the place where entered into and could have been entered into in at least one State. This definition includes an individual in a same-sex marriage or common law marriage. 29 CFR §825.122

“Staff member” means an employee eligible for family and medical leave in accordance with the Federal Family and Medical Leave Act (FMLA).

“Week” or “Workweek” means the number of days a staff member normally works each calendar week.

2. New Jersey Family Leave Act (NJFLA)

“Child” means a biological, adopted or foster child, stepchild, legal ward, child of a parent who is under eighteen years of age or a child eighteen years of age or older but incapable of self-care because of a mental or physical impairment.

“Continuing medical treatment” or “continuing supervision by a health care provider” means a period of incapacity or a period of absence in accordance with N.J.A.C. 13:14.

“Parent” means a biological, adoptive, or foster parent; step-parent; parent-in-law; a legal guardian having a “parent-child relationship” with a child as defined by law; or a person who has sole or joint legal or physical custody, care, guardianship, or visitation with a child.

“Serious health condition” means an illness, injury, impairment, or physical or mental condition that requires inpatient care in a hospital, hospice, or residential medical facility or continuing medical treatment or continuing supervision by a health care provider.

“Spouse” means a person to whom a staff member is lawfully married as defined by New Jersey law.

“Staff member” means an employee eligible for family leave in accordance with the New Jersey Family Leave Act.

“Week” or “Workweek” means the number of days a staff member normally works each calendar week.

D. Eligibility

1. Federal Family and Medical Leave Act (FMLA)

A staff member shall become eligible for FMLA leave after he/she has been employed at least twelve months in this district and employed for at least 1250 hours of service during the twelve-month period immediately preceding the commencement of the leave. The twelve months the staff member must have been employed need not be consecutive months pursuant to 29 CFR §825.110(b). The minimum 1250 hours of service shall be determined according to the principles established under the Fair Labor Standards Act (FLSA) for determining

compensable hours of work pursuant to 29 CFR §785. Entitlement to FMLA leave taken for the birth of a son or daughter or placement of a son or daughter with the staff member for adoption or foster care shall expire at the end of the twelve-month period beginning on the date of such birth or placement.

Pursuant to 29 CFR §825.201, a husband and wife both employed by the district are limited to a combined total of twelve weeks of leave during the twelve-month period if the leave is taken for the birth of a son or daughter of the staff member or to care for such son or daughter after birth; for placement of a son or daughter with the staff member for adoption or foster care or in order to care for the son or daughter after placement; or to care for the staff member's parent with a serious health condition.

The method to determine the twelve-month period in which the twelve weeks of FMLA leave entitlement occurs will be a "rolling" twelve month period measured backward from the date a staff member uses any family leave.

A staff member during any period of FMLA leave is prohibited from performing any services on a full-time basis for any person for whom the staff member did not provide services immediately prior to commencement of the leave. A staff member using FMLA leave may commence part-time employment that shall not exceed half the regularly scheduled hours worked for the district. The staff member may continue the part-time employment that commenced prior to the FMLA leave at the same number of hours that the staff member was regularly scheduled prior to such leave.

2. New Jersey Family Leave Act (NJFLA)

A staff member shall become eligible for NJFLA leave after he/she has been employed at least twelve months in this district for not less than 1,000 base hours, excluding overtime, during the immediate preceding twelve month period. The calculation of the twelve-month period to determine eligibility shall commence with the commencement of the NJFLA leave. NJFLA leave taken for the birth or adoption of a healthy child may commence at any time within a year after the date of the birth or placement for adoption.

The district shall grant a family leave under NJFLA to more than one staff member from the same family (for example, a husband and a wife, or a brother and a sister) at the same time, provided such staff members are otherwise eligible for the leave. N.J.A.C. 13:14-1.12

A staff member during any period of the NJFLA leave is prohibited from performing any services on a full-time basis for any person for whom the staff member did not provide services immediately prior to commencement of the leave. A staff member on NJFLA leave may commence part-time employment that shall not exceed half the regularly scheduled hours worked for the district. The staff member may continue the part-time employment that commenced prior to the NJFLA leave at the same number of hours that the staff member was regularly scheduled prior to such leave.

The method to determine the twenty-four month period in which the twelve weeks of NJFLA leave entitlement occurs will be a “rolling” twenty-four month period measured backward from the date a staff member uses any leave.

E. Types of Leave

1. Federal Family and Medical Leave Act (FMLA)

A staff member may take FMLA leave to include servicemember qualifying exigency leave or military caregiver leave in consecutive weeks, as intermittent leave, or as reduced leave. A staff member who requests intermittent or reduced leave shall make a reasonable effort to schedule such leave so as not to unduly disrupt the instructional/educational program.

- a. Leave for the birth of a son or daughter or placement of a son or daughter with the staff member for adoption or foster care may not be taken by a staff member intermittently or on a reduced leave schedule.
- b. Leave may be taken intermittently or on a reduced leave schedule when medically necessary for planned and/or unanticipated medical treatment of a related serious health condition by or under the supervision of a health care provider, or for recovery from treatment or recovery from a serious health condition.
- c. Intermittent leave means leave scheduled for periods of time from one hour or more to several weeks; however, the total time within which the leave is taken can not exceed a twelve month period for each serious health condition episode. Intermittent leave may be taken for a serious health condition that requires periodic treatment by a health care provider, rather than one continuous period of time. Intermittent leave may also be

taken for absences where the staff member is incapacitated or unable to perform the essential functions of the position because of a serious health condition even if the staff member does not receive treatment by a health care provider. The staff member shall make a reasonable effort to schedule intermittent leave so as not to unduly disrupt the operations of the instructional/educational program.

- d. Reduced leave means leave scheduled for fewer than the staff member's usual number of hours worked per workweek, but not fewer than a staff member's usual number of hours worked per workday, unless otherwise agreed to by the staff member and the district. A staff member is entitled, at the option of the staff member, to take leave on a reduced leave schedule not exceeding twenty-four consecutive weeks. The staff member shall make a reasonable effort to schedule reduced leave so as not to unduly disrupt the operations of the instructional/educational program. The staff member shall provide the district prior notice of the care, medical treatment or continuing supervision by a health care provider necessary due to a serious health condition of a family member in a manner that is reasonable and practicable. Leave taken on a reduced leave schedule shall not result in a reduction of the total amount of leave to which a staff member is entitled.
- e. The fact that a holiday may occur within the week taken by a staff member as Family Leave has no effect and the week is counted as a week of Family Leave. However, if the staff member is out on Family Leave and the school district is closed and the staff member would not be expected to report for work for one or more weeks, the weeks the school district is closed for this staff member do not count against the staff member's family leave entitlement.

Any leave time remaining after a staff member has exhausted his/her entitlement to intermittent leave in any twelve month period may be taken as consecutive leave or reduced leave, and any leave time remaining after a staff member has exhausted his/her entitlement to reduced leave in any twelve month period may be taken as consecutive leave or intermittent leave.

- f. “Instructional employees” as defined in 29 CFR §825.600(c) are those staff members whose principal function is to teach and instruct students in class, a small group, or in an individual setting. This term includes teachers, athletic coaches, driving instructors, and special education assistants, such as signers for the hearing impaired. Teacher assistants or aides who do not have as their principal job actual teaching or instructing, guidance counselors, child study team members, curriculum specialists, cafeteria workers, maintenance workers and/or bus drivers are not considered instructional employees for the purposes of this policy. Semester as defined in 29 CFR §825.602(a)(3)(b) means the school semester that typically ends near the end of the calendar year and the end of the spring each school year. A school district can have no more than two semesters in a school year.
- (1) Leave taken at the end of the school year and continues into the beginning of the next school year is considered consecutive leave.
 - (2) In accordance with 29 CFR §825.601(a)(1), eligible instructional staff members that need intermittent or reduced leave to care for a family member, or for the staff member’s own serious health condition which is foreseeable based on planned medical treatment and the staff member would be on leave more than twenty percent of the total number of working days over the period the leave would extend, the district:
 - (a) May require the staff member to take the leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
 - (b) Transfer the staff member temporarily to an available alternative position for which the staff member is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than does the staff member’s regular position.
 - (3) In accordance with 29 CFR §825.601, if the instructional staff member does not give the required notice for leave that is foreseeable and desires the leave to be taken intermittently or on a reduced leave schedule, the district may require the staff member to take leave of a particular duration, or to transfer temporarily to an alternative position. Alternatively, the district may require the staff member to delay taking the leave until the notice provision is met.

- (4) In accordance with 29 CFR §825.602, if an instructional staff member begins leave more than five weeks before the end of the school year, the district may require the staff member to continue taking leave until the end of the semester if:
 - (a) The leave will last three weeks; and
 - (b) The staff member would return to work during the three-week period before the end of the semester.
- (5) In accordance with 29 CFR §825.602, if an instructional staff member begins leave for a purpose other than the staff member's own serious health condition during the five-week period before the end of the semester, the district may require the staff member to continue taking leave until the end of the semester if:
 - (a) The leave will last more than two weeks; and
 - (b) The staff member would return to work during the two-week period before the end of the semester.

(Example of leave falling within these provisions: If a staff member plans two weeks of leave to care for a family member which will begin three weeks before the end of the term, the district could require the staff member to stay out on leave until the end of the term.)
- (6) In accordance with 29 CFR §825.602, if an instructional staff member begins leave for a purpose other than the staff member's own serious health condition during the three week period before the end of a semester, the district may require the staff member to continue taking leave until the end of the semester if the leave will last more than five working days.
- (7) In the event the district requires the instructional staff member to take additional leave to the end of the semester in accordance with (4), (5), or (6) above, the additional leave days shall not be counted as FMLA leave.

- g. Servicemember qualifying exigency leave may arise out of the foreign deployment of the staff member's spouse, child, or parent 29 CFR §§825.122 and 126:
- (1) The district must grant an eligible staff member up to twelve work weeks of unpaid, job-protected leave during any twelve-month period for qualifying exigencies that arise when the staff member's spouse, child, or parent is on covered active duty, or has been notified of an impending call or order to covered active duty.
 - (2) The military member must be the spouse, son, daughter, or parent of the staff member taking FMLA exigency leave.
 - (3) FMLA leave can be granted for one or more of the following exigencies:
 - (a) Short-notice deployment:
 - i. Notification of duty seven or less calendar days prior to date of deployment;
 - ii. Leave can be used for a period of seven calendar days beginning on the date the military member is notified.
 - (b) Military events and related activities, including official ceremonies, programs, or events sponsored by the military and related to the covered active duty or call to covered active duty status of the military member; and to attend family support or assistance programs and informational briefings sponsored or promoted by the military, military service organizations, or the American Red Cross.
 - (c) Childcare and school activities including arranging for alternative childcare; providing childcare on an urgent, immediate need basis (not routine, regular, or everyday basis); to enroll in or transfer to a new school or day care facility; or to attend meetings with staff at a school or day care facility:
 - i. The son or daughter must be the son or daughter of the covered servicemember.

- (d) Financial and legal arrangements made to address the military member's absence while on covered active duty or call to covered active duty status.
 - (e) Counseling, provided by someone other than a health care provider for oneself, for the military member, or qualified child, if the need arises from the covered active duty or call to covered active duty status of the military member.
 - (f) Rest and Recuperation (R&R) to spend time with the military member on short-term, temporary R&R leave during a term of deployment:
 - i. Can be used for a period of fifteen calendar days beginning on the date the military member commences each instance of R&R leave.
 - (g) Post-deployment activities such as ceremonies or briefings including any that arise from the death of the military member while on covered active duty.
 - (h) Parental care for one meeting the definition of a "parent" and incapable of self care including: arranging alternative care; providing care on an immediate need basis; and to attend meetings or arrange services at a care facility.
 - (i) Additional activities in accordance with 29 CFR §825.126(b)(9).
- h. Military caregiver leave provides care for a covered servicemember with a serious injury or illness 29 CFR §§825.122 and 127:
- (1) The district must grant up to a total of twenty-six workweeks of unpaid, job-protected leave during a "single twelve-month period" to care for a covered servicemember with a serious injury or illness.
 - (a) The eligible staff member must be the spouse, son, daughter, parent, or next of kin of the covered servicemember.

- (b) The staff member is limited to a combined total of twenty-six workweeks for any FMLA-qualifying reasons during the single twelve-month period. Up to twelve of the twenty-six weeks may be for an FMLA-qualifying reason other than military caregiver leave.
 - (c) Spouses who are eligible for FMLA leave and are employed by the same covered employer may be limited to a combined total of twenty-six workweeks of leave during a single twelve-month period if the leave is taken for birth of the employee's son or daughter or to care for the child after birth, for placement of a son or daughter with the employee for adoption or foster care, or to care for the child after placement, to care for the employee's parent with a serious health condition, or to care for a covered servicemember with a serious injury or illness. If one spouse is ineligible for FMLA leave, the other spouse would be entitled to a full twenty-six workweeks of FMLA leave.
- (2) Leave entitlement is applied on a per-covered-servicemember, per-injury basis.
 - (a) The staff member may take an additional twenty-six weeks of leave if the leave is to care for different covered servicemembers or to care for the same servicemember with a subsequent serious injury or illness, except that no more than twenty-six weeks of leave may be taken within any single twelve-month period.
 - (b) An eligible staff member may take military caregiver leave to care for more than one current service member or covered veteran at the same time or for the same family member with the same serious injury or illness both when the family member is a current servicemember and when the family member is a veteran.
 - (c) Military caregiver leave may be taken by eligible staff members whose family members are recent veterans with serious injuries or illnesses incurred or aggravated in the line of duty on active duty, and that manifested before or after the veteran left active duty.

2. New Jersey Family Leave Act (NJFLA)

A staff member may take NJFLA leave in consecutive weeks, as intermittent leave, or as reduced leave. A staff member who requests intermittent or reduced leave shall make a reasonable effort to schedule such leave so as not to unduly disrupt the instructional/educational program. The district shall not require a staff member to take a leave of absence beyond the period of time the staff member requests family leave. N.J.A.C. 13:14-1.5(f)

- a. In the case of a family member who has a serious health condition, leave may be taken intermittently when medically necessary. The total time within which the leave is taken, can not exceed a twelve-month period for each serious health condition episode. The staff member will provide the district with prior notice of the leave in a manner which is reasonable and practicable; and the staff member shall make a reasonable effort to schedule the leave so as not to unduly disrupt the operations of the instructional/educational program. In the case of the birth or adoption of a healthy child, the leave may be taken intermittently only if agreed to by the staff member and the district.
- b. Reduced leave means leave scheduled for fewer than the staff member's usual number of hours worked per workweek, but not fewer than a staff member's usual number of hours worked per workday, unless otherwise agreed to by the staff member and the district. A staff member is entitled, at the option of the staff member, to take leave on a reduced leave schedule for a period not exceeding twenty-four consecutive weeks. The staff member is not entitled to take the leave on a reduced leave schedule without an agreement between the staff member and the district if the leave is taken for the birth or adoption of a healthy child. The staff member shall make a reasonable effort to schedule reduced leave so as not to unduly disrupt the operations of the instructional/educational program. The staff member shall provide the district prior notice of the care, medical treatment or continuing supervision by a health care provider necessary due to a serious health condition of a family member in a manner that is reasonable and practicable. Leave taken on a reduced leave schedule shall not result in a reduction of the total amount of leave to which a staff member is entitled.

- c. The fact that a holiday may occur within the week taken by a staff member as family leave has no effect and the week is counted as a week of family leave. However, if the staff member is out on family leave and the school district is closed and the staff member would not be expected to report for work for one or more weeks, the weeks the school district is closed for this staff member do not count against the staff member's family leave entitlement.

Any leave time remaining after a staff member has exhausted his/her entitlement to intermittent leave in any twelve month period may be taken as consecutive leave or reduced leave, and any leave time remaining after a staff member has exhausted his/her entitlement to reduced leave in any twelve month period may be taken as consecutive leave or intermittent leave.

F. Notice

1. Federal Family and Medical Leave Act (FMLA)

- a. Foreseeable Leave - A staff member eligible for FMLA leave must give at least a thirty day written advance notice to the Superintendent if the need for the leave is foreseeable based on an expected birth, placement for adoption of foster care, or planned medical treatment for a serious health condition of the staff member or a family member. If thirty days is not practical, the staff member must provide notice "as soon as practicable" which means as soon as both possible and practical, taking into account all the facts and circumstances in the individual case. For foreseeable leave where it is not possible to give as much as thirty days notice "as soon as practical" ordinarily would mean at least verbal notification to the Superintendent within one or two business days or when the need for leave becomes known to the staff member. The written notice shall include the reasons for the leave, the anticipated duration of the leave and the anticipated start of the leave.

When planning medical treatment, the staff member must consult with the Superintendent and make a reasonable effort to schedule the leave so as not to unduly disrupt the educational program, subject to the approval of the health care provider. Staff members are ordinarily expected to consult with the Superintendent prior to scheduling of treatment that would require leave for a schedule that best suits the needs of the district and the staff member.

The district may delay the staff member taking leave for at least thirty days if the staff member fails to give thirty days notice for foreseeable leave with no reasonable excuse for the delay.

- b. Unforeseeable Leave - When the approximate timing of the need for leave is not foreseeable, a staff member should give notice to the Superintendent for leave as soon as practicable under the facts and circumstances of the particular case. It is expected the staff member will give notice to the Superintendent within no more than one or two working days of learning of the need for leave, except in extraordinary circumstances where such notice is not foreseeable. The staff member should provide notice to the employer either in person or by telephone, telegraph, facsimile machine or other electronic means.

2. New Jersey Family Leave Act (NJFLA)

- a. Foreseeable Leave - A staff member eligible for NJFLA leave must give at least a thirty day advance written notice to the Superintendent of the need to take family leave except where the need to take family leave is not foreseeable.
 - (1) Notice for leave to be taken for the birth or placement of the child for adoption shall be given at least thirty days prior to the commencement of the leave, except that if the date of the birth or adoption requires leave to begin in less than thirty days, the staff member shall provide such notice that is reasonable and practicable.
 - (2) Notice for leave to be taken for the serious health condition of a family member shall be given at least fifteen days prior to the commencement of leave, except that if the date of the treatment or supervision requires leave to begin in less than fifteen days, the staff member shall provide such notice that is reasonable and practicable.
 - (3) When the Superintendent is not made aware that a staff member was absent for family leave reasons and the staff member wants to request the leave be counted as family leave, the staff member must provide timely notice within two business days of returning to work to have the time considered for family leave in accordance with the Family Leave Act.

- b. Unforeseeable Leave - When the need for leave is not foreseeable, the staff member must provide notice “as soon as practicable” which shall be at least verbal notice to the Superintendent within one or two business days of the staff member learning of the need to take family leave. Whenever emergent circumstances make written notice impracticable, the staff member may give verbal notice to the Superintendent, but any verbal notice must be followed by written notice delivered within two working days.

G. Leave Designation

An eligible staff member shall designate FMLA or NJFLA leave upon providing notice of the need for the leave or when the need for leave commences. The Superintendent shall provide the staff member with this Policy to assist the staff member in determining the type of leave.

H. Benefits

Whether a staff member is required to use sick time or any other accrued leave time concurrent with FMLA or NJFLA leave time will depend upon either the district’s practice or a provision in the district’s collective bargaining agreement, if applicable. 29 CFR §825.100

The Board will maintain coverage under any group health insurance policy, group subscriber contract, or health care plan at the level and under the conditions coverage would have been provided if the staff member had continued to work instead of taking the leave. If the staff member was paying all or part of the premium payments prior to the leave, the staff member would continue to pay his/her share during the leave time. Any instructional employee who is on leave under NJFLA or FMLA at the end of the school year will be provided with any benefits over the summer that the staff member would normally receive if they had been working at the end of the school year.

I. Returning from Leave

The Federal Family and Medical Leave Act and/or the New Jersey Family Leave Act

A staff member returning from leave shall be entitled to the position he/she held when leave commenced or to an equivalent position of like seniority, status, employment benefits, pay and other conditions of employment. If the district experiences a reduction in force or layoff and the staff member would have lost his/her position had the staff member not been on family leave as a result of the reduction in force or pursuant to the

good faith operation of a bona fide layoff and recall system including a system under any collective bargaining agreement, the staff member shall be entitled to reinstatement to the former or an equivalent position in accordance with applicable statutes, codes, and laws. The staff member's tenure and seniority rights, if any, and other benefits shall be preserved, but the staff member shall accrue no additional time toward tenure or seniority for the period of the leave, except as may be provided by law.

The return of a staff member prior to the expiration of the requested family leave may be permitted by the Board if the return does not unduly disrupt the instructional program or require the Board to incur the cost of continuing the employment of a substitute under contract.

The Board may, in accordance with the provisions of 29 CFR §825.312 delay restoration of employment of a staff member using FMLA leave for the staff member's serious health condition until the staff member submits a fitness-for-duty examination from his/her health care provider indicating that the staff member is able to resume work. In the event the Board requires such a fitness-for-duty examination before restoration of the staff member after leave, the Board will provide the staff member specific notice either at the time the staff member gives notice of the need for leave or immediately after the leave commences and the staff member advises the Board of the medical circumstances for the leave.

If leave is taken under FMLA, and the staff member does not return to work after the leave expires, the Board is entitled to recover health insurance costs paid while the staff member was on FMLA. The Board's right to recover premiums would not apply if the staff member fails to return to work due to:

1. The continuation, onset or recurrence of a serious health condition of the staff member; or
2. Circumstances beyond the staff member's control.

J. Ineligible Staff Members

1. Federal Family and Medical Leave Act (FMLA)

The district may deny job restoration after FMLA leave if the staff member is a "key employee" as defined in 29 CFR §825.217 if such denial is necessary to prevent substantial and grievous economic injury to the district or the district may delay restoration to a staff member who fails to provide a fitness for duty certificate to return to work for leave that was the staff member's own serious

health condition. A “key employee” is a salaried, staff member who is among the highest paid ten percent of the school district staff employed by the district within 75 miles of the worksite. No more than ten percent of the school district staff within 75 miles of the worksite may be “key employees.”

In the event the Superintendent believes that reinstatement may be denied to a key employee, the Superintendent must give written notice to the staff member at the time the staff member gives notice of the need for leave, or when the need for leave commences, if earlier, that he/she qualifies as a key employee. The key employee must be fully informed of the potential consequences with respect to reinstatement and maintenance of health benefits if the district should determine that substantial and grievous economic injury to the district’s operations will result if the staff member is reinstated from leave. The district’s notice must explain the basis for the district’s finding that substantial and grievous economic injury will result, and if leave has commenced, must provide the staff member a reasonable time in which to return to work. If the staff member on leave does not return to work in response to the notice of intent to deny restoration, the staff member continues to be entitled to maintenance of health insurance.

A key employee’s rights under the FMLA continue unless and until the staff member either gives notice that he/she no longer wishes to return to work or the district actually denies reinstatement at the conclusion of the leave period. A staff member is still entitled to request reinstatement at the end of the leave period even if the staff member did not return to work in response to the district’s notice. The district will then again determine whether there will be substantial and grievous economic injury from reinstatement based on the facts at that time. If it is determined that substantial and grievous economic injury will result, the district will notify the staff member in writing (in person or by certified mail) of the denial of the restoration.

2. New Jersey Family Leave Act

The district may deny family leave to the staff member if the staff member is a salaried employee who is among the highest paid five percent of the school district staff or one of the seven highest paid employees of the district, whichever is greater, if the denial is necessary to prevent substantial and grievous economic injury to the school district’s operations. The Superintendent shall notify the staff member of the intent to deny the leave at the time the Superintendent determines the denial is necessary. If the leave has already commenced at the time of the district’s notification of denial, the staff member shall be permitted to return to work within ten working days of the date of notification.

K. Verification of Leave

1. Federal Family and Medical Leave Act (FMLA)

The Board requires a staff member's FMLA leave to care for the staff member's seriously ill spouse, son, daughter, or parent; or for a servicemember's qualifying exigency or serious injury; or for illness due to the staff member's own serious health condition, that makes the staff member unable to perform one or more of the essential functions of the staff member's position, be supported by a certification issued by the health care provider of the staff member or the staff member's ill family member. The medical certification required encompasses both physical and psychological care and includes situations where a family member is unable to care for his/her own basic medical, hygienic, or nutritional needs or safety, or is unable to transport himself/herself to the doctor. It can also include providing psychological comfort and reassurance beneficial to a child, spouse, or parent with a serious health condition who is receiving inpatient or home care and can include situations where the staff member may be needed to substitute for others who normally care for the family member or covered servicemember or to make arrangements for changes in care. The staff member need not be the only individual or family member available to care for the family member or covered servicemember. 29 CFR §825.124

The certification must meet the requirements of 29 CFR §§825.306, 309, and 310 to include: which part of the definition of "serious health condition" applies; the approximate date the serious health condition commenced and its probable duration; whether it will be necessary for the staff member to take intermittent and/or reduced leave; whether the patient is presently incapacitated and the likely duration and frequency of episodes of incapacity; if additional treatments will be required for the condition; and/or if the patient's incapacity will be intermittent or will require reduced leave. The certification of a serious health condition of a family member of the staff member shall be sufficient if it states the date on which the condition commenced, the probable duration of the condition, and the medical facts within the provider's knowledge regarding the condition. Certification for the birth or placement of a child need only state the date of birth or date of placement.

In the event the Superintendent doubts the validity of the certification, in accordance with 29 CFR §825.307, the district may require, at the district's expense, the staff member obtain an opinion regarding the serious health condition from a second health care provider designated by the district, but not employed on a regular basis by the district. If the second opinion differs from the

staff member's health care provider, the district may require, at the district's expense, the staff member obtain the opinion of a third health care provider designated by the district or approved jointly, in good faith, by the district and the staff member. The opinion of the third health care provider shall be final and binding on the district and the staff member.

The district may require re-certification pursuant to the requirements of 29 CFR §825.308. In accordance with 29 CFR §825.309, the staff member on leave must provide a written report to the Superintendent every thirty workdays. The report shall include the staff member's status and intended date to return to work. In the event the staff member's circumstances change, the staff member must provide reasonable notice to the Superintendent if the staff member intends to return to work on a date sooner than previously noticed to the district. The staff member is not required to take more leave than necessary to resolve the circumstance that precipitated the need for leave. As a condition of returning to work after the leave for the staff member's own serious health condition, and in accordance with 29 CFR §825.310, the district requires a staff member to provide a certification from their health care provider that the staff member is able to resume work.

In accordance with 29 CFR §825.311, the district may delay the taking of FMLA leave to a staff member who fails to provide certification within fifteen days after being requested to do so by the district. In accordance with 29 CFR §825.312, the district may delay the taking of leave until thirty days after the date the staff member provides notice to the district of foreseeable leave or the district may delay continuation of leave if a staff member fails to provide a requested medical certification in a timely manner.

2. New Jersey Family Leave Act

The Board shall require the certification of a duly licensed health care provider verifying the purpose of requested NJFLA leave. Certification of a serious health condition of a family member of the staff member shall be sufficient if it states the date on which the condition commenced, the probable duration of the condition, and the medical facts within the provider's knowledge regarding the condition. Certification for the birth or placement of a child need only state the date of birth or date of placement, whichever is appropriate.

In the event the Superintendent doubts the validity of the certification for the serious health condition of a family member of the staff member, the district may require, at the district's expense, the staff member to obtain an opinion regarding the serious health condition from a second health care provider designated or approved, but not employed on a regular basis, by the district. If the second opinion differs from the certification the district may require, at the district's expense, that the staff member obtain the opinion of a third health care provider designated or approved jointly by the district and the staff member concerning the serious health condition. The opinion of the third health care provider shall be final and binding on the district and the staff member.

L. Interference with Family Leave Rights

The Federal Family and Medical Leave Act and the New Jersey Family Leave Act prohibit interference with a staff member's rights under the law, and with legal proceedings or inquiries relating to a staff member's rights. Unless permitted by the law, no staff member shall be required to take family leave or to extend family leave beyond the time requested. A staff member shall not be discriminated against for having exercised his/her rights under the Federal Family and Medical Leave Act or the New Jersey Family Leave Act nor discouraged from the use of family leave.

M. Non-Tenured Teaching Staff

Family leave granted to a nontenured staff member cannot extend the staff member's employment beyond the expiration of his/her employment contract.

N. Record Keeping

In order that staff member's entitlement to FMLA leave and NJFLA leave can be properly determined, the Superintendent shall ensure the keeping of accurate attendance records that distinguish family leave from other kinds of leave. The Superintendent will publish a notice explaining the Act's provisions and provide information concerning the procedures for filing complaints of violations of the FMLA and NJFLA.

O. Processing of Complaints

1. Federal Family and Medical Leave Act (FMLA) 29 CFR §§825.400-401

- a. If there is a dispute between the district and a staff member as to whether leave qualifies as FMLA leave, it should be resolved through discussion between the staff member and the district. Such discussions and the decision shall be documented by the school district.

- b. The staff member also may file, or have another person file on his/her behalf, a complaint with the United States Secretary of Labor. A complaint may be filed in person, by mail, or by telephone with the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, at any local office of the Wage and Hour Division.
- 2. New Jersey Family Leave Act N.J.A.C. 13:14-1.16
 - a. Any complaint alleging a violation of the Act shall be processed in the same manner as a complaint filed under the terms of N.J.S.A. 10:5-1 et seq. and N.J.A.C. 13:4 through the New Jersey Department of Law and Public Safety, Division on Civil Rights.

Implementation of FMLA and NJFLA will be consistent with provisions in collective bargaining agreement(s) in the district.

3431.3 NEW JERSEY'S FAMILY LEAVE INSURANCE PROGRAM

Board of Education employees are eligible to apply for benefits under New Jersey's Family Leave Insurance Program administered by the State of New Jersey – Department of Labor and Workforce Development. New Jersey's Family Leave Insurance Program (NJFLI) may provide up to six weeks of family leave insurance benefits payable to covered employees from either the New Jersey State Plan or an approved employer-provided private plan.

A benefit provided through the NJFLI will be for the employee to bond with a child during the first twelve months after the child's birth, if the covered individual or the domestic partner or civil union partner of the covered individual is a biological parent of the child, or the first twelve months after the placement of the child for adoption with the covered individual. An employee who intends to apply to the State of New Jersey for benefits under this provision of the NJFLI must provide the Superintendent of Schools written notice thirty calendar days prior to beginning the leave. Failure to provide this thirty-day notice may result in a reduction in the employee's maximum family leave insurance benefits. Intermittent leave to bond with a newborn or newly adopted child must be agreed to by the Superintendent of Schools and the employee and, if agreed to, must be taken in periods of seven days or more.

A benefit provided through the NJFLI will also be to care for a family member with a serious health condition supported by a certification provided by a health care provider. An employee who intends to apply to the State of New Jersey for benefits under this provision of the NJFLI for consecutive leave must provide the school district reasonable and practical notice unless the time of the leave is unexpected or the time of the leave changes for unforeseen reasons. An employee who intends to apply for benefits under this provision of the NJFLI for intermittent leave must provide the school district with a written notice at least fifteen calendar days prior to beginning the leave.

For the purposes of this Policy, "family member" means a child, spouse, domestic partner, civil union partner, or parent of a covered individual. "Child" means a biological, adopted, or foster child, stepchild, or legal ward of a covered individual, child of a domestic partner of the covered individual, or child of a civil union partner of the covered individual, who is less than nineteen years of age or is nineteen years of age or older but incapable of self-care because of mental or physical impairment.

All applications for benefits under the NJFLI must be filed directly with the State of New Jersey – Department of Labor and Workforce Development. The eligibility requirements, wage requirements, benefit duration and amounts, and benefit limitations shall be in accordance with the provisions of the NJFLI as administered by the State of New Jersey – Department of Labor and Workforce Development. A formal appeal may be submitted to the State of New Jersey – Department of Labor and Workforce Development if an employee or the Board disagrees with a determination on a claim.

New Jersey's Family Leave Insurance Program

The NJFLI provides eligible individuals a monetary benefit and not a leave benefit. The school district administrative and related staff will comply with the State of New Jersey - Department of Labor and Workforce Development requests for information in accordance with the provisions of N.J.A.C. 12:21-3.9.

The Board may elect to provide employees with Family Leave Insurance benefits coverage under a private plan which must be approved by the State of New Jersey – Department of Labor and Workforce Development.

A printed notification of covered individuals' rights relative to the receipt of benefits under the NJFLI will be posted in each of the school district worksites and in a place or places accessible to all employees at the worksite. Each employee shall receive a copy of this notification in writing at the time of the employee's hiring, whenever the employee provides written notice to the Superintendent of their intention to apply for benefits under the NJFLI, or at any time upon the first request of the employee. The written notification may be transmitted to the employee in electronic form.

3432 SICK LEAVE

The Board of Education shall grant sick leave, in accordance with law, to teaching staff members absent from work because of personal disability or quarantine. Each steadily employed employee eligible for sick leave will be entitled annually to the number of paid sick leave days negotiated with the employee's majority representative or provided in this policy or in an individual contract with the Board.

The Board reserves the right to require of any employee who claims sick leave, sufficient proof, including a physician's certification, of the employee's illness or disability. As a minimum, no day will be considered to be a sick leave day on which the employee has engaged in or prepared for other gainful employment, has participated in a work stoppage, or has engaged in any activity that would raise doubts regarding the validity of the sick leave request.

The Superintendent will prepare rules for the administration of the Board's policy on sick leave, which shall be binding on all employees.

The Superintendent will submit to the Board the names of those employees absent for non-compensable cause or whose claim for sick leave pay cannot be justified. The willful misuse of sick leave will be considered a serious infraction and is subject to discipline.

3433 VACATIONS

The Board of Education believes that the school district benefits when teaching staff members employed to work twelve months a year are given periodic relief from the responsibilities of their positions without loss of compensation.

The Board reserves the right to determine the conditions under which vacation time may be taken when not otherwise covered by the terms of a negotiated agreement or in an individual contract with the Board.

3435 ANTICIPATED DISABILITY

The Board of Education shall provide for leaves of absence, in accordance with law and the policies of this Board, for any employee of this district not covered by the terms of a negotiated agreement whose absence from duties will be required for a foreseeable event of disability such as childbirth or surgery.

An employee who anticipates disability shall so notify the Superintendent as soon as the employee is under medical supervision for the condition and a date is projected for the anticipated disability. Because of the potentially disabling nature of pregnancy and the certainty of temporary disability at birth, the Board will presume that a pregnant employee is disabled for work thirty days before the anticipated date of childbirth and continues to be disabled for thirty days after birth, except that any such employee who presents medical certification of her fitness may continue to work until she is actually disabled and may return to work as soon as she is able.

The Board reserves the right to require an employee who requests an extended leave of absence that includes anticipated disability to commence and/or terminate the leave at times that ensure continuity in the educational program in accordance with Policy No. 3431. No person who is required to take leave at a time other than that requested will be denied the use of sick leave for the anticipated disability that occurs or is presumed to occur during the leave.

An employee who anticipates a disability may request a leave of absence to commence before disability and to extend beyond the period of disability. Any such request shall be subject to Board discretion and the Board's policy on leave of absence. An employee on voluntary leave of absence is not eligible for sick leave pay for disability occurring during the period of that absence.

3437 MILITARY LEAVE

A permanent or full-time temporary officer and/or employee of the district will be provided military leave and related benefits pursuant to the Uniformed Services Employment and Reemployment Rights Act (USERRA), 38 U.S.C. Section 4301 et seq., P.L. 2001 Chapter 351 amending N.J.S.A. 38:23-1, N.J.S.A. 38A:1-1 and N.J.S.A. 38A:4-4., and any other applicable Federal and State laws.

A permanent or full-time temporary officer or employee of the school district who is a member of the organized militia of New Jersey (New Jersey National Guard, New Jersey Naval Militia Joint Command) shall be entitled, in addition to pay received, if any, as a member of the organized militia, to a leave of absence from his or her respective duties without loss of pay or time on all days during which he or she shall be engaged in any period of State or Federal active duty; provided, however, that the leave of absence for Federal active duty or active duty for training shall not exceed ninety work days in the aggregate in any calendar year. Any leave of absence for such duty in excess of ninety work days shall be without pay, but without loss of time. Such leave shall be in addition to the regular vacation or other accrued leave provided to the officer or employee. A full-time temporary officer or employee who has served under such temporary appointment for less than one year in the district shall receive this leave without pay, but without loss of time.

A permanent or full-time temporary officer or employee of the school district who is a member of the organized reserve of the Army of the United States, United States Naval Reserve, United States Air Force Reserve, or United States Marine Corps Reserve, or other organization affiliated therewith, including the National Guard of other states, shall be entitled, in addition to pay received, if any, as a member of a reserve component of the Armed Forces of the United States, to a leave of absence from his or her respective duty without loss of pay or time on all work days on which he or she shall be engaged in any period of Federal active duty, provided, however, that such leave of absence shall not exceed thirty work days in any calendar year. Such leave shall be in addition to the regular vacation or other accrued leave provided to the officer or employee. Any leave of absence for such duty in excess of thirty work days shall be without pay, but without loss of time. A full-time temporary officer or employee who has served under such temporary appointment for less than one year in the district shall receive this leave without pay, but without loss of time.

Military leave with pay is not authorized for Inactive Duty Training (IDT) as defined in N.J.A.C. 5A:2-2.1.

The district will provide benefits and rights for staff on military leave as required by Federal and State laws.

Pursuant to N.J.S.A. 52:13H-2.1, in accordance with the provisions of Article VIII, Section II, paragraph 5 of the New Jersey Constitution, upon application by the district to the State Treasury and approval of the application by the Director of the Division of Budget and Accounting, reimbursement shall be made by the State of New Jersey for any costs incurred as a result of the provisions of P.L. 2001, Chapter 351.

3439 JURY DUTY

The Board of Education will indemnify any teaching staff member against loss of pay incurred by a call to jury duty. No such employee will be penalized in any way for an absence caused by service on a panel of grand or petit jurors. The time any such employee is absent on jury duty will not be charged against personal leave and will count as school district service.

Teaching staff members shall report a call to jury duty during the school term to the Principal or their immediate supervisor who shall determine whether or not a replacement is available. Teaching staff members scheduled for jury service during the school term for whom the administration indicates a replacement cannot reasonably be found shall seek from the Assignment Judge an excusal or deferment of service. Teaching staff members shall obtain from the Superintendent, or designee, a letter indicating the lack of availability of a substitute in such instances.

A teaching staff member who is a full-time teacher and is absent from school duties on jury duty for any court of New Jersey, any court of any other State, any Federal district court, or in the U.S. District Court for New Jersey will receive their usual compensation from the school district for each day the teaching staff member is present for jury duty. In the event there is any jury duty compensation, excluding mileage and lodging, paid to the teaching staff member for their time on jury duty, the teaching staff member will reimburse the school district the amount of any jury duty compensation paid to the staff member.

An employee summoned to jury duty shall promptly report the summons to his/her immediate supervisor. On return from jury duty, the employee must submit to his/her immediate supervisor a court record of the number of days served on jury duty.

While on jury duty, an employee must report daily to his/her supervisor the schedule for the following day and must report to work when he/she is excused from jury duty for half a day or more or suffer loss of pay.

4111 CREATING POSITIONS

The Board of Education recognizes its authority to establish support staff positions that, when filled by qualified employees, will assist the district in the achievement of educational goals set by the Board.

The Board will create new positions as required, approve a job title appropriate to the position, and determine the number of persons required to staff adequately each such position.

The Superintendent shall recommend to the Board such new positions or additional staffing in existing positions as may be required by student enrollments and the operational needs of the district.

Adopted: 19 June 2018

4124 EMPLOYMENT CONTRACT

The Board of Education requires every nontenured support staff member annually sign an employment contract for a term of not more than one year.

The employment contract shall include the date; name of the employee; the beginning and ending dates of service (fixed term appointment); the salary to be paid and the manner of payment; an authorization for salary deductions as applicable; and such other terms and conditions as may be necessary to a complete statement of the employment relationship.

The contract may include a provision for a probationary employment period with a provision providing the Board the right to terminate the employment of the nontenured support staff member at the completion of the probationary employment period. The contract will include a provision for the termination of the nontenured support staff member's contract on sixty days notice duly given by either party.

In the event the salary entered on the written contract differs from that formally approved by the Board, the salary approved by the Board shall be the salary paid.

Adopted: 19 June 2018

4125 EMPLOYMENT OF SUPPORT STAFF MEMBERS

The Board of Education believes it is vital to the successful operation of the school district that support staff member positions be filled with highly qualified and competent professionals.

In accordance with the provisions of N.J.S.A. 18A:27-4.1, the Board shall appoint, transfer, remove, or renew a certificated or non-certificated officer or employee only upon the recommendation of the Superintendent of Schools and by a recorded roll call majority vote of the full membership of the Board. The Board shall not withhold its approval for arbitrary and capricious reasons. The Board shall approve the employment, fix the compensation, and establish the term of employment for every support staff member employed by this district.

The Board will employ substitutes for absent support staff members in order to ensure continuity in a program and will annually approve a list of substitutes and rate of pay. The Superintendent or designee shall select substitutes from the list approved by the Board to serve in the place of an absent support staff member.

The Board may use a private contractor to secure a substitute support staff member.

The Board of Education shall not employ for pay or contract for the paid services of any support staff member or any other person serving in a position which involves regular contact with students unless the Board has first determined consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq. that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

An individual employed by the Board or a school bus contractor holding a contract with the Board, in the capacity of a school bus driver, shall be required to meet the criminal history record requirements as outlined in N.J.S.A. 18A:39-19.1.

The Board will employ paraprofessional school aides and/or classroom aides to assist in the supervision of student activities under the direction of a Principal, teacher, or other designated certified professional personnel. Aides will serve the needs of students by performing nonprofessional duties and may work only under the direct supervision of a teaching staff member(s).

In accordance with the requirements of *No Child Left Behind Act of 2001*, paraprofessionals hired after January 8, 2002, who work in a program supported with Title I, Part A funds, with certain exceptions, must meet one of the following criteria:

1. Completed at least two years of study at an institution of higher education;
2. Obtained an associate's (or higher) degree; or
3. Met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing, reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness).

Paraprofessional staff working in a Title I school, and whose salary is paid for in whole or in part with Title I funds, must have met one of the criteria listed above by the end of the 2005-2006 school year. The Superintendent will ensure paraprofessionals working in a program supported with Title I funds meet the above stated requirements.

An individual employed by the Board in any substitute capacity or position shall be required to undergo a criminal history record check in accordance with the provisions of N.J.S.A. 18A:6-7.1b.

An individual, except as provided in N.J.S.A. 18A:6-7.1g, shall be permanently disqualified from employment or service in the school district if the criminal history record check reveals a record of conviction for any crime or offense as defined in N.J.S.A. 18A:6-7.1 et seq.

The Board or contracted service provider may employ an applicant on an emergent basis for a period not to exceed three months, pending completion of a criminal history record check if the Board or contracted service provider demonstrates to the Commissioner of Education that special circumstances exist which justify the emergent employment as prescribed in N.J.S.A. 18A:6-7.1c. In the event the criminal history record check is not completed for an emergent hired employee within three months, the Board or contracted service provider may petition the Commissioner for an extension of time, not to exceed two months, in order to retain the employee.

No criminal history record check shall be performed unless the applicant shall have furnished written consent to such a check. The applicant shall bear the cost for the criminal history record check, including all costs for administering and processing the check. The district will deny employment to an applicant if the applicant is required and refuses to submit to a criminal history record check.

The Board of Education prohibits any relative of a Board member or the Superintendent of Schools from being employed in an office or position in the school district in accordance with the provisions of N.J.A.C. 6A:23A-6.2 and Board Policy 0142.1 – Nepotism.

A support staff member's misstatement of fact material to his/her qualifications for employment or the determination of his/her salary will be considered by the Board to constitute grounds for dismissal.

4140 TERMINATION

The Board of Education will enter a contract with each non-tenured support staff member providing, in part, for the termination of employment by either party. The Board may terminate the employment of an employee for incompetence, immorality, unfitness for service, insubordination, reduction in force, or other good cause. Any notification of termination for cause will include a full statement of the reasons for the dismissal on notice duly given a nonprobationary employee.

The Board may terminate an employment contract with a non-tenured support staff member only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Board will not withhold its approval for arbitrary and capricious reasons. N.J.S.A. 18A:27-4.1.

The Board may temporarily suspend an employee with or without pay and without notice when his/her continued services may be inimical to the interests of students.

4145 LAYOFFS

The Board of Education shall provide the support staff necessary for the operation of the district in a manner that is efficient and economical.

The Board reserves the right to abolish support staff positions and reduce district staff commensurately whenever reasons of economy, reorganization of the school district, reduction in the number of students, or other good cause so warrant. The Superintendent shall continually review the efficiency and effectiveness of district organization and recommend to the Board the creation and abolishment of support staff positions and the reallocation of duties and positions.

When two or more employees are employed in the same classification of employment in which a position is abolished, the employee shall be reemployed who has demonstrated greater competence.

When, as the result of the abolishment of a position, an employee is demoted in position, the employee shall receive the salary of the position to which he/she has been assigned.

4146 NONRENEWAL OF NONTENURED SUPPORT STAFF MEMBER

The Board will renew the employment contract of a nontenured support staff member only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Board will not withhold its approval for arbitrary and capricious reasons. A nontenured support staff member who is not recommended for renewal by the Superintendent is deemed nonrenewed.

When the nontenured support staff member's performance does not meet the standards of the district, the Superintendent shall recommend not to renew the support staff member's contract. Prior to notifying the nontenured support staff member of the nonrenewal, the Superintendent will notify the Board of the recommendation not to renew the support staff member's contract and the reasons for the recommendation. The Superintendent may notify the Board in a written notice or in executive session at a full Board meeting. In the event the Board is notified in executive session, the Superintendent will comply with the requirements of the Open Public Meetings Act and provide reasonable notice to the nontenured support staff member their employment will be discussed in executive session in order for the support staff member to exercise their statutory right to request a public discussion.

The Superintendent shall notify each nontenured support staff member to whom reemployment will not be offered in writing in accordance with the terms of any applicable collective bargaining agreement, individual contract, or any other agreement between the parties. Paraprofessionals continuously employed since the preceding September 30 as a school aide or classroom aide in a school district that receives funding under Title I of the Federal Elementary and Secondary Education Act of 1965 shall be notified of renewal or nonrenewal on or before May 15 in each year in accordance with the provisions of N.J.S.A. 18A:27-10.2.

A nontenured support staff member whose contract is not renewed shall have the right to a written statement of the reasons for nonrenewal, provided the request for the statement of reasons is made within fifteen days of the Superintendent's written notification of nonrenewal to the support staff member. The statement of reasons shall be provided to a nontenured support staff member within thirty days after the receipt of the request.

Whenever a nontenured support staff member has requested in writing and received a written statement of reasons for non-reemployment, the nontenured support staff member shall have the right to an informal appearance before the Board to permit the support staff member an opportunity to convince the members of the Board to offer reemployment, provided that a request for such an appearance is received within ten days after the support staff member receives the statement of reasons provided by the Superintendent. The informal appearance before the Board shall be held in accordance with the provisions of N.J.A.C. 6A:10-8.1.

The Board is not required to offer reemployment or vote on reemployment after an informal appearance with a nontenured support staff member who was not recommended for reemployment by the Superintendent. The Board may, with a majority vote of its full membership in public session and without the recommendation of the Superintendent, offer the nontenured support staff member reemployment after the informal appearance before the Board. The support staff member will be notified of the Board's final determination within three days following the informal appearance before the Board.

The provisions as outlined in Policy and Regulation 4146 may be revised or adjusted by the Superintendent of Schools to be in accordance with the terms and timelines of any applicable collective bargaining agreement, individual contract, or any other agreement between the parties provided the terms are not contrary to any statute, administrative code, or any management rights of the Board.

This policy does not apply to the contract renewal of the Treasurer of School Moneys, Board Auditor, Board Attorney or Board Secretary, except a Board Secretary who performs business administration functions.

4150 DISCIPLINE

The Board of Education directs all support staff members to observe statutes, rules of the State Board of Education, policies of this Board, and duly promulgated administrative rules and regulations governing staff conduct. Violations of those statutes, rules, policies, and regulations will be subject to discipline.

The Superintendent or designee shall deal with disciplinary matters on a case by case basis. Discipline will include, as appropriate, verbal and written warnings, transfer, suspension, freezing wages, and dismissal; discipline will provide, wherever possible, for progressive penalties for repeated violations.

In the event disciplinary action is contemplated, notice will be given to the employee in ordinary and concise language of the specific acts and omissions upon which the disciplinary action is based; the text of the statute, policy, rule, or regulation that the employee is alleged to have violated; a date when the employee may be heard and the administrator who will hear the matter; and the penalty that may be imposed.

4152 WITHHOLDING AN INCREMENT

The Board of Education recognizes that any advancement on a salary schedule, including annual increments and raises, is not automatic but rests within the discretion of the Board.

Advancement on any salary schedule shall require favorable reports covering the employee's competence and thoroughness in the performance of assigned duties as well as the employee's record of attendance and compliance with district regulations.

The Superintendent shall base a recommendation for withholding an increment on evaluations of the employee's performance and conduct. The Superintendent must also show to the satisfaction of the Board that the standards by which an employee has been evaluated are not exceptional or unusual and are expected of all employees in a similar classification.

4159 SUPPORT STAFF MEMBER/SCHOOL DISTRICT REPORTING RESPONSIBILITIES

All support staff members shall be required to report their arrest or indictment for any crime or offense to the Superintendent of Schools within fourteen calendar days of the arrest or indictment. For purposes of this policy, “support staff members” shall include all school district employees who hold a position in the school district for which no certificate issued by the New Jersey State Board of Examiners is required.

The report submitted to the Superintendent shall include the date of arrest or indictment and charge(s) lodged against the support staff member. Such support staff members shall also report to the Superintendent the disposition of any charges within seven calendar days of the disposition. Failure to comply with these reporting requirements may be deemed “just cause” for disciplinary action, which may include termination or non-renewal of employment in accordance with law.

Teaching staff members are required to report their arrest or indictment for any crime or offense in accordance with Policy 3159 and N.J.A.C. 6A:9B-4.3.

The school district shall make these reporting requirements known to all new support staff members upon initial employment and to all employees on an annual basis.

4160 PHYSICAL EXAMINATION

The Board of Education requires each candidate for employment who receives a conditional offer of employment to undergo a physical examination(s) to determine whether the candidate is able to perform with reasonable accommodation job-related functions pursuant to P.L. 101-336, Americans with Disabilities Act of 1990 (ADA).

If upon completing an examination(s) it is determined a candidate for employment who received a conditional offer of employment is unable to perform with reasonable accommodation job-related functions pursuant to the provisions of the ADA, the conditional offer of employment will be rescinded either by the Superintendent of Schools, if the Board has not yet approved the appointment, or by the Board, if the Board had approved the appointment at a Board meeting.

The physical examination shall include, but is not limited to, a health history to include past serious illnesses and injuries; current health problems; allergies; and a record of immunizations. The physical examination shall also include a health screening to include, but not limited to: height and weight; blood pressure; pulse and respiratory rate; vision screening; and hearing screening.

Candidates for employment who have received a conditional offer of employment will be required to be tested for the usage of controlled dangerous substances as they are defined in N.J.S.A. 2C:35-2. This testing will be completed in accordance with New Jersey Department of Health and Department of Education guidelines. Testing for the usage of controlled or dangerous substances will be required for all candidates for employment who have received a conditional offer of employment.

Pursuant to N.J.S.A. 18A:16-3, the Board shall bear the cost of physical examinations required by this Policy performed by a physician or institution designated by the Board. However, the candidate shall bear the cost if the examination is performed by a physician or institution designated by the candidate with approval of the Board. In the event the Board approves the physician or institution designated by the candidate to complete an examination required by this Policy, the candidate will be provided with the detailed requirements of the examination.

School employee physicals, examinations, and/or annual medical updates do not require screening or disclosure of HIV status.

A Mantoux tuberculosis test shall be given to all student teachers, school bus drivers on contract with the district, and contractors or volunteers who have contact with students.

Physical Examination

All staff members' medical and health records, including computerized records, will be secured, stored, and maintained separately from other personnel files. The information contained in medical records will be kept confidential. Only the staff member, the Superintendent, and the school medical inspector shall have access to medical information regarding an individual employee. Health records may be shared only with authorized individuals in accordance with N.J.S.A. 18A:16-5. The staff member may provide health-status information, including medications that may be of value to medical personnel in the event of an emergency requiring treatment. In such instances, the staff member may also choose to share with the staff member's Building Principal and, if desired, with the certified school nurse, information regarding current health status to assure ready access in a medical emergency.

Additional individual psychiatric or physical examinations of any staff member may be required by the Board whenever, in the judgment of the Board, a staff member shows evidence of deviation from normal physical or mental health. Any additional individual examinations will be pursuant to the requirements of N.J.A.C. 6A:32-6.3. Additional examinations and/or certifications may be required to verify fitness in accordance with Policy 4161 or disability in accordance with Policies 4425 and 4435.

4161 EXAMINATION FOR CAUSE

The Board of Education may, in accordance with law, require the psychiatric or physical examination of any support staff member who shows evidence of deviation from normal physical or mental health.

The Superintendent shall recommend to the Board the examination of any support staff member whose physical or mental condition so departs from normal health as to adversely affect the performance of the member's duties. Any such recommendation must be accompanied by competent evidence. If the Board determines that deviation from normal health has been demonstrated, it may require that the member submit to a physical or mental examination.

A requirement for physical or mental examination shall be made known to the employee by written notice setting forth the nature of the examination required, the reasons for the requirement, and a statement offering the member the opportunity to appear before the Board to explain or refute those reasons, provided any such hearing is requested in writing within five working days of the receipt of the notice.

A support staff member who fails to request an appearance before the Board within the time permitted or, having appeared before the Board, fails to persuade the Board that he/she should not be required to submit to the required examination shall be ordered to submit to an appropriate examination by a physician or institution designated by the Board and at the Board's expense.

The support staff member may, at his/her option, submit names of physicians or institutions to the Board for consideration to complete the appropriate examination(s). The Board is not required to designate a physician or institution submitted for consideration by the support staff member, but the Board will not act unreasonably in withholding its approval of a physician or institution submitted by a support staff member. The cost of the examination will be borne by the Board if the Board designates a physician or institution from the names submitted from the support staff member.

If the support staff member's request is denied, or if the support staff member does not request the Board to consider a physician or institution, the staff member may elect to submit to an appropriate examination conducted by a physician or institution of the support staff member's own choosing and at his/her expense, provided the physician or institution so chosen is approved by the Board, pursuant to N.J.S.A. 18A:16-3, and is authorized and directed by the member to report the results of the examination to the Board.

Examination for Cause

If the results of the examination show mental abnormality or communicable disease, the support staff member shall be placed on sick leave and compensated in accordance with his/her sick leave entitlement, if any, until proof of recovery, satisfactory to the Board, is furnished. No leave of absence granted under this policy shall exceed the term of the contract of a nontenured support staff member or a period of two years in the case of a tenured support staff member.

A support staff member who refuses to submit to the examination required by the Board and has exhausted the hearing procedures established by law and this policy shall be subject to discipline, which may include the certification of tenure charges to the Commissioner of Education.

4211.3 CONSULTING OUTSIDE THE DISTRICT

The Board of Education recognizes that support staff members will have expertise and knowledge in areas that other school districts, agencies, and other entities may desire. Recognizing that the school district will request the expertise from support staff members from other school districts, agencies and other entities, the Board supports sharing of its support staff members with other school districts, agencies, and other entities to the extent it does not interfere with the efficient operation of the school district.

The Superintendent may recommend to the Board a support staff member's attendance in another school district, agency or other entity without additional remuneration to the support staff member or school district, upon a written request from the agency or from the support staff member.

The Board of Education recognizes support staff members will have expertise and knowledge in areas that other school districts, public and private agencies, and private business organizations may desire to compensate as a paid consultant. When a support staff member serves as a paid consultant, the support staff member is not permitted to use normal work hours for any paid consulting activities. The support staff member must complete any paid consulting activities on their own time to include vacation days, evenings, weekends, and/or school holidays.

The support staff member must comply with the New Jersey School Ethics Act N.J.S.A. 18A:12-21 et seq. and, if required, must comply with financial disclosure requirements of N.J.S.A. 18A:12-24 and 12-25.

N.J.S.A. 18A:12-21 et seq.

Adopted: 19 June 2018

4212 ATTENDANCE

The regular and prompt attendance of support staff members is an essential element in the efficient operation of the school district and the effective conduct of the educational program. Staff member absenteeism disrupts the educational program and the Board of Education considers attendance an important component of a staff member's job performance.

A support staff member who fails to give prompt notice of an absence, misuses sick leave, fails to verify an absence in accordance with Board policy, falsifies the reason for an absence, is absent without authorization, is repeatedly tardy, or accumulates an excessive number of absences may be subject to appropriate consequences, which may include the withholding of a salary increment, dismissal, and/or certification of tenure charges.

In accordance with N.J.S.A. 18A:30-1, sick leave is defined to mean the absence from work because of a personal disability due to injury or illness or because the support staff member has been excluded from school by the school medical authorities on account of contagious disease or of being quarantined for such a disease in the staff member's immediate household. No support staff member will be discouraged from the prudent, necessary use of sick leave and any other leave provided for in the collective bargaining agreement negotiated with the member's majority representative, in an individual employment contract, or provided in the policies of the Board. In accordance with N.J.S.A. 18A:30-4, the Superintendent or Board of Education may require a physician's certificate to be filed with the Secretary of the Board in order to obtain sick leave.

The Superintendent, in consultation with administrative staff members, will review the rate of absence among the staff members. The review will include the collection and analysis of attendance data, the training of support staff members in their attendance responsibilities, and the counseling of support staff members for whom regular and prompt attendance is a problem.

N.J.S.A. 18A:30-1 et seq.

Adopted: 19 June 2018

4214 CONFLICT OF INTEREST

No support staff member of the Board of Education shall have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity which is in conflict with the proper discharge of the support staff member's duties.

No support staff member shall use or attempt to use his/her position to secure unwarranted privileges or advantages.

No support staff member of the Board shall act in his/her official capacity in any matter wherein he/she has a direct or indirect personal financial interest.

No support staff member of the Board shall accept any gift, favor, service or other thing of value under circumstances from which it might be reasonably inferred that such gift, service or other thing of value was given or offered for the purpose of influencing the support staff member in the discharge of his/her duties.

The Board of Education discourages the presentation of gifts to support staff members by students and their parent(s) or legal guardian(s), because it may embarrass students with limited means and give the appearance of currying favor.

The Board directs that support staff members instruct students to express their appreciation by means other than gifts.

Support staff members may receive gifts of only nominal value from students or their parent(s) or legal guardian(s).

The Superintendent may approve an act or gift of appreciation to an individual support staff member when special circumstances warrant.

Substance Abuse

M

4218 SUBSTANCE ABUSE

The Board of Education recognizes a support staff member who reports to work under the influence of drugs or alcohol poses a significant threat to their health, safety, and welfare and the health, safety, and welfare of others, including students and other staff members. The Board strongly advises any support staff member that has a dependency on a substance as defined in this Policy to seek appropriate treatment. The Board has an obligation and the right to maintain a safe and healthy work environment and adopts this Policy as an important component toward maintaining a safe environment in the school district. A support staff member is prohibited from possession, use, distribution, or being under the influence of any substance during work hours.

For the purposes of this Policy, “substance” or “substances” means alcoholic beverages, any controlled dangerous substances, including anabolic steroids as defined in N.J.S.A. 24:21-2 and N.J.S.A. 2C:35-2, or any chemical or chemical compound which releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system, including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined in N.J.S.A. 2C:35-10.4, and over-the-counter and prescription medications that are improperly used to cause intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system.

Any support staff member who reports to work under the influence of or in possession of any substance will be subject to appropriate discipline, which may include termination or the filing of tenure charges for a tenured support staff member in accordance with law.

A support staff member shall be required to submit to an immediate medical examination to include a substance test if the support staff member’s supervisor has reasonable suspicion to believe a support staff member is under the influence of a substance during work hours. Refusal of a support staff member to consent to the medical examination and substance test will be determined to be a positive result.

In the event a support staff member’s medical examination and substance test results are negative for a substance, any documents or records pertaining to the requirement for the examination and test results will not be maintained by the school district. Any required examination and testing shall be paid for by the Board. The support staff member will be afforded the opportunity to have any test results confirmed using acceptable test confirmation practices. This confirming test shall be paid for by the support staff member.

Substance Abuse

In accordance with the requirements of N.J.A.C. 6A:16-6.3(a), any support staff member who, in the course of their employment, has reason to believe a school staff member has unlawfully possessed or in any way been involved in the distribution of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia shall report the matter as soon as possible to the Principal, or in the absence of the Principal, to the staff member responsible at the time of the alleged violation. Either the Principal or the staff member shall notify the Superintendent of Schools who shall notify, as soon as possible, the County Prosecutor or other law enforcement official designated by the County Prosecutor to receive such information. The Superintendent or designee shall provide to the County Prosecutor or designee all known information concerning the matter, including the identity of the staff member involved.

In accordance with the provisions of N.J.A.C. 6A:16-6.3(a)3, the Superintendent or designee shall not disclose the identity of a support staff member who has voluntarily sought and participated in an appropriate treatment or counseling program for an alcohol or drug abuse problem, provided the support staff member is not reasonably believed to be involved or implicated in drug-distribution activities. An admission by a support staff member in response to questioning initiated by the Principal or designee or following the discovery by the Principal or designee of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia, shall not constitute a voluntary, self-initiated request for counseling and treatment.

4282 USE OF SOCIAL NETWORKING SITES

The Board of Education has a strong commitment to quality education and the well-being of all students, as well as the preservation of the school district's reputation. The Board believes staff members must establish and maintain public trust and confidence and be committed to protecting all students attending the school district. In support of the Board's strong commitment to the public's trust and confidence, the Board holds all staff members to the highest level of professional responsibility.

The Commissioner of Education has determined inappropriate conduct outside a staff member's professional responsibilities may determine them as unfit to discharge the duties and functions of their position. Staff members should be advised communications, publications, photographs, and other information appearing on social networking sites deemed inappropriate by the Board could be cause for dismissal of a non-tenured staff member or to certify tenure charges against a tenured staff member to the Commissioner of Education.

Staff members are advised to be concerned and aware such conduct deemed inappropriate may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other form of electronic communication that is directed and/or available to students or for public display or publication.

While the Board respects the right of staff members to use social networking sites, staff members should recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. It is important that a staff member's use of these sites does not damage the reputation of the school district, employees, students, or their families. Staff members who utilize, post or publish images, photographs, or comments on social networking sites, blogs, or other forms of electronic communication outside their professional responsibilities shall ensure their use, postings, or publications are done with an appropriate level of professionalism and are appropriate conduct for a school staff member. Staff members should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public even without their knowledge or consent.

The school district strongly encourages all staff members to carefully review the privacy settings on social networking sites they use and exercise care and good judgment when posting content and information on such sites. Staff members should adhere to the following guidelines, which are consistent with the district's workplace standards on harassment, student relationships, conduct, professional communication, and confidentiality.

When using personal social networking sites, school staff members:

1. Should not make statements that would violate any of the district's policies, including its policies concerning discrimination or harassment;

8. Shall not post updates to their status on any social networking sites during normal working hours including posting of statements or comments on the social networking sites of others during school time unless it involves a school project. Employees must seek approval from the Superintendent of Schools for such use; and

Electronic communications include, but are not limited to: voice conversations, text-messaging, accessing social networking or other internet sites, or any other type of electronic communication.

In the event the support staff member needs to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday, the support staff member may do so provided the communication is made during the support staff member's free lunch or break periods and is made outside the presence of students.

A support staff member's personal cellular telephone or other personal communication device shall be secured by the support staff member and outside the view of others when the support staff member is performing assigned school district responsibilities.

School staff members should be aware their expectation of privacy in these facilities and/or the school district-owned property provided by the Board of Education is reduced by virtue of actual office practices and procedures, for searches conducted pursuant to an investigation of work-related employee misconduct, or by legitimate school district policies or regulations. In addition, staff members shall have a reduced expectation of privacy in these facilities and school district-owned property if there is reasonable suspicion the staff member is violating a law or school policy. School staff members shall be on notice this reduced expectation of privacy may result in such facilities and/or school district-owned property being searched without a search warrant. In order to avoid exposing personal belongings to such a search, school staff members are discouraged from storing personal papers and effects in these facilities or school district-owned property.

4340 GRIEVANCE

The Board of Education shall develop and practice reasonable and effective means for the resolution of disputes that may arise in the employment of support staff members not covered by the terms of a negotiated agreement.

The Board directs that any grievance not provided for by negotiated agreement be resolved by submission to the following grievance procedure, which is designed to promote proper and equitable settlement of grievances at the lowest appropriate level and to facilitate an orderly process for the resolution of grievances.

For the purposes of this policy, "grievance" means an unresolved problem concerning the application or interpretation by an officer or employee of this district of law, regulations of the State Board of Education, the bylaws or policies of the Board, or the administrative regulations of the Superintendent; "grievant" is a district employee who alleges a grievance or the employee's representative; "party" means the grievant or any person named in the grievance as allegedly having violated a law, bylaw, policy, or regulation; and "day" means a school day.

A grievant may use personal leave time when it becomes necessary to process a grievance during the working day. There will be no reprisal of any kind taken against any employee or employee's representative for participation in a grievance.

Any alleged grievance should, at the first instance, be discussed in one or more private, informal conferences between the parties involved or between the grievant and his/her immediate supervisor. A grievance not resolved in one or more such private meetings may be processed in accordance with the following procedure.

Level One

Within three working days of the occurrence of the act or omission giving rise to the grievance, the grievant must present his/her grievance in writing to the grievant's immediate supervisor. The written document will be a clear, concise statement of the grievance and will include the law, rule, policy, or regulation that the grievant alleges to have been violated; the factual circumstances on which the grievance is based; the person or persons involved; the decision, if any, rendered at the private conference; and the remedy sought.

Within seven working days the supervisor shall present a decision to the grievant in writing. If the supervisor does not respond during the time permitted, the grievant may appeal to the next level.

Level Two

A grievant not satisfied with a decision at Level One may appeal that decision in writing to the Superintendent within three working days after receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal will include a copy of the original grievance; the decision rendered, if any; the name of the grievant's representative, if any; and a clear, concise statement of the reasons for the appeal of the decision.

The Superintendent shall present a decision to the grievant within seven working days. If no decision is rendered within that time limit, the grievant may appeal to the next level.

Level Three

A grievant not satisfied with the Superintendent's decision may appeal that decision in writing to the Board within three working days after the receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal to the Board will include copies of the original grievance, the appeal of that grievance at Level Two, and the decisions, if any.

The Board may schedule the grievance for hearing to be held within forty-five calendar days of the presentation of the appeal. The grievant shall be present at the hearing.

Within ten calendar days of the hearing, the Board shall submit its decision in writing together with reasons that support the decision to the grievant. A copy of the decision shall be given to the Superintendent and to any other party to the grievance.

The decision of the Board shall be final.

4351 HEALTHY WORKPLACE ENVIRONMENT

The Board of Education recognizes a healthy workplace environment enables school support staff members to fully contribute their expertise and skills to their school district responsibilities. A healthy workplace environment can improve productivity, reduce absenteeism, and reduce staff turnover while having a positive impact on the school district's programs provided to students in the school district.

A significant characteristic of a healthy workplace environment is that employees interact with each other with dignity and respect regardless of an employee's work assignment or position in the school district. Repeated malicious conduct of an employee or group of employees directed toward another employee or group of employees in the workplace that a reasonable person would find hostile or offensive is unacceptable and is not conducive to establishing or maintaining a healthy workplace environment. This unacceptable conduct may include, but is not limited to, repeated infliction of verbal abuse such as the use of derogatory remarks; insults; verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating; or the gratuitous sabotage or undermining of a person's work performance. A single act of such conduct shall not constitute the unacceptable conduct prohibited by this policy unless it is especially severe and egregious.

Unacceptable conduct, for the purposes of this policy, is not conduct toward an employee of a protected class or because of the employee's protected activity. These employees and activities are afforded the legal protections under various Federal and State anti-discrimination laws. In addition, unacceptable conduct for the purposes of this policy shall not be confused with conduct of management employees exercising management rights including, but not limited to, assigning tasks, reprimanding, assigning discipline, or directing.

Employees who believe the conduct prohibited by this policy has been directed toward them or to another employee of the school district shall submit a written report to the Superintendent of Schools. The written report shall provide specific details supporting the claim including, but not limited to, the specific conduct; the names of witnesses (if any) who may have observed such conduct; dates or times when such conduct occurred; and any other information the person(s) making the report believes will be informative and helpful to an investigation of the allegations. Upon receipt of a report, the Superintendent or designee will conduct an investigation and upon completion of the investigation will inform the person(s) who made the report such an investigation was completed. The amount of investigation information shared with the person(s) making the report will be at the discretion of the Superintendent or designee and may vary depending on whether the conduct reported was directed to the person(s) making the report, confidential personnel matters, and/or other issues as determined by the Superintendent or designee.

4352 SEXUAL HARASSMENT

The Board of Education recognizes that an employee's right to freedom from employment discrimination includes the opportunity to work in an environment untainted by sexual harassment. Sexually offensive speech and conduct are wholly inappropriate to the harmonious employment relationships necessary to the operation of the school district and intolerable in a workplace to which the children of this district are exposed.

Sexual harassment includes all unwelcome sexual advances, requests for sexual favors, and verbal or physical contacts of a sexual nature that would not have happened but for the employee's gender. Whenever submission to such conduct is made a condition of employment or a basis for an employment decision, or when such conduct is severe and pervasive and has the purpose or effect of unreasonably altering or interfering with work performance or creating an intimidating, hostile, or offensive working environment, the employee shall have cause for complaint.

The sexual harassment of any employee of this district is strictly forbidden. Any employee or agent of this Board who is found to have sexually harassed an employee of this district will be subject to discipline, which may include termination of employment. Any employee who has been exposed to sexual harassment by any employee or agent of this Board is encouraged to report the harassment to an appropriate supervisor. An employee may complain of any failure of the Board to take corrective action by recourse to the procedure by which a discrimination complaint is processed. The employee may appeal the Board's action or inaction to the New Jersey Division on Civil Rights or to the United States Equal Employment Opportunity Commission. Complaints regarding sexual harassment shall be submitted following the procedures outlined in Regulation 1530, Equal Employment Opportunity.

The Affirmative Action Officer shall instruct all employees of this Board to recognize and correct speech and behavior patterns that may be sexually offensive with or without the intent to offend.

4381 PROTECTION AGAINST RETALIATION

The Board of Education will take no retaliatory action, by discharge, demotion, suspension, or any other adverse action, against an employee because that employee has conscientiously:

1. Disclosed or threatened to disclose to a supervisor or public body an activity, policy, or practice of this Board or any district officer that the employee reasonably believes to be in violation of law or rule;
2. Provided information to a public body conducting an investigation, hearing, or inquiry into any alleged violation of law by the Board or an officer of this district; or
3. Objected to or refused to participate in an activity, policy, or practice of this district that the employee reasonably believes to be in violation of law or rule, fraudulent, criminal, or incompatible with a clear mandate of public policy concerning the public health, safety, or welfare or protection of the environment.

An employee who has reason to believe that the Board has engaged in an illegal activity or an activity contrary to public policy must report that belief in writing to the Superintendent before notice is given to a supervisor or a public body. The Superintendent shall promptly report the same to the Board and institute an investigation of the reported activity. The findings of the investigation will be reported in writing to the Board and to the employee.

The protection of law and this policy apply only to employees who have given notice in accordance with this policy and have afforded the Board a reasonable period of time to take any corrective action that may be required or have acted in circumstances that the employee believes in good faith constitute an emergency.

The Superintendent shall post notice of this policy and inform employees of their rights under the New Jersey Conscientious Employee Protection Act.

4425 WORK RELATED DISABILITY PAY

The Board of Education will permit, in accordance with law, the absence without loss of pay or of annual or accumulated sick leave benefits of a support staff member disabled by accident or injury arising out of and in the course of employment. Any such employee shall seek the workers' compensation benefits to which he/she is entitled by law.

An employee whose disability has qualified for the receipt of workers' compensation benefits shall be presumed eligible for work related disability pay under this policy. When an employee's disability is so brief as to preclude the employee's application for worker's compensation benefits, the employee may request and the Board may grant work related disability pay.

Any employee who qualified for work related disability pay under this policy shall receive full pay during the period he/she is on disability leave of absence, up to one calendar year.

As a condition of receiving full salary, an employee who receives workers' compensation benefits for his/her work-related disability must endorse and deliver to the Board all workers' compensation temporary disability checks received for the period covered by this policy.

Modified Duty Early Return to Work Program – Support Staff Members

4425.1 MODIFIED DUTY EARLY RETURN TO WORK PROGRAM – SUPPORT STAFF MEMBERS

New Jersey's workers' compensation laws provide lost wages and pay medical expenses for an employee who sustains an injury as a result of an on-the-job accident, injury, or occupational disease. Workers' compensation is designed to protect school district employees and their families against the hardships from injury arising in the workplace. In an effort to assist school staff in recovering from an eligible workers' compensation injury, the Board provides a Modified Duty Early Return To Work Program. The Program is provided to staff members who have been injured on the job, but who are not permanently disabled. The Program is intended to minimize the negative psychological impact to an injured staff member due to being out of work and to provide a transition and adjustment period for the injured staff member to return to work while recovering from an on-the-job injury.

The school district may assign temporary modified duties and responsibilities to staff members that have sustained an eligible workers' compensation injury. These employees may temporarily perform duties and responsibilities that may or may not be within their job description, or may or may not be within their department. The modified duties and/or responsibilities will be within the injured staff member's capabilities and a staff member will not be assigned any modified duties and/or responsibilities that require any certifications/licenses that are not possessed by the injured staff member.

The modified duties and responsibilities will be determined by the School Business Administrator, the district's designated Workers' Compensation Coordinator, after a medical examination and evaluation of the injured staff member by the Board's designated workers' compensation physician. The Workers' Compensation Coordinator will determine if the injured staff member is eligible for modified duties or responsibilities. This determination will be based on:

1. The workers' compensation physician's examination and evaluation report;
2. The injured staff member's capabilities to assume modified duties or responsibilities;
3. The availability of modified duties and responsibilities within the district at the time; and/or
4. Other issues that may impact the district's ability to assign modified duties and responsibilities.

A. Introduction

The Board will provide family leave in accordance with the Federal Family and Medical Leave Act (FMLA) and the New Jersey Family Leave Act (NJFLA).

FMLA leave for eligible staff members shall be up to twelve weeks leave of absence in a twelve month period upon advance notice to the district for the birth of a son or daughter of the staff member and in order to care for such son or daughter; for the placement of a son or daughter with the staff member for adoption or foster care; in order to care for the spouse, son, daughter, or parent of the staff member if such spouse, son, daughter, or parent has a serious health condition; or for a serious health condition that makes the staff member unable to perform the functions of the position of such staff member, or because of any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a military member on active duty or call to covered active duty status (or has been notified of an impending call or order to covered active duty). In addition, eligible employees may take up to a combined total of twenty-six workweeks in a single twelve month period to care for a covered servicemember with a serious injury or illness.

NJFLA leave for eligible staff members shall be up to twelve weeks leave of absence in any twenty-four month period upon advance notice to the district so that a staff member may provide care made necessary by the birth of a child of the staff member, the placement of a child with the staff member in connection with adoption of such child by the staff member, and the serious health condition of a spouse, parent, or child.

B. Applicability

The Board will comply with requirements of the New Jersey and Federal Family Leave laws. The laws have similar and different provisions that may provide different rights and obligations for the staff member and/or the Board. The staff member shall be afforded the most favorable rights if there is a conflict in the rights afforded to the staff member under the two laws.

1. If the staff member is eligible for leave for reasons provided under the FMLA and NJFLA, then the time taken shall be concurrent and be applied to both laws.
2. The NJFLA provides twelve weeks leave in a twenty-four month period while the FMLA provides twelve weeks leave in a twelve-month period. A staff member is eligible for up to twelve weeks leave in the first twelve months of the twenty-four month period under the NJFLA. A staff member is eligible for up to twelve weeks leave in the second twelve-month period under the FMLA.

3. In the event the reason for the family leave is recognized under one law and not the other law, the staff member is eligible for each law's leave entitlements within one twelve-month period. (Example: A staff member may use their FMLA leave for a twelve week family leave for their own pregnancy, which is considered a "serious health condition" under FMLA, and upon conclusion of the twelve week FMLA leave, the staff member would be eligible for a twelve week NJFLA leave to care for their newborn or any other reasons pursuant to the NJFLA.)

C. Definitions

1. Federal Family and Medical Leave Act (FMLA)

"Contingency operation" means a military operation that results in the call or order to, or retention on, active duty of members of the uniformed services during a war or during a national emergency declared by the President or Congress.

"Covered active duty" or "call to covered active duty" means duty during deployment of a member with the Armed Forces to a foreign country and, in the case of a member of the Reserve components of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a Federal call or order to active duty in support of a contingency operation.

"Covered servicemember" means a current member of the Armed Forces (including National Guard or Reserves), who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list for a serious injury or illness; or a covered veteran undergoing medical treatment, recuperation, or therapy for a serious injury or illness.

"Covered veteran" means an individual who was a member of the Armed Forces (including National Guard or Reserves), discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible staff member takes FMLA leave to care for the covered veteran. For a veteran discharged prior to March 8, 2013, the effective date of the FMLA Final Rule, the period between October 28, 2009 and March 8, 2013 will not count towards the determination of the five-year period. 29 CFR § 825.127(b)(2)

"Military caregiver leave" means leave taken to care for a covered servicemember with a serious injury or illness under FMLA. 29 CFR §825.127

“Next of kin of a covered servicemember” means the nearest blood relative other than the covered servicemember’s spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made, and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember’s next of kin and may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember’s only next of kin. For example, if a covered servicemember has three siblings and has not designated a blood relative to provide care, all three siblings would be considered the covered servicemember’s next of kin. Alternatively, where a covered servicemember has a sibling(s) and designates a cousin as his or her next of kin for FMLA purposes, then only the designated cousin is eligible as the covered servicemember’s next of kin. An employer is permitted to require an employee to provide confirmation of covered family relationship to the covered servicemember pursuant to 29 CFR §825.122(k). 29 CFR §825.127(d)(3)

“Outpatient status” means, with respect to a covered servicemember who is a current member of the Armed Forces, the status of a member of the Armed Forces assigned to either a military medical treatment facility as an outpatient; or a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients. 29 CFR § 825.127(b)(1)

“Parent” means a biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the employee when the employee was a son or daughter as defined below. This term does not include parents “in law.”

“Parent of a covered servicemember” means a covered servicemember’s biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the covered servicemember. This term does not include parents “in law.”

“Serious health condition” means an illness, injury, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical facility or continuing treatment by a health care provider. “Serious health condition” may include treatment of substance abuse pursuant to 29 CFR §825.119.

“Serious injury or illness,” only in the case of a veteran or current member of the Armed Forces, means:

- a. In the case of a current member of the Armed Forces, including a member of the National Guard or Reserves, an injury or illness that was incurred by the covered servicemember in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member’s active duty and was aggravated by service in the line of duty on active duty in the Armed Forces and that may render the servicemember medically unfit to perform the duties of the member’s office, grade, rank, or rating; and
- b. In the case of a covered veteran, an injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member’s active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and manifested itself before or after the member became a veteran, and is:
 - (1) A continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember’s office, grade, rank, or rating; or
 - (2) A physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability Rating (VASRD) of fifty percent or greater, and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or
 - (3) A physical or mental condition that substantially impairs the covered veteran’s ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or
 - (4) An injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers. 29 CFR 825 §127(c)

“Single twelve-month period” means that a military caregiver’s leave begins on the first day the staff member takes FMLA leave and ends twelve months after that date, regardless of the twelve-month period established by the district for other FMLA leave reasons. 29 CFR §825.127(e)(1)

“Son” or “daughter” means a biological, adopted, or foster child, stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age eighteen or age eighteen or older and incapable of self-care because of a mental or physical disability at the time that FMLA leave is to commence.

“Son or daughter of the covered servicemember” means a covered servicemember’s biological, adopted or foster child, stepchild, legal ward, or a child for whom the covered servicemember stood in loco parentis, and who is of any age. 29 CFR §825.127(d)(1)

“Son or daughter on covered active duty or call to covered active duty status” means the staff member’s biological, adopted or foster child, stepchild, legal ward, or a child for whom the staff member stood in loco parentis, who is on covered active duty or call to covered active duty status, and who is of any age. 29 CFR §825.126(a)(5)

“Spouse” means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under State law in the State in which the marriage was entered into or, in the case of a marriage entered into outside of any State, if the marriage is valid in the place where entered into and could have been entered into in at least one State. This definition includes an individual in a same-sex marriage or common law marriage. 29 CFR §825.122

“Staff member” means an employee eligible for family and medical leave in accordance with the Federal Family and Medical Leave Act (FMLA).

“Week” or “Workweek” means the number of days a staff member normally works each calendar week.

2. New Jersey Family Leave Act (NJFLA)

“Child” means a biological, adopted or foster child, stepchild, legal ward, child of a parent who is under eighteen years of age or a child eighteen years of age or older but incapable of self-care because of a mental or physical impairment.

“Continuing medical treatment” or “continuing supervision by a health care provider” means a period of incapacity or a period of absence in accordance with N.J.A.C. 13:14.

“Parent” means a biological, adoptive, or foster parent; step-parent; parent-in-law; a legal guardian having a “parent-child relationship” with a child as defined by law; or a person who has sole or joint legal or physical custody, care, guardianship, or visitation with a child.

“Serious health condition” means an illness, injury, impairment, or physical or mental condition that requires inpatient care in a hospital, hospice, or residential medical facility or continuing medical treatment or continuing supervision by a health care provider.

“Spouse” means a person to whom a staff member is lawfully married as defined by New Jersey law.

“Staff member” means an employee eligible for family leave in accordance with the New Jersey Family Leave

“Week” or “Workweek” means the number of days a staff member normally works each calendar week.

D. Eligibility

1. Federal Family and Medical Leave Act (FMLA)

A staff member shall become eligible for FMLA leave after he/she has been employed at least twelve months in this district and employed for at least 1250 hours of service during the twelve-month period immediately preceding the commencement of the leave. The twelve months the staff member must have been employed need not be consecutive months pursuant to 29 CFR §825.110(b). The minimum 1250 hours of service shall be determined according to the principles established under the Fair Labor Standards Act (FLSA) for determining compensable hours of work pursuant to 29 CFR §785. Entitlement to FMLA leave taken for the birth of a son or daughter or placement of a son or daughter with the staff member for adoption or foster care shall expire at the end of the twelve-month period beginning on the date of such birth or placement.

Pursuant to 29 CFR §825.201, a husband and wife both employed by the district are limited to a combined total of twelve weeks of leave during the twelve-month period if the leave is taken for the birth of a son or daughter of the staff member or to care for such son or daughter after birth; for placement of a son or daughter with the staff member for adoption or foster care or in order to care for the son or daughter after placement; or to care for the staff member's parent with a serious health condition.

The method to determine the twelve-month period in which the twelve weeks of FMLA leave entitlement occurs will be a "rolling" twelve-month period measured backward from the date a staff member uses any family leave.

A staff member during any period of FMLA leave is prohibited from performing any services on a full-time basis for any person for whom the staff member did not provide services immediately prior to commencement of the leave. A staff member using FMLA leave may commence part-time employment that shall not exceed half the regularly scheduled hours worked for the district. The staff member may continue the part-time employment that commenced prior to the FMLA leave at the same number of hours that the staff member was regularly scheduled prior to such leave.

2. New Jersey Family Leave Act (NJFLA)

A staff member shall become eligible for NJFLA leave after he/she has been employed at least twelve months in this district for not less than 1,000 base hours, excluding overtime, during the immediate preceding twelve month period. The calculation of the twelve-month period to determine eligibility shall commence with the commencement of the NJFLA leave. NJFLA leave taken for the birth or adoption of a healthy child may commence at any time within a year after the date of the birth or placement for adoption.

The district shall grant a family leave under NJFLA to more than one staff member from the same family (for example, a husband and a wife, or a brother and a sister) at the same time, provided such staff members are otherwise eligible for the leave. N.J.A.C. 13:14-1.12

A staff member during any period of the NJFLA leave is prohibited from performing any services on a full-time basis for any person for whom the staff member did not provide services immediately prior to commencement of the leave. A staff member on NJFLA leave may commence part-time employment that shall not exceed half the regularly scheduled hours worked for the district. The staff member may continue the part-time employment that commenced prior to the NJFLA leave at the same number of hours that the staff member was regularly scheduled prior to such leave.

The method to determine the twenty-four month period in which the twelve weeks of NJFLA leave entitlement occurs will be a “rolling” twenty-four month period measured backward from the date a staff member uses any leave.

E. Types of Leave

1. Federal Family and Medical Leave Act (FMLA)

A staff member may take FMLA leave to include servicemember qualifying exigency leave or military caregiver leave in consecutive weeks, as intermittent leave, or as reduced leave. A staff member who requests intermittent or reduced leave shall make a reasonable effort to schedule such leave so as not to unduly disrupt the instructional/educational program.

- a. Leave for the birth of a son or daughter or placement of a son or daughter with the staff member for adoption or foster care may not be taken by a staff member intermittently or on a reduced leave schedule.
- b. Leave may be taken intermittently or on a reduced leave schedule when medically necessary for planned and/or unanticipated medical treatment of a related serious health condition by or under the supervision of a health care provider, or for recovery from treatment or recovery from a serious health condition.
- c. Intermittent leave means leave scheduled for periods of time from one hour or more to several weeks; however, the total time within which the leave is taken can not exceed a twelve month period for each serious health condition episode. Intermittent leave may be taken for a serious health condition that requires periodic treatment by a health care provider, rather than one continuous period of time. Intermittent leave may also be

taken for absences where the staff member is incapacitated or unable to perform the essential functions of the position because of a serious health condition even if the staff member does not receive treatment by a health care provider. The staff member shall make a reasonable effort to schedule intermittent leave so as not to unduly disrupt the operations of the instructional/educational program.

- d. Reduced leave means leave scheduled for fewer than the staff member's usual number of hours worked per workweek, but not fewer than a staff member's usual number of hours worked per workday, unless otherwise agreed to by the staff member and the district. A staff member is entitled, at the option of the staff member, to take leave on a reduced leave schedule not exceeding twenty-four consecutive weeks. The staff member shall make a reasonable effort to schedule reduced leave so as not to unduly disrupt the operations of the instructional/educational program. The staff member shall provide the district prior notice of the care, medical treatment or continuing supervision by a health care provider necessary due to a serious health condition of a family member in a manner that is reasonable and practicable. Leave taken on a reduced leave schedule shall not result in a reduction of the total amount of leave to which a staff member is entitled.
- e. The fact that a holiday may occur within the week taken by a staff member as Family Leave has no effect and the week is counted as a week of Family Leave. However, if the staff member is out on Family Leave and the school district is closed and the staff member would not be expected to report for work for one or more weeks, the weeks the school district is closed for this staff member do not count against the staff member's family leave entitlement.

Any leave time remaining after a staff member has exhausted his/her entitlement to intermittent leave in any twelve month period may be taken as consecutive leave or reduced leave, and any leave time remaining after a staff member has exhausted his/her entitlement to reduced leave in any twelve month period may be taken as consecutive leave or intermittent leave.

- f. Servicemember qualifying exigency leave may arise out of the foreign deployment of the staff member's spouse, child, or parent 29 CFR §§825.122 and 126:

- (1) The district must grant up to a total of twenty-six workweeks of unpaid, job-protected leave during a "single twelve-month period" to care for a covered servicemember with a serious injury or illness.
 - (a) The eligible staff member must be the spouse, son, daughter, parent, or next of kin of the covered servicemember.

- (b) The staff member is limited to a combined total of twenty-six workweeks for any FMLA-qualifying reasons during the single twelve-month period. Up to twelve of the twenty-six weeks may be for an FMLA-qualifying reason other than military caregiver leave.
 - (c) Spouses who are eligible for FMLA leave and are employed by the same covered employer may be limited to a combined total of twenty-six workweeks of leave during a single twelve-month period if the leave is taken for birth of the employee's son or daughter or to care for the child after birth, for placement of a son or daughter with the employee for adoption or foster care, or to care for the child after placement, to care for the employee's parent with a serious health condition, or to care for a covered servicemember with a serious injury or illness. If one spouse is ineligible for FMLA leave, the other spouse would be entitled to a full twenty-six workweeks of FMLA leave.
- (2) Leave entitlement is applied on a per-covered-servicemember, per-injury basis.
 - (a) The staff member may take an additional twenty-six weeks of leave if the leave is to care for different covered servicemembers or to care for the same servicemember with a subsequent serious injury or illness, except that no more than twenty-six weeks of leave may be taken within any single twelve-month period.
 - (b) An eligible staff member may take military caregiver leave to care for more than one current service member or covered veteran at the same time or for the same family member with the same serious injury or illness both when the family member is a current servicemember and when the family member is a veteran.
 - (c) Military caregiver leave may be taken by eligible staff members whose family members are recent veterans with serious injuries or illnesses incurred or aggravated in the line of duty on active duty, and that manifested before or after the veteran left active duty.

2. New Jersey Family Leave Act (NJFLA)

A staff member may take NJFLA leave in consecutive weeks, as intermittent leave, or as reduced leave. A staff member who requests intermittent or reduced leave shall make a reasonable effort to schedule such leave so as not to unduly disrupt the instructional/educational program. The district shall not require a staff member to take a leave of absence beyond the period of time the staff member requests family leave. N.J.A.C. 13:14-1.5(f)

- a. In the case of a family member who has a serious health condition, leave may be taken intermittently when medically necessary. The total time within which the leave is taken, can not exceed a twelve-month period for each serious health condition episode. The staff member will provide the district with prior notice of the leave in a manner which is reasonable and practicable; and the staff member shall make a reasonable effort to schedule the leave so as not to unduly disrupt the operations of the instructional/educational program. In the case of the birth or adoption of a healthy child, the leave may be taken intermittently only if agreed to by the staff member and the district.
- b. Reduced leave means leave scheduled for fewer than the staff member's usual number of hours worked per workweek, but not fewer than a staff member's usual number of hours worked per workday, unless otherwise agreed to by the staff member and the district. A staff member is entitled, at the option of the staff member, to take leave on a reduced leave schedule for a period not exceeding twenty-four consecutive weeks. The staff member is not entitled to take the leave on a reduced leave schedule without an agreement between the staff member and the district if the leave is taken for the birth or adoption of a healthy child. The staff member shall make a reasonable effort to schedule reduced leave so as not to unduly disrupt the operations of the instructional/educational program. The staff member shall provide the district prior notice of the care, medical treatment or continuing supervision by a health care provider necessary due to a serious health condition of a family member in a manner that is reasonable and practicable. Leave taken on a reduced leave schedule shall not result in a reduction of the total amount of leave to which a staff member is entitled.

- c. The fact that a holiday may occur within the week taken by a staff member as family leave has no effect and the week is counted as a week of family leave. However, if the staff member is out on family leave and the school district is closed and the staff member would not be expected to report for work for one or more weeks, the weeks the school district is closed for this staff member do not count against the staff member's family leave entitlement.

Any leave time remaining after a staff member has exhausted his/her entitlement to intermittent leave in any twelve month period may be taken as consecutive leave or reduced leave, and any leave time remaining after a staff member has exhausted his/her entitlement to reduced leave in any twelve month period may be taken as consecutive leave or intermittent leave.

F. Notice

1. Federal Family and Medical Leave Act (FMLA)

- a. Foreseeable Leave - A staff member eligible for FMLA leave must give at least a thirty day written advance notice to the Superintendent if the need for the leave is foreseeable based on an expected birth, placement for adoption of foster care, or planned medical treatment for a serious health condition of the staff member or a family member. If thirty days is not practical, the staff member must provide notice "as soon as practicable" which means as soon as both possible and practical, taking into account all the facts and circumstances in the individual case. For foreseeable leave where it is not possible to give as much as thirty days notice "as soon as practical" ordinarily would mean at least verbal notification to the Superintendent within one or two business days or when the need for leave becomes known to the staff member. The written notice shall include the reasons for the leave, the anticipated duration of the leave and the anticipated start of the leave.

When planning medical treatment, the staff member must consult with the Superintendent and make a reasonable effort to schedule the leave so as not to unduly disrupt the educational program, subject to the approval of the health care provider. Staff members are ordinarily expected to consult with the Superintendent prior to scheduling of treatment that would require leave for a schedule that best suits the needs of the district and the staff member.

The district may delay the staff member taking leave for at least thirty days if the staff member fails to give thirty days notice for foreseeable leave with no reasonable excuse for the delay.

- b. Unforeseeable Leave - When the approximate timing of the need for leave is not foreseeable, a staff member should give notice to the Superintendent for leave as soon as practicable under the facts and circumstances of the particular case. It is expected the staff member will give notice to the Superintendent within no more than one or two working days of learning of the need for leave, except in extraordinary circumstances where such notice is not foreseeable. The staff member should provide notice to the employer either in person or by telephone, telegraph, facsimile machine or other electronic means.

2. New Jersey Family Leave Act (NJFLA)

- a. Foreseeable Leave - A staff member eligible for NJFLA leave must give at least a thirty day advance written notice to the Superintendent of the need to take family leave except where the need to take family leave is not foreseeable.
 - (1) Notice for leave to be taken for the birth or placement of the child for adoption shall be given at least thirty days prior to the commencement of the leave, except that if the date of the birth or adoption requires leave to begin in less than thirty days, the staff member shall provide such notice that is reasonable and practicable.
 - (2) Notice for leave to be taken for the serious health condition of a family member shall be given at least fifteen days prior to the commencement of leave, except that if the date of the treatment or supervision requires leave to begin in less than fifteen days, the staff member shall provide such notice that is reasonable and practicable.
 - (3) When the Superintendent is not made aware that a staff member was absent for family leave reasons and the staff member wants to request the leave be counted as family leave, the staff member must provide timely notice within two business days of returning to work to have the time considered for family leave in accordance with the Family Leave Act.

- b. Unforeseeable Leave - When the need for leave is not foreseeable, the staff member must provide notice “as soon as practicable” which shall be at least verbal notice to the Superintendent within one or two business days of the staff member learning of the need to take family leave. Whenever emergent circumstances make written notice impracticable, the staff member may give verbal notice to the Superintendent, but any verbal notice must be followed by written notice delivered within two working days.

G. Leave Designation

An eligible staff member shall designate FMLA or NJFLA leave upon providing notice of the need for the leave or when the need for leave commences. The Superintendent shall provide the staff member with this Policy to assist the staff member in determining the type of leave.

H. Benefits

Whether a staff member is required to use sick time or any other accrued leave time concurrent with FMLA or NJFLA leave time will depend upon either the district’s practice or a provision in the district’s collective bargaining agreement, if applicable. 29 CFR §825.100

The Board will maintain coverage under any group health insurance policy, group subscriber contract, or health care plan at the level and under the conditions coverage would have been provided if the staff member had continued to work instead of taking the leave. If the staff member was paying all or part of the premium payments prior to the leave, the staff member would continue to pay his/her share during the leave time. Any ten month staff member who is on leave under NJFLA or FMLA at the end of the school year will be provided with any benefits over the summer that the staff member would normally receive if they had been working at the end of the school year.

I. Returning from Leave

The Federal Family and Medical Leave Act and/or the New Jersey Family Leave Act

A staff member returning from leave shall be entitled to the position he/she held when leave commenced or to an equivalent position of like seniority, status, employment benefits, pay and other conditions of employment. If the district experiences a reduction

in force or layoff and the staff member would have lost his/her position had the staff member not been on family leave as a result of the reduction in force or pursuant to the good faith operation of a bona fide layoff and recall system including a system under any collective bargaining agreement, the staff member shall be entitled to reinstatement to the former or an equivalent position in accordance with applicable statutes, codes, and laws. The staff member's tenure and seniority rights, if any, and other benefits shall be preserved, but the staff member shall accrue no additional time toward tenure or seniority for the period of the leave, except as may be provided by law.

The return of a staff member prior to the expiration of the requested family leave may be permitted by the Board if the return does not unduly disrupt the instructional program or require the Board to incur the cost of continuing the employment of a substitute under contract.

The Board may, in accordance with the provisions of 29 CFR §825.312 delay restoration of employment of a staff member using FMLA leave for the staff member's serious health condition until the staff member submits a fitness-for-duty examination from his/her health care provider indicating that the staff member is able to resume work. In the event the Board requires such a fitness-for-duty examination before restoration of the staff member after leave, the Board will provide the staff member specific notice either at the time the staff member gives notice of the need for leave or immediately after the leave commences and the staff member advises the Board of the medical circumstances for the leave.

If leave is taken under FMLA, and the staff member does not return to work after the leave expires, the Board is entitled to recover health insurance costs paid while the staff member was on FMLA. The Board's right to recover premiums would not apply if the staff member fails to return to work due to:

1. The continuation, onset or recurrence of a serious health condition of the staff member; or
2. Circumstances beyond the staff member's control.

J. Ineligible Staff Members

1. Federal Family and Medical Leave Act (FMLA)

The district may deny job restoration after FMLA leave if the staff member is a “key employee” as defined in 29 CFR §825.217 if such denial is necessary to prevent substantial and grievous economic injury to the district or the district may delay restoration to a staff member who fails to provide a fitness for duty certificate to return to work for leave that was the staff member’s own serious health condition. A “key employee” is a salaried, staff member who is among the highest paid ten percent of the school district staff employed by the district within 75 miles of the worksite. No more than ten percent of the school district staff within 75 miles of the worksite may be “key employees.”

In the event the Superintendent believes that reinstatement may be denied to a key employee, the Superintendent must give written notice to the staff member at the time the staff member gives notice of the need for leave, or when the need for leave commences, if earlier, that he/she qualifies as a key employee. The key employee must be fully informed of the potential consequences with respect to reinstatement and maintenance of health benefits if the district should determine that substantial and grievous economic injury to the district’s operations will result if the staff member is reinstated from leave. The district’s notice must explain the basis for the district’s finding that substantial and grievous economic injury will result, and if leave has commenced, must provide the staff member a reasonable time in which to return to work. If the staff member on leave does not return to work in response to the notice of intent to deny restoration, the staff member continues to be entitled to maintenance of health insurance.

A key employee’s rights under the FMLA continue unless and until the staff member either gives notice that he/she no longer wishes to return to work or the district actually denies reinstatement at the conclusion of the leave period. A staff member is still entitled to request reinstatement at the end of the leave period even if the staff member did not return to work in response to the district’s notice. The district will then again determine whether there will be substantial and grievous economic injury from reinstatement based on the facts at that time. If it is determined that substantial and grievous economic injury will result, the district will notify the staff member in writing (in person or by certified mail) of the denial of the restoration.

2. New Jersey Family Leave Act

The district may deny family leave to the staff member if the staff member is a salaried employee who is among the highest paid five percent of the school district staff or one of the seven highest paid employees of the district, whichever is greater, if the denial is necessary to prevent substantial and grievous economic injury to the school district's operations. The Superintendent shall notify the staff member of the intent to deny the leave at the time the Superintendent determines the denial is necessary. If the leave has already commenced at the time of the district's notification of denial, the staff member shall be permitted to return to work within ten working days of the date of notification.

K. Verification of Leave

1. Federal Family and Medical Leave Act (FMLA)

The Board requires a staff member's FMLA leave to care for the staff member's seriously ill spouse, son, daughter, or parent; or for a servicemember's qualifying exigency or serious injury; or for illness due to the staff member's own serious health condition, that makes the staff member unable to perform one or more of the essential functions of the staff member's position, be supported by a certification issued by the health care provider of the staff member or the staff member's ill family member. The medical certification required encompasses both physical and psychological care and includes situations where a family member is unable to care for his/her own basic medical, hygienic, or nutritional needs or safety, or is unable to transport himself/herself to the doctor. It can also include providing psychological comfort and reassurance beneficial to a child, spouse, or parent with a serious health condition who is receiving inpatient or home care and can include situations where the staff member may be needed to substitute for others who normally care for the family member or covered servicemember or to make arrangements for changes in care. The staff member need not be the only individual or family member available to care for the family member or covered servicemember. 29 CFR §825.124

The certification must meet the requirements of 29 CFR §§825.306, 309, and 310 to include: which part of the definition of "serious health condition" applies; the approximate date the serious health condition commenced and its probable duration; whether it will be necessary for the staff member to take intermittent and/or reduced leave; whether the patient is presently incapacitated and the likely

duration and frequency of episodes of incapacity; if additional treatments will be required for the condition; and/or if the patient's incapacity will be intermittent or will require reduced leave. The certification of a serious health condition of a family member of the staff member shall be sufficient if it states the date on which the condition commenced, the probable duration of the condition, and the medical facts within the provider's knowledge regarding the condition. Certification for the birth or placement of a child need only state the date of birth or date of placement.

In the event the Superintendent doubts the validity of the certification, in accordance with 29 CFR §825.307, the district may require, at the district's expense, the staff member obtain an opinion regarding the serious health condition from a second health care provider designated by the district, but not employed on a regular basis by the district. If the second opinion differs from the staff member's health care provider, the district may require, at the district's expense, the staff member obtain the opinion of a third health care provider designated by the district or approved jointly, in good faith, by the district and the staff member. The opinion of the third health care provider shall be final and binding on the district and the staff member.

The district may require re-certification pursuant to the requirements of 29 CFR §825.308. In accordance with 29 CFR §825.309, the staff member on leave must provide a written report to the Superintendent every thirty workdays. The report shall include the staff member's status and intended date to return to work. In the event the staff member's circumstances change, the staff member must provide reasonable notice to the Superintendent if the staff member intends to return to work on a date sooner than previously noticed to the district. The staff member is not required to take more leave than necessary to resolve the circumstance that precipitated the need for leave. As a condition of returning to work after the leave for the staff member's own serious health condition, and in accordance with 29 CFR §825.310, the district requires a staff member to provide a certification from their health care provider that the staff member is able to resume work.

In accordance with 29 CFR §825.311, the district may delay the taking of FMLA leave to a staff member who fails to provide certification within fifteen days after being requested to do so by the district. In accordance with 29 CFR §825.312, the district may delay the taking of leave until thirty days after the date the staff member provides notice to the district of foreseeable leave or the district may delay continuation of leave if a staff member fails to provide a requested medical certification in a timely manner.

2. New Jersey Family Leave Act

The Board shall require the certification of a duly licensed health care provider verifying the purpose of requested NJFLA leave. Certification of a serious health condition of a family member of the staff member shall be sufficient if it states the date on which the condition commenced, the probable duration of the condition, and the medical facts within the provider's knowledge regarding the condition. Certification for the birth or placement of a child need only state the date of birth or date of placement, whichever is appropriate.

In the event the Superintendent doubts the validity of the certification for the serious health condition of a family member of the staff member, the district may require, at the district's expense, the staff member to obtain an opinion regarding the serious health condition from a second health care provider designated or approved, but not employed on a regular basis, by the district. If the second opinion differs from the certification the district may require, at the district's expense, that the staff member obtain the opinion of a third health care provider designated or approved jointly by the district and the staff member concerning the serious health condition. The opinion of the third health care provider shall be final and binding on the district and the staff member.

L. Interference with Family Leave Rights

The Federal Family and Medical Leave Act and the New Jersey Family Leave Act prohibit interference with a staff member's rights under the law, and with legal proceedings or inquiries relating to a staff member's rights. Unless permitted by the law, no staff member shall be required to take family leave or to extend family leave beyond the time requested. A staff member shall not be discriminated against for having exercised his/her rights under the Federal Family and Medical Leave Act or the New Jersey Family Leave Act nor discouraged from the use of family leave.

M. Non-Tenured Staff Member

Family leave granted to a nontenured staff member cannot extend the staff member's employment beyond the expiration of his/her employment contract.

N. Record Keeping

In order that staff member's entitlement to FMLA leave and NJFLA leave can be properly determined, the Superintendent shall ensure the keeping of accurate attendance records that distinguish family leave from other kinds of leave. The Superintendent will publish a notice explaining the Act's provisions and provide information concerning the procedures for filing complaints of violations of the FMLA and NJFLA.

O. Processing of Complaints

1. Federal Family and Medical Leave Act (FMLA) 29 CFR §§825.400-401

- a. If there is a dispute between the district and a staff member as to whether leave qualifies as FMLA leave, it should be resolved through discussion between the staff member and the district. Such discussions and the decision shall be documented by the school district.
- b. The staff member also may file, or have another person file on his/her behalf, a complaint with the United States Secretary of Labor. A complaint may be filed in person, by mail, or by telephone with the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, at any local office of the Wage and Hour Division.

2. New Jersey Family Leave Act N.J.A.C. 13:14-1.16

- a. Any complaint alleging a violation of the Act shall be processed in the same manner as a complaint filed under the terms of N.J.S.A. 10:5-1 et seq. and N.J.A.C. 13:4 through the New Jersey Department of Law and Public Safety, Division on Civil Rights.

Implementation of FMLA and NJFLA will be consistent with provisions in collective bargaining agreement(s) in the district.

4431.3 NEW JERSEY'S FAMILY LEAVE INSURANCE PROGRAM

Board of Education employees are eligible to apply for benefits under New Jersey's Family Leave Insurance Program administered by the State of New Jersey – Department of Labor and Workforce Development. New Jersey's Family Leave Insurance Program (NJFLI) may provide up to six weeks of family leave insurance benefits payable to covered employees from either the New Jersey State Plan or an approved employer-provided private plan.

A benefit provided through the NJFLI will be for the employee to bond with a child during the first twelve months after the child's birth, if the covered individual or the domestic partner or civil union partner of the covered individual is a biological parent of the child, or the first twelve months after the placement of the child for adoption with the covered individual. An employee who intends to apply to the State of New Jersey for benefits under this provision of the NJFLI must provide the Superintendent of Schools written notice thirty calendar days prior to beginning the leave. Failure to provide this thirty-day notice may result in a reduction in the employee's maximum family leave insurance benefits. Intermittent leave to bond with a newborn or newly adopted child must be agreed to by the Superintendent of Schools and the employee and, if agreed to, must be taken in periods of seven days or more.

A benefit provided through the NJFLI will also be to care for a family member with a serious health condition supported by a certification provided by a health care provider. An employee who intends to apply to the State of New Jersey for benefits under this provision of the NJFLI for consecutive leave must provide the school district reasonable and practical notice unless the time of the leave is unexpected or the time of the leave changes for unforeseen reasons. An employee who intends to apply for benefits under this provision of the NJFLI for intermittent leave must provide the school district with a written notice at least fifteen calendar days prior to beginning the leave.

For the purposes of this Policy, "family member" means a child, spouse, domestic partner, civil union partner, or parent of a covered individual. "Child" means a biological, adopted, or foster child, stepchild, or legal ward of a covered individual, child of a domestic partner of the covered individual, or child of a civil union partner of the covered individual, who is less than nineteen years of age or is nineteen years of age or older but incapable of self-care because of mental or physical impairment.

All applications for benefits under the NJFLI must be filed directly with the State of New Jersey – Department of Labor and Workforce Development. The eligibility requirements, wage requirements, benefit duration and amounts, and benefit limitations shall be in accordance with the provisions of the NJFLI as administered by the State of New Jersey – Department of Labor and Workforce Development. A formal appeal may be submitted to the State of New Jersey – Department of Labor and Workforce Development if an employee or the Board disagrees with a determination on a claim.

The NJFLI provides eligible individuals a monetary benefit and not a leave benefit. In addition, the school district administrative and related staff will comply with the State of New Jersey - Department of Labor and Workforce Development requests for information in accordance with the provisions of N.J.A.C. 12:21-3.9.

The Board may elect to provide employees with Family Leave Insurance benefits coverage under a private plan which must be approved by the State of New Jersey – Department of Labor and Workforce Development.

A printed notification of covered individuals' rights relative to the receipt of benefits under the NJFLI will be posted in each of the school district worksites and in a place or places accessible to all employees at the worksite. Each employee shall receive a copy of this notification in writing at the time of the employee's hiring, whenever the employee provides written notice to the Superintendent of their intention to apply for benefits under the NJFLI, or at any time upon the first request of the employee. The written notification may be transmitted to the employee in electronic form.

4432 SICK LEAVE

The Board of Education shall grant sick leave, in accordance with law, to support staff members absent from work because of personal disability or quarantine. Each steadily employed employee eligible for sick leave will be entitled annually to the number of paid sick leave days negotiated with the employee's majority representative or provided in this policy or in an individual contract with the Board.

The Board reserves the right to require of any employee who claims sick leave sufficient proof, including a physician's certification, of the employee's illness or disability. As a minimum, no day will be considered to be a sick leave day on which the employee has engaged in or prepared for other gainful employment, has participated in a work stoppage, or has engaged in any activity that would raise doubts regarding the validity of the sick leave request.

The Superintendent will prepare rules for the administration of the Board's policy on sick leave, which shall be binding on all employees.

The Superintendent will submit to the Board the names of those employees absent for non-compensable cause or whose claim for sick leave pay cannot be justified. The willful misuse of sick leave will be considered a serious infraction and is subject to discipline.

4433 VACATIONS

The Board of Education believes that it is beneficial to the school district that persons employed to work twelve months a year be given periodic relief from the responsibilities of their position without loss of compensation.

The Board reserves the right to determine the conditions under which vacation time may be taken when not otherwise covered by the terms of a negotiated agreement or in an individual contract with the Board.

N.J.S.A. 18A:30-7

4434 HOLIDAYS

The Board of Education will compensate support staff members for holidays in accordance with the holiday provisions of current valid negotiated contracts.

Compensation for holidays for non-association/non-union represented support staff members will be determined by the Board on an annual basis.

N.J.S.A. 36:1-1

Adopted: 19 June 2018

4435 ANTICIPATED DISABILITY

The Board of Education shall provide for leaves of absence, in accordance with law and the policies of this Board, for any employee of this district not otherwise covered by the terms of the negotiated agreement whose absence from duties will be required for a foreseeable event of disability such as childbirth or surgery.

An employee who anticipates disability shall so notify the Superintendent as soon as the employee is under medical supervision for the condition and a date is projected for the anticipated disability. Because of the potentially disabling nature of pregnancy and the certainty of temporary disability at parturition, the Board will presume that a pregnant employee is disabled for work thirty days before the anticipated date of childbirth and continues to be disabled for thirty days after parturition, except that any such employee who presents medical certification of her fitness may continue to work until she is actually disabled and may return to work as soon as she is able.

The Board reserves the right to require an employee who requests an extended leave of absence that includes anticipated disability to commence and/or terminate the leave at times that ensure continuity in district operations. Whenever possible, partial year leaves of absence will begin and end at divisions in the academic calendar and will cause not more than one interruption in employment continuity during the school year in which the leave is taken. No person who is required to take leave at a time other than that requested will be denied the use of sick leave for the anticipated disability that occurs or is presumed to occur during the leave.

An employee who anticipates a disability may request a leave of absence to commence before disability and to extend beyond the period of disability. Any such request shall be subject to Board discretion and the Board's policy on leave of absence. An employee on voluntary leave of absence is not eligible for sick leave pay for disability occurring during the period of that absence.

The Board of Education will provide for an employee's compensated absence for reason of personal necessity not covered by the terms of a negotiated agreement or in an individual contract with the Board.

N.J.S.A. 18A:30-7

Adopted: 19 June 2018

4437 MILITARY LEAVE

The Board of Education recognizes that military service rendered by any district employee in the defense of the country or in maintaining preparedness for conflict, foreign or domestic, is a service benefiting all citizens. A permanent or full-time temporary officer and/or employee of the district will be provided military leave and related benefits pursuant to the Uniformed Services Employment and Reemployment Rights Act (USERRA), 38 U.S.C. Section 4301 et seq., P.L. 2001 Chapter 351 amending N.J.S.A. 38:23-1, N.J.S.A. 38A:1-1 and N.J.S.A. 38A:4-4., and any other applicable Federal and State laws.

A permanent or full-time temporary officer or employee of the school district who is a member of the organized militia of New Jersey (New Jersey National Guard, New Jersey Naval Militia Joint Command) shall be entitled, in addition to pay received, if any, as a member of the organized militia, to a leave of absence from his or her respective duties without loss of pay or time on all days during which he or she shall be engaged in any period of State or Federal active duty; provided, however, that the leave of absence for Federal active duty or active duty for training shall not exceed ninety work days in the aggregate in any calendar year. Any leave of absence for such duty in excess of ninety work days shall be without pay, but without loss of time. Such leave shall be in addition to the regular vacation or other accrued leave provided to the officer or employee. A full-time temporary officer or employee who has served under such temporary appointment for less than one year in the district shall receive this leave without pay, but without loss of time.

A permanent or full-time temporary officer or employee of the school district who is a member of the organized reserve of the Army of the United States, United States Naval Reserve, United States Air Force Reserve, or United States Marine Corps Reserve, or other organization affiliated therewith, including the National Guard of other States, shall be entitled, in addition to pay received, if any, as a member of a reserve component of the Armed Forces of the United States, to a leave of absence from his or her respective duty without loss of pay or time on all work days on which he or she shall be engaged in any period of Federal active duty, provided, however, that such leave of absence shall not exceed thirty work days in any calendar year. Such leave shall be in addition to the regular vacation or other accrued leave provided to the officer or employee. Any leave of absence for such duty in excess of thirty work days shall be without pay, but without loss of time. A full-time temporary officer or employee who has served under such temporary appointment for less than one year in the district shall receive this leave without pay, but without loss of time.

Military leave with pay is not authorized for Inactive Duty Training (IDT) as defined in N.J.A.C. 5A:2-2.1.

The district will provide benefits and rights for staff on military leave as required by Federal and State laws.

Pursuant to N.J.S.A. 52:13H-2.1, in accordance with the provisions of Article VIII, Section II, paragraph 5 of the New Jersey Constitution, upon application by the district to the State Treasury and approval of the application by the Director of the Division of Budget and Accounting, reimbursement shall be made by the State of New Jersey for any costs incurred as a result of the provisions of P.L. 2001, Chapter 351.

4438 JURY DUTY

The Board of Education will indemnify all full-time employees against loss of pay incurred by a call to jury duty. No employee will be penalized in any way for an absence caused by service on a panel of grand or petit jurors. The time any such employee is absent will not be charged against personal leave and will count toward district service.

A full-time employee who is absent from their school district duties while on jury duty for any court of New Jersey, any court of any other State, any Federal district court, or in the U.S. District Court for New Jersey will receive their usual compensation from the school district for each day the support staff member is present for jury duty. In the event there is any jury duty compensation, excluding mileage and lodging, paid to the employee for their time on jury duty, the employee will reimburse the school district the amount of any jury duty compensation paid to the staff member.

An employee summoned to jury duty shall promptly report the summons to his/her immediate supervisor.

On return from jury duty, the employee must submit to his/her immediate supervisor a court record of the number of days served on jury duty.

While on jury duty, an employee must report daily to his/her supervisor the schedule for the following day and must report to work when he/she is excused from jury duty for half a day or more or suffer loss of pay.

5111 ELIGIBILITY OF RESIDENT/NONRESIDENT STUDENTS

The Board of Education shall admit to its schools, free of charge, persons over five and under twenty years of age, pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education.

Eligibility to Attend School

The Board shall admit students eligible to attend school free of charge that are domiciled within the district as defined in N.J.A.C. 6A:22-3.1.

A child who is domiciled within the school district and resides with a parent or guardian who is a member of the New Jersey National Guard or a member of the reserve component of the armed forces of the United States who is ordered into active military service in a time of war or national emergency shall be permitted to remain enrolled in the school district in which the child is domiciled at the time of the parent or guardian being ordered into active military service, regardless of where the child resides during the period of active duty. Following the return of the child's parent or guardian from active military service, the child's eligibility to remain enrolled in the school district pursuant to N.J.S.A. 38-3.1 shall cease at the end of the current school year unless the child is domiciled in the school district.

The Board shall also admit any student that is kept in the home of a person other than the student's parent or guardian, where the person is domiciled in the school district and is supporting the student without remuneration as if the student were his or her own child in accordance with N.J.A.C. 6A:22-3.2. A student is only eligible to attend school in the district pursuant to N.J.A.C. 6A:22-3.2 if the student's parent or guardian files, together with documentation to support its validity, a sworn statement that he or she is not capable of supporting or providing care for the student due to family or economic hardship and the student is not residing with the other person solely for the purpose of receiving a free public education. In addition, the person keeping the student must file, if so required by the Board of Education, a sworn statement that he or she: is domiciled within the school district; is supporting the child without remuneration and intends to do so for a time longer than the school term; will assume all personal obligations for the student relative to school requirements; and provides a copy of his or her lease if a tenant, a sworn landlord's statement if residing as a tenant without a written lease, or a mortgage or tax bill if an owner. Pursuant to N.J.S.A. 18A:38-1.c, any person who fraudulently allows a child of another person to use his or her residence and is not the primary financial supporter of that child and any person who fraudulently claims to have given up custody of his or her child to a person in another district commits a disorderly persons offense.

A student is eligible to attend school in this school district free of charge pursuant to N.J.S.A. 18A:38-1.b if the student is kept in the home of a person domiciled in the school district, who is not the parent or guardian and the parent or guardian is a member of the New Jersey National Guard or the reserve component of the United States armed forces and has been ordered into active military service in the United States armed forces in time of war or national emergency. Eligibility under this provision shall cease at the end of the current school year during which the parent or guardian returns from active military duty.

A student is eligible to attend school in this school district free of charge pursuant to N.J.S.A. 18A:38-1.d if the student's parent or guardian temporarily resides within the school district and elects to have the student attend the school district of temporary residence, notwithstanding the existence of a domicile elsewhere. When required by the Board of Education, the parent or guardian shall demonstrate the temporary residence is not solely for purposes of a student attending the school district of temporary residence. When one of a student's parents or guardians temporarily resides in the school district while the other is domiciled or temporarily resides elsewhere, eligibility to attend school shall be determined in accordance with the criteria of N.J.A.C. 6A:22-3.1(a)1.i.

A student is eligible to attend this school district free of charge:

1. If the student's parent or guardian moves to another school district as the result of being homeless, subject to the provisions of N.J.A.C. 6A:17-2 - Education of Homeless Children;
2. If the student is placed by court order or by a society, agency, or institution in the home of a school district resident pursuant to N.J.S.A. 18A:38-2;
3. If the student previously resided in the school district and if the parent or guardian is a member of the New Jersey National Guard or the United States reserves and has been ordered to active service in time of war or national emergency, resulting in the relocation of the student out of the school district, pursuant to N.J.S.A. 18A:38-3.b. The school district shall not be obligated for transportation costs; and
4. If the student resides on Federal property within the State pursuant to N.J.S.A. 18A:38-7.7 et seq.

Notwithstanding the provisions of N.J.S.A. 18A:38-1 or any other law, rule, or regulation to the contrary, a student who moves out of the school district as a result of domestic violence, sexual abuse, or other family crises shall be permitted to remain enrolled in the school district for the remainder of the school year in pursuant to N.J.S.A. 18A:38-1.1 and in accordance with the provisions of N.J.A.C. 6A:22-3.2(h). If the student remains enrolled in the school district for the remainder of the school year, the school district shall provide transportation services to the student, provided the student lives remote from school, and the State shall reimburse the school district for the cost of the transportation services. Nothing in N.J.S.A. 18A:38-1.1 shall be construed to affect the rights of homeless students pursuant to N.J.S.A. 18A:7B-12, N.J.S.A. 18A:7B-12.1, or any other applicable State or Federal law.

A student's eligibility to attend this school shall not be affected by the physical condition of an applicant's housing or his or her compliance with local housing ordinances or terms of lease.

Except as set forth in N.J.A.C. 6A:22-3.3(b)1, immigration/visa status shall not affect eligibility to attend school and the school district shall not condition enrollment in the school district on immigration status. A student's immigration/visa status and their eligibility to attend school shall be in accordance with N.J.A.C. 6A:22-3.3(b) and Regulation 5111.

Proof of Eligibility

The Board of Education shall accept a combination of forms of documentation from persons attempting to demonstrate a student's eligibility for enrollment in the school district in accordance with the provisions of N.J.A.C. 6A:22-3.4. The Board of Education shall consider the totality of information and documentation offered by an applicant, and shall not deny enrollment based on failure to provide a particular form or subset of documents without regard to other evidence presented.

The Board of Education shall not condition enrollment on the receipt of information or documents protected from disclosure by law, or pertaining to criteria that are not a legitimate basis for determining eligibility to attend school as outlined in N.J.A.C. 6A:22-3.4(d). The Board of Education may consider, in a manner consistent with Federal law, documents or information referenced in N.J.A.C. 6A:22-3.4(d) or pertinent parts thereof if voluntarily disclosed by the applicant. The Board of Education may not, directly or indirectly, require or request such disclosure as an actual or implied condition of enrollment. However, in the case of a dispute between the school district and the parent or guardian of a student in regard to the student's eligibility to enroll in the school district or to remain enrolled in the school district pursuant to the provisions of N.J.S.A. 18A:38-1, the school district may request from the New Jersey Motor Vehicle Commission the parent or guardian's name and address for use in verifying a student's eligibility for enrollment in the school district.

Registration Forms and Procedures for Initial Assessment

Registration and initial determinations of eligibility will be in accordance with N.J.A.C. 6A:22-4.1. The Board of Education shall use Commissioner-provided registration forms or locally developed forms that are consistent with the forms provided by the Commissioner. A district-level administrator designated by the Superintendent shall be clearly identified to applicants and available to assist persons who experience difficulties with the enrollment process.

Initial eligibility determinations shall be made upon presentation of an enrollment application, and enrollment shall take place immediately except in cases of clear, uncontested denials. Enrollment shall take place immediately when an applicant has provided incomplete, unclear, or questionable information, but the applicant shall be notified that the student will be removed from the school district if defects in the application are not corrected, or an appeal is not filed, in accordance with subsequent notice to be provided pursuant to N.J.A.C. 6A:22-4.2.

When a student appears ineligible based on the information provided in the initial application, the school district shall issue a preliminary written notice of ineligibility, including an explanation of the right to appeal to the Commissioner of Education. Enrollment shall take place immediately if the applicant clearly indicates disagreement with the district's determination and an intent to appeal to the Commissioner of Education. An applicant whose student is enrolled pursuant to this provision shall be notified that the student will be removed, without a hearing before the Board, if no appeal is filed within the twenty-one day period established by N.J.S.A. 18A:38-1.

When enrollment is denied and no intent to appeal is indicated, applicants shall be advised they shall comply with compulsory education laws. When the student is between the ages of six and sixteen, applicants also shall be asked to complete a written statement indicating the student will be attending school in another school district or nonpublic school, or receiving instruction elsewhere than at a school pursuant to N.J.S.A. 18A:38-25. In the absence of this written statement, designated staff shall report to the school district of actual domicile or residence, or the Department of Children and Families, a potential instance of "neglect" for the purposes of ensuring compliance with compulsory education law, N.J.S.A. 9:6-1. Staff shall provide the school district or the Department of Children and Families with the student's name, the name(s) of the parent or guardian/resident, and the student's address to the extent known. Staff shall also indicate admission to the school district has been denied based on residency or domicile, and there is no evidence of intent to arrange for the child to attend school or receive instruction elsewhere.

Enrollment or attendance at the school shall not be conditioned on advance payment of tuition when enrollment is denied and an intent to appeal is indicated, or when enrollment is provisional and subject to further review or information. The Board of Education shall ensure the registration process identifies information suggesting an applicant may be homeless so procedures may be implemented in accordance with N.J.A.C. 6A:17-2, Education of Homeless Children. Enrollment or attendance in the school district shall not be denied based upon the absence of the certified copy of the student's birth certificate or other proof of a student's identity as required within thirty days of initial enrollment, pursuant to N.J.S.A. 18A:36-25.1.

Enrollment in the school district shall not be denied based upon absence of student medical information. However, actual attendance at school may be deferred until the student complies with student immunization rules set forth in N.J.A.C. 8:57-4.

When enrollment in the school district, attendance at school, or the receipt of educational services in the regular education program appears inappropriate, the student shall not be denied based upon the absence of a student's prior educational record. However, the applicant shall be advised the student's initial educational placement may be subject to revision upon the school district's receipt of records or further assessment of the student.

Notice of Ineligibility

When a student is found ineligible to attend the school district pursuant to N.J.A.C. 6A:22 or the student's initial application is found to be deficient upon subsequent review or investigation, the school district immediately shall provide to the applicant notice that is consistent with Commissioner-provided sample form(s) and meets requirements of N.J.A.C. 6A:22-4 et seq. Notices shall be in writing; in English and in the native language of the applicant; issued by the Superintendent; and directed to the address at which the applicant claims to reside. Notices of ineligibility shall include information as outlined in N.J.A.C. 6A:22-4.2.

Removal of Currently Enrolled Students

Nothing in N.J.A.C. 6A:22 et seq. and this Policy shall preclude the Board of Education from identifying through further investigation or periodic requests for revalidation of eligibility, students enrolled in the school district who may be ineligible for continued attendance due to error in initial assessment, changed circumstances, or newly discovered information.

When a student who is enrolled and attending school based on an initial eligibility determination is later determined to be ineligible for continued attendance, the Superintendent may apply to the Board of Education for the student's removal in accordance with the provisions of N.J.A.C. 6A:22-4.3. No student shall be removed from school unless the parent, guardian, adult student, or resident keeping an "affidavit student" (as defined in N.J.A.C. 6A:22-1.2) has been informed of his or her entitlement to a hearing before the Board of Education. Once the hearing is held, or if the parent, guardian, adult student or resident keeping an "affidavit student", does not respond within the designated time frame to the Superintendent's notice or appear for the hearing, the Board of Education shall make a prompt determination of the student's eligibility and shall immediately provide notice in accordance with N.J.A.C. 6A:22-4.2. Hearings required pursuant to N.J.A.C. 6A:22-4.3 may be conducted by the full Board or a Board Committee, at the discretion of the full Board. If the hearing(s) is conducted by a Board Committee, the Committee shall make a recommendation to the full Board for action. No student may be removed except by vote of the Board taken at a meeting duly convened and conducted pursuant to N.J.S.A. 10:4-6 et seq., the Open Public Meetings Act.

Appeal to the Commissioner

An applicant may appeal to the Commissioner of Education the school district's determination that a student is ineligible to attend its schools. Appeals shall be initiated by petition which shall be filed in accordance with N.J.S.A. 18A:38-1 and N.J.A.C. 6A:3-8.1 and shall proceed as a contested case pursuant to N.J.A.C. 6A:3. Pursuant to N.J.S.A. 18A:38-1.b(1), appeals of "affidavit student" eligibility determinations shall be filed by the resident keeping the student.

Assessment and Calculation of Tuition

If no appeal to the Commissioner is filed following notice of an ineligibility determination, the Board of Education may assess tuition, for up to one year of a student's ineligible attendance, including the twenty-one day period provided by N.J.S.A. 18A:38-1 for appeal to the Commissioner. Tuition will be assessed and calculated in accordance with N.J.A.C. 6A:22-6.3 et seq. If the responsible party does not pay the tuition assessment, the Board of Education may petition the Commissioner pursuant to N.J.A.C. 6A:3 for an order assessing tuition, enforceable in accordance with N.J.S.A. 2A:58-10 through recording, upon request of the Board of Education pursuant to N.J.A.C. 6A:3-12, on the judgment docket of the Superior Court, Law Division.

If an appeal to the Commissioner is filed and the petitioner does not sustain the burden of demonstrating the student's right to attend the school district, or the petitioner withdraws the appeal, fails to prosecute, or abandons the appeal by any means other than settlement agreeing to waive or reduce tuition, the Commissioner may assess tuition in accordance with the provisions of N.J.A.C. 6A:22-6.2(a). Upon the Commissioner's finding that an appeal has been abandoned, the Board of Education may remove the student from school and seek tuition in accordance with N.J.A.C. 6A:22-6.2.

Nonresident Students

The admission of a nonresident student to school free of charge must be approved by the Board. No student otherwise eligible shall be denied admission on the basis of the student's race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability. The continued enrollment of any nonresident student shall be contingent upon the student's maintenance of good standards of citizenship, attendance, and discipline.

Future Residents

A child otherwise eligible for attendance whose parent or guardian has signed a contract to buy, build or rent a residence in this district may be enrolled with payment of tuition. The parent must be moved in by September 30 and have paid tuition as determined due by the Board.

Parents/guardians of children who are future residents shall be required to demonstrate proof of the anticipated residency. The Board reserves the right to verify such claims, and to remove from school a nonresident student whose claim cannot be verified.

Former Residents

Regularly enrolled children whose parents/guardians have moved out of the school district during the final marking period shall be permitted to finish the school year without payment of tuition. Regularly enrolled eighth grade children whose parents/guardians move from the district at any other time during the school year may remain enrolled for the remainder of the school year without payment of tuition.

Children of Nonresident Staff Members

Children of nonresident staff employees of the Board may be enrolled in Haworth School on payment of tuition and in accordance with policy for other nonresident students. The children of non-resident staff must be enrolled in a general education program and remain in good academic, attendance, and discipline standing.

Any student attending the schools of this district, whether regularly enrolled in this or another district, who has been admitted to a shelter for victims of domestic violence will be permitted and encouraged to continue an appropriate educational program with minimal disruption.

The Board will cooperate with other educational institutions in the sharing of pertinent student records and in the establishment of sending-receiving relationships on behalf of displaced children. The confidentiality of all matters concerning displaced children will be strictly observed, and no information regarding the present residence of the child will be released.

N.J.S.A. 18A:38-1 et seq.

Adopted: 19 June 2018

5116 EDUCATION OF HOMELESS CHILDREN

The Board of Education will admit and enroll homeless children in accordance with Federal and State laws and New Jersey Administrative Code. The Board of Education adopts this Policy to be in compliance with law and administrative code to ensure the enrollment of homeless children in school and to respond to appeals made by parents or other parties related to the enrollment of homeless children.

The Board of Education shall determine that a child is homeless when he or she resides in a publicly or privately operated shelter designed to provide temporary living accommodations, including: hotels or motels; congregate shelters, including domestic violence and runaway shelters; transitional housing; and homes for adolescent mothers. A child is also determined homeless when he or she resides in a public or private place not designated for or ordinarily used as a regular sleeping accommodation, including: cars or other vehicles including mobile homes; tents or other temporary shelters; parks; abandoned buildings; bus or train stations; temporary shelters provided to migrant workers and their children on farm sites; and the residence of relatives or friends where the homeless child resides out of necessity because his or her family lacks a regular or permanent residence of its own. A child is also determined homeless when he or she resides in substandard housing.

The school district of residence for a homeless child is responsible for the education of the child and shall assume all responsibilities as required in N.J.A.C. 6A:17-2.3. The school district of residence for a homeless child means the school district in which the parent of a homeless child resided prior to becoming homeless.

The school district liaison designated by the Superintendent of Schools for the education of homeless children is the Guidance Counselor. The liaison will facilitate communication and cooperation between the school district of residence and the school district where the homeless child resides and shall assume all responsibilities as outlined in N.J.A.C. 6A:17-2.4(a).

When a homeless child resides in a school district, the school district liaison shall notify the liaison of the school district of residence within twenty-four hours of receiving notification from the parent, the Department of Human Services or the Department of Children and Families, a shelter director, an involved agency, or a case manager. Upon notification of the need for enrollment of a homeless child, the liaison in the school district of residence shall coordinate enrollment procedures immediately based upon the best interest of the child pursuant to N.J.A.C. 6A:17-2.5(b).

The Superintendent of the school district of residence or designee shall decide in which school district the homeless child shall be enrolled in accordance with the provisions of N.J.A.C. 6A:17-2.5.

Unless parental rights have been terminated by a court of competent jurisdiction, the parent retains all rights under N.J.A.C. 6A:17-2.1 et seq.

When a dispute occurs regarding the determination of homelessness or the determination of the school district of enrollment made by the school district of residence, the Superintendent(s) or the designee(s) of the involved district(s) or the child's parent(s) shall immediately notify the Executive County Superintendent of Schools, who, in consultation with the Department of Education's McKinney-Vento Homeless Education Coordinator or designee, shall immediately decide the child's status. If a dispute remains between the parent and the involved school district(s) following the Executive County Superintendent's determination, the parent or the involved district Board(s) of Education may appeal to the Commissioner of Education for determination pursuant to N.J.A.C. 6A:3, Controversies and Disputes.

When a school district designated as the school district of residence disputes its designation as the school district of residence, or where no designation can be agreed upon by the involved school districts, the Superintendent(s) or designee(s) of the involved school districts shall immediately notify the Executive County Superintendent of Schools, who shall immediately make a determination, if possible, but no later than within forty-eight hours.

If the dispute regarding determination of district of residence does not involve the determination of homelessness and/or district enrollment, the school district disputing the Executive County Superintendent's determination may appeal to the Department of Education pursuant to N.J.A.C. 6A:23A-19.2(d), (e), and (f) and request a determination from the Division of Administration and Finance. If an appeal of a determination of district of residence also includes an appeal of the determination of homelessness and/or school district of enrollment, the appeal shall be submitted to the Commissioner of Education pursuant to N.J.A.C. 6A:3, Controversies and Disputes.

Any dispute or appeal shall not delay the homeless child's immediate enrollment or continued enrollment in the school district. The homeless child shall be enrolled in the school district in which enrollment or continued enrollment is sought by the parent, pending resolution of the dispute or appeal. Disputes and appeals involving the services provided to a homeless child with a disability shall be made pursuant to N.J.A.C. 6A:14.

Financial responsibility, including the payment of tuition for the homeless child, will be in accordance with N.J.A.C. 6A:17-2.8. The school district of residence shall list the child on its annual Application for State School Aid (ASSA) pursuant to N.J.S.A. 18A:7F-33 until the parent establishes a permanent residence or is deemed domiciled in another jurisdiction pursuant to N.J.S.A. 18A:38-1.d. At that time, the school district of residence shall no longer list the student on its ASSA. The State shall assume fiscal responsibility for the tuition of the child pursuant to N.J.S.A. 18A:7B-12.1 and shall pay the tuition to the school district in which the child is currently enrolled until the parent establishes a permanent residence or is deemed domiciled in another jurisdiction pursuant to N.J.S.A. 18A:38-1.d. under the circumstances outlined in N.J.A.C. 6A:17-2.8(c).

5120 ASSIGNMENT OF STUDENTS

The Board of Education directs the assignment of students to the schools, programs, and classes of this district consistent with the best interests of students and the best uses of the resources of this district.

Students shall generally attend the school located in the attendance area of their residence. The Superintendent may assign a student to a school other than that designated by the attendance area when such an exception is justified by circumstances and/or is in the best interest of the student. Every effort will be made to continue a student in the same elementary school once the student has been enrolled in that elementary school.

The Superintendent shall assign incoming transfer students to the school in their attendance area of their residence provided the district's school or class size requirements can accommodate the student's enrollment. The Building Principal may assign students in his/her school to grades, classes, and groups on the basis of the needs of the student as well as the sound administration of the school.

In accordance with the provisions of N.J.S.A. 18A:36-38.a.(1), a parent of twins or higher order multiples enrolled in the same Kindergarten through eighth grade level at the same public school may request, in writing, the children be placed in the same classroom or in separate classrooms. The Principal shall make the classroom placement requested in accordance with the provisions of N.J.S.A. 18A:36-38.a.(1).

The written request must be submitted to the Principal no later than fourteen days after the first day of each school year. Parents of twins or higher order multiples enrolling after the school year commences shall request the classroom placement in writing no later than fourteen days after the first day of attendance.

In accordance with the provisions of N.J.S.A. 18A:36-38.(2)(b), a Principal may, after consultation with the students' parent and teachers at the end of the initial grading period, request the Board make a different classroom placement determination for the twins or higher order multiples if the initial classroom placement is determined to be disruptive to any of the students in the class or classes, or if the Principal concludes the initial placement does not sufficiently support the students' academic or social development. Upon receiving such request, the Board shall make a final classroom placement determination.

“Higher order multiples” means triplets, quadruplets, quintuplets, or larger group siblings born at one birth. Provisions of N.J.S.A. 18A:36-38 do not apply to a school district which maintains only a single classroom for the grade level in which twins or higher order multiples are enrolled. The parent shall be responsible for any additional student transportation costs that are incurred by the district as a result of providing the requested classroom placement, unless the district is in agreement with the placement. In the event one of the twins or higher order multiples receives special education services, the requested placement shall not be accommodated if the placement is inconsistent with a student’s Individualized Education Plan.

5130 WITHDRAWAL FROM SCHOOL

The Board of Education believes that the educational goals of this district are best implemented by a student's exposure to the entire educational program and that every student enrolled in this district should be encouraged to complete the program of instruction appropriate to his/her needs. No student below the age of sixteen will be permitted to withdraw from school.

The Superintendent shall alert teaching staff members to identify those students who may consider eighth grade graduation the termination of their education. Any student who indicates that he/she may drop out of school before entry to the ninth grade should be reported to the Building Principal and be provided with counseling.

Adopted: 19 June 2018

5200 ATTENDANCE

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of this Policy and Regulation 5200, a student's absence from school will be excused or unexcused that counts toward truancy.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. A student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level.

Students shall be subjected to the school district's response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4 and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student's participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of this Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

5230 LATE ARRIVAL AND EARLY DISMISSAL

The Board of Education requires that students be in attendance for the full school day in order to benefit from the instructional program. That requirement will be waived only when compelling circumstances require that a student be late to school or dismissed from school before the end of the school day.

The Principal may excuse for cause the late arrival and early dismissal of a student on the prior written request of the student's parent(s) or legal guardian(s). Good cause may include, but need not be limited to, medical and dental appointments that cannot be scheduled outside the school day, medical disability, a motor vehicle driver's test, interviews for college entrance or employment, and court appearances.

No student will be permitted to leave the school before the end of the school day except in the presence of the student's parent(s) or legal guardian(s), or an agent of the parent(s) or legal guardian(s) who has written authorization, or in the custody of agents of the State acting in their legal capacity.

The Principal shall maintain a record of the parent(s) or legal guardian(s) of each student. If one parent has been assigned custody of the student by court order or separation agreement and wishes to limit the noncustodial parent's access to the student, the parent in custody must inform the Principal of any such limitation and may request that his/her authorization be required before the noncustodial parent is granted access. In the absence of such notice, the Principal will presume that a student may be released into the care of either parent.

A student who suffers an incapacitating medical disability will be released from school only in the presence of an adult.

Adopted: 19 June 2018

5240 TARDINESS

The Board of Education believes that promptness is an important element of school attendance. Students who are late to school or to class miss essential portions of the instructional program and create disruptions in the academic process for themselves and other students.

Tardiness to school or class that is caused by a student's illness, an emergency in the student's family, the observance of a religious holiday, a death in the student's family, or by the student's compliance with a request or directive of an administrator will be considered justified and is excused. All other incidents of tardiness will be considered unexcused.

A student who develops a pattern of tardiness, excused or unexcused, will be offered counseling with an appropriate staff member to determine the cause of the tardiness.

5250 EXCUSAL FROM CLASS OR PROGRAM

The Board of Education directs that a student be excused from any part of the instructions in health education, family life education, sex education, or instruction that includes dissection of animals that the parent(s) or legal guardian(s) of the student or the adult student finds morally, conscientiously, or religiously offensive. A request for excusal must be presented in a signed statement and submitted to the Principal.

An excused student shall be assigned to an alternate program of independent study on a substitute topic within the health education, family life education, or sex education program. The parent's or legal guardian's right of excusal applies to any alternate program as well.

No excused student will be penalized by loss of credit as a result of his/her excusal, but a student will be held accountable for successful completion of any alternate program assigned.

Due to technological advances, automated external defibrillators (AEDs) may be used by lay persons without any training to provide defibrillation within the first minutes of cardiac arrest thereby increasing the victim's chances of survival. In accordance with N.J.S.A. 18A:40-41.a, the Board of Education shall ensure every school in the school district has an AED as defined in N.J.S.A. 2A:62A-24. The AED shall be made available in an unlocked location on school property with an appropriate identifying sign. The AED shall be accessible during the school day and any other time when a school-sponsored athletic event or team practice is taking place in which students of the school district are participating. The AED shall be within reasonable proximity of the school athletic field or gymnasium, as applicable.

A team coach, licensed athletic trainer, or other designated staff member if there is no coach or licensed athletic trainer, who is present during athletic events or team practices, shall be trained in cardio-pulmonary resuscitation and the use of the AED in accordance with the provisions of N.J.S.A. 2A:62A-25.a. The school district shall be deemed to be in compliance with N.J.S.A. 2A:62A-25.a, if a State-certified emergency services provider or other certified first responder is on site at the event or practice.

Each AED in the school district shall be tested and maintained according to the manufacturer's operational guidelines. Notification shall be provided to the appropriate first aid, ambulance, rescue squad, or other appropriate emergency medical services provider regarding the AED, the type acquired, and its location in accordance with N.J.S.A. 2A:62A-25.b and c.

The school district and its employees shall be immune from civil liability in the acquisition and use of AEDs pursuant to the provisions of N.J.S.A. 2A:62A-27.

In accordance with the provisions of N.J.S.A. 18A:40-41.b, the Superintendent of Schools or designee shall establish and implement an Emergency Action Plan applicable to each school in the school district for responding to a sudden cardiac event including, but not limited to, an event in which the use of an AED may be necessary. The Emergency Action Plan shall be consistent with the provisions of N.J.S.A. 18A:40-41.a and, at a minimum, shall include a list of no less than five school employees, team coaches, or licensed athletic trainers who hold current certifications from the American Red Cross, American Heart Association, or other training programs recognized by the Department of Health and Senior Services in cardio-pulmonary resuscitation and in the use of an AED. This list shall be updated, if necessary, at least once in

each semester of the school year. The Emergency Action Plan shall also include detailed procedures on responding to a sudden cardiac event including, but not limited to, the identification of the persons in the school who will be responsible for responding to the person experiencing the sudden cardiac event; calling 911; starting cardio-pulmonary resuscitation; retrieving and using the AED; and assisting emergency responders in getting to the individual experiencing the sudden cardiac event.

However, in order for many students with chronic health conditions and disabilities to remain in school, medication may have to be administered during school hours. Parents are encouraged to administer medications to children at home whenever possible as medication should be administered in school only when necessary for the health and safety of students. The Board will permit the administration of medication in school in accordance with applicable law.

Medication will only be administered to students in school by the school physician, a certified or noncertified school nurse, a substitute school nurse employed by the district, the student's parent, a student who is approved to self-administer in accordance with N.J.S.A. 18A:40-12.3 and 12.4, and school employees who have been trained and designated by the certified school nurse to administer epinephrine in an emergency pursuant to N.J.S.A. 18A:40-12.5 and 12.6.

Self-administration of medication by a student for asthma or other potentially life-threatening illness or a life threatening allergic reaction is permitted in accordance with the provisions of N.J.S.A. 18A:40-12.3.

Medication no longer required must be promptly removed by the parent.

The school nurse shall have the primary responsibility for the administration of epinephrine. However, the certified school nurse may designate, in consultation with the Board or the Superintendent, additional employees of the district who volunteer to be trained in the administration of epinephrine via a pre-filled auto-injector mechanism using standardized training protocols established by the Department of Education in consultation with the Department of Health and Senior Services when the school nurse is not physically present at the scene.

In accordance with the provisions of N.J.S.A. 18A:40-12.6.d, no school employee, including a school nurse or any other officer or agent of a Board of Education or a physician providing a prescription under a standing protocol for school epinephrine pursuant to N.J.S.A. 18A:40-12.5, shall be held liable for any good faith act or omission consistent with the provisions of N.J.S.A. 18A:40-12.5, nor shall any action before the New Jersey State Board of Nursing lie against a school nurse for any such action taken by a person designated in good faith by the school nurse pursuant to N.J.S.A. 18A:40-12.6. Good faith shall not include willful misconduct, gross negligence, or recklessness.

The school nurse or designee shall be promptly available on site at the school and at school-sponsored functions in the event of an allergic reaction. In addition, the parent must be informed that the school district, its employees and agents shall have no liability as a result of any injury arising from the administration of epinephrine to the student.

Each school in the district shall have and maintain for the use of students at least one nebulizer in the office of the school nurse or a similar accessible location. Each certified school nurse or other persons authorized to administer asthma medication will receive training in airway management and in the use of nebulizers and inhalers consistent with State Department of Education regulations. Every student that is authorized to use self-administered asthma medication pursuant to N.J.S.A. 18A:40-12.3 or a nebulizer must have an asthma treatment plan prepared by the student's physician which shall identify, at a minimum, asthma triggers, the treatment plan, and other such elements as required by the State Board of Education.

All student medications shall be appropriately maintained and secured by the school nurse, except those medications to be self-administered by students. In those instances the medication may be retained by the student with the prior knowledge of the school nurse. The school nurse may provide the Principal and other teaching staff members concerned with the student's educational progress with such information about the medication and its administration as may be in the student's best educational interests. The school nurse may report to the school physician any student who appears to be affected adversely by the administration of medication and may recommend to the Principal the student's exclusion pursuant to law.

The school nurse shall document each instance of the administration of medication to a student. 5330.01 ADMINISTRATION OF MEDICAL MARIJUANA

The Board of Education, in accordance with the requirements of N.J.S.A. 18A:40-12.22, must adopt a Policy authorizing parents, guardians, and primary caregivers to administer medical marijuana to a qualifying student patient while on school grounds, aboard a school bus, or attending a school-sponsored event. The parent of a qualifying student patient requesting the administration of medical marijuana to the student while on school grounds, aboard a school bus, or attending a school-sponsored event must comply with the provisions of N.J.S.A. 18A:40-12.22 and N.J.S.A. 24:6I-1 et seq. and Policy and Regulation 5330.01.

A student enrolled in the school district must be authorized to engage in the medical use of marijuana and the primary caregiver, who may be the parent, must be authorized to administer medical marijuana to a qualifying student patient in accordance with the provisions of N.J.S.A. 18A:40-12.22 and N.J.S.A. 24:6I-1 et seq. The Principal, in consultation with the school nurse, the school physician, and the Superintendent of Schools, will review each request and upon approval will inform the parent in writing of the approval with details for the administration of medical marijuana to the qualifying student patient. The medical use of marijuana by a qualifying student patient while on school grounds, aboard a school bus, or attending a school-sponsored event will only be authorized after the written approval from the Principal is provided to the parent.

Medical marijuana may only be administered to the qualifying student patient while the student is on school grounds, aboard a school bus, or attending a school-sponsored event by the primary caregiver in accordance with the provisions of N.J.S.A. 18A:40-12.22 and N.J.S.A. 24:6I-1 et seq. 5331 MANAGEMENT OF LIFE-THREATENING ALLERGIES IN SCHOOLS

The Board of Education recognizes students may have allergies to certain foods and other substances and may be at risk for anaphylaxis. Anaphylaxis is a sudden, severe, serious, systemic allergic reaction that can involve various areas of the body (such as the skin, respiratory tract, gastrointestinal tract, and cardiovascular system). Anaphylaxis is a serious allergic reaction that may be rapid in onset and may cause death. Policy 5331 has been developed in accordance with the Guidelines for the Management of Life-Threatening Food Allergies in Schools developed by the New Jersey Department of Education.

An Individualized Healthcare Plan (IHP) and an Individualized Emergency Healthcare Plan (IEHP) will be developed for each student at risk for a life-threatening allergic reaction. Self-administration of medication, the placement and the accessibility of epinephrine, and the recruitment and training of designees who volunteer to administer epinephrine during school and at school-sponsored functions when the school nurse or designee is not available shall be in accordance with N.J.S.A. 18A:40-12 and Board Policy and Regulation 5330. School staff will be appropriately trained by the school nurse or designee to understand the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur.

The school district will develop and implement appropriate strategies and prevention measures for the reduction of risk of exposure to food allergens throughout the school day, during before- and after-school programs, at all school-sponsored activities, in the cafeteria, or wherever food is present.

A description of the roles and responsibilities of parent(s) or legal guardian(s), staff, and students to prevent allergic reactions and during allergic reactions are outlined in Regulation 5331.

Every incident involving a life-threatening allergic reaction and/or whenever epinephrine is administered throughout the school day, during before- and after-school programs, and/or at all school-sponsored activities shall be reported to the school nurse or designee. The school nurse or designee shall be responsible to notify emergency responders, the Principal or designee, the school physician, and the Superintendent of Schools. The Superintendent shall inform the Board of Education after every incident including a life-threatening allergic reaction or whenever epinephrine is administered by the school nurse or designee. In addition, in accordance with the provisions of N.J.S.A. 18A:40-12.5.e.(3), the school nurse or designee shall arrange for the transportation of a student to the hospital emergency room by emergency services personnel after the administration of epinephrine, even if the student's symptoms appear to have resolved.

There will be occasions where food and/or beverages will be served as part of a classroom experience, field trip, and/or celebration. Because the ingredients of these food and beverage products may be unknown to the food preparation person and/or server, a student with anaphylaxis to food should not consume any food products that he/she is unsure of the ingredients. The teacher will provide, whenever possible, advance notice of the classroom experience, field trip, or celebration in order for the student to bring a food or beverage product from their home so they may participate in the activity.

When a parent(s) or legal guardian(s) informs the Building Principal and the school nurse the student may have an anaphylactic reaction to a substance other than food, the Building Principal will work with school staff to determine if these substances are on school grounds. The Building Principal will inform and work with the parent(s) or legal guardian(s) and the student to avoid the student's exposure to these substances if present on school grounds.

School staff will be appropriately trained by the school nurse or designee to understand the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur. The school nurse or designee will provide appropriate training to school staff to understand allergies to food and other substances, to recognize symptoms of an allergic reaction, and to know the school's general emergency procedures and steps to take should a life-threatening allergic reaction occur. The school nurse will work with appropriate school staff to eliminate or substitute the use of allergens in the allergic student's meals, educational/instructional tools and materials, arts and crafts projects, or incentives.

Policy and Regulation 5331 should be annually reviewed, evaluated, and updated where needed. Policy and Regulation 5331 will be disseminated and communicated to all parent(s) or legal guardian(s) of students in the school in the beginning of each school year and when a student enters the school after the beginning of the school year.

5332 DO NOT RESUSCITATE ORDERS

Federal and State legislation entitles every student to a free, appropriate public education in the least restrictive environment. Due to the high risk of medically fragile students and students with chronic illnesses, who in the past would not have survived to be able to attend school, families, professionals, and school personnel are challenged with new issues in caring for these students in the school setting. Some families may wish not to pursue life-saving medical protocols for their child due to the lack of benefit to the student's condition or quality of life that is likely to result from following these protocols. In accordance with N.J.A.C. 6A:16-2.1(a)3, all Do Not Resuscitate (DNR) orders received for a student will be thoroughly and carefully reviewed.

"Do Not Resuscitate order" or "DNR order" means a written directive signed by the parent or legal guardian of a student who, after consultation with the student's pediatrician and other advisors, declines emergency administration of cardiopulmonary resuscitation (CPR) and automatic external defibrillator (AED) to the student. "Written order" means a directive and protocol written by the student's medical home to address a healthcare need or provide a medical service for a specific student. "Medical home" means a health care provider and that provider's practice site chosen by the student's parent or legal guardian for the provision of health care.

A family desiring to pursue a DNR order must submit a written order, which should be developed after a meeting with the parent(s) or legal guardian(s), the student, if appropriate, the school physician, the school nurse, the student's family healthcare provider, and the local emergency medical services provider. The written order shall include specific written emergency orders and shall specifically meet the goals for the student. Community emergency medical services protocols must be clearly defined in the written order.

The school nurse is responsible for providing an appropriate response to DNR orders. The school nurse will coordinate the school district's review of the written order with the Building Principal or designee, the school physician, and the Superintendent of Schools or designee. The Superintendent of Schools or designee will review the written order with the Board of Education and the school Board Attorney. The school physician shall be responsible for instructing school staff in DNR orders.

The existence of a DNR written order and plan shall be referenced on the student's health form that is approved for use by the Commissioner of Education. A copy of the DNR written order shall be placed with the student's individualized health record and a copy should be kept with the local emergency medical services provider. The DNR written order shall be reviewed whenever a change occurs in the student's condition and at least once every six months.

5335 TREATMENT OF ASTHMA

The Board of Education recognizes the primary goal for children with asthma is to allow the child to live as normal a life as possible. The child should be able to participate in normal childhood activities, experience exercise tolerance similar to peers, and attend school to grow intellectually and develop socially. In accordance with N.J.A.C. 6A:16-2.1(a)5, the Board adopts this Policy that includes procedures for the treatment of asthma in the school setting.

Every school in the district shall have and maintain for the use of students at least one nebulizer in the office of the school nurse or a similar location. Each school nurse in the district shall receive training in airway management and in the use of nebulizers and inhalers consistent with nationally recognized standards including, but not limited to, those of the National Institutes of Health and the American Academy of Allergy, Asthma and Immunology pursuant to N.J.S.A. 18A:40-12.8(a). The school nurse, upon receiving this training, is authorized to administer asthma medication through the use of a nebulizer pursuant to N.J.S.A. 18A:40-12.8(a).

Each student authorized to use self-administered asthma medication pursuant to N.J.S.A. 18A:40-12.3 and Policy 5330 or a nebulizer shall have an Asthma Action Plan (AAP) prepared by the student's medical home and submitted to the certified school nurse. The AAP shall identify, at a minimum, asthma triggers and information to be included in the individualized healthcare plan and individualized emergency healthcare plan, pursuant to N.J.A.C. 6A:16-2.3(b) for meeting the medical needs of the student while attending school or a school-sponsored function.

5338 DIABETES MANAGEMENT

Diabetes is a serious chronic disease and must be managed twenty-four hours a day in order to avoid the potentially life-threatening short-term consequences of blood sugar levels that are either too high or too low and the serious long-term complications of high blood sugar levels. In order to manage their diabetes, students must have access to the means to balance food, medications, and physical activity level while at school and at school-related activities.

The parent or legal guardian of a student with diabetes who seeks diabetes care for the student while at school shall inform the school nurse who shall develop an individualized health care plan and an individualized emergency health care plan for the student. The individualized health care plan and individualized emergency health care plan shall be updated by the school nurse prior to the beginning of each school year and as necessary in the event there is a change in the health status of the student.

5339 SCREENING FOR DYSPLEXIA

In accordance with the provisions of N.J.S.A. 18A:40-5.1 et seq., the Board of Education shall ensure each student enrolled in the school district who has exhibited one or more potential indicators of dyslexia or other reading disabilities is screened for dyslexia and other reading disabilities using a screening instrument selected pursuant to the provisions of N.J.S.A. 18A:40-5.2. This screening shall be administered no later than the student's completion of the first semester of the second grade.

In the event a student enrolls in the district in Kindergarten through grade six and has no record of being previously screened for dyslexia or other reading disabilities, pursuant to N.J.S.A. 18A:40-5.2, the Board shall ensure the newly-enrolled student is screened for dyslexia and other reading disabilities using a screening instrument selected pursuant to N.J.S.A. 18A:40-5.2. This screening shall be administered at the same time other students enrolled in the student's grade are screened for dyslexia and other reading disabilities or, if other students enrolled in the student's grade have previously been screened, within ninety calendar days of the date the student is enrolled in the district. The screenings shall be administered by a teacher or other teaching staff member properly trained in the screening process for dyslexia and other reading disabilities.

For the purposes of this Policy, "dyslexia" means a specific learning disability that is neurobiological in origin. It is characterized by difficulties with accurate and/or fluent word recognition and by poor spelling and decoding abilities. These difficulties typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge.

For the purposes of this Policy, "potential indicators of dyslexia or other reading disabilities" means indicators that include, but shall not be limited to, difficulty in acquiring language skills; inability to comprehend oral or written language; difficulty in rhyming words; difficulty in naming letters, recognizing letters, matching letters to sounds, and blending sounds when speaking and reading words; difficulty recognizing and remembering sight words; consistent transposition of number sequences, letter reversals, inversions, and substitutions; and trouble in replication of content.

In accordance with the provisions of N.J.S.A. 18A:40-5.2(a), the Commissioner of Education shall distribute to each Board of Education information on screening instruments available to identify students who possess one or more potential indicators of dyslexia or other reading disabilities. The Commissioner shall provide information on the screening instruments appropriate for Kindergarten through grade two students and on screening instruments that may be suitably used for older students. The Board shall select and implement age-appropriate screening instruments for the early diagnosis of dyslexia and other reading disabilities.

In accordance with provisions of N.J.S.A. 18A:40-5.2(b), the Commissioner shall also develop and distribute to each Board of Education guidance on appropriate intervention strategies for students diagnosed with dyslexia or other reading disabilities.

In the event a student is determined, through the screening conducted in accordance with N.J.S.A. 18A:40-5.3, to possess one or more potential indicators of dyslexia or other reading disabilities pursuant to the provisions of N.J.S.A. 18A:40-5.1 et seq., the Board shall ensure the student receives a comprehensive assessment for the learning disorder. In the event a diagnosis of dyslexia or other reading disability is confirmed by the comprehensive assessment, the Board shall provide appropriate evidence-based intervention strategies to the student, including intense instruction on phonemic awareness, phonics and fluency, vocabulary, and reading comprehension.

In accordance with the provisions of N.J.S.A. 18A:6-131, general education teachers in grades Kindergarten through three, special education teachers, basic skills teachers, English as a second language teachers, reading specialists, learning disabilities teacher consultants, and speech-language specialists are required to complete at least two hours of professional development each year on the screening, intervention, accommodation, and use of technology for students with reading disabilities, including dyslexia. The Board may make these professional development opportunities available to other instructional or support staff members as the Board deems appropriate. This requirement for professional development in reading disabilities may be part of the twenty hours of annual professional development required by N.J.A.C. 6A:9C et seq. Documentation of teachers' fulfillment of this professional development requirement shall be maintained in the district.

In the event the student is required to obtain medical or psychiatric services, the parent(s) will be required to submit to the Superintendent a written medical clearance from a licensed medical professional, selected by the parent(s) and approved by the Superintendent, indicating the student has received medical services, does not present a risk to themselves or others, and is cleared to return to school. The written medical clearance may be reviewed by a Board of Education healthcare professional before the student is permitted to return to school. The parent(s) shall be required to authorize their healthcare professional(s) to release relevant medical information to the school district's healthcare professional, if requested.

Any school district staff member, volunteer, or intern with reasonable cause to suspect or believe that a student has attempted or completed suicide, shall immediately report the information to the Principal or designee or their immediate supervisor who will immediately report it to the Superintendent or designee. The Superintendent or designee shall promptly report it online to the New Jersey Department of Children and Families, or as otherwise required by the Department of Children and Families in accordance with N.J.S.A. 30:9A-24. In accordance with N.J.S.A. 30:9A-24i, any person who reports an attempted or completed suicide shall have immunity from any civil or criminal liability on account of the report, unless the person has acted in bad faith or with malicious purpose.

In accordance with the provisions of N.J.S.A. 18A:6-111 and 18A:6-112, as part of the required professional development for teachers as outlined in N.J.A.C. 6A:9C-3 et seq., every teaching staff member must complete at least two hours of instruction in suicide prevention, to be provided by a licensed health care professional with training and experience in mental health issues, in each professional development period. The instruction in suicide prevention shall include information on the relationship between the risk of suicide and incidents of harassment, intimidation, and bullying and information on reducing the risk of suicide in students who are members of communities identified as having members at high risk of suicide.

The Superintendent shall prepare and disseminate guidelines to assist school district staff members in recognizing the warning signs of a student who may be contemplating suicide, to respond to a threat or attempted suicide, and to prevent contagion when a student commits suicide.

A. Policy Statement

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s) or adoptive parent(s), legal guardian(s), foster parent(s), or parent surrogate(s) of a student. Where parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided such parental rights have not been terminated by a court of appropriate jurisdiction.

B. Harassment, Intimidation, and Bullying Definition

"Harassment, intimidation, or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;
2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;
3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
 - a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or

- b. Has the effect of insulting or demeaning any student or group of students;
or
- c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

Schools are required to address harassment, intimidation, and bullying occurring off school grounds, when there is a nexus between the harassment, intimidation, and bullying and the school (e.g., the harassment, intimidation, or bullying substantially disrupts or interferes with the orderly operation of the school or the rights of other students).

"Electronic communication" means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.

C. Student Expectations

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents, school employees, school administrators, school volunteers, and community representatives, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects that students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);
2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
3. Student rights; and
4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, students, instructional staff, student support services staff, school administrators, and school volunteers, as well as community organizations, such as faith-based, health and human service, business and law enforcement, in the development of this Policy. Based on locally determined and accepted core ethical values adopted by the Board, pursuant to N.J.A.C. 6A:16-7.1(a)2, the Board must develop guidelines for student conduct pursuant to N.J.A.C. 6A:16-7.1. These guidelines for student conduct will take into consideration the developmental ages of students, the severity of the offenses and students' histories of inappropriate behaviors, and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent must annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. Students are encouraged to support other students who:

1. Walk away from acts of harassment, intimidation, and bullying when they see them;
2. Constructively attempt to stop acts of harassment, intimidation, or bullying;

3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and
4. Report acts of harassment, intimidation, and bullying to the designated school staff member.

D. Consequences and Appropriate Remedial Actions

Consequences and Appropriate Remedial Actions – Students

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of harassment, intimidation, or bullying, consistent with the Code of Student Conduct. The following factors, at a minimum, shall be given full consideration by school administrators in the implementation of appropriate consequences and remedial measures for each act of harassment, intimidation, or bullying by students. Appropriate consequences and remedial actions are those that are graded according to the severity of the offense(s), consider the developmental ages of the student offenders and students' histories of inappropriate behaviors, per the Code of Student Conduct and N.J.A.C. 6A:16-7.

Factors for Determining Consequences – Student Considerations

1. Age, developmental and maturity levels of the parties involved and their relationship to the school district;

All Board members, school employees, and volunteers and contracted service providers who have contact with students are required to verbally report alleged violations of this Policy to the Principal or the Principal's designee on the same day when the individual witnessed or received reliable information regarding any such incident. All Board members, school employees, and volunteers and contracted service providers who have contact with students, also shall submit a report in writing to the Principal within two school days of the verbal report. The Principal will inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Students, parents, and visitors are encouraged to report alleged violations of this Policy to the Principal on the same day when the individual witnessed or received reliable information regarding any such incident. Students, parents, and visitors may report an act of harassment, intimidation, or bullying anonymously. Formal action for violations of the Code of Student Conduct may not be taken solely on the basis of an anonymous report.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

In accordance with the provisions of N.J.S.A. 18A:37-18, the harassment, intimidation, and bullying law does not prevent a victim from seeking redress under any other available law, either civil or criminal, nor does it create or alter any tort liability.

The district may consider every mechanism available to simplify reporting, including standard reporting forms and/or web-based reporting mechanisms. For anonymous reporting, the district may consider locked boxes located in areas of a school where reports can be submitted without fear of being observed.

A school administrator who receives a report of harassment, intimidation, and bullying from a district employee, and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.

5516 USE OF ELECTRONIC COMMUNICATION AND RECORDING DEVICES (ECRD)

The Board of Education believes students and/or school staff members should not be subject to having a video or audio recording taken of any student(s) or school staff member(s) for any purpose without the consent of the student, the student's parent, and/or the school staff member. In addition to protecting the privacy rights of students and school staff members, the Board recognizes such recordings can be disruptive to the educational program. In addition, inappropriate recordings of educational material, student assessment instruments, and/or student assessment reviews can be used to compromise the integrity of the district's educational program or lead to academic dishonesty in the event such recordings are stored and/or transmitted to other students. Therefore, the Board of Education adopts this Policy regarding student use of electronic communication and recording devices.

"Electronic communication and recording device (ECRD)" includes any device with the capability to audio or video record or is capable of receiving or transmitting any type of communication between persons. An ECRD includes, but is not limited to, cameras, cellular and wireless telephones, pagers/beepers, laptop computers, electronic readers, personal digital assistants (PDAs), two-way radios, portable fax machines, video broadcasting devices, and any other device that allows a person to record and/or transmit, on either a real time or delayed basis, sound, video, or still images, text, or other information.

A student is not permitted to have turned on or use an ECRD on school grounds during the school day or when the student is participating in a curricular or school-sponsored co-curricular activity. A student's personal ECRD may only be used on school grounds in an emergency situation or before and after the school day or with the permission of a school staff member supervising the student in a curricular or school-sponsored co-curricular activity. A sixth, seventh, or eighth grade student may use their personal ECRD during lunch time when off school grounds. Any audio and/or video recording by a student using their personal ECRD with permission of a school staff member while participating in a curricular or school-sponsored activity where other students or staff members are present shall require the permission for such recording from any other student and their parent and/or staff members whose voice or image is to be recorded. This Policy is not intended to prohibit appropriate use of electronic devices for authorized or approved official curricular or school-sponsored co-curricular activities such as yearbook photographs, staff member/teacher-directed and approved activities, classroom presentations, athletic events, and drama production filming. A student authorized or approved to use an ECRD may not use an ECRD to access internet sites or view information or internet-based material that is inappropriate or would be blocked from student access by the school district's acceptable use of computers and networks policy. Nothing in this Policy is intended to prevent a student from using their personal ECRD and recording school-sponsored co-curricular activities as a non-participant when the activity is open to the general public.

Use of Electronic Communication and Recording Devices (ECRD)

For the purposes of this policy, “school grounds” means and includes land, portions of land, structures, buildings, and structures that support these buildings, including, but not limited to, administrative buildings, kitchens, maintenance shops, and garages. “School grounds” also includes other facilities as defined in N.J.A.C. 6A:26-1.2, playgrounds, and other recreational places owned by the local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

An ECRD used in violation of this Policy will be confiscated by a school staff member or Principal or designee and the student will be subject to appropriate disciplinary action.

5516.01 STUDENT TRACKING DEVICES

The Board of Education recognizes students may have in their possession while in school, at a school-sponsored activity, or on a school bus an electronic tracking device that uses a global positioning system (GPS) or any other similar system. A tracking unit is a device, normally carried by a moving vehicle or person, that uses a GPS or similar system to determine and track its precise location, and hence that of its carrier, at intervals. The recorded location data can be stored within the tracking unit or it may be transmitted to another location, including, but not limited to, a central location database or an Internet-connected computer, using a cellular, radio, or satellite modem embedded in the unit. This allows the tracking unit's location to be displayed against a map backdrop either in real time or when analyzing the tracking path later, using tracking software. A tracking unit may be a device designed just for tracking or may be an application installed on any other electronic device.

A tracking unit may also have the ability to transmit in real time or through taping electronic communications to another location. These electronic communications may be one-way or two-way audio or video communications between the student and a person with a device at another location or an audio and/or video feature that enables a person remote from the student, with or without the permission of the student, to listen-in or have voice communications with the student and/or access video through the unit either in real time or by taping such communications.

The Board of Education permits the use of a tracking unit or an application on an electronic device that can track the location of the student while in school, at a school-sponsored event, or on a school bus. However, to protect the privacy rights of all students and to maintain the school district's legal obligation to maintain confidential student information in accordance with Federal and State law and regulations, the use of a tracking device or an application on an electronic device that enables any type of one-way or two-way audio and/or video communications or taping is not permitted.

A violation of the provisions of this Policy will result in a violation of the Student Code of Conduct Policy and appropriate discipline will be imposed.

5517 STUDENT IDENTIFICATION CARDS

The Board of Education recognizes school building security measures are important for the safety and welfare of all students, staff, parents and community members in school buildings. In recognizing this important responsibility, the Board requires all students to carry school district issued identification cards at all times while in school. A student must present the card to any school staff member upon request. Students who fail to have the card in their possession or to produce it when asked to do so may be disciplined.

The school district issued Identification Card will be issued to all students in grades six, seven and eight and may be presented for:

1. Identification at school district activities on school district property other than the school attended by the student;
2. Admission to school dances and other school-related activities;
3. Identification for library media services to include library book, periodical and other resource check-out;
4. Entrance for Scholastic Aptitude Tests, State Standardized Tests and other testing programs administered on school district property;
5. Identification for transportation services offered by the district including the use of activity and/or late buses;
6. Identification for admission to certain school-related and school district sponsored functions; and
7. Other purposes and activities as determined by the Building Principal.

5519 DATING VIOLENCE AT SCHOOL

The Board of Education believes a safe and civil environment in school is necessary for children to learn. A student who is a victim of dating violence suffers academically and the student's safety at school is jeopardized. Acts or incidents of dating violence at school whether they are verbal, sexual, physical, or emotional will not be tolerated and will be dealt with in accordance with the school's student code of conduct.

All school staff members (administrative staff, instructional staff, support staff, and volunteers) shall take all reasonable measures to prevent acts or incidents of dating violence at school involving a student. All acts or incidents of dating violence at school shall be reported to the Principal or designee in accordance with the provisions outlined in Regulation 5519. A verbal report shall be made to the Principal or designee as soon as possible, but no later than the end of the student's school day when the staff member witnesses or learns of an act or incident of dating violence at school. A written report regarding the act or incident shall be submitted to the Principal or designee by the reporting staff member no later than one day after the act or incident occurred.

School staff members are required to report all acts or incidents of dating violence at school they witness or upon receiving reliable information concerning acts or incidents of dating violence at school. Acts or incidents may include, but are not limited to: those characterized by physical, emotional, verbal, or sexual abuse; digital or electronic acts or incidents of dating violence; and/or patterns of behavior which are threatening or controlling.

The Board of Education, upon the recommendation of the Superintendent of Schools, shall adopt the guidelines and procedures outlined in Regulation 5519 for responding to acts or incidents of dating violence at school. The protocols outlined in Regulation 5519 have been established for any school staff member who witnesses or learns of an act or incident of dating violence at school and for school administrators to work with the victim and the aggressor of an act or incident of dating violence.

Dating violence statements and investigations shall be kept in files separate from student academic and discipline records to prevent the inadvertent disclosure of confidential information. Every act or incident of dating violence at school that is reported shall be documented in an appropriate manner. This should include statements, planning actions, and disciplinary measures as well as counseling and other support resources that are offered and prescribed to the victim or aggressor.

School administrators shall implement discipline and remedial procedures to address acts or incidents of dating violence at school consistent with the school's student code of conduct. The policies and procedures specific to acts or incidents of dating violence at school shall be used to address the act or incident as well as serve as remediation, intervention, education, and prevention for all individuals involved. The responses shall be tiered with consideration given to the seriousness and the number of previous occurrences of acts or incidents in which both the victim and alleged aggressor have been involved.

Consequences may include, but are not limited to: admonishment, temporary removal from the classroom, classroom or administrative detention, in-school suspension, out-of-school suspension, reports to law enforcement, and/or expulsion. Retaliation towards the victim of any act or incident of dating violence shall be considered when administering consequences to the alleged aggressor based on the severity of the act or incident.

Remediation/intervention may include, but is not limited to: parent conferences, student counseling (all students involved in the act or incident), peer support groups, corrective instruction or other relevant learning or service experiences, supportive student interventions (Intervention and Referral Services - I&RS), behavioral management plans, and/or alternative placements.

A pattern of behaviors may be an important sign a student is involved in an unhealthy or abusive dating relationship. The warning signs listed in Regulation 5519 shall educate the school community on the characteristics that a student in an unhealthy or abusive relationship may exhibit. Many of these warning signs make a connection to one student in the relationship asserting control and power over the other. Recognizing one or more signs of teen dating violence plays an important role in preventing, educating, and intervening in acts or incidents of dating violence.

The Board of Education shall make available to students and their families information on safe, appropriate school, family, peer, and community resources available to address dating violence.

The Board of Education shall incorporate age-appropriate dating violence education in grades seven and eight through the health education curriculum in alignment with the New Jersey Core Curriculum Content Standards for Comprehensive Health and Physical Education. The educational program shall include, but is not limited to, a definition of dating violence, recognizing the warning signs of dating violence, and the characteristics of healthy relationships.

Upon written request to the school Principal, a parent/legal guardian of a student less than eighteen years of age shall be permitted, within a reasonable period of time after the request is made, to examine the dating violence education instruction materials developed by the school district.

Notice of Policy and Regulation 5519 shall appear in all district publications that set forth the comprehensive rules, procedures, and standards of conduct for students within the district and in any handbook.

Disorderly students will be disciplined in accordance with law and Board Policy No. 5600; staff members who assist students in disorderly conduct may be subject to disciplinary measures.

The Board directs all staff members to attempt to resolve student conflict and dissent by reason and arbitration. Students who express dissent should be made aware of the lawful procedures available to them for the resolution of their grievances.

The Board of Education recognizes the use of tobacco presents a health hazard that can have serious implications both for the smoker and the nonsmoker and that smoking habits developed by young people may have lifelong harmful consequences.

For the purpose of this Policy, “smoking” means the burning of, inhaling from, exhaling the smoke from, or the possession of a lighted cigar, cigarette, pipe, or any other matter or substance which contains tobacco or any other matter that can be smoked, or the inhaling or exhaling of smoke or vapor from an electronic smoking device pursuant to N.J.S.A. 26:3D-57. For the purpose of this Policy, “electronic smoking device” means an electronic device that can be used to deliver nicotine or other substances to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, cigarillo, pipe, or any cartridge or other component of the device or related product pursuant to N.J.S.A. 2A:170-51.4.

For the purpose of this Policy, “school buildings” and “school grounds” means and includes land, portions of land, structures, buildings, and vehicles, owned, operated or used for the provision of academic or extracurricular programs sponsored by the district or community provider and structures that support these buildings, such as school wastewater treatment facilities, generating facilities, and any other central facilities including, but not limited to, kitchens and maintenance shops. “School buildings” and “school grounds” also include athletic stadiums; swimming pools; any associated structures or related equipment tied to such facilities including, but not limited to, grandstands and night field lights; greenhouses; garages; facilities used for non-instructional or non-educational purposes; and any structure, building, or facility used solely for school administration. “School buildings” and “school grounds” also include other facilities as defined in N.J.A.C. 6A:26-1.2; playgrounds; and other recreational places owned by local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

To the extent the student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the educational process, the student may be immediately removed from the student's educational program and the informal hearing shall be held as soon as practical after the suspension.

In each instance of a long-term suspension, the district shall assure the rights of the student pursuant to N.J.A.C. 6A:16-7.3.

5613 REMOVAL OF STUDENTS FOR ASSAULTS WITH WEAPONS OFFENSES

The Board of Education is committed to providing a safe and secure school environment to all students attending the public schools. To provide this environment, the Board of Education will implement policies and procedures regarding a student who commits an assault, as defined under N.J.S.A. 2C:12-1(a)1, with a weapon, which includes, but is not limited to, items enumerated in N.J.S.A. 2C:39-1(r), except a firearm as defined by N.J.S.A. 2C:39-1(f) and 18 U.S.C. § 921, upon a teacher, administrator, other school Board employee, Board of Education member, or another student on school grounds, pursuant to N.J.S.A. 18A:37-2.2 through 2.5.

A student, other than a student with a disability, who commits an assault as defined above shall be immediately removed from the school's general education program for a period not exceeding one calendar year and placed in an alternative education program according to the requirements of N.J.A.C. 6A:16-9. A student with a disability who commits an assault as defined above shall be immediately removed in accordance with the provisions of N.J.A.C. 6A:14 and applicable Federal regulations and shall receive a placement in accordance with N.J.A.C. 6A:14.

The Principal or designee shall remove the student in accordance with the requirements outlined in N.J.A.C. 6A:16-5.6(d), which includes notifying the appropriate law enforcement agency of a possible violation of the New Jersey Code of Criminal Justice.

If it is found that the removed student did not commit these offense(s), the student shall be immediately returned to the program for which he or she was removed.

If a student, other than a student with a disability, is removed from the general education program pursuant to N.J.A.C. 6A:16-5.6 and this Policy, and a placement in an alternative education program is not available, the general education student shall be provided home or other out-of-school instruction, according to N.J.A.C. 6A:16-10.2, until placement is available.

The Superintendent of Schools biannually shall submit to the Commissioner of Education a report on each incident and the circumstance surrounding the removal of students pursuant to N.J.A.C. 6A:16-5.6 utilizing the Electronic Violence and Vandalism Reporting System, pursuant to N.J.A.C. 6A:16-5.3(e)1.

5615 SUSPECTED GANG ACTIVITY

Students that initiate, advocate, or promote unacceptable activities or conduct, openly or otherwise, and/or threaten the safety or well-being of others, disrupt the school environment and are harmful to the educational process in this school district. This unacceptable conduct, including but not limited to, physical or verbal harassing, intimidating, or bullying conduct; unlawful use of force; threats; violence; or other violations of the school district's student code of conduct by a student or group of students directed toward any school staff member or any other student or group of students anywhere on school grounds, at any school related or sponsored activity, on school buses, at school bus stops, and any other place where students are supervised by school district staff will not be tolerated.

In the event the Principal or designee believes any unacceptable activities or conduct was, or is being committed, for the benefit of, at the direction of, or in association with a group of three or more persons, the school staff will investigate further to determine if the conduct was committed by students representing a "criminal street gang" (hereinafter referred to as a "gang") as defined in N.J.S.A. 2C:33-29.

In accordance with N.J.S.A. 2C:33-29, "criminal street gang" means three or more persons associated in fact. Individuals are associated in fact if: (1) two of the following seven criteria that indicate criminal street gang membership apply: (a) self-proclamation; (b) witness testimony or official statement; (c) written or electronic correspondence; (d) paraphernalia or photographs; (e) tattoos; (f) clothing or colors; (g) any other indicia of street gang activity; and (2) individually or in combination with other members of a criminal street gang, while engaging in gang-related activity, have committed or conspired or attempted to commit, within the preceding five years from the date of the present offense, excluding any period of imprisonment, one or more offenses on separate occasions of robbery, carjacking, aggravated assault, assault, aggravated sexual assault, sexual assault, arson, burglary, kidnapping, extortion, tampering with witnesses and informants or a violation of Chapter 11, Section 3, 4, 5, 6, or 7 of Chapter 35, or Chapter 39 of Title 2C of the New Jersey Statutes.

If it is determined unacceptable activities or conduct was committed by students representing a gang or by students that may be representing a gang, the Principal or designee will assign appropriate disciplinary action and will notify the parent of the victim(s) and the offender(s). The Principal or designee will also inform the Superintendent of Schools and local law enforcement.

To further ensure the safety and well-being of all students in the district and to increase awareness within the school community regarding potential gang activity, students are prohibited from wearing while on school grounds, at any school related or sponsored activity, on school buses, and any other place where students are supervised by school district staff, any type of clothing or accessory that would indicate a student has membership in, or affiliation with, any gang associated with criminal activities pursuant to N.J.S.A. 18A:11-9.

The parent of any student identified as being potentially involved in gang-related activities shall be notified by the Principal or designee. A student identified as being potentially involved in gang-related activities shall be offered appropriate counseling by school district staff.

The Superintendent of Schools, Assistant Superintendent, Principal, or other administrator employed by the school district shall attend a gang education seminar program pursuant to N.J.S.A. 52:17B-4.7 within the first year of initial employment as an administrator in the district. The Superintendent of Schools, Assistant Superintendent, Principal, or other administrator shall be exempt from this requirement if the administrator has successfully completed a gang education seminar conducted by a public school district which is substantially equivalent to the seminar required pursuant to N.J.S.A. 52:17B-4.7. Other school staff members shall be provided in-service training on gangs and gang-related conduct and activities including, but not limited to, recruitment procedures; threats/intimidation; clothing; insignia; hand signs; symbols; graffiti; terminology; or other indicia of gang association.

Information regarding gangs shall be shared by school district staff to local law enforcement officials and the school district's administrative staff members will encourage local law enforcement to share gang-related information with school officials.

Nothing in this Policy shall supersede or negate any existing New Jersey law or Board Policy regarding student discipline and/or the school district's student code of conduct. This Policy shall be made available to school staff, students, and parents.

1. The procedural due process rights set forth in N.J.A.C. 6A:16-7.1(c) 3 and 7.3, and as outlined in Policy and Regulation 5610, subsequent to a long-term suspension pursuant to N.J.A.C. 6A:16-7.3; and

The Board shall continue to provide an appropriate educational program or service in accordance with N.J.A.C. 6A:16-7.4(a)2 until a final determination has been made on the appeal of the Board's action to expel a student.

In accordance with the provisions of N.J.S.A. 18A:37-2a, a student in Kindergarten through grade two shall not be expelled from school, except as provided pursuant to the "Zero Tolerance for Guns Act," N.J.S.A. 18A:37-7 et seq. 5700 STUDENT RIGHTS

The Board of Education recognizes that students possess both the right to a free public education and the rights of citizenship. In granting students the educational opportunities to which they are entitled, the Board shall provide them with the nurture, counsel, and custodial care appropriate to students' ages and maturity. At the same time, the Board will respect the right of each student to equal treatment and equal access to the educational program, the due process of law, freedom of expression and association, and the privacy of his/her own thoughts.

Attendant on the rights guaranteed to each student are certain responsibilities, which include respect for the rights of others, obedience to properly constituted school authority, and compliance with the policies and regulations of this district.

As students differ in age and maturity, so they differ in the ability to assume both the rights and the concomitant responsibilities of citizenship. Accordingly, the exercise of each right will be granted with due regard for the degree of responsibility possessed by the student and the student's need for continuing guidance and control.

5701 PLAGIARISM

- A. Students are expected to be honest in all of their academic work. This means that they will not engage in any of the following acts:
1. Cheating on examinations, including but not limited to, the non-authorized use of books or notes, the use of crib sheets, copying from other students' papers, exchanging information with other students orally, in writing, or by signals, obtaining copies of the examination illegally and other similar activities.
 2. Plagiarism is not permitted in term papers, themes, essays, reports, images, take-home examinations, and other academic work. Plagiarism is defined as stealing or use without acknowledgment of the ideas, words, formulas, textual materials, on line services, computer programs, etc. of another person, or in any way presenting the work of another person as one's own.
 3. Falsifications, including forging signatures, altering answers after they have been graded, the insertion of answers after the fact, the erasure of grader's markings, and other acts that allow for falsely taking credit.
- B. A student found guilty of academic dishonesty may be subjected to a full range of penalties including, but not limited to, reprimand and loss of credit for all of the work that is plagiarized.
- C. A teacher who believes that a student has been academically dishonest in his/her class should resolve the matter in the following manner:
1. Reprimand the student orally and/or in writing. The teacher is also authorized to withhold credit in the work tainted by the academic dishonesty.
 2. If warranted, the teacher shall file a written complaint against the student with the Principal, requesting a more stringent form of discipline. The complaint must describe in detail the academic dishonesty that is alleged to have taken place, and must request that the matter be reviewed by the Principal.
 3. The Principal will determine if further discipline of the student is appropriate, and will determine the nature of the discipline on a case-by-case basis.
 4. If the student is not in agreement with the disciplinary action of the teacher, he/she may appeal the action to the Principal. If the student is dissatisfied with the Principal's disposition of the case, he/she may grieve the action in accordance with Policy No. 5710, Student Grievance.

Adopted: 19 June 2018

5710 STUDENT GRIEVANCE

The Board of Education believes that students are citizens who possess the right to request redress of grievances and that students should be encouraged to respect lawful procedures for the resolution of disputes. Accordingly, the Board will establish and observe procedures by which the grievances of students will be heard.

For the purposes of this policy, a student grievance means any complaint that arises out of the acts or policies of this Board or the acts of its employees.

A student grievance will be heard in the following manner:

1. A student should first make the grievance known to the staff member most closely involved or with a guidance counselor and both shall attempt to resolve the matter informally and directly;
2. A grievance not resolved at the first step must be reduced to a written statement in which the student sets forth the specific nature of the grievance, the facts that gave rise to it, the relief sought, and the reasons why that relief is appropriate;
3. The written grievance may be submitted to the Building Principal, the Superintendent, and the Board of Education, in that order and within a suitable period of time to be allowed at each level for the hearing of the grievance and the preparation of a response;
4. At each step beyond the first, the school authority hearing the grievance may summon the parent(s) or legal guardian(s) of a grievant who is not an adult. The grievant may summon the assistance of his/her parent(s) or legal guardian(s) at any step;
5. A student grievance that proceeds to the Board will be determined promptly and the Board will issue a decision in no more than ten calendar days. The student will be informed of the right to appeal a decision of the Board to the Commissioner of Education.

The Superintendent shall direct all staff members to respect the right of students to seek redress of grievances by lawful procedures without fear of reprisal.

5750 EQUAL EDUCATIONAL OPPORTUNITY

The Board of Education directs that all students enrolled in the schools of this district shall be afforded equal educational opportunities in strict accordance with law. No student shall be denied access to or benefit from any educational program or activity or from a co-curricular or athletic activity on the basis of the student's race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability. The Board shall assure that all students are free from harassment, sexual or otherwise.

The Board directs the Superintendent to allocate faculty, administrators, support staff members, curriculum materials, and instructional equipment supplies among and between the schools and classes of this district in a manner that ensures equivalency of educational opportunity throughout this district. The school district's curricula in the following areas will eliminate discrimination, promote mutual acceptance and respect among students, and enable students to interact effectively with others, regardless of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability:

1. School climate/learning environment;
2. Courses of study, including Physical Education;
3. Instructional materials and strategies;
4. Library materials;
5. Software and audio-visual materials;
6. Guidance and counseling;
7. Extra-curricular programs and activities;
8. Testing and other assessments.

The school district's curricula will include Multi-cultural Education content and practices, instruction on African-American History in the teaching of U.S. History and instruction on the Holocaust and other acts of genocide.

Affirmative action shall be taken to ensure that students are protected from the effects of discrimination, in accordance with Policy 2260. Students who experience less than equal educational opportunities or experience discrimination shall use the procedure established by Regulation 5750 to report and appeal any harassment or discriminatory practice.

The conduct of teaching staff members shall exemplify the highest principles of equality and democracy. Conduct and attitudes that display discrimination are contrary to the policies of this Board and, further, are destructive to the self esteem that this Board wishes to encourage in all students. A teaching staff member's act of derision or enmity, in any form, against a person or persons on the basis of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability shall be considered to be conduct unbecoming to a professional staff member of this district and shall be subject to appropriate discipline.

The Superintendent shall develop and promulgate a procedure by which a student or parent may appeal Board policy, district practice, or the act or omission of any district employee that allegedly violates this policy.

5751 SEXUAL HARASSMENT

The Board of Education will not tolerate sexual harassment of students by school employees, other students, or third parties. Sexual harassment of students is a form of prohibited sex discrimination. School district staff will investigate and resolve allegations of sexual harassment of students engaged in by school employees, other students (peers), or third parties.

The Board shall establish a grievance procedure through which school district staff and/or students can report alleged sexual discrimination, including sexual harassment which may include quid pro quo harassment and hostile environment.

Definitions:

1. Quid pro quo harassment occurs when a school employee explicitly or implicitly conditions a student's participation in an educational program or activity or bases an educational decision on the student's submission to unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid Pro Quo Harassment is equally unlawful whether the student resists and suffers the threatened harm or submits and thus avoids the threatened harm.
2. Hostile environment sexual harassment is sexually harassing conduct (which can include unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another student, or by a third party that is sufficiently severe, persistent, or pervasive to limit a student's ability to participate in or benefit from an educational program or activity, or to create a hostile or abusive educational environment.

This Policy protects any "person" from sex discrimination; accordingly both male and female students are protected from sexual harassment engaged in by school district employees, other students, or third parties. Sexual harassment, regardless of the gender of the harasser, even if the harasser and the student being harassed are members of the same gender is prohibited. Harassing conduct of a sexual nature directed toward any student, regardless of the student's sexual orientation, may create a sexually hostile environment and therefore constitute sexual harassment. Nonsexual touching or other nonsexual conduct does not constitute sexual harassment.

The regulation and grievance procedure shall provide a mechanism for discovering sexual harassment as early as possible and for effectively correcting problems.

The Superintendent, or designee, will take steps to avoid any further sexual harassment and to prevent any retaliation against the student who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The school district staff can learn of sexual harassment through notice and any other means such as from a witness to an incident, an anonymous letter or telephone call.

This policy and regulation on sexual harassment of students shall be published and distributed to students and employees to ensure all students and employees understand the nature of sexual harassment and that the Board will not tolerate it. The Board shall provide training for all staff and age-appropriate classroom information for students to ensure the staff and the students understand what type of conduct can cause sexual harassment and that the staff know the school district policy and regulation on how to respond.

In cases of alleged harassment, the protections of the First Amendment must be considered if issues of speech or expression are involved. Free speech rights apply in the classroom and in all other programs in the public schools. The Superintendent, or designee, will formulate, interpret, and apply the policy so as to protect free speech rights of staff, students and third parties.

In addition, if the Board accepts Federal funds, the Board shall be bound by Title IX of the Education Amendments of 1972 prohibiting sexual harassment of students. Title IX applies to all public school districts that receive Federal funds and protects students in connection with all the academic, educational, extra-curricular, athletic, and other programs of the school district, whether they take place in the school facilities, on the school bus, at a class or training program sponsored by the school in a school building or at another location.

5752 MARITAL STATUS AND PREGNANCY

The Board of Education will not discriminate among students on the basis of their marital status or parenthood. No student, male or female, who is married or a parent shall be denied access to or benefit from any educational, co-curricular, or athletic program or activity on the basis of his/her marital status or parenthood.

A pregnant student shall not be excluded from any educational program or activity because of her pregnancy or pregnancy-related condition unless the student so requests or a physician certifies that her exclusion is necessary for the student's physical, mental, or emotional well-being. An excluded pregnant student will be provided with adequate and timely opportunity for instruction to continue or make up her schoolwork without prejudice or penalty. Pregnant students will be provided a special instructional program in accordance with Policy No. 2416.

5755 EQUITY IN EDUCATIONAL PROGRAMS AND SERVICES

Equity In Student Access

It is the policy of the Board of Education to ensure equal and bias-free access to all school facilities, courses, programs, activities, and services, regardless of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability.

The school district administration will ensure: that all students will have equal and barrier-free access to all school and classroom facilities, that minority and female students are not under-represented in gifted and talented or accelerated/advanced courses and that minority and male students are not over-represented in detentions, suspensions, expulsions, dropouts, or special needs classifications. Support services will be available to all students and that all limited English-proficient students and students with disabilities will have equal and bias-free access to all school programs and activities. The school district will ensure equal and bias-free access for all students to computers, computer classes, vocational education classes, and technologically-advanced instructional assistance, regardless of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability.

The Board of Education will refrain from locating new facilities in areas that will contribute to imbalanced, isolated, or racially identifiable school enrollments. The school district administration will assign students to ensure that the racial/national origin composition of each school's enrollment reflects the composition of the districtwide enrollment and so that school and classroom enrollments are not identifiable on the basis of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability.

Students will not be separated or isolated by race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation, gender, gender identity or expression, socioeconomic status, or disability within schools, courses, classes, programs, or extracurricular activities. Bias-free multiple measures for determining the special needs of language-minority students and students with disabilities will be utilized. Pregnant students will be permitted to remain in the regular school program and activities and if not permitted to attend school by her doctor, the student will be provided equivalent instruction.

Equity in Guidance Programs and Support Services

The school district will ensure the guidance program and support services provide access to adequate and appropriate counseling services for all students, including, but not limited to, minority students, limited English-proficient students, non-college bound students, and students with disabilities. A full range of possible career, professional, and/or vocational choices will be presented to all students.

Equity in Physical Education Training

All school district physical education programs will be co-educational with any exceptions to be in accordance with Federal and State laws and regulations.

Equity in Athletic Programs

The school district's athletic program will provide equitable opportunities for female and male students to participate in athletics and equitable support for cheerleading programs and comparable facilities for male and female teams. The athletic program will have relatively equal numbers of varsity and sub-varsity teams for male and female teams and equitable scheduling of night games, practice times, and numbers of games for male and female teams.

Appeal Procedure

Any student or their parent may appeal school practices involving equity through the procedure established in Regulation 5750.

Title IX of the Education Amendments of 1972

N.J.A.C. 6A:7-1.1 et seq.

Adopted: 19 June 2018

5756 TRANSGENDER STUDENTS

The Board of Education is committed to provide a safe, supportive, and inclusive learning environment for all students. In furthering this goal, the Board adopts this Policy to ensure all students, including transgender students, have equal educational opportunities and equal access to the school district's educational programs and activities. The Board of Education, administration, and all school staff members will comply with Federal and State laws and regulations regarding transgender students and no student shall be subjected to discrimination on the basis of gender identity or expression.

For the purposes of this Policy:

1. "Gender expression" refers to the way a student represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice, or mannerisms.
2. "Gender identity" means a student's deeply held sense or psychological knowledge of their own gender, regardless of the gender they were assigned at birth.
3. "Gender identity or expression" also means having or being perceived as having a gender-related identity or expression whether or not stereotypically associated with a person's assigned sex at birth.
4. "Gender nonconforming" describes a student whose gender expression differs from stereotypical expectations, such as "feminine" boys, "masculine" girls, and those who are perceived as androgynous.
5. "Transgender" describes students whose gender identity is different from their gender assigned at birth.

The Board of Education believes the responsibility for determining a student's gender identity rests with the student or, in the case of young students not yet able to advocate for themselves, with the parent. Therefore, the Board will accept a student's assertion of his or her gender identity when there is consistent and uniform assertion of the gender identity, or any other evidence that the gender identity is sincerely held as a part of the student's core identity. The Board of Education will not question or disregard the assertion of a student's gender identity. However, the Board authorizes the Superintendent or designee to question a student's asserted gender identity when there is a credible basis for believing the student's gender identity is being asserted for some improper purpose.

Confirmation of a student's asserted gender identity must include a letter from a parent to the Superintendent of Schools indicating the student is gender non-conforming. In the event the parent does not consent to the student's gender identity, the Superintendent or designee will meet with the parent and the student to determine how the student's gender identity shall be addressed by the school district.

The Board recognizes school-related issues regarding transgender students will vary on a case-by-case basis. Therefore, the Superintendent of Schools or designee will meet with the parent and student to discuss school-related issues such as the name and pronoun to be used by district staff in referring to the student, the gender identification to be used on the student's records, district staff members that should be informed of the student's access and use of restrooms, locker rooms, changing facilities, physical education classes, intramural programs, interscholastic athletic programs, and other gender issues affecting the transgender student and his/her attendance at school and participation in school programs. The school district will take reasonable measures to accommodate the needs of transgender students in accordance with Federal and State laws and regulations.

In the event a student no longer identifies with a previously asserted gender other than their gender at birth, a parent of the student must submit a letter to the Superintendent of Schools indicating the student is no longer gender nonconforming. The Superintendent or designee will meet with the parent and the student to discuss the transition of the student from gender nonconforming to gender conforming. In the event the parent does not consent to the student's assertion the student is no longer gender nonconforming, the Superintendent or designee will meet with the parent and the student to determine how the student's gender identity should be addressed by the school district.

The school district and school staff members will ensure the privacy of any student's transgender status and will not disclose or acknowledge a student's transgender status unless required to in accordance with any Federal law, State statute, administrative code, or if the parent and student have authorized such disclosure.

Title IX, 20 U.S.C. Section 1681

Adopted: 19 June 2018

5770 STUDENT RIGHT OF PRIVACY

The Board of Education recognizes that a student's right of privacy may not be violated by unreasonable search and seizure and directs that no student be searched without reason or in an unreasonable manner.

Teaching staff members are charged with the responsibility of maintaining order and discipline in the schools and of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, a teaching staff member may search or request the search of the person or property of a student as authorized by this policy, with or without the student's consent, whenever he/she has reasonable grounds to suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction, the student's age, and the student's disciplinary history. Except in exigent circumstances, an intrusive search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender.

The Board acknowledges the need for the in-school storage of students' possessions and shall provide storage places, including desks and lockers, for that purpose. Where locks are provided for such storage places, students may lock them against incursion by other students. In no storage place provided by the Board shall students have such an expectation of privacy as to prevent examination by a school official. Students shall be notified in writing at the beginning of each school year that inspections of their lockers, desks, and other storage facilities on school district property may be conducted. The school Principal or designee is directed to conduct, without further notice, the regular inspection of such facilities provided to students for the storage of property.

Except as required by exigent circumstances, a request for the search of a student or a student's private possessions will be directed to the Building Principal or designee who shall, whenever feasible, first request the freely offered consent of the student to the inspection.

Whenever possible, a search will be conducted by the Principal in the presence of the student, the student's parent(s) or legal guardian(s) or a representative of the parent(s) or legal guardian(s), and a teaching staff member other than the Principal. Under no circumstances shall any student be subjected to a strip search or a body cavity search.

A search prompted by the reasonable belief that the circumstances are exigent and pose an immediate threat, will be conducted by any teaching staff member with as much speed and dispatch as may be required to protect persons and property.

The Principal shall conduct a student search on the request of a law enforcement officer only on presentation of a duly authorized search warrant or on the voluntary and knowing consent of the student or when the Principal has independent grounds to suspect the presence of an incriminating object.

The Principal shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of the informant, if any; the persons present when the search was conducted; any substances or objects found; and the disposition made of them. The Principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

5820 STUDENT GOVERNMENT

The Board of Education recognizes the importance of offering students the opportunity to participate in representative self-government and to develop leadership skills. Students shall have the right to organize, conduct meetings, elect officers and representatives, and petition the Board of Education.

The Board recognizes the student council as the official voice of the student body for students in grades five through eight, provided the constitution and bylaws of that organization have been duly approved by the students it represents and by the Board and provided that all students have equal access to their student government and an equal opportunity to vote and hold office.

The Board shall appoint a qualified teaching staff member to serve as advisor to student government activities.

The Board directs that decisions made and actions duly taken by the official student government, in accordance with and within the scope of its constitution and bylaws, may not be voided or vetoed by any staff member.

Adopted: 19 June 2018

5830 STUDENT FUND RAISING

The Haworth Board of Education recognizes the value of having students participate in fund-raising activities, both as individuals and as groups, in order to help defray the cost of certain non-curricular field trips, or other worthwhile programs, or in support of a Board-approved charitable cause.

For purposes of this Policy, "student fund raising" shall include the solicitation and collection of money from students for any purpose and shall include the collection of money in exchange for tickets, papers or any other goods or services except those goods and services which are part of a Board-approved program of the schools.

Parental permission is required for students to participate in fund-raising activities. Fund-raising activities shall not compromise the integrity of the instructional program.

The Board prohibits the collection of money in school or on school property or at any school-sponsored event by a student for personal benefit. Collection of money by school organizations approved by the Board shall be approved by the Superintendent or designee. Collections by organizations outside the schools or by students on behalf of such organizations shall be approved by the Superintendent or designee.

The Board shall not be responsible for the protection of or the accounting of funds collected from students by organizations outside the schools, by teaching staff members when not required to collect money for a Board-approved purpose, and by school-connected organizations. Funds raised by school-sponsored activities shall be deposited in the proper district accounts.

The Board prohibits fundraising activities by school-sponsored groups or outside organizations that encourage or require door-to-door solicitation.

Adopted: 19 June 2018

5841 SECRET SOCIETIES

The Board of Education affirms the legislative prohibition of student organizations with closed membership practices as hostile to the democratic ideals of public education.

No social organization of students will be granted the use of school facilities or permitted the use of the name of the school or this school district unless that organization has first been approved by the Principal. The application for such approval will set forth the purposes, constitution, and bylaws of the organization; its membership qualifications; and the process by which a person becomes a member.

No organization will be approved if its purposes conflict with the authority and goals of this Board or the best interests of the students of this district; if membership is drawn from outside the currently enrolled student body; if membership qualifications are based on considerations of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, disability or political beliefs, or any other consideration not appropriate to the purpose of the organization; or if any qualifying student who applies may be denied membership.

Nothing in this policy shall prevent or otherwise deny participation in constitutionally protected prayer consistent with protections of the First Amendment of the United States Constitution.

A student who seeks to form or is a member of a fraternity, sorority, or other secret organization formed in whole or in part of students enrolled in this district may be disciplined by this Board. The Board reserves the right to require that any student attest as to his/her membership in a secret organization.

5842 EQUAL ACCESS OF STUDENT ORGANIZATIONS

The Board of Education will permit the use of school facilities by student-initiated organizations for non-curricular student activities. A student-initiated organization, regardless of the size of the group, will not be denied an opportunity to meet and use school facilities on the basis of the religious, political, philosophical, or other content of the speech at their meeting.

An application for permission to meet on school premises shall be made to the Principal, who shall grant permission provided that he/she determines that:

1. The activity has been initiated by students;
2. Attendance at the meeting is voluntary;
3. No agent or employee of the district will promote, lead, or participate in the meeting;
4. The meeting is for a lawful purpose;
5. The meeting does not materially and substantially interfere with the orderly conduct of instructional activities in the school;
6. Nonschool persons do not direct, conduct, control, or regularly attend the activity; and
7. The activity is adequately supervised by appropriately certified school district staff.

A student-initiated group granted permission to meet on school premises shall be subject to the same rules and regulations that govern the meetings of student organizations sponsored by this Board, except as provided by this policy. Participation in a student-initiated meeting must be available to all students who wish to attend and cannot be denied on the basis of a student's race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability. The Board will not permit the organization of a fraternity, sorority, or secret society. A student-initiated meeting may be attended by no more than two outside resource person(s).

Access to school facilities by student organizations will be provided within the governing principles of the First Amendment of the Constitution of the United States.

An appropriately certified staff member shall be assigned to attend a student-initiated meeting in a custodial capacity and shall not participate in the activity while serving in this custodial capacity. No teaching staff member shall be compelled to attend a student-initiated meeting if the content of the speech at the meeting is contrary to his/her beliefs.

The Building Principal may take such actions as may be necessary to maintain order and discipline on school premises and to protect the safety and well-being of students and staff members.

5843 AFTERCARE PROGRAM

The Board of Education recognizes the needs of children who lack adult supervision outside the school day and directs the Superintendent to establish and implement an Aftercare Program for the care of such children in grades Kindergarten through eight.

The Board will provide suitable district facilities, staff, and supplies for the conduct of an Aftercare Program at the close of each school day.

The program will be under the direct supervision of a certified teaching staff member employed by this district, who may be assisted by aides. Participating children will be offered constructive activities and proper supervision. No instruction will be offered; the Aftercare Program is not an extension of the school day and is not intended to serve the purpose of enrichment or remedial education.

The Aftercare Program is open to students enrolled in this school district.

In order to defray the costs of the Aftercare Program, such as additional salaries, supplies, facility operation, and additional insurance coverage, a fee will be charged for each child's participation in the Aftercare Program, payable in advance. The Board will approve the fee.

The Board will not transport students to or from school to enable their participation in the Aftercare Program. Transportation must be furnished by the parent(s) or legal guardian(s), or a responsible person appointed by the parent(s) or legal guardian(s). The Board may remove from the program a student whose parent(s) or legal guardian(s) persistently disregards his/her responsibility to pick the child up promptly.

Students who participate in the Aftercare Program are subject to the rules and regulations of this district and may be disciplined for infractions of those rules. A student's chronic misbehavior may result in the student's removal from the program.

Adopted: 19 June 2018

5850 SOCIAL EVENTS AND CLASS TRIPS

The Board of Education recognizes the value of social events and class trips that will enhance and enrich the school experience for the students of this district.

For purposes of this policy, a "social event" is a party, celebration, or dance organized for the participation of students, and "class trips" are trips taken by students in a single graduating class, students who share a particular interest in an activity, or students who are enrolled in a particular subject area. Social events and class trips are not related or are only indirectly related to the curriculum.

The Board will make school facilities available and assign staff members as appropriate for the conduct of social events on school premises that have been approved by the Principal and for social events and class trips away from school premises that have been approved by the Principal. A social event or class trip may be considered to have been approved by this Board only when the Board has duly assigned one or more chaperones to supervise participating students. The Board will assume no responsibility for a student social event or trip that has not been approved in accordance with this policy.

The Board will not approve a social event or class trip that has the effect of reducing the school year for participating students to fewer than one hundred eighty days.

The Board reserves the right to cancel any scheduled trip.

Social events or class trips are not part of the thorough and efficient system of education provided by the Board. Participation in them is therefore not a right and may be denied to any student without the due process of notice and an opportunity to be heard. A student who demonstrates disregard for school rules may summarily be denied participation in social events and class trips.

Students who participate in approved social events and class trips are subject to district rules for student conduct and must submit to the authority of assigned chaperones. Infractions of the rules will be subject to discipline in the same manner as are infractions of rules during the regular school program.

A student who possesses or consumes alcohol or drugs in the course of an approved social event or class trip will be deemed to have placed all other participating students at risk and shall be immediately dismissed from the event or trip. Any such student will be returned home by appropriate and safe means of transportation in the company of a chaperone, the student's

parent(s) or legal guardian(s), or a representative of the student's parent(s) or legal guardian(s). Any expenses incurred by the dismissal will be the responsibility of the student and/or the student's parent(s) or legal guardian(s).

The Superintendent will develop regulations governing the conduct and safety of all participants in social events and class trips and will distribute them to student and adult participants.

Adopted: 19 June 2018

5880 PUBLIC PERFORMANCES BY STUDENTS

The Board of Education recognizes the value to students and to the community of the demonstration of student talents and skills in performances of student organizations in public events. The Board endorses such performances when they contribute to the instructional program, do not interfere with scheduled school activities, and do not exploit or endanger participating students.

Public performances of student organizations must be approved in advance by the Principal. The members of a student organization invited to perform shall be polled for their willingness to perform. No student may be compelled to participate in an elective public performance or penalized for his/her failure to participate. Approval for a public performance will not be granted unless the staff advisor determines that the number of students who agree to participate is sufficient to represent the school fairly.

When public performances are scheduled as a regular part of a course of study taken for credit, students shall be informed in advance of their obligation to participate; they will be excused from participation only in accordance with Board policy on student attendance.

No student, student organization, or employee of this Board shall receive compensation for the performance in public of students organized for a school activity.

6111 SPECIAL EDUCATION MEDICAID INITIATIVE (SEMI) PROGRAM

Every New Jersey school district, with the exception of any district that obtains a waiver of the requirements of N.J.A.C. 6A:23A-5.3 pursuant to the procedures set forth at N.J.A.C. 6A:23A-5.3(b), shall take appropriate steps to maximize its revenue from the Special Education Medicaid Initiative (SEMI) Program by following policies and procedures to maximize participation in the program as set forth in N.J.A.C. 6A:23A-5.3(d) and to comply with all program requirements as set forth in N.J.A.C. 6A:23A-5.3(e).

The school district may seek, in the prebudget year, a waiver of the requirements of N.J.A.C. 6A:23A-5.3 in accordance with the procedures as outlined in N.J.A.C. 6A:23A-5.3(b). As part of the annual budget information, the Department of Education shall provide each school district with a projection of available SEMI reimbursement for the budget year, as determined by the State Department of Treasury's third party administrator for SEMI.

Beginning with the 2009-2010 school year, the school district shall recognize as revenue in its annual school district budget no less than ninety percent of the projection provided by the Department of Education. The district may seek approval from the Executive County Superintendent to use its own projection of SEMI reimbursement upon demonstration that the numbers it used in calculating the projection are more accurate than the projection provided.

The school district shall strive to achieve maximum participation in the SEMI program. "Maximum participation" means obtaining a ninety percent return rate of parental consent forms for all SEMI eligible students. Districts shall enter all students following their evaluations into the third-party system to identify the district's universe of eligible students. This can be done without parental consent.

Districts participating in the SEMI reimbursement program shall comply with program requirements as outlined in N.J.A.C. 6A:23A-5.3(e).

A school district that has less than ninety percent participation of SEMI eligible students in the prebudget year or that has failed to comply with all program requirements set forth in N.J.A.C. 6A:23A-5.3(e) shall submit a SEMI action plan to the Executive County Superintendent for review and approval as part of the school district's proposed budget submission. The district's SEMI action plan shall include the components as outlined in N.J.A.C. 6A:23A-5.3(g).

Special Education Medicaid Initiative (SEMI) Program

Districts that did not achieve ninety percent participation or achieve their approved benchmarks in the SEMI program for a given budget year and cannot demonstrate that they fully implemented their Department of Education approved SEMI action plan, shall be subject to review for the withholding of State aid by the Commissioner pursuant to N.J.S.A. 18A:55-3 in an amount equal to the SEMI revenue projection based on their approved benchmark for the budget year, if applicable, less actual SEMI reimbursements for the budget year. The State aid deduction shall be made in the second subsequent year after the budget year.

Adopted: 19 June 2018

6112 REIMBURSEMENT OF FEDERAL AND OTHER GRANT EXPENDITURES

The Cash Management Improvement Act (CMIA) and related Federal regulations require a State to minimize the time elapsing between the transfer of funds from the United States Treasury and the expenditure of funds for program purposes. This requirement applies to grantees such as the State of New Jersey and their subgrantees, such as a school district. The State of New Jersey and school districts must assure funds have been, or will be, spent within a minimal amount of time after having been drawn from the Federal government.

In accordance with this requirement, the New Jersey Department of Education (NJDOE) has implemented a reimbursement request system of payment. The procedures as outlined in the New Jersey Department of Education Policies and Procedures for Reimbursement of Federal and Other Grant Expenditures shall be followed by school districts in submitting reimbursement requests. Reimbursement requests for entitlement grant awards under Titles I, II-A, II-D, III, III Immigrant, IV and V of the No Child Left Behind Act (NCLB), the Individuals with Disabilities Education Act (IDEA), and the Carl D. Perkins Career and Technical Education Improvement Act of 2006 shall be made using the NJDOE's Electronic Web-Enabled Grant (EWEG) System.

Reimbursement requests by the School Business Administrator or designee shall be made for individual titles and awards using the payment functionality of the EWEG system. Reimbursement requests shall be made for individual titles and awards and only one reimbursement request per month may be submitted for an individual title or award. Reimbursement requests may only be for expenditures that have already occurred or will occur by the last calendar day of the month in which the request is made.

The submission of a reimbursement request constitutes a certification by the School Business Administrator that the school district has previously made the appropriate expenditures and/or will make the expenditures by the last calendar day of the month in which the request is made and that the expenditures are allowable and appropriate to the cost objective(s) of the subgrant. Reimbursement requests must be in accordance with approved grant applications.

The Superintendent of Schools or designee is responsible for submitting an amendment application to the NJDOE for approval if a new budget category for which no funds were previously budgeted or approved has been created. The Superintendent of Schools or designee is responsible for submitting an amendment application to the NJDOE for approval if cumulative transfers among expenditure categories exceed ten percent of the total award or \$50,000 for IDEA, Perkins, and NCLB (per title); whichever is less.

A reimbursement request may be submitted at any time after the subgrant has received final NJDOE approval. Reimbursement requests submitted at least ten business days before the end of the month but no later than the fifteenth day of the month will be reviewed and, if approved, processed for payment the first business day of the following month. School districts will normally receive payment by the fifth business day of the month and will be able to track the grant's payment history in EWEG through the payments link of the grant application.

Reimbursement requests must contain a brief description of the expenditures for which reimbursement is being requested. Individual line items need not be detailed. Expenditures must be supported by documentation at the school district level but should not be submitted to the NJDOE with a reimbursement request. The Superintendent of Schools or designee is responsible to maintain supporting documentation for seven years and for making it available to the NJDOE, the United States Department of Education, and/or their authorized representatives upon request. Documentation for salary expenditures is subject to the requirements of the applicable Federal Office of Management and Budget Circular: A-21, "Cost Principles for Educational Institutions;" A-87, "Cost Principles for State, Local, and Indian Tribal Governments;" A-122, "Cost Principles for Non-Profit Organizations;" and Education Department General Administrative Regulations (EDGAR). Documentation for all other expenditures must include evidence that the expenditures are allowable costs and of the relationship of the expenditure to the subgrant's cost objectives.

The NJDOE staff will review reimbursement requests to determine they meet the subgrant's criteria. When a reimbursement request is approved or denied, the school district will receive an email notification through the EWEG system. Approval of a reimbursement request by NJDOE does not imply approval of the expenditures as allowable or appropriate to the subgrant's cost objectives as the approval of expenditures will continue to be processed through the final report. The School Business Administrator or designee assumes responsibility for assuring that all funds requested through the EWEG system either have already been expended, or will be expended according to the requirements of the CMIA.

6141 TAX REVENUES

The Board of Education believes that the interests of district taxpayers as well as the interests of the educational program are best served by the orderly, planned transfer of tax revenues to the school district as such funds are required to pay the debts of the district.

The Board Secretary shall request the Municipal Treasurer to transfer tax revenues in anticipation of district expenditures in accordance with law and as approved by this Board of Education.

6150 TUITION INCOME

The Board of Education will charge and assess tuition for students attending this school district that are not entitled to receive a free public education in this district or from a student's sending district for the student attending this school district as provided for by State statute.

A receiving public school district Board and a sending public school district Board will establish a written contractual agreement for the ensuing school year with a tentative tuition charge multiplied by the estimated average daily enrollment in accordance with N.J.A.C. 6A:23A-17.1(f). The sending district is required in the contractual agreement to pay ten percent of the tentative tuition charge no later than the first of each month from September through June of the contract year. Adjustments will be made in accordance with N.J.A.C. 6A:23A-17.1(f).

The Board will, with the consent of the Board upon such terms, admit nonresident students on a tuition basis pursuant to N.J.S.A. 18A:38-3. The approval shall be for one year at a time and the Board may not approve admission or enrollment of a non-resident student based on the student's attendance and/or discipline; or if the tuition and related costs of the student's enrollment are excessive as determined by the Board.

The Board Secretary shall be responsible for the assessment and collection of tuition.

The Executive County Superintendent in the county in which the receiving district is located should be consulted to mediate disputes that arise from tuition matters as defined in N.J.A.C. 6A:23A-17.1(f)5.

6160 GRANTS FROM PRIVATE SOURCES

The Board of Education encourages the development of proposals to private foundations and other sources of financial aid to subsidize such activities as innovative projects, feasibility studies, long-range planning, and research and development. Any such activity must:

1. Be based on a specific set of project objectives that relate to the established goals of the district;
2. Provide measures for evaluating whether or not project objectives are being achieved; and
3. Conform to applicable State and Federal laws and to Board policies.

All grant proposals must be approved by the Board before being submitted to the funding agency. The Superintendent shall establish regulations for the processing of proposal ideas throughout the district.

6210 FISCAL PLANNING

The Board of Education shall collect and assemble the information necessary to discharge its responsibility for the fiscal management of the school district and to plan for the financial needs of the educational program. The Board will strive toward maintaining both short and long range perspectives of district financial requirements.

Accordingly, the Board directs the School Business Administrator to include cost estimates in all ongoing district studies of the educational program, to prepare a long range year-by-year plan for the maintenance and replacement of facilities and equipment, to forecast an estimated expenditure budget for one year in the future, to maintain a plan of anticipated State and Federal revenues, to meet periodically with the municipal governing board to review planned expenditures and the joint effect of school and community costs on tax rates, and to report to the Board any serious financial forecast that emerges from the district's fiscal planning.

Adopted: 19 June 2018

6220 BUDGET PREPARATION

The annual budget is the financial plan for the effectuation of the educational plan for the district; its preparation is, therefore, one of the most important functions performed by the Board of Education. The budget shall be designed to carry out that plan in a thorough and efficient manner, to maintain school district facilities, and to honor continuing obligations of the district.

A proposed budget requires the critical analysis of every member of the Board during its preparation. The administration shall work with the Board to ensure Board members have a thorough understanding of the budget appropriations, budget revenue, the proposed educational program and the budget's impact to the local tax levy. The Board shall also provide for community input during the budget development process.

The annual school district budget and supporting documentation shall be prepared in accordance with the provisions of N.J.S.A. 18A:7F et seq. and N.J.A.C. 6A:23A-8.1 et seq. The Board will obtain approval of the local funding for a non-referendum capital project (school facility project or other capital project) in accordance with the provisions of N.J.A.C. 6A:23A-8.4.

The Board will submit its proposed budget and supporting documentation as prescribed by the Commissioner to the Executive County Superintendent for approval.

The budget will be presented to the Board of Education to allow adequate time for review and adoption. The budget should evolve primarily from the needs of the individual schools as expressed by the Building Principals and the district educational program as expressed by the central administrative staff and be compatible with approved district plans.

The Board shall include in the budget application to the Executive County Superintendent a complete reporting of revenues and appropriations and other requirements pursuant to N.J.S.A. 18A:22-8 and N.J.S.A. 18A:7F-5 through 63.

The Board, upon submission of its budget application to the Executive County Superintendent or by the statutory submission date, whichever is earlier, shall make available upon request for public inspection all budget and supporting documentation contained in the budget application and all other documents listed in N.J.A.C. 6A:23A-8.1 once the budget application has been submitted to the Executive County Superintendent for approval.

The budget as adopted for the school year pursuant to N.J.S.A. 18A:7F-5 shall be provided for public inspection on the district's Internet site, if one exists, and made available in print in a "user-friendly" plain language budget summary format in accordance with the provisions of N.J.A.C. 6A:23A-8.1(c).

All budgetary and accounting systems used in the school district must be in accordance with double entry bookkeeping and Generally Accepted Accounting Principles as required in N.J.A.C. 6A:23A-16.1 et seq.

6230 BUDGET HEARING

The annual budget adopted by the Board of Education and approved by the Executive County Superintendent represents the Board's position on the allocation of resources required to operate a thorough and efficient system of education. All reasonable means shall be employed by the Board to present and explain that position to residents and taxpayers of the community. A public budget hearing will be conducted in accordance with law. Each member of the Board and each district administrator shall be sufficiently acquainted with the budget and its underlying purposes to answer questions from members of the public.

The approved budget will be made available to the public in the form and at the places required by law. A simplified form of the budget may also be prepared annually and may be sent to each district resident, each parent(s) or legal guardian(s) of a student in public school, and representative of community organizations and distributed to each person attending the annual budget hearing.

The simplified budget may include the expenditure in each major category of current expense, capital items, and debt service; any anticipated change in tax rates; a summary of anticipated receipts; information that voters may use in comparing budget provisions in this school district with those in comparable districts; brief explanations of significant increases and decreases from the preceding budget and important transfers of expenditures from one classification to another; and a letter of transmittal from the Board.

6311 CONTRACTS FOR GOODS OR SERVICES FUNDED BY FEDERAL GRANTS

Any vendor providing goods or services to the school district to be funded by a Federal grant must be cleared for contract in accordance with the provisions of the Federal Acquisition Regulations (FAR) Subpart 9.4 – Debarment, Suspension, and Ineligibility.

The School Business Administrator shall be responsible to check the web-based Excluded Parties Lists System (EPLS) maintained by the General Services Administration (GSA). The purpose of the EPLS is to provide a single comprehensive list of individuals and firms excluded by Federal government agencies from receiving Federal contracts or Federally approved contracts or Federally approved subcontracts and from certain types of Federal financial and nonfinancial assistance and benefits.

The School Business Administrator, upon opening of bids or upon receipt of proposals for goods or services to be funded by a Federal grant shall review the EPLS to determine if the vendor has been disbarred, suspended, or proposed for disbarment. The School Business Administrator shall also review the EPLS list immediately prior to the award of a bid or contract to ensure that no award is made to a vendor on the list.

In the event a vendor under consideration to be awarded a bid or contract for goods or services to be funded by a Federal grant is on the EPLS list or proposed for disbarment, the School Business Administrator shall comply with the contracting restrictions as outlined in FAR Subpart 9.405.

Continuation of current contracts and restrictions on subcontracting with vendors who are on the EPLS list or proposed for disbarment shall be in accordance with the limitations as outlined in FAR Subparts 9.405.1 and 9.405.2.

Any rejection of a bid or disqualification of a vendor who has been disbarred, suspended, or proposed for disbarment shall be consistent with the requirements as outlined in N.J.S.A. 18A:18A – Public School Contracts Law and all applicable State laws.

6320 PURCHASES SUBJECT TO BID

The Board of Education directs the establishment and conduct of bidding procedures that serve the public interest and provide each qualified vendor an equal opportunity to furnish goods and services to the district.

Every contract for the performance of work or the purchase or lease of materials or supplies not exempted by law will be subject to public bidding whenever the aggregate value of such a contract within one contract year exceeds the bid threshold established by law and in accordance with N.J.S.A. 18A:18A-3.(a). Whenever possible, purchases will be aggregated; purchases may not intentionally be divided to avoid the requirements for competitive bidding as required in N.J.S.A. 18A:18A-8. The purchase of textbooks and materials that exceed the bid threshold and are approved by the Board pursuant to N.J.S.A. 18A:34-1 shall not require the further adoption of a resolution for purchase.

Bid specifications will be prepared and/or are coordinated by the School Business Administrator. Each bid specification will offer a common standard of competition and will assert the Board's right to accept reasonable equivalents and to reject all bids and readvertise. The School Business Administrator is authorized to advertise for bids in accordance with N.J.S.A. 18A:18A-21 without the prior approval of the Board, but shall inform the Board of any such advertisement at the Board meeting next following. Records of advertisements will be kept in detail sufficient to show that a reasonable number of qualified vendors were invited to bid.

Bids shall be opened publicly by the School Business Administrator or designee before one or more witnesses at a previously designated time and place. Contracts will be awarded, on a resolution duly adopted by the Board, to the lowest responsible bidder who submits the lowest responsible bid, except that the Board may choose to reject all bids, to readvertise, or to purchase under a State contract. The Board may disqualify a bidder who would otherwise be determined to be the lowest responsible bidder in accordance with N.J.S.A. 18A:18A-4. Whenever two or more bids are the lowest bids submitted by responsible bidders, the Board shall determine to which bidder the contract will be awarded.

The bid of a vendor who claims, before bids are opened, a mistake or omission in its preparation will be returned unopened. A bidder who discovers a mistake or omission after bids have been opened may withdraw the erroneous bid provided he or she gives immediate written notice of the mistake or omission and certification, supported by clear evidence, that he or she exercised reasonable care in the examination of the specifications and preparation of the bid. Any bidder who withdraws an opened bid shall forfeit any bid security deposited with the bid in accordance with law.

In accordance with the provisions of N.J.A.C. 6A:23A-5.4, pursuant to the authority granted the Commissioner of Education under N.J.S.A. 18A:55-2 and N.J.S.A. 18A:7F-60, the Commissioner shall subject to review for the withholding of State funds any school district that fails to obey the provisions of the Public Contract law, N.J.S.A. 18A:18A-1 et seq. The amount of funds to be withheld shall equal the amount of the contract awarded in violation of the provisions of N.J.S.A. 18A:18A-1 et seq. except for violations related to the award of contracts under the extraordinary unspecifiable services (EUS) provision which shall be governed by the provisions of N.J.S.A. 18A:18A-46.1.

6340 MULTIPLE YEAR CONTRACTS

The Board of Education may enter a multiple year contract for goods and services permitted by law whenever the extended contract will serve the needs of the district and yield greater return for the expenditure.

The School Business Administrator is directed to investigate the advantage to the district of multiple year contracts. Investigation should include, but need not be limited to, a comparison of the costs of multiple year and single year contracts, an analysis of trends in the costs and availability of the goods or services to be provided, the projected needs of the district, and an inquiry into the reliability and stability of the vendor.

Except for those contracts exempted from the requirement by law, all multiple year contracts will contain a cancellation clause or a clause conditioning annual extension of the contract on the appropriation of sufficient funds to meet the Board's obligation.

All multiple year contracts must be approved by the Board. When the estimated annual cost of a multiple year contract exceeds the bid threshold established by law and the subject of the contract is not exempt from bidding, the contract shall be advertised in accordance with law and the bidding procedures of this district.

N.J.S.A. 18A:18A-5; 18A:18A-42

Adopted: 19 June 2018

6350 COMPETITIVE CONTRACTING

Competitive contracting may be used in lieu of public bidding for specialized goods or services that exceed the bid threshold provided the process is administered by a purchasing agent, by legal counsel of the Board of Education, or by the School Business Administrator and pursuant to N.J.S.A. 18A:18A-4.1. et seq. Competitive contracting may only be used for the purposes provided in N.J.S.A. 18A:18A-4.1. Unless an exception is provided for under N.J.S.A. 18A:18A-42 permitting a longer contract duration, contracts awarded under competitive contracting may be for a term not to exceed five years.

The purchasing agent will prepare a request for proposal documentation, which will include all requirements deemed appropriate and necessary to allow for full and free competition between vendors, information necessary for potential vendors to submit a proposal, and a methodology by which the Board will evaluate and rank proposals received from vendors. The methodology for the awarding of competitive contracts will be based on an evaluation and ranking and will be developed in a way that is intended to meet the specific needs of the district and where such criteria will not unfairly or illegally discriminate against or exclude otherwise capable vendors. The methodology for awarding competitive contracts will comply with such rules and regulations as the Director of the Division of Local Government Services in the Department of Community Affairs may adopt in accordance with N.J.S.A. 18A-4.4.

Request for Proposal documentation will be published in an official newspaper of the Board at least twenty days prior to the date established for the submission of proposals. The Board may charge a fee for the proposal documentation that will not exceed \$50.00 or the cost of reproducing the documentation, whichever is greater.

Each interested vendor will be required to submit a proposal which will include all the information required by the request for proposals. Failure to meet the requirements of the request for proposals may result in the Board disqualifying the vendor from further consideration. Under no circumstances will the provisions of a proposal be subject to negotiation by the Board.

If the Board, at the time of solicitation, utilizes its own employees to provide the goods or perform the services, or both considered for competitive contracting, the Board will, at any time prior to, but no later than the time of solicitation for competitive contracting proposals, notify affected employees of the Board's intention to solicit competitive contracting proposals pursuant to N.J.S.A. 18A:18A-4.5.c. Employees or their representatives will be permitted to submit recommendations and proposals affecting wages, hours, and terms and conditions of employment in such a manner as to meet the goals of the competitive contract. If employees are represented by an organization that has negotiated a contract with the Board, only the bargaining unit will be authorized to submit such recommendations or proposals. When requested by such

employees, the Board will provide such information regarding budgets and the costs of performing the services by such employees as may be available. Nothing will prevent such employees from making recommendations that may include modifications to existing labor agreements in order to reduce such costs in lieu of award of a competitive contract, and agreements implementing such recommendations may be considered as cause for rejecting all other proposals.

The purchasing agent will evaluate all proposals only in accordance with the methodology described in the request for proposals. After proposals have been evaluated, the purchasing agent will prepare a report evaluating and recommending the award of a contract or contracts. The report will be prepared pursuant to N.J.S.A. 18A:18A-4.5.d. The report will be made available to the public at least 48 hours prior to the awarding of the contract, or when made available to the Board, whichever is sooner. The Board will have the right to reject all proposals for any of the reasons set forth in N.J.S.A. 18A:18A-22.

Award of a contract will be made by resolution of the Board within sixty days of the receipt of the proposals, except that the proposals of any vendors who consent thereto, may, at the request of the Board, be held for consideration for such longer period as may be agreed.

The report prepared pursuant to this Policy and Regulation No. 6350 will become part of the public record and will reflect the final action of the Board. Contracts will be executed pursuant to N.J.S.A. 18A:18A-40.

The Secretary of the Board will publish a notice in the official newspaper of the Board summarizing the award of a contract pursuant to N.J.S.A. 18A:18A-4.5g.

6360 POLITICAL CONTRIBUTIONS

Political Contribution Disclosure Requirements

In accordance with the requirements of Section 2 of P.L. 2005, Chapter 271 (N.J.S.A. 19:44A-20.26), the Board of Education shall have on file, to be maintained with other documents related to a contract, the following documents to award a contract to any business entity receiving a contract with an anticipated value in excess of \$17,500, regardless of the basis upon which the contract is awarded:

1. A Political Contribution Disclosure (PCD) form submitted by the business entity (at least ten days prior to award); and
2. A Business Registration Certificate (anytime prior to award).

“Business entity” means a natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other State or foreign jurisdiction.

The \$17,500 contract amount is not related to the Board’s bid threshold and does not exempt the district from the requirements of the Public School Contracts Law or other applicable purchasing statutes.

The \$17,500 contract amount threshold is subject to the principle of aggregation rules in accordance with the Division of Local Government Services guidance. Unlike the Public School Contracts Law, aggregation thresholds for this Policy and Chapter 271 purposes shall be calculated at the vendor level – meaning, when a vendor receives more than \$17,500 in a school district’s fiscal year, a PCD form shall be required.

The disclosure provisions of N.J.S.A. 19:44A-20.26 do not apply in cases where there is a “public emergency” that requires the immediate delivery of goods or services.

Insurance companies and banks are prohibited under State law from making political contributions. However, because the PCD form reflects contributions made by partners, Boards of Directors, spouses, etc., PCD forms are required ten days prior to the approval of a depository designation resolution or insurance company contract awarded by the Board. A PCD form is also required when a contract in excess of \$17,500 is made to an insurance broker. A PCD form is required from the company receiving the contract, regardless of the entity issuing an insurance policy.

PCD forms are required for Board of Education contracts in excess of \$17,500 with a New Jersey Department of Education “Approved In-State Private School for the Disabled.” Chapter 271 also applies to in-State private special education schools, supplemental educational services under NCLB, early childhood school providers – DHS approved, and other similar programs.

If the school district spends more than \$17,500 in a school year with a newspaper, the selection of the newspaper is subject to the provisions of Chapter 271.

PCD forms are not required for regulated public utility services, as the Board is required by the Board of Public Utilities to use a specific utility. This exception does not apply to non-regulated public utility services, such as generated energy (not tariffed), or long-distance telephone services where other procurement practices are used.

PCD forms are not required for membership to the New Jersey School Boards Association.

A non-profit organization having proper documentation from the Internal Revenue Service (IRS) showing it is registered with the IRS as a 501(c) type corporation is not required to file a PCD form.

A PCD form is not required for contracts with governmental agencies, including State colleges and universities.

If the original contract provided for the possibility of an extension(s), Chapter 271 compliance is not required if the extension/continuation is based on that original contract.

6362 CONTRIBUTIONS TO BOARD MEMBERS AND CONTRACT AWARDS

As a condition of receiving State aid, the school district shall comply with the provisions of N.J.A.C. 6A:23A-6.3 to ensure the school district maintains honest and ethical relations with vendors and shall guard against favoritism, improvidence, extravagance, and corruption in its contracting processes and practices.

For the purposes of this Policy, “business” means any corporation, partnership, firm, enterprise, franchise, trust, association, sole proprietorship, union, political organization, or other legal entity but shall not include a local public school district or any other public entity. “Business entity” means any natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of this State or of any other State or foreign jurisdiction. “Interest” means the ownership or control of more than ten percent of the profits or assets of a business entity or ten percent of the stock in the case of a business entity that is a corporation for profit, as appropriate.

In accordance with the provisions of N.J.A.C. 6A:23A-6.3:

1. No Board of Education will vote upon or award any contract in the amount of \$17,500 or greater to any business entity which has made a contribution reportable by the recipient under P.L. 1973, c. 83 (N.J.S.A. 19:44A-1 et seq.) to a member of the Board of Education during the preceding one-year period.
2. Contributions reportable by the recipient under P.L. 1973, c. 83 (N.J.S.A. 19:44A-1 et seq.) to any member of the Board of Education from any business entity doing business with the school district are prohibited during the term of a contract.
3. When a business entity referred to in 2. above is a natural person, a contribution by that person’s spouse or child that resides therewith shall be deemed to be a contribution by the business entity. Where a business entity is other than a natural person, a contribution by any person or other business entity having an interest therein shall be deemed to be a contribution by the business entity.
4. The disclosure requirement set forth in section 2 of P.L. 2005, c. 271 (N.J.S.A. 19:44A-20.26) also shall apply when the contract is required by law to be publicly advertised for bids.

A Business Entity Disclosure Certification (BED-C) shall be submitted by the business entity for all contracts of \$17,500 or greater in order to facilitate disclosure of contributions to Board members by a business entity. The BED-C shall be reviewed prior to the award of any contract in excess of \$17,500 to ensure the Board of Education's compliance with N.J.A.C. 6A:23A-6.3(a).

The requirements of N.J.A.C. 6A:23A-6.3 shall not apply to a contract when a district emergency requires the immediate delivery of goods or services. With the exception of districts previously subject to the requirements of N.J.A.C. 6A:10-2.1(e), N.J.A.C. 6A:23A-6.3 shall not apply to contributions made prior to its effective date.

N.J.A.C. 6A:23A-6.3

6421 PURCHASES BUDGETED

The Board of Education directs the establishment of procedures for the purchase of budgeted goods and services that will make prudent use of district resources and yield the maximum value for the school district. The School Business Administrator shall authorize all purchases that are within a budget line item and are consistent with the purpose for which the funds were appropriated.

No purchase order may be placed until the School Business Administrator has determined whether the proposed purchase is subject to bid, whether sufficient funds exist in the line item, and whether the goods are available elsewhere in the district.

Whenever the estimated value of a purchase or contract for goods or services other than professional services N.J.S.A. 18A:18A-5(1) and work by employees of the Board N.J.S.A. 18A:18A-5(3) is fifteen percent or more of the bid threshold established in accordance with N.J.S.A. 18A:18A-3 and N.J.S.A. 18A:18A-37 and is not made under a State contract, the purchasing agent shall, whenever practicable, solicit at least two quotations from independent vendors. All quotations received will be attached to and retained with a copy of the voucher used to pay the vendor.

All contracts that are in the aggregate less than fifteen percent of the bid threshold may be awarded by the School Business Administrator without soliciting competitive quotations.

The purchase or contract may be awarded on the basis of the lowest responsible quotation received or to the vendor who submits the quotation most advantageous to the Board on the basis of price and other factors. If it is determined that it is impractical to seek quotations for an extraordinary, unspecifiable service or that the purchase or contract for which quotations were sought should not be awarded on the basis of the lowest quotation received, the reasons for that determination will be set forth in writing and attached to the resulting purchase order or contract.

Supplies commonly used in the various schools will be standardized to the extent that it is educationally feasible to do so. Alternate suggestions will be made to a requisitioner if better service, delivery, economy, or utility can be achieved by a change in the proposed order.

When a purchase order is placed or a contract entered, the School Business Administrator or designee shall commit the expenditure against a specific budget line item or project category in order to guard against the creation of liabilities in excess of appropriations.

6422 BUDGET TRANSFERS

Except as otherwise provided pursuant to N.J.S.A. 18A:22-8.1 and N.J.A.C. 6A:23A-13.1 et seq., whenever the school district desires to transfer amounts among line items and program categories, the transfers shall be by resolution of the Board approved by a two-thirds affirmative vote of the authorized membership of the Board. Each resolution shall indicate the exact amount of the transfers and from the applicable accounts or fund balance.

However, this Board of Education in accordance with the provisions of N.J.S.A. 18A:22-8.1 and this Policy as adopted by the Board, designates the Superintendent of Schools to approve such transfers as are necessary between meetings of the Board. Transfers approved by the Superintendent shall be reported to the Board, ratified and duly recorded in the minutes at a subsequent meeting of the Board, but not less than monthly.

Transfers from line accounts that include waiver amounts approved by the Commissioner and expenditures and/or reallocations directed by the Commissioner are prohibited unless approved in writing by the Executive County Superintendent and in accordance with the provisions of N.J.S.A. 18A:22-8.1. The Board shall submit written requests for transfers including the amount to be transferred, the account(s) to be reduced, the account(s) to be increased, the purpose, and justification. These transfers shall not be requested or made prior to December 1 of the applicable budget year and shall only be approved for an emergent circumstance(s).

Where actual audited undesignated general fund balance at the fiscal year-end exceeds the estimated amount reflected in the school district's originally approved budget that contained an adjustment to the tax levy limitation approved by the Commissioner, any excess amount shall be reserved for the offset of the Commissioner's waiver requests, if any, in the second subsequent year's budget and reflected as such in the CAFR for the budget year.

Whenever the Executive County Superintendent shall, pursuant to N.J.S.A. 18A:7-8, disapprove a portion of the school district's proposed budget because the district has not implemented all potential efficiencies in its administrative operations or because the budget includes excessive non-instructional expenses, the school district shall not transfer funds back into those accounts during the budget year.

Transfers of surplus amounts or any other unbudgeted or underbudgeted revenue to line items and program categories shall require the approval of the Commissioner of Education and shall only be approved between April 1 and June 30 for line items and program categories necessary to achieve the thoroughness standards established pursuant to section 4 of P.L.2007, c.260 (N.J.S.A. 18A:7F-46); except that upon a two-thirds affirmative vote of the authorized membership of the Board, the Board may petition the Commissioner of Education for authority to transfer such revenue prior to April 1 due to an emergent circumstance and the Commissioner may authorize the transfer if he determines that the transfer is necessary to meet such emergency.

Transfers from any general fund appropriation account that, on a cumulative basis, exceed 10% of the amount of the account included in the school district's budget as certified for taxes shall require the approval of the Commissioner of Education. In a school district wherein the Commissioner of Education has directed an in-depth evaluation pursuant to N.J.S.A. 18A:7A-14, the Board shall obtain the written approval of the Executive County Superintendent of Schools prior to implementing any Board authorized transfer of funds.

No transfer may be made under N.J.S.A. 18A:22-8.1 from appropriations or surplus accounts for interest and debt redemption charges, capital reserve account or items classified as general fund expenses except to other items so classified, or to the capital projects fund to supplement the proceeds from a bond authorization or lease purchase agreement upon application to and a formal finding by the Commissioner that the transfer is in the best interest of both the students and taxpayers of the district after consideration of alternative corrective actions.

6423 EXPENDITURES FOR NON-EMPLOYEE ACTIVITIES, MEALS,
AND REFRESHMENTS

There may be school district activities where expenditures for non-employee activities, meals, and refreshments may occur. Expenditures for non-employee activities, meals, and refreshments for school district activities are allowed provided the expenses are in accordance with the provisions of N.J.A.C. 6A:23A-5.8. For the purposes of this Policy, unless the context clearly indicates otherwise, “activities” means events or functions provided or held for the benefit of students, dignitaries, and other “non-district” employees (e.g. parents) which are paid from public funds. “Dignitary” means a notable or prominent public figure; a high level official; or one who holds a position of honor. A dignitary, for purposes of this Policy, is not a school district employee or Board of Education member.

Allowable expenditures for non-employee school district activities shall include:

1. All reasonable costs, including light meals and refreshments, directly related to activities that benefit students and are part of the instructional program including expenditures for field trips and extracurricular programs that are not solely for entertainment. Nothing in this Policy or N.J.A.C. 6A:23A-5.8 shall preclude the district from using student activity funds or accepting donations to support student activities that are solely for student entertainment;
2. All reasonable costs directly related to activities of dignitaries and other “non-district” employees (e.g. parents), including light meals and refreshments and any other directly related expense. Expenditures for this purpose shall be minimal and infrequent;
3. All reasonable costs of commencement and convocation activities for students; and
4. Expenditures related to district employees to the extent such employees are essential to the conduct of the activity.

The Board shall, at a minimum, take actions regarding student activities as follows:

1. Pre-approve field trip destinations;
2. Establish dollar thresholds for awards to recognize special accomplishments; and

3. Establish a budget supported by general fund revenues for each category of activity in a non-discriminatory manner (e.g. football, boys soccer, girls soccer, photography club). Student activity funds are excluded.

Pursuant to N.J.S.A. 18A:11-12 and State of New Jersey Department of Treasury, Office of Management and Budget Circular 08-19-OMB and 06-14-OMB, the following costs shall not be permitted using public funding:

1. Receptions, dinners, or other social functions held for or honoring any employee or group of employees of the district (e.g. breakfast, luncheon, dinner, or reception for retirees or award recipients). This does not prohibit the district from honoring employees without a social function or using public funds to support reasonable costs of employee recognition awards (e.g. teacher of the year awards, years of service awards). Use of public funds for reasonable costs of employee awards is a local discretionary expenditure;
2. Meals or refreshments served to guests at any athletic event or other games or contests; and/or
3. Expenses for alcoholic beverages.

The Board Secretary and/or designee shall maintain documentation to support activities, meals, and refreshments at district events. The documentation shall include a description of the activity, the purpose/justification of the activity, expressed in terms of the goal(s) or objective(s) of the district, the make-up of the group participating in the activity, and the names and titles of Board members or employees included in the group.

N.J.A.C. 6A:23A-5.8

Adopted: 19 June 2018

6424 EMERGENCY CONTRACTS

Any contract may be negotiated or awarded for a Board of Education without public advertising for bids and bidding notwithstanding that the contract price will exceed the bid threshold when an emergency affecting the health or safety of occupants of school property requires the immediate delivery of goods or the performance of services.

An actual or imminent emergency must exist requiring the immediate delivery of the goods or the performance of the service. Emergency contracts may not be used unless the need for the goods or services could not have been reasonably foreseen or the need for such goods or services has arisen notwithstanding a good faith effort on the school district to plan for the purchase of any goods or services required by the school district. Under no circumstance shall emergency purchasing procedures be used to enter into a multi-year contract.

If the Board Secretary is satisfied that an emergency exists, he/she shall be authorized to award a contract or contracts for such purposes as may be necessary to respond to the emergent needs pursuant to the provisions of N.J.S.A. 18A:18A-7 et seq.

If conditions permit, the Board Secretary shall seek quotations from more than one source. If the expenditures are expected to be in excess of the bid threshold, the Board Secretary shall attempt to obtain no fewer than three quotations.

As soon as possible, but within three days of declaring the emergency, the Superintendent of Schools shall notify the Executive County Superintendent of the nature of the emergency and the estimated need for goods or services necessary to respond to it.

When emergency conditions have eased, the Board Secretary shall utilize the regular purchasing system to obtain estimates from suppliers, vendors, and contractors for materials and/or services that will eliminate the circumstances that created the emergency.

The Board Secretary shall prepare and submit a final report to the Board on every occasion an emergency contract is negotiated or awarded in accordance with the provisions of N.J.S.A. 18A:18A-7.

6440 COOPERATIVE PURCHASING

The Board of Education recognizes that centralized, cooperative purchasing tends to maximize the value received for each dollar spent. The Administration is encouraged to seek savings that may accrue to this district by means of joint agreements for the purchase of goods or services with the governing body of the municipality or the county within whose boundaries the school district is wholly or partly located, or by means of contracts entered into by the New Jersey State Treasury Department, Division of Purchase and Property.

A cooperative pricing system is a purchasing system in which the lead agency advertises for bids, awards a master contract to the vendor providing for its own needs and for the prices to be extended to registered members, and notifies them of the bid prices awarded. The registered members then contract directly with the vendor for their own needs, subject to the specifications in the master contract.

A joint purchasing system is a cooperative purchasing system in which the lead agency has complete purchasing responsibility for the registered members, and the only contractual relationship is between the lead agency and the vendor.

A cooperative purchasing system is either a joint purchasing or cooperative pricing system.

When the lead agency is a Board of Education or Educational Service Commission and the entire membership of the cooperative purchasing system established and properly registered with the New Jersey Division of Local Government Services are Boards of Education, the purchase of work, materials or supplies shall be conducted pursuant to the Public Schools Contract Law (N.J.S.A. 18A:18A-11 et seq.)

The School Business Administrator is hereby authorized to negotiate such joint agreements for goods and services which the Board may determine to be required and which the Board may otherwise lawfully purchase for itself with such approved contracting units as may be appropriate in accordance with State law, the policies of this Board, and the dictates of sound purchasing procedures.

No cooperative or joint purchase may be entered without Board approval of an agreement that specifies the categories of work, materials and supplies to be purchased; the manner of advertising for bids and the awarding of contracts; the method by which payment will be made by each participating Board of Education, municipality or county, and such other terms deemed necessary to carry out the purposes of the agreement. Agreements for cooperative and joint purchasing will be subject to all bidding requirements imposed by law. Purchases made through the State Treasury Department may be made without bid.

Each participant's share of expenditures for purchases under any such agreement shall be appropriated and paid in the manner set forth in the agreement and in the manner as for other expenses of the participant.

The Board may by contract or lease provide electronic data processing services for the Board of Education of another school district; and may undertake with such other Board, the joint operation of electronic data processing of their official records and other information relative to their official activities, services and responsibilities. The records and other information originating with any Board participating in such contract or lease may be combined, compiled, and conjoined with the records and other information of any and all participating local units for the purposes of such electronic data processing; and any provisions of law requiring such records to be kept confidential or to be retained by any Board or any officer or agency thereof shall be deemed to be isolated thereby.

A contract or lease to provide electronic data processing services shall set forth the charge for all services provided, or in the case of a joint undertaking the proportion of the cost each party thereto shall assume and specify all the details of the management of the joint undertaking, and any other matters that may be deemed necessary for insertion therein, and may be amended from time to time by the contracting parties.

Any party to a contract for joint operation of electronic data processing services may act as agent for any or all parties in acquiring, by lease, purchase or otherwise, any property, facilities or services, in appointing such officers and employees as may be necessary and directing its activities, to the same extent as a Board of Education is authorized to do separately.

In the event that any controversy or dispute shall arise among the parties (except a municipality or a county) to any such agreement, the same shall be referred to the County Superintendent of the county in which the districts are situated for determination and the determination shall be binding, subject to appeal to the Commissioner of Education and the State Board pursuant to law. In the event the districts are in more than one county, the controversy or dispute shall be referred to the County Superintendents of the counties for joint determination, and if they shall be unable to agree upon a joint determination within thirty days, the controversy or dispute shall be referred to the Commissioner of Education for determination.

In a cooperative purchasing system established and properly registered with the New Jersey Division of Local Government Services where the lead agency is a Board of Education or Educational Service Commission and the membership of the system is Boards of Education and local contracting units as defined in N.J.S.A. 40A:11-2(1), the purchase of any work, materials or supplies shall be conducted pursuant to the Local Public Contracts Law (N.J.S.A. 40A:11-1 et seq.) and N.J.A.C. 5:34-7.

6450 CHOICE OF VENDOR

The Board of Education recognizes its position as a major purchaser of goods and services in the community served by the school district. It is the intention of the Board to purchase goods and services of the requisite quality at the lowest possible cost and to invite widespread competition in order to achieve this end. Where all other considerations are equal, however, the Board will exercise a preference for dealing with established local merchants and service providers from within the boundaries of the school district.

The School Business Administrator is authorized to place purchase orders with local merchants and providers when their prices and terms are competitive with other vendors. Nothing in this policy shall be deemed to circumvent the requirements of law regarding public purchasing.

All vendors shall supply assurances that they do not practice discrimination as described in the administrative code. All vendors shall be informed that harassment of any kind, of district students or employees by their representatives is prohibited.

6470 PAYMENT OF CLAIMS

The Board of Education directs the prompt payment of legitimate claims by suppliers of goods and services to the school district, provided that each bill or obligation of this Board is fully itemized and verified before a warrant is drawn for its payment.

When an invoice is received, the Board Secretary or designee shall verify the voucher is properly submitted, acceptable goods were received or satisfactory services rendered, the expenditure is included in the Board's budget and funds are available for its payment, and the amount of the invoice is correct.

The Board Secretary shall identify and investigate, if necessary, the reason for any increase to a purchase order. If it is found by the Board Secretary that an increase to a purchase order is warranted, the Board Secretary shall either approve a revision to the original purchase order with the reason noted, approve the issuance of a supplemental purchase order for the difference, or cancel the original purchase order and issue a new purchase order. If it is found an increase is not warranted, the purchase order shall be cancelled and the goods returned. In no instance shall an adjustment be made to a purchase order that changes the purpose or vendor of the original purchase order or a bid award price.

The school district's financial systems shall be programmed to:

1. Limit system access so that only appropriate Business office staff may make purchase order adjustments;
2. Reject adjustments in excess of any established approval thresholds;
3. Prevent unauthorized changes to be processed;
4. Reject payments where the sum of the invoice amount plus any previous invoices charged to the purchase order exceeds the sum of the original purchase order amount plus any authorized adjustments;
5. Reject duplicate purchase order numbers;
6. Reject duplicate invoice numbers; and
7. Prepare an edit/change report listing all payments made in excess of the originally approved purchase order amount.

The Board Secretary shall review on a monthly basis edit/change reports listing all payments made in excess of the originally approved purchase order amount to ensure that all payments made are properly authorized.

If funds are not available in the budget line account to which the expenditure will be charged, funds may be transferred in accordance with Policy 6422.

The Board must approve all claims for payment, except such payments that are to be paid from funds derived from athletic events or other activities of student organizations. However, in accordance with N.J.S.A. 18A:19-4 and N.J.S.A. 18A:19-4.1, the Board may by Board resolution designate a person in addition to the Board Secretary to audit any account and demand to be paid, and provide for approval of such account or demand by such designated person or the Board Secretary prior to presentation to the Board. Any such approval of payment must be presented to the Board for ratification at the next regular Board meeting. The Board may, in the resolution, establish a maximum dollar amount for which payment may be authorized without prior Board approval.

All claims shall be fully itemized, verified, and shall be submitted for Board review and approval or ratification. Claims must be submitted to the Board in the form of a list that includes the number, amount, and date of the warrant; the payee; the reason for the expenditure; and the account charged. All claims that equal or exceed fifteen percent of the bid threshold amount established pursuant to N.J.S.A. 18A:18A-3, except for payrolls and debt service, shall be verified by affidavit or by signed declaration in writing in accordance with the provisions of N.J.S.A. 18A:19-3.

The list of claims must be accompanied by the original records that include copies of the purchase order, the receiving report, the vendor's invoice, and the purchase requisition. The list of approved warrants will be included in the minutes of the Board meeting.

When a claim for payment is duly approved in accordance with this Policy, the Board Secretary and/or a designated staff member shall promptly prepare a warrant for payment, cancel the commitment placed against the appropriate account, and post the actual expenditure. All warrants shall be signed by the Board President, Board Secretary, Superintendent of Schools, and/or Treasurer of School Moneys, as appropriate to the district.

6471 SCHOOL DISTRICT TRAVEL

The Board of Education shall ensure the effective and efficient use of funds by adopting and implementing policies and procedures that are in accordance with N.J.S.A. 18A:11-12 and State of New Jersey Department of the Treasury, Office of Management and Budget (NJOMB) Circulars 08-19-OMB and 06-14-OMB (OMB Circulars) and any superseding circulars pertaining to travel, meals, events and entertainment, and the additional requirements set forth in N.J.A.C. 6A:23A-7. If any superseding circulars of the Office of Management and Budget conflict with the provisions of N.J.A.C. 6A:23A-7, the provisions of the superseding circulars shall govern.

A. Definitions

1. For the purposes of this Policy, “travel expenditures” means those costs paid by the school district using local, State, or Federal funds, whether directly by the school district or by employee reimbursement, for travel by school district employees and district Board of Education members, to the following five types of travel events:
 - a. Training and seminars - means all regularly scheduled, formal residential or non-residential training functions conducted at a hotel, motel, convention center, residential facility, or at any educational institution or facility;
 - b. Conventions and conferences - means general programs, sponsored by professional associations on a regular basis, which address subjects of particular interest to a school district or are convened to conduct association business. The primary purpose of employee attendance at conferences and conventions is the development of new skills and knowledge or the reinforcement of those skills and knowledge in a particular field related to school district operations. These are distinct from formal staff training and seminars, although some training may take place at such events;
 - c. School district sponsored events - means conferences, conventions, receptions, or special meetings where the school district plans, develops, implements, and coordinates the event and is the event’s primary financial backer. School district employees are actively involved in working the event and other employees may attend as participants;

- d. Regular school district business - means all regular official business travel, including attendance at meetings, conferences, and any other gatherings which are not covered by the definitions included in a., b., and c. above. Regular school district business travel also includes attendance at regularly scheduled in-State county meetings and Department of Education sponsored or association sponsored events provided free of charge and regularly scheduled in-State professional development activities with a registration fee that does not exceed \$150 per employee or Board member. Beginning in 2009-2010 the \$150 limit per employee or Board member may be adjusted by inflation; and
- e. Retreats - means meetings with school district employees and school Board members, at which organizational goals and objectives are discussed.

B. School District Travel Expenses

- 1. Any sections in either the State or Federal Circulars that conflict with New Jersey school law (N.J.S.A. 18A:1-1 et seq.) shall not be included in this Policy nor authorized under N.J.A.C. 6A:23A-7.1 et seq. This includes, but is not limited to, the authority to issue travel charge cards as allowed under the State Circular, but not authorized for school districts under New Jersey school law.
- 2. School district travel expenditures shall include, but are not limited to, all costs for transportation, meals, lodging, and registration or conference fees directly related to participation in the event.
- 3. School district travel expenditures in accordance with this Policy and N.J.A.C. 6A:23-7.1 et seq. shall include costs for all required training and all travel authorized in school district employee contracts and school Board policies. This includes, but is not limited to, required professional development, other staff training and required training for Board members, and attendance at specific conferences authorized in existing employee contracts, provided that such travel meets the requirements of N.J.A.C. 6A:23-7.1 et seq.
- 4. All such expenditures are subject to the requirements of N.J.A.C. 6A:23-7.1 et seq., including but not limited to, inclusion in the annual travel limit, prior Board approval, separate tracking, and per diem reimbursements.

C. School District Travel Requirements

1. All travel by Board of Education employees and Board members must be educationally necessary and fiscally prudent and all school district travel expenditures shall be:
 - a. Directly related to and within the scope of the employee's or Board member's current responsibilities and, for school district employees, the school district's professional development plan, the school building professional development plan, and an employee's individual professional development plan;
 - b. For travel that is critical to the instructional needs of the school district or furthers the efficient operation of the school district; and
 - c. In compliance with State travel payment guidelines as established by the Department of the Treasury and with guidelines established by the Federal Office of Management and Budget; except those guidelines that conflict with the provisions of Title 18A of the New Jersey Statutes shall not be applicable, including, but not limited to, the authority to issue travel charge cards. The Board specifies in this Policy the applicable restrictions and requirements set forth in the State and Federal guidelines including, but not limited to, types of travel, methods of transportation, mileage allowance, subsistence allowance, and submission of supporting documentation including receipts, checks, or vouchers.
2. Reimbursement for all in-State and out-of-State travel shall be made pursuant to N.J.S.A. 18A:11-12. In accordance with the provisions of N.J.A.C. 6A:23A-5.9:
 - a. Out-of-State travel events shall be limited to the fewest number of Board members or affected employees needed to acquire and present the content offered to all Board members or staff, as applicable, at the conclusion of the event. Where the event is sponsored by a New Jersey-based organization and targeted to employees and/or Board members of New Jersey school districts, reimbursement for lodging may be permitted only where the sponsoring organization obtains a waiver pursuant to the provisions of N.J.A.C. 6A:23A-7.11. Where the event is national or regional in scope and targeted to school district employees and/or Board members from multiple States, reimbursement for lodging may only be provided if the event occurs on two or more consecutive days and where home to event commute exceeds fifty miles.

- b. Where a travel event has a total cost that exceeds \$5,000, regardless of the number of attendees, or where more than five individuals from the district are to attend a travel event out-of-State, the school district shall obtain the prior written approval of the Executive County Superintendent. The Executive County Superintendent shall promptly review the request and render a decision within ten working days.
- c. For all employee and Board member travel events out of the country, regardless of cost or number of attendees, the school district shall obtain the prior written approval of the Executive County Superintendent. Such requests must be supported by detailed justification. The Executive County Superintendent shall promptly review the request and render a decision within ten working days. It is expected that approvals will be rare.

D. Travel Reimbursements

- 1. Travel reimbursements will be paid only upon compliance with all provisions of N.J.A.C. 6A:23A-7 and the Board's procedures and approval requirements. The Board will not ratify or approve payments or reimbursements for travel after completion of the travel event, except as provided at N.J.A.C. 6A:23A-7.4(d).

E. Board Member Voting On School District Travel

- 1. A Board member shall recuse him/herself from voting on travel if the Board member, a member of his/her immediate family, or a business organization in which he/she has an interest, has a direct or indirect financial involvement that may reasonably be expected to impair his/her objectivity or independence of judgment.
- 2. A Board member shall not act in his/her official capacity in any matter in which he/she or a member of his/her immediate family has a personal involvement that is or creates some benefit to the school official or member of his/her immediate family; or undertake any employment or service, whether compensated or not, which may reasonably be expected to prejudice his/her independence of judgment in the execution of his/her official duties.

F. Maximum Travel Budget

1. Annually in the prebudget year, the Board shall establish by Board resolution, a maximum travel expenditure amount for the budget year which the school district shall not exceed. The Board resolution shall also include the maximum amount established for the prebudget year and the amount spent to date.
 - a. The maximum school district travel expenditure amount shall include all travel supported by local and State funds.
 - b. The Board may elect to exclude travel expenditures supported by Federal funds from the maximum travel expenditure amount. If Federal funds are excluded from the established maximum amount, the Board shall include in the resolution the total amount of travel supported by Federal funds from the prior year, prebudget year, and projected for the budget year.
 - c. Exclusion of Federal funds from the annual maximum travel budget does not exempt such travel from the requirements applicable to State and local funds.
2. The Board of Education, pursuant to the provisions of N.J.A.C. 6A:23A-7.3(b), authorizes an annual maximum amount per employee not to exceed \$1,500 for regular business travel only for which prior Board approval is not required.
 - a. The annual maximum shall not exceed \$1,500 and shall be subject to the approval requirements in N.J.S.A. 18A:19-1.
 - b. Regular school district business travel as defined in N.J.A.C. 6A:23A-1.2 includes attendance at regularly scheduled in-State county meetings and Department of Education sponsored or association sponsored events free of charge. It also includes regularly scheduled in-State professional development activities for which the registration fee does not exceed \$150 per employee or Board member.
 - c. Regular school district business travel as authorized in this Policy requires approval of the Superintendent prior to obligating the district to pay related expenses and prior to attendance at the travel event.

- (1) The Superintendent shall designate an alternate approval authority to approve travel requests in his/her absence when necessary to obtain timely Board approval.
- (2) Regulation 6471 provides the procedures for the internal levels of approval required prior to Superintendent or designee approval of the travel event, as applicable.

G. Travel Approval Procedures

1. All travel requests for employees of the district shall be approved in writing by the Superintendent of Schools and approved by a majority of the full voting membership of the Board, except where the Board has excluded regular business travel from prior approval pursuant to the provisions of N.J.A.C. 6A:23A-7.3(b), prior to obligating the school district to pay related expenses and prior to attendance at the travel event.
 - a. The Superintendent shall designate an alternate approval authority to approve travel requests in his/her absence when necessary to obtain timely Board approval.
 - b. Regulation 6471 provides the procedures for the internal levels of approval required prior to the Superintendent's or designee's approval of the travel event, as applicable.
2. All travel requests for Board members shall require prior approval by a majority of the full voting membership of the Board, except where the Board has excluded regular business travel from prior approval pursuant to the provisions of N.J.A.C. 6A:23A-7.3(b), and the travel shall be in compliance with N.J.S.A. 18A:12-24 and N.J.S.A. 18A:12-24.1.
3. The Board may approve, at any time prior to the event, travel for multiple months as long as the Board approval, as detailed in Board minutes, itemizes the approval by event, total cost, and number of employees and Board members attending the event. General or blanket pre-approval is not authorized.
4. Where occasional unforeseen emergent situations arise wherein a travel request cannot obtain prior approval of the Board, justification shall be included in the text of the travel request. Such requests shall require prior written approval of the Superintendent or designee and the Executive County Superintendent or designee. The Board shall ratify the request at its next regularly scheduled meeting. Travel to conferences, conventions, and symposiums are not considered to be emergencies and shall not be approved after the fact.

5. The Board, in accordance with the provisions of N.J.A.C. 6A:23A-7.4(d) excludes from the requirements of prior Board approval any travel caused by or subject to existing contractual provisions, including grants and donations, and other statutory requirements, or Federal regulatory requirements.
 - a. For the exclusion of prior Board approval to apply, the required travel event must be detailed, with number of employee(s), Board member(s), and total cost in the applicable contract, grant, donation, statute, or Federal regulation.
 - (1) This does not include general grant guidelines or regulations that are permissive but do not require the travel event, unless the specific travel event, number of employee(s), Board member(s) and total cost is detailed in the approved grant, donation, or other fund acceptance agreement.
 - (2) This does not include general contractual provisions in labor agreements for continuing education or professional development, except where the Board has included in its policy, a maximum amount per employee for regular business travel that does not require prior Board approval pursuant to N.J.A.C. 6A:23A-7.3.
- H. Required Documentation for Travel
 1. Neither the Superintendent or designee, nor the Board shall approve a travel request unless the written request for travel includes the following information:
 - a. Name and dates of event;
 - b. A list of Board members and/or employees to attend either by name or title;
 - c. Estimated cost associated with travel;
 - d. A justification and brief statement that includes the primary purpose for the travel and the key issues that will be addressed at the event and their relevance to improving instruction or the operation of the school district. For training events, whether the training is needed for a certification required for continued employment, continuing education requirements, requirements for Federal or State law, or other purpose related to the programs and services currently being delivered or soon to be implemented in the school district, or related to school district operations;

- e. Account number and funding source – Federal, State, private, or local; and
 - f. In the case of annual events, total attendance and cost for the previous year.
 - 2. Detailed documentation shall be maintained on file in the school district which demonstrates compliance with the Board's travel policy, including travel approvals, reports, and receipts for all school district funded expenditures, as appropriate.
- I. Accounting for School District Travel
- 1. The Board Secretary or designee shall prepare itemized travel budgets by function and object of expense for each cost center, department or location maintained in the school district's accounting system, as applicable, as part of the preparation of and documentation for the annual school district budget:
 - a. The aggregate amount of all travel budgets shall not exceed the Board approved maximum travel expenditure amount for the budget year as required by N.J.A.C. 6A:23A-7.3.
 - 2. The Board Secretary shall maintain separate accounting for school district travel expenditures as necessary to ensure compliance with the school district's maximum travel expenditure amount. This may include, but need not be limited to, a separate or offline accounting of such expenditures or expanding the school district's accounting system. The tracking system shall be sufficient to demonstrate compliance with the Board's policy and N.J.A.C. 6A:23-7, and shall be in a detailed format suitable for audit.
 - 3. The Board Secretary or designee, shall review and approve all requests for travel expenditure reimbursement submitted for expenses incurred in the course of school district business as to cost and support documentation required by N.J.A.C. 6A:23A-7:
 - a. The Board Secretary shall not approve or issue payment of travel expenditures or reimbursement requests until all required documentation and information has been submitted to support the payment and shall not approve any travel expenditure that when added to already approved travel expenditures would exceed the Board approved maximum travel expenditure amount for the budget year.

4. The Board Secretary shall be responsible for the adequacy of documentation of transactions processed by their staff and the retention of that documentation to permit audits of their records.
 5. An employee of the Board, a Board member, or organization, shall not receive payment, either partial or full, for travel and travel-related expenses in advance of the travel pursuant to N.J.S.A. 18A:19-1 et seq. The payment of travel and travel-related expenses shall be made personally by a school district employee or Board member and reimbursed at the conclusion of the travel event. This applies to travel-related purchases for which a purchase order is not applicable. This provision does not preclude the district from paying the vendor directly with the proper use of a purchase order (e.g., for registration, airline tickets, hotel).
- J. Sanctions for Violations of Travel Requirements
1. Any Board of Education that violates its established maximum travel expenditure as set forth in N.J.A.C. 6A:23A-7.3, or that otherwise is not in compliance with the travel limitations set forth in N.J.A.C. 6A:23A-7 may be subject to sanctions by the Commissioner as authorized pursuant to N.J.S.A. 18A:4-23 and N.J.S.A. 18A:4-24, including reduction of State aid in an amount equal to any excess expenditure pursuant to N.J.S.A. 18A:11-12 and N.J.S.A. 18A:7F-60.
 2. A person who approves any travel request or reimbursement in violation of N.J.A.C. 6A:23A-7 shall be required to reimburse the school district in an amount equal to three times the cost associated with attending the event pursuant to N.J.S.A. 18A:11-12:
 - a. As required in N.J.A.C. 6A:23A-7.7(b)(1) the Board designates the Superintendent of Schools as the person(s) with the final approval authority for travel and therefore shall be subject to this penalty.
 3. An employee or Board member who violates the school district's travel policy or these rules shall be required to reimburse the school district in an amount equal to three times the cost associated with attending the event pursuant to N.J.S.A. 18A:11-12.
 4. In the event it is determined a violation of the provisions of N.J.A.C. 6A:23A-7 has occurred after Board payment has been made, the Superintendent of Schools shall be responsible to ensure the sanctions as outlined in N.J.A.C. 6A:23A-7.7 are imposed. If a violation is determined prior to payment or reimbursement of the travel event, no consequences as outlined in N.J.A.C. 6A:23A-7.7 shall be imposed; however, the Superintendent may impose disciplinary action as necessary.

5. The annual audit conducted pursuant to N.J.S.A. 18A:23-1 shall include test procedures to ensure compliance with this Policy and travel limitations set forth in N.J.A.C. 6A:23A-7 and N.J.S.A. 18A:11-12.
- K. Prohibited Travel Reimbursements
1. The following types of expenditures are not eligible for reimbursement:

 - f. Lunch or refreshments for training sessions and retreats held within the school district including in-service days and for employee participants traveling from other locations within the school district;

 - h. Charges for laundry, valet service, or entertainment;
 - i. Limousine services and chauffeuring costs to or during the event;

- j. Car rentals, either utilized for airport transportation or transportation at a conference, convention, etc., unless absolutely necessary for the conduct of school district business. Justification must accompany any request for car rentals. If approved, the most economical scheduling of car rental is to be used, including the use of subcompacts, discounted, and special rates. An example of the justified use of car rental is when an employee is out of State, making inspections at various locations, and the use of public transportation is impracticable. When car rental is authorized, the employee shall not be issued an advance payment for the anticipated expense associated with the rental;
- k. Alcoholic beverages;
- l. Entertainment costs including amusement, diversion, and social activities and any costs directly associated with such costs (such as tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities);
- m. Gratuities or tips in excess of those permitted by Federal per diem rates;
- n. Reverse telephone charges or third party calls;
- o. Hospitality rooms;
- p. Souvenirs, memorabilia, promotional items, or gifts;
- q. Air fare without documentation of quotes from at least three airlines and/or online services; and
- r. Other travel expenditures that are unnecessary and/or excessive.

L. Travel Methods

- 1. For the purposes of this Policy, “transportation” means necessary official travel on railroads, airlines, shuttles, buses, taxicabs, school district-owned or leased vehicles, and personal vehicles.
- 2. The purchase or payment of related transportation expenses shall be made by purchase order or personally by a school district employee or Board member and reimbursed at the conclusion of the travel event. An actual invoice or receipt for each purchase or expense shall be submitted with a claim for reimbursement.

3. Pursuant to OMB Circulars, the following travel methods requirements apply:
 - a. Air and rail tickets shall be purchased via the Internet, if possible, using airline or online travel services such as Travelocity, Expedia, or Hotwire;
 - b. Air travel shall only be authorized when determined that it is necessary and advantageous to conduct school district business:
 - (1) The most economical air travel should be used, including the use of discounted and special rates;
 - (2) The following options should be considered when booking tickets:
 - (a) Connecting versus nonstop flights;
 - (b) Departing earlier or later compared to the preferred departure time;
 - (c) Utilizing alternative airports within a city, i.e. Chicago, Illinois – Midway Airport versus O'Hare Airport;
 - (d) Utilizing alternative cities, i.e. Newark versus Philadelphia;
 - (e) Utilizing "low cost" airlines; and
 - (f) Exploring alternate arrival and/or departure days.
 - (3) No employee or Board member can earn benefits as a result of school district funded travel. Employees and Board members are prohibited from receiving "Frequent Flyer" benefits accruing from school district funded travel;
 - (4) Airfare other than economy (i.e., Business or First Class) shall not be fully reimbursed by the school district except when travel in such classes:
 - (a) Is less expensive than economy;
 - (b) Avoids circuitous routings or excessive flight duration; or
 - (c) Would result in overall transportation cost savings.

- (5) All airfare other than economy and not covered by the above exceptions purchased by an employee or Board member shall only be reimbursed at the economy rate for the approved destination;
 - (6) Cost estimates on travel requests and associated authorizations shall be consistent with current airline tariffs, with consideration of available special fares or discounts, for the requested destination;
 - (7) Airline tickets shall not be booked until all necessary approvals have been obtained;
 - (8) Justification shall be required when actions by a traveler result in additional expenses over and above the authorized travel request. Sufficient justification shall be considered only for factors outside the control of the purchaser. Additional expenses without sufficient justification shall not be reimbursed; and
 - (9) Justification shall accompany requests for airline ticket reimbursement when purchased by employees or Board members contrary to the above regulations. Sufficient justification shall be considered only for factors outside the control of the purchaser. Noncompliant purchases without sufficient justification shall not be reimbursed. Reimbursement of purchases with sufficient justification shall be otherwise permitted and reimbursed in accordance with the above procedures.
- c. Rail travel shall only be authorized when determined that it is necessary and advantageous to conduct school district business:
- (1) The most economical scheduling of rail travel shall be utilized, including excursion and government discounts, whenever applicable;
 - (2) When one employee or Board member is traveling within the Northeast Corridor, NJ Transit shall be used as the rail option. Use of Amtrak will not be authorized unless it is the only means of travel available;
 - (3) The use of high speed rail services, such as Acela, shall not be authorized;

- (4) When two or more employees and/or Board members are traveling to the same event in the Northeast Corridor (between Boston, MA and Washington, DC), rail travel shall not be authorized.  - (5) All rail travel, including rail travel in the Northeast Corridor must be processed in the same manner as prescribed for air travel above.
- d. Use of a school district-owned or leased vehicle shall be the first means of ground transportation. Use of a personally-owned vehicle on a mileage basis shall not be permitted for official business where a school district-owned or leased vehicle is available:
 - (1) Mileage allowance in lieu of actual expenses of transportation shall be allowed at the rate authorized by the annual State Appropriations Act, or a lesser rate at the Board's discretion for an employee or Board member traveling by his/her personally-owned vehicle on official business:
 - (a) In accordance with the OMB circular, if any condition in an existing negotiated contract is in conflict with the circular, such as the mileage reimbursement rate, the provision of the contract will prevail;
 - (b) Parking and toll charges shall be allowed in addition to mileage allowance;
 - (c) Reimbursement for travel to points outside the State by automobile shall be permitted when such arrangements prove to be more efficient and economical than other means of public transportation;
 - (d) In determining the relative costs of private and public transportation, all associated costs (i.e., tolls, taxicabs, airport, or station transfers, etc.) shall be considered;

- (e) All employees and Board members using privately-owned vehicles in the performance of their duties for the school district shall present a New Jersey Insurance Identification Card indicating that insurance coverage is in full force and effect with companies approved by the State Department of Banking and Insurance. The card shall be made available to the Superintendent or designee before authorization to use privately-owned vehicles;
- (f) Employees and Board members who are out-of-State residents must provide appropriate insurance identification in lieu of the New Jersey Insurance Identification Card;
- (g) School district-owned or leased vehicles shall be utilized in accordance with N.J.A.C. 6A:23A-6.12;
- (h) Necessary taxicab charges are permitted. However, travel to and from airports, downtown areas, and between hotel and event site shall be confined to regularly scheduled shuttle service, whenever such service is complimentary or is less costly. If shuttle service is not available, taxicabs may be used; and
- (i) Cruises are not permitted for travel events or transportation.

M. Routing of Travel

1. Pursuant to OMB Circulars:

- a. All travel shall be by the most direct, economical, and usually-traveled route. Travel by other routes as a result of official necessity shall only be eligible for payment or reimbursement if satisfactorily established in advance of such travel.
- b. In any case where a person travels by indirect route for personal convenience, the extra expense shall be borne by the individual.
- c. Reimbursement for expenses shall be based only on charges that do not exceed what would have been incurred by using the most direct, economical, and usually traveled route.

N. Subsistence Allowance – Overnight Travel

1. Pursuant to the OMB Circulars, one-day trips that do not involve overnight lodging shall not be eligible for subsistence reimbursement, except for meals expressly authorized by and in accordance with the provisions of N.J.A.C. 6A:23A-7.12.
2. Pursuant to the OMB Circulars, generally, overnight travel shall not be eligible for subsistence reimbursement if travel is within the State. Overnight travel is permitted if such travel is authorized pursuant to N.J.A.C. 6A:23A-7.11(c), or is a required component of a grant, donation, or other funding agreement with the district. The specific required overnight in-State travel event must be detailed in the approved grant, donation, or other fund acceptance agreement along with the number of employee(s), Board member(s), and total cost. All reimbursements are subject to these rules unless the funding acceptance agreement specifies otherwise.
3. The Commissioner is authorized to grant waivers for overnight travel for school Board members and school district employees to attend in-State conferences in accordance with N.J.A.C. 6A:23A-7.11(c). If a waiver is granted by the Commissioner, it shall permit reimbursement for travel expenses for only those individuals whose home to the convention commute exceeds fifty miles.
4. Overnight travel within the State shall not be eligible for subsistence reimbursement if travel is on the day prior to the start of the conference. Reimbursement shall be prohibited for lodging prior to check-in time for the first day of the event or after check-out time on the last day of the event.
5. The United States General Services Administration publishes a schedule of Federal per diem rates in the Federal Register for approved overnight travel by the event location. The latest Federal per diem rates schedule for lodging, meals, and incidental expenses by location can be found at www.gsa.gov. The following restrictions apply to allowable per diem reimbursements.
 - a. Allowable per diem reimbursement for lodging, meals, and incidentals shall be actual reasonable costs, not to exceed the Federal per diem rates for the event location. Registration and conference fees are not subject to the Federal per diem rate caps. If the event location is not listed, the maximum per diem allowance shall be \$31 for meal/incidental expenses and \$60 for lodging, or amounts listed in any superseding NJOMB circular.

- b. Pursuant to N.J.S.A. 18A:11-12(o), reimbursement for lodging expenses for overnight travel, out-of-State or in-State as authorized by the Commissioner, may exceed the Federal per diem rates if the hotel is the site of the convention, conference, seminar or meeting, and the going rate of the hotel is in excess of Federal per diem rates.
 - (1) If the hotel at the site of the current travel event is not available, lodging may be paid for similar accommodations at a rate not to exceed the hotel rate at the site of the current event.
 - (2) If there is no hotel at the site of the current travel event (e.g. Atlantic City Convention Center), then reimbursement for lodging shall not exceed the Federal per diem rate.
- c. If the meal is not part of a one-sum fee for a travel event, reimbursement may be approved for the full cost of an official convention meal that the employee or Board member attends, when such meal is scheduled as an integral part of the convention or conference proceedings.
 - (1) Receipts shall be submitted in order to obtain reimbursement in such situations. The amount of the Federal per diem rate for the corresponding meal shall be deducted from that day's subsistence allowance.
- d. The allowance for a meal or meals, or incidentals shall not be eligible for reimbursement when included and paid in the registration fee, the cost of lodging or transportation charge.
- e. Receipts shall be required for all hotel and incidental expenses.
 - (1) Meal expenses under the Federal per diem allowance limits do not require receipts pursuant to N.J.S.A. 18A:11-12.o.(3).
- f. In any case in which the total per diem reimbursement is greater than the Federal per diem rates, the costs shall be considered excessive in the absence of substantial justification accompanying the travel voucher submitted by the employee or Board member. In such cases, receipts shall be submitted for all costs including meals.

- g. Employees and Board members shall patronize hotels and motels that offer special rates to government employees unless alternative lodging offers greater cost benefits or is more advantageous to the conduct of school district business.
 - h. Actual subsistence expenses shall not be reimbursable if paid by the traveler to a member of his/her family, to another school district employee, or to a member of the family of another school district employee.
- O. Meal Allowance – Special Conditions – And Allowable Incidental Travel Expenditures
 - 1. Meals for in-State travel shall not be eligible for reimbursement except as expressly authorized within N.J.A.C. 6A:23A-7.
 - 2. Meals during one-day, out-of-State trips required for school business purposes may be authorized for breakfast, lunch, and/or dinner in an amount permitted by NJOMB. The Commissioner shall post the most current rates on the Department of Education website for reference.
 - 3. Lunch for training sessions and retreats may be authorized for an amount up to \$7 per person only when it is necessary that employees or Board members remain at a site other than their school district and there are no viable options for lunch at the off-site location.
 - a. If lunch is included in a one-sum registration fee for the training session, the full amount is eligible for reimbursement if reasonable.
 - b. Refreshments for breaks may also be provided at training sessions and retreats held at a site other than the school district. Providing lunch for staff meetings and in-service days or for staff that come from other parts of the school district shall not be permitted (See N.J.A.C. 6A:23A-7.12(d)).
 - c. In accordance with N.J.S.A. 18A:11-12a(1)(d), employee and Board member retreats shall be held onsite unless there is no school district site available.

4. Subsistence expenses for an employee or Board member shall not be allowed at the school district or within a radius of ten miles thereof, except for meals expressly authorized by and in accordance with the provisions of Section O of this Policy and N.J.A.C. 6A:23A-7.12. Non-allowed expenses include, but are not limited to, meals and refreshments for staff meetings and in-service days.
5. Reimbursement may be approved for the cost of an official luncheon or dinner, up to \$7 and \$10, respectively, that an employee or Board member is authorized to attend, where such a meal is scheduled as an integral part of an official proceeding or program related to school district business and the employee's responsibilities.
 - a. School district business above refers to the management operations of the district and does not refer to activities that benefit students and are part of the instructional program. Pursuant to N.J.A.C. 6A:23A-5.8(b)(4), all reasonable expenditures related to district employees that are essential to the conduct of a student activity are permitted.
6. Regular meetings, special meetings, and work sessions of the Board of Education shall be limited to light meals and refreshments for all Board members.
 - a. The meals may be served to employees who are required to attend the event and where it is impractical for the employee to commute to and from his or her residence between the end of the work day and the beginning of the event, or where the employee is required to remain at the school district to prepare for the event.
 - b. The school district shall acquire the light meals and refreshments by the solicitation of quotes if required pursuant to N.J.S.A. 18A:18A-1 et seq.
 - c. Where the school district's food service program can prepare comparable meals at a lower cost, the food service program shall be used.
 - d. The average cost per meal shall not exceed \$10.
 - e. The school district shall purchase or prepare foods that are sufficient to provide each Board member, dignitary, non-employee speaker, or allowable staff member one meal. Meals should be carefully ordered to avoid left-over food. Unintended left-over food should be donated to a charitable shelter or similar facility, if at all possible.

7. Allowable incidental travel expenses are defined as those that are essential to transacting official business.
 - a. Charges for telephone calls on official business may be allowed. The voucher must show the dates on which such calls were made, the points between which each call was made and the cost per call.
 - b. Employees and Board members using their personally-owned telephone for business may request reimbursement, less Federal Communications Tax. Calls for business are tax exempt and the telephone company will make allowances for the tax if the employee or Board member certifies to the telephone company when paying bills for personally-owned phones that said calls were business calls.
 - c. Incidental expenses, when necessarily incurred by the traveler in connection with the transaction of official business, may be submitted for reimbursement only when the necessity and nature of the expense are clearly and fully explained on the travel voucher and the voucher is approved. Travel vouchers shall be supported by receipts showing the quantity and unit price.
- P. Records and Supporting Documentation
 1. All persons authorized to travel on business must keep a memorandum of expenditures chargeable to the school district, noting each item at the time the expense is incurred, together with the date incurred.
 2. The travel voucher shall be completed by the employee or Board member to document the details of the travel event. The travel voucher must be signed by the employee or Board member to certify to the validity of the charges for which reimbursement is sought. The form must also bear the signatures of approval officials for processing.
 3. Sufficient documentation shall be maintained centrally by the school district to support payment and approval of the travel voucher.
 4. Each person authorized to travel shall submit a brief report that includes the primary purpose for the travel, the key issues addressed at the event and their relevance to improving instruction or the operations of the school district. This report shall be submitted prior to receiving reimbursement.

5. Documentation for requests for travel reimbursement shall show:
 - a. The dates and individual points of travel, number of miles traveled between such points, and kind of conveyance used;
 - b. If the distance traveled between any given points is greater than the usual route between these points, the reason for the greater distance must be stated;
 - c. The hours of the normal work day and actual hours worked must be shown when requesting meal reimbursement for non-overnight travel;
 - d. Original receipts shall be required for all reimbursable expenses, except for meals that qualify for per diem allowances and for parking meters;
 - e. Actual vendor receipts for personal credit card charges shall be attached to reimbursement requests. Credit card statements shall not be accepted as documentation of expenses;
 - f. Personal charges on a hotel bill shall be deducted and shown on the bill;
 - g. When lodging is shared jointly, the fact must be stated on the travel voucher;
 - h. Where travel is not by the most economical, usually-traveled route, the employee or Board member reimbursement request shall set forth the details of the route, the expenses actually incurred, the hour of departure, the hour of arrival, and an explanation for the use of costlier travel arrangements;
 - i. When travel is authorized in the employee's or Board member's own automobile on a mileage basis, the points between which travel was made and the distance traveled between each place must be shown. A statement as to ownership of the auto or other conveyance used, as well as a certification that liability insurance is in effect, must be documented;
 - j. Reimbursement requests must be supported by other receipts as required;
 - k. The voucher shall be itemized; and

1. Reimbursement requests shall be rendered monthly when in excess of \$25. Travel for a single travel event must be reported as soon as possible after the trip.
6. All outstanding travel vouchers for the school year ending June 30 shall be submitted as soon as possible after June 30 regardless of amount, notwithstanding N.J.A.C. 6A:23A-7.13(e)(12).
7. Travel mileage reimbursement requests of the just completed school year, that are not submitted by July 30 or the date approved by the district for the closing of books, whichever is earlier, for the just completed school year shall not be approved or paid.

6472 TUITION ASSISTANCE

The Board of Education recognizes the importance of advanced educational experience, coursework, and degrees for employees. The Board of Education may provide tuition assistance to an employee in accordance with contract provisions in a collective bargaining agreement, an individual employment contract, or as per any other employment agreement or contract approved by the Board.

In accordance with the provisions of N.J.S.A. 18A:6-8.5, in order for the Board of Education to provide tuition assistance to an employee for coursework taken at an institution of higher education or additional compensation upon the acquisition of additional academic credits or completion of a degree program at an institution of higher education, the institution shall be a duly authorized institution of higher education as defined in Section 3 of P.L.1986, c.87 (C.18A:3-15.3).

The employee shall be required to obtain approval from the Superintendent of Schools prior to enrollment in any course for which tuition assistance is sought. In the event the Superintendent denies the approval, the employee may appeal the denial to the Board of Education. In the case of tuition assistance for the Superintendent of Schools, the approval shall be obtained from the Board of Education.

In accordance with the provisions of N.J.S.A. 18A:6-8.5.c., tuition assistance or additional compensation shall be provided only for a course or degree related to the employee's current or future job responsibilities.

Nothing in N.J.S.A. 18A:6-8.5 shall be construed to limit the authority of the Board to establish more stringent requirements for the provision of tuition assistance or additional compensation. The provisions of this Policy and N.J.S.A. 18A:6-8.5 shall not be deemed to impair an obligation set forth in a collective negotiations agreement or an individual contract of employment in effect on May 6, 2010.

6480 PURCHASE OF FOOD SUPPLIES

The Board of Education authorizes the purchase of certain food supplies without advertising for bids.

For the purpose of this policy, “food supplies” means only those supplies that are to be eaten or drunk and those substances that may enter into the composition of a food in the operation of a school cafeteria or in a home economics class.

The Board of Education authorizes the School Business Administrator or designee to purchase all food supplies without advertising for bids in accordance with N.J.S.A. 18A:18A-5 and N.J.A.C. 6A:23A-16.5 et seq.

The School Business Administrator or designee shall obtain price quotations for all food supplies purchased without advertising for bids in accordance with N.J.A.C. 6A:23A-16.5 et seq.

Vendors interested in providing food supplies to the school district shall submit a written request to the School Business Administrator or designee to receive specifications for food supplies to be purchased by the school district. The School Business Administrator or designee will maintain a list of interested vendors and will mail specifications for food supplies to those vendors who requested such specifications.

Each time a purchase of food supplies is to be made, the School Business Administrator or designee shall solicit quotations from interested, eligible vendors. Quotations for fresh or frozen fruits, vegetables, and meats need not be solicited more than once in any two week period.

The School Business Administrator or designee shall provide definite and uniform specifications governing standards of quality to each eligible vendor from whom quotations are solicited. Specifications for food supplies will indicate a time in which all quotations must be submitted to the school district for consideration.

All quotations from interested, eligible vendors will be evaluated by the School Business Administrator or designee. Food supplies shall be purchased from the vendor who submits the lowest quotation, except that food supplies may be purchased from another vendor who submitted a quotation when the School Business Administrator or designee can justify the purchase. Any such justification, together with all quotations received, shall be kept in permanent record form, attached to the purchase order and available to school officials, the Board, and the State Department of Education for a minimum of three years following the purchase.

The School Business Administrator or designee may purchase food supplies for any school cafeteria or home economics class to the extent of not more than \$500.00 any month without soliciting quotations provided the School Business Administrator provides a written signed statement filed with the invoice indicating the reason why quotations could not be obtained. The signed statement filed with the invoice shall be retained for review and audit.

Nothing in this Policy shall prevent the Board from purchasing food supplies by advertising for bids and awarding contracts in accordance with N.J.S.A. 18A:18A-4.

6510 PAYROLL AUTHORIZATION

The most substantial allocation of public funds for the operation of the school district is that made to the employees of the Board of Education for their services. Compensation will be tendered only to persons duly employed by this Board and only for services rendered.

Each Board resolution to employ or reemploy a person will include the person's name, position, and tenure status; the salary or rate of pay the person is to receive, the method of payment, the wage guide from which wages are derived, and the budget category to which the wages are to be charged; the period of time for which employment is authorized; and the school, grade, class or special assignment, as appropriate.

No person may be assigned duties as a substitute employee whose employment has not been approved by the Board. The list to be approved by the Board will include the names of recommended substitutes, the duties to which each may be assigned, and the rate of pay. Substitute authorization will ordinarily be valid for one school year.

The minutes of Board meetings will record personnel actions of the Board, to include, but not be limited to, the appointment, promotion, resignation, retirement, death, discharge, compensation, or leave of absence for each employee. The minutes will also include effective dates for personnel action.

Certain categories of staff members designated by the Superintendent of Schools, shall be required to use a time clock or sign in and out of work daily in order to verify days and hours worked. The service of extra-duty personnel must be certified by the appropriate supervisor before payment can be made.

The Superintendent and Board Secretary are authorized to withhold salary or wages for services not rendered, in accordance with Board policy.

Staff members shall be paid in accordance with the provisions in their collective bargaining agreement and/or in accordance with a schedule provided to all employees prior to the beginning of the contract or school year.

In accordance with N.J.A.C. 6A:23A-5.7, beginning with the 2008-2009 school year, at least once every three years, between the months of September through May, the Superintendent of Schools shall require each district employee to report to a central location(s) and produce picture identification and sign for release of his or her paycheck or direct deposit voucher. The accepted picture identification shall be in the form of a district-issued identification card, valid drivers' license, official passport, or other picture identification issued by a State, county, or other local government agency.

The Superintendent of Schools shall designate an appropriately qualified staff member to match the picture identification to the position control roster maintained by the office of personnel or human resources prior to release of the pay check or direct deposit voucher. If the district elects to conduct this payroll verification prior to the district's required implementation of the position control roster pursuant to N.J.A.C. 6A:23A-6.8, the district may use similar and suitable office of personnel or human resources generated listing of employees. Where no appropriate identification can be produced, the Board Secretary shall withhold paychecks or stop direct deposits until such time the payee/district employee can produce appropriate identification or until an investigation and corrective action is concluded, as appropriate to the circumstances.

Upon completion of the payroll check distribution verification procedures set forth in this Policy and N.J.A.C. 6A:23A-5.7, the Superintendent of Schools shall submit a certification of compliance, in a form prescribed by the Department of Education, to the Executive County Superintendent. Verification of the district's compliance with the provisions of N.J.A.C. 6A:23A-5.7 will be required as part of the annual audit.

The payroll journal will be certified by the Board Secretary, the President of the Board, and approved by the Superintendent.

Deductions will routinely be made as required for Federal income tax, social security and medicare; New Jersey income tax, unemployment assistance, and other miscellaneous taxes; and by the New Jersey Division of Pensions.

Deductions may also be made, provided they have been duly authorized by the employee in writing, for contributions on the employee's behalf for:

1. The payment of premiums for group life, accidental death or dismemberment, hospitalization, medical, surgical, major medical, health and accident, and legal insurance plans, N.J.S.A. 18A:16-13;

3. Tax sheltered annuities or custodial accounts, N.J.S.A. 18A:66-127; and
4. Bona fide organizational dues, N.J.S.A. 52:14-15.9e.

Contributions shall be made as soon as is reasonably possible after the funds have been deducted from an employee's salary. No contribution shall be made on behalf of an employee until the amount contributed has been deducted from the employee's salary.

An employee who wishes to pay into a tax sheltered annuity or mutual fund offered by a firm not approved by this Board for payroll deductions must make his/her payment individually.

No Board employee shall withhold or pay to another or purchase or have assigned, other than by court order, any compensation for the services rendered by an employee of this district.

6660 STUDENT ACTIVITY FUND

The Board of Education authorizes the establishment of a student activity account for funds derived from events and activities of student organizations and to account for the accumulation of money to pay for student group activities. The Board of Education may establish individual student activity accounts within a student activity account by Board resolution.

Student activity funds are maintained under the jurisdiction of the Board of Education and are under the supervision of the Board Secretary.

Funds collected for a student activity shall be turned into the Business office and deposited in the bank within twenty-four hours or the next school day after collection. Student activity funds shall be maintained in a secured and locked location prior to being deposited in the bank.

The student activity funds shall be maintained in an interest-bearing bank account separate from all other Board of Education funds and shall be classified by school in the event only a single student activity account is established for all schools in the district. The interest earned shall be disbursed to each individual student activity fund in proportion to the balances on deposit for each activity.

All student activity fund receipts shall be detailed and recorded by the individual student activity showing the date, source, purpose, and amount. The administrator of the student activity account shall provide a written receipt to the individual student activity advisor or coordinator when any student activity funds are turned in for deposit. A copy of these written receipts shall be maintained by the administrator of the student activity account and shall be traceable to the actual receipts or groups of receipts. All bank deposits shall agree with the copies of the written receipts for all deposits.

All requests for disbursements from the student activity account shall be submitted to the school's administrator of the student activity account and must be supported by a claim, bill, invoice, or written order. All disbursements from the student activity account shall be recorded chronologically by school and individual student activity showing date, vendor, check number, purpose, and amount. All disbursements shall be made by check requiring at least two signatures as authorized and approved by Board of Education resolution.

The student activity account shall be reconciled with the student activity bank account on a monthly basis and if the Board Secretary designated an administrator of a student activity account, a copy of the reconciliation shall be submitted to the Board Secretary for review and approval. The bank account reconciliation shall be completed in accordance with the procedures and requirements established by the Board Secretary. Copies of canceled checks, bank statements, and bank account reconciliations shall be retained for examination by the licensed public school accountant as part of the annual audit required under N.J.S.A. 18A:23-1 et seq. and stated in N.J.A.C. 6A:23A-16.2(i).

Borrowing funds from any student activity account is prohibited. In addition, the Board of Education shall not be responsible for the protection of and the accounting for funds collected by any teacher or student for an outside school organization. In addition, the Board of Education shall not approve such funds for deposit in a student activity account.

Any funds accumulated in an individual student activity account that are unexpended or unallocated for use after the student activity is no longer active, discontinuance of the activity or a class has graduated shall revert to the school's activity accounts.

6740 RESERVE ACCOUNTS

The Board of Education or Board of School Estimate, as appropriate, may at any time establish by Board resolution a capital reserve account, pursuant to N.J.S.A. 18A:21-2 and 3, and 18A:7G-31.

Funds in the capital reserve account shall not be used for current expenses, pursuant to N.J.S.A. 18A:22-8.2, and shall only be used for purposes as outlined in N.J.A.C. 6A:23A-14.1(b). The Board of Education may increase the balance in the capital reserve account by appropriating funds in the annual general fund budget certified for taxes to meet the needs of the Long-Range Facilities Plan (LRFP) that are not met by State support. The balance in the account may also be increased by requesting approval from the Executive County Superintendent, as the Commissioner's designee, to appropriate any excess unreserved general fund balance as calculated in the supporting documentation of the proposed budget into capital reserve in the proposed budget pursuant to N.J.S.A. 18A:7F-7b only when the Board of Education has formally established a capital reserve account and obtained an approved LRFP in accordance with N.J.A.C. 6A:26-2. The Board of Education, at its option, may satisfy the withdrawal approval requirements set forth in N.J.A.C. 6A:23A-14.1(h) in accordance with the procedures as outlined in N.J.A.C. 6A:23A-14.1(d).

The Board of Education may request express approval of the voters for appropriation of additional amounts into the capital reserve in accordance with the procedures as outlined in N.J.A.C. 6A:23A-14.1(e). The Board of Education shall not deposit into a capital reserve account audited excess undesignated, unreserved general fund balance. The Board of Education shall reserve and designate such funds in the subsequent year's budget pursuant to N.J.A.C. 6A:23A-8.5(b). The Board of Education shall maintain an amount of funds in the capital reserve account that does not exceed the amount needed to implement capital projects in a school district's LRFP that are not met by State support.

The Board of Education may withdraw funds from the capital reserve account at any time in accordance with the provisions of N.J.A.C. 6A:23A-14.1(h). However, the Board of Education or Board of School Estimate, as appropriate, may at any time, apply to the Commissioner for approval to withdraw funds from its capital reserve account for uses authorized in N.J.A.C. 6A:23A-14.1(b). The Board of Education or Board of School Estimate, as appropriate, may make a withdrawal pursuant to N.J.A.C. 6A:23A-14.1(i) only upon receipt of written approval of the Commissioner and the Board of Education shall establish to the satisfaction of the Commissioner that an emergent condition exists necessitating an immediate withdrawal of capital reserve account funds.

The Board of Education shall administer and account for the capital reserve account in accordance with the requirements of N.J.A.C. 6A:23A-14.1(j). Funds in capital reserve accounts in existence prior to July 18, 2000 are subject to the Educational Facilities Construction and Financing Act (EFCFA), P.L. 2000, c. 72, and N.J.A.C. 6A:23A-14, and the Board of Education shall only use such funds for the original purpose for which the funds were deposited and as outlined in N.J.A.C. 6A:23A-14.1(k)1. and (k)2.

The Board of Education shall establish, by resolution, a maintenance reserve account in accordance with the provisions of N.J.A.C. 6A:23A-14.2 to be used to implement required maintenance of the school district's facilities. The Board of Education is prohibited from using such funds for routine or capital maintenance and the account shall be established and maintained in accordance with Generally Accepted Accounting Principles (GAAP) and shall be subject to annual audit pursuant to N.J.S.A. 18A:23-1 et seq. The balance in the maintenance reserve account may be increased by appropriating funds in the annual general fund budget certified for taxes. Funds may be withdrawn from the maintenance reserve account and appropriated into the required maintenance account lines at budget time or any time during the year for use on required maintenance activities for a school facility as reported in the comprehensive maintenance plan pursuant to N.J.A.C. 6A:26A-4 in accordance with the provisions of N.J.A.C. 6A:23A-14.2(d). In any year that maintenance reserve account funds are withdrawn, the Board of Education shall restore any unexpended required maintenance appropriations, up to the amount of maintenance reserve account funds withdrawn, to the maintenance reserve account at year-end.

The Board of Education shall, by resolution, transfer to the general fund on an annual basis any interest earned on the investments in the maintenance reserve account. Such interest may be transferred on a more frequent basis at the discretion of the Board of Education. The Board of Education shall ensure the maintenance reserve account balance does not, at any time, exceed four percent of the replacement cost of the school district's school facilities for the current year. If the account exceeds this maximum amount at June 30, the Board of Education shall reserve and designate such excess in the subsequent year's budget.

The Board of Education or Board of School Estimate, as appropriate, may supplement a capital reserve account in accordance with requirements as outlined in N.J.A.C. 6A:23A-14.3. The Board of Education or a Board of School Estimate, as appropriate, may through the adoption of a Board resolution, establish a current expense emergency reserve account, a debt service reserve account, and a tuition adjustment reserve account in accordance with requirements as outlined in N.J.A.C. 6A:23A-14.4.

All reserve accounts shall be recorded in accordance with GAAP and subject to annual audit. Any capital gains or interest earned shall become part of the reserve account. A separate bank account is not required; however, a separate identity for each reserve account shall be maintained.

The Board of Education recognizes its responsibility to the taxpayers of the district and the State to expend public moneys wisely and prudently for the maintenance of a thorough and efficient system of public education and to institute appropriate controls and accounting procedures.

The Board shall use accounting and reporting directives as prepared, published and distributed by the Commissioner of Education in addition to any books, materials or bulletins, for the guidance of school officials in establishing and maintaining the double entry bookkeeping and accounting system mandated in N.J.A.C. 6A:23-2.1.

The Board shall develop a system of accounting and reporting objectives that make it possible to present fairly and with full disclosure the funds and activities of the district and to determine and demonstrate compliance with finance-related legal and contractual matters. The Board shall develop an accounting system that is organized and operated on a fund basis and shall report governmental, proprietary and fiduciary funds in the fund financial statements to the extent they have activities that meet the criteria for using those funds. The Board shall establish and maintain those funds required by law and sound financial administration (only the minimum number of funds consistent with legal and operating requirements should be established) and use the modified accrual or accrual basis of accounting as appropriate in measuring financial position and operating results in accordance with GAAP and regulatory provisions. Transfers shall be recognized in the accounting period in which the interfund receivable and payable arise.

The Board shall adopt an annual budget and include the adopted annual budget in the minutes of the Board. A detailed budget statement, which includes the classification of expenditures by program and function shall be prepared on a fund basis in accordance with N.J.S.A. 18A:22-8 and on a form prescribed by the Commissioner. A detailed budget shall be prepared for each special project, capital project, and Federal or State grant. This budget shall be maintained, along with all authorized revisions, on file in the district Board of Education or Charter School Board of Trustees business office. The Board shall take appropriate action, as necessary, to maintain a balanced budget.

The Board shall ensure the accounting system provides the basis for appropriate budgetary control, and that budgetary comparison schedules are included in the appropriate financial statements and schedules for governmental funds in accordance with GAAP.

The Board shall use a common terminology and classification consistently throughout the budget, the accounts, and the financial reports of each fund, and shall adopt a chart of accounts prepared in conformity with N.J.A.C. 6A:23-2.2(g)1.

6820 FINANCIAL REPORTS

The Board of Education directs the Board Secretary and the Treasurer of School Moneys, or designee, to make such accurate and timely reports to county, State, and Federal offices as required by law and rules of the State Board of Education. In addition, the Board Secretary and Treasurer, or designee, shall report to the Board on the financial condition of the school district in accordance with law and in the manner and form required by the State Department of Education. There shall be a common terminology and classification system used consistently throughout the budget, the accounts, and the financial reports of each fund. The district will establish and implement an adequate internal control structure and procedures for financial reporting.

The Board Secretary shall prepare monthly financial statements, reports of financial condition, operating results, and other pertinent information in accordance with directions issued by the Commissioner of Education, to facilitate management control of financial operations, legislative oversight and, where necessary or desired, for external reporting purposes.

In the event the Board has approved a budget with an expanded coding structure, the Board Secretary shall present the financial report in two forms. One form shall use the minimum level chart of accounts established by the State Department of Education and the other shall use the expanded chart of accounts approved by this Board in accordance with Policy No. 6220.

If no line item account has encumbrances and expenditures that in total exceed the line item appropriation in violation of N.J.A.C. 6A:23A-16.10(a), the Board Secretary shall so certify to the Board each month. If a violation has occurred, corrective action as outlined in N.J.A.C. 6A:23A-16.10(c)3.i shall be taken by the Board.

The Board of Education, after review of the monthly financial reports and upon consultation with the appropriate district officials, shall certify in the minutes of the Board each month that no fund has been overexpended in violation of N.J.A.C. 6A:23A-16.10(b) and that sufficient funds are available to meet the district's financial obligations for the remainder of the fiscal year. If the Board is unable to make such a certification, the Superintendent of Schools shall initiate the steps outlined in N.J.A.C. 6A:23A-16.10(b) and shall reflect such directive in the minutes of the Board. If the Board makes such certification but one or more Board members vote no to the certification, the Board shall provide to the Executive County Superintendent the Board vote, names of the members that voted no, and the reason for the no vote.

If the reports of the Board Secretary and the Treasurer differ in cash receipts or expenditures, the Board Secretary shall resolve the difference prior to the next meeting of the Board. Any difference that cannot be rectified shall be referred immediately to the Auditor. In the event the Board Secretary is more than two months behind in submitting the financial report to the Board pursuant to N.J.S.A. 18A:17-9, the Superintendent of Schools shall report this non-compliance to the Executive County Superintendent.

The Board shall annually cause an audit to be made of the district's accounts and financial transactions. The audit will be conducted in accordance with law by the public school accountant appointed by the Board. The Board will engage only a licensed public school accountant to conduct the audit in accordance with N.J.S.A. 18A:23-1 et seq. who has an external peer/quality report performed in accordance with the requirements of N.J.A.C. 6A:23A-16.2(i).

The audit shall include test measures to assure that documentation prepared for income tax purposes complies fully with the requirements of Federal and State laws and regulations regarding the compensation which is required to be reported and the requirements of N.J.A.C. 6A:23A-4.2 and 6A:23A-4.3.

The Board Secretary will receive the audit report and recommendations of the public school accountant and prepare or have prepared a synopsis or a summary of the annual audit and recommendations prior to the holding of the Board meeting where the Board will take action on the report. Copies of the synopsis or summary will be available for distribution to interested parties at the meeting.

Within thirty days of the receipt of the audit report, the Board will, at a regularly scheduled public meeting, cause the recommendations of the public school accountant to be read and discussed and the discussion duly noted in the minutes of the Board meeting.

The Board will implement the audit recommendations and report such implementation to the Commissioner.

In the event the district has repeat audit findings in the Auditor's Management Report submitted with the CAFR in any year shall, within thirty days of the CAFR submission, submit to the Executive County Superintendent or State fiscal monitor, as applicable, a specific corrective action plan for addressing the repeat audit findings in accordance with the provisions of N.J.A.C. 6A:23A-4.4.

6831 WITHHOLDING OR RECOVERING STATE AID

In the event the New Jersey Department of Education identifies ineffective or inefficient expenditure(s) by any school district, including, but not limited to the practices prohibited in N.J.A.C. 6A:23A-5.2 through 5.9, the Commissioner shall, except as otherwise provided in N.J.A.C. 6A:23A-5.1(h) provide the school district the opportunity to be heard as to why the amount of the ineffective or inefficient expenditure(s) shall not be withheld from State aid or refunded to the Department of Education.

The proceeding shall be instituted by an Order to Show Cause filed by the petitioner. The filing shall include a statement of factual findings along with a letter memorandum setting forth the basis for the position that the expenditure(s) was ineffective or inefficient. The respondent(s) to whom the order is directed shall file, within fifteen days, a response to the letter memorandum and an answer that meets the filing, service, and format requirements for answers as set forth in N.J.A.C. 6A:3, Controversies and Disputes. The petitioner may file a reply to the response within ten days.

Upon review of the filings, the Commissioner may decide to hear the matter directly pursuant to N.J.S.A. 52:14F-8 or refer the matter to the Office of Administrative Law. If the Commissioner decides to transmit the matter to the Office of Administrative Law, such transmission shall be done on an expedited basis. If the Commissioner is hearing the matter directly, upon receipt of the filings set forth above, or upon expiration of the time for their submission, the Commissioner shall review the total record before him or her and render a written decision. The Commissioner's decision shall include a determination of whether the expenditure was ineffective or inefficient and, if so, the amount of funds to be withheld from State aid or refunded by the district.

Nothing shall preclude the Commissioner from immediately and summarily withholding State aid, consistent with N.J.S.A. 18A:55-2, if, at any time, it is determined that the fiscal practices, actions, or expenditures of a school official, Board member, Board, or any other party under the Commissioner's jurisdiction are in violation of any statute, regulation, rule, or directive of the State Board of Education or Commissioner of Education.

N.J.A.C. 6A:23A-5.1

7101 EDUCATIONAL ADEQUACY OF CAPITAL PROJECTS

Capital projects that affect any of the criteria for educational adequacy shall be reviewed and approved by the Division of Administration and Finance (Division) in accordance with N.J.A.C. 6A:26-5 et seq. The criteria are the number, configuration, size, location, or use of educational spaces within a school facility. The review for educational adequacy shall take into consideration the suitability of the number, configuration, size, location, and use of educational spaces; built-in furniture and equipment; and provisions for the disabled.

Projects requiring approval for educational adequacy, as defined in N.J.A.C. 6A:26-5.1 are: new school facilities including pre-fabricated facilities; additions to existing school facilities; alterations to the total number, dimension in volume and/or area, configuration or location of educational spaces or the number of any one kind of educational space; and installation of temporary facilities.

New Jersey Schools Development Authority (Development Authority), Regular Operating District (ROD), along with other capital projects, are subject to educational adequacy reviews pursuant to N.J.A.C. 6A:26-5.1(b). The educational specifications shall include an itemized list of furniture, equipment, and support spaces required to conduct the educational program specified for each space, together with their net areas in square feet, as well as the net of the total room area required for each space. The educational specifications shall also include specific technical and environmental criteria, adjacencies and other requirements for the educational program and a building-space program that indicates the number and net area in square feet of each instructional, specialized instructional, administrative, and support space in each existing or proposed building included in the capital project and/or temporary facility.

Schematic plans and other related project documents will be prepared and submitted in accordance with N.J.A.C. 6A:26-5.3.

A project cost estimate on a form provided by the Commissioner of Education, a project schedule, a copy of the dated transmittal letter to the Executive County Superintendent indicating project document submission to the Division, and a copy of the transmittal letter indicating the date of plan submission to the local planning board shall be submitted in accordance with N.J.A.C. 6A:26-5.3(b)4.

In the case of a Development Authority school facilities project, upon completion of detailed plans and specifications, the Development Authority on behalf of the district shall apply, upon completion of detailed plans and specifications, for final approval of the project's educational adequacy of the project in accordance with N.J.A.C. 6A:26-5.4(a). Every acquisition of land, whether by purchase, condemnation, or by gift or grant, to be used as a school site shall comply with the requirements of N.J.A.C. 6A:26-7.1 et seq. The school district, or the New Jersey Schools Development Authority (Development Authority) on behalf of the district, shall submit information to the Division of Administration and Finance (Division) to obtain approval for land in connection with a school facilities project in accordance with the provisions of N.J.A.C. 6A:7.1(b).

In the event the school district intends to acquire land not in connection with a school facilities project, the district shall submit all of the information required under N.J.A.C. 6A:26-7.1(b) except N.J.A.C. 6A:26-7.1(b)1.ii and N.J.A.C. 6A:26-7.1(b)1.iii, and shall further be excepted from the requirements of N.J.A.C. 6A:26-7.1(d) and N.J.A.C. 6A:26-7.1(e). If the school district later intends to change the use of the land and use as a school site, the school district shall be required to submit all of the information required under N.J.A.C. 6A:26-7.1 and the exceptions outlined above shall no longer apply.

In accordance with the provisions of N.J.A.C. 6A:26-7.1(d), school site sizes shall be directly related to the acreage required for the structures and activities to be situated thereon. Except where specifically noted for multiple or shared use, the acreage shall be considered for single use.

All school sites shall have sufficient acreage for the placement of the school facility; expansion of the building to its maximum potential enrollment; the placement of all other structures such as greenhouses, storage buildings, school bus maintenance buildings or garages, and any other above or below ground structure, which is to be placed thereon; multi-purpose physical education fields and, for preschool through grade five school facilities, a playground required to support the achievement of the New Jersey Student Learning Standards as defined by the number of physical education teaching stations applicable to the school facility pursuant to the facilities efficiency standards and the approved programmatic model; disabled-accessible pedestrian walkways, roadways, and parking areas on which people and vehicles access the building; public and service access roads onto the site including, where warranted, a one-way school bus road of thirty foot width and a two-way road of thirty-six foot width; a school bus drop-off area; and eighteen foot wide posted fire lanes for fire apparatus; and a thirty-foot wide access around the entire building.

Land owned by the Board of Education that does not meet the standards of N.J.A.C. 6A:26-7.1 may be supplemented pursuant to the requirements of N.J.A.C. 6A:26-7.1(f).

Pursuant to N.J.A.C. 6A:26-7.1(g), the Division's approval shall remain effective for three years, after which time Division approval shall again be required to be obtained prior to acquiring land.

The Development Authority may acquire land on behalf of a school district eligible for one hundred percent State support of final eligible costs for school facilities projects that are consistent with the school district's approved Long Range Facilities Plan (LRFP). For such school districts, the New Jersey Department of Education shall require submission of all information set forth in N.J.A.C. 6A:26-7.1(b) to demonstrate compliance with N.J.A.C. 6A:26-7. The Development Authority may submit the required information on behalf of such school districts.

In accordance with N.J.A.C. 6A:7.3, the Board of Education may acquire an existing facility through purchase, gift, lease, or otherwise provided the Board complies with all procedures and rules pertaining to the appropriation and use of capital funds as required by N.J.S.A. 18A:20-4 and 4.2 and the Board has the facility approved in accordance with N.J.A.C. 6A:26-3, which applies to the acquisition of a school site and for the construction of a new facility. Facilities to be procured for temporary use shall comply with N.J.A.C. 6A:26-8 if subject to educational-adequacy review pursuant to N.J.A.C. 6A:26-5.4(c) because the facilities will house students.

7130 SCHOOL CLOSING

The Board of Education recognizes its responsibility to provide a thorough and efficient program of free public education and appropriate facilities to house that program. The Board further recognizes that declining enrollments, diminished resources, district reorganization, and/or other good cause may require the use of one or more district facilities for educational purposes be abandoned.

To receive approval for the closing of a school the Board shall provide the Division of Administration and Finance (Division) and the Executive County Superintendent with the following assurances:

1. The proposed closing is consistent with the district's approved LRFP because:
 - a. The school district has demonstrated that sufficient school building capacity exists to house students for the five years following the closing;
or
 - b. The school district has demonstrated through a feasibility study that the benefits of undertaking new construction outweigh those of rehabilitating the school proposed for closure.
2. The use of temporary facilities in the remaining schools does not result or increase from an overall facilities shortage caused by the school closing; and
3. The re-assignment of students to other schools in the district does not produce, sustain nor contribute to unlawful segregation, separation, or isolation of student populations on the basis of race or national origin.

A request for approval from the Division for the school closing shall include the recommendation of the Executive County Superintendent. A letter of approval from the Division based on the information in N.J.A.C. 6A:26-7.5(a) and as listed above shall be required before the school's closing.

The Division shall notify the school district in writing of its determination with respect to the requested school closing, with a copy provided to the Executive County Superintendent.

7230 GIFTS, GRANTS, AND DONATIONS

The Board recognizes, however, that from time to time individuals or organizations in the community may wish to contribute additional supplies or equipment to enhance or extend the instructional program.

The Board may accept by resolution duly passed at a public meeting any gift or grant of land, with or without improvement, and of money or other personal property, except that the Superintendent may accept on behalf of the Board any such gift less than \$250 in value. Grants of land are subject to the appropriate legal limitations and approvals.

The Board reserves the right to refuse to accept any gift that does not contribute toward the achievement of the goals of this district or any gift the ownership of which would tend to deplete the resources of the district. The Board shall not provide public moneys for the purchase of any school property on a matching fund basis.

Any gift accepted by the Board shall become the property of the Board, may not be returned without the approval of the Board, and shall be subject to the same controls and regulations as are other properties of the Board. The Board shall be responsible for the maintenance of any gift it accepts, subject to any joint agreement with another governmental body.

The Board will respect the intent of the donor in its use of a gift, but reserves the right to utilize any gift it accepts in the best interests of the students and the educational program of the district. In no case shall acceptance of a gift be considered to be an endorsement by the Board of a commercial product or business enterprise or institution of learning.

The Superintendent shall:

1. Counsel potential donors on the appropriateness of contemplated gifts and encourage such donors to choose as gifts supplies or equipment not likely to be purchased with public funds;
2. Encourage individuals and organizations considering a contribution to the schools to consult with the Principal or Superintendent before appropriating funds to that end;

3. Report to the Board all gifts that have been accepted on behalf of the Board;
4. Acknowledge the receipt of any gift accepted by the Board; and
5. Prepare fitting means for recognizing or memorializing gifts to the school district.

7300 DISPOSITION OF PROPERTY

The Board of Education believes the efficient administration of the district requires the disposition of property and goods no longer necessary for school purposes. The Board directs the periodic review of all district property and authorizes the disposition by sale, donation, or discard of any property no longer required for the maintenance of the educational program or the efficient management of the school district. The disposition of any school property will be in accordance with this Policy and applicable laws.

Real estate property will be disposed of by sale or otherwise, in accordance with N.J.S.A. 18A:20-5 through 18A:20-7 and N.J.A.C. 6A:26-7.4. If an approved site, or interest therein, is to be altered or disposed of through sale, transfer or exchange of all or part of the total acreage, including facilities, if applicable, a written request for approval of the disposal will be made to the Division of Administration and Finance (Division) in accordance with the requirements of N.J.A.C. 6A:26-7.4. The Division will notify the district of its approval or disapproval.

The Board may, by resolution and by sealed bid or public auction, authorize the sale of its personal property not needed for school purposes, and disposal of any property declared scrap or waste. If the estimated fair value of the property to be sold exceeds fifteen percent of the bid threshold in any one sale and it is neither livestock nor perishable goods, it shall be sold at public sale, together with a description of the items to be sold and the conditions of sale, shall be published once in an official newspaper. By resolution of the Board, the purchasing agent may include the sale of personal property no longer needed for school purposes as part of specifications to offset the price of a new purchase. In the event no bids are received for personal property or the personal property is not sold at private sale pursuant to, N.J.S.A. 18A:18A-45, the Board may declare the personal property as scrap or waste and dispose of it locally.

Personal property may be sold to the United States, the State of New Jersey, or to any body politic in the State of New Jersey, or any foreign nation which has diplomatic relations with these United States by private sale without advertising for bids.

Notwithstanding anything to the contrary in this Policy, property acquired with Federal funds for use in a Federally funded program will be disposed of in accordance with applicable law and guidelines.

The Superintendent shall develop regulations for the disposition of district property that provide for the review of the continued usefulness of all property in conjunction with the periodic inventory of property; the recommendation for Board designation of property for sale, donation, or discard; and the disposition of property in a fair and open manner consistent with the public interest and applicable laws.

7410 MAINTENANCE AND REPAIR

The Board of Education recognizes that the fixed assets of this district represent a significant investment of this community; their maintenance is, therefore, of prime concern to the Board.

The Board will develop, approve, and implement a comprehensive maintenance plan in accordance with the requirements of N.J.A.C. 6A:26A-3.1 and 6A:26A-3.2. A “comprehensive maintenance plan” means a multi-year maintenance plan developed by a school district covering required maintenance activities for each school facility in the school district pursuant to N.J.A.C. 6A:26A-1.1 et seq.

Required maintenance activities, in accordance with N.J.A.C. 6A:26A-2.1, are those specific activities necessary for the purpose of keeping a school facility open and safe for the use or in its original condition, and for keeping its constituent building systems fully and efficiently functional and for keeping their warranties valid. The activities address interior and exterior conditions; include preventative and corrective measures; and prevent premature breakdown or failure of the school facility and its building systems.

Expenditures for required maintenance activities set forth in N.J.A.C. 6A:26A-2.1 shall be accounted for in accordance with the requirements of N.J.A.C. 6A:26A-2.2.

The required annual maintenance budget amount in the comprehensive maintenance plan shall be included in the district’s annual budget certified for taxes in accordance with the provisions of N.J.A.C. 6A:26A-4.1(a). The required annual maintenance budget amount shall be calculated and adjusted in accordance with the provisions of N.J.A.C. 6A:26A-4.1(b). The Executive County Superintendent, in accordance with the provisions of N.J.A.C. 6A:26A-4.1(c), may not approve the school district’s budget if the required annual maintenance budget is not included in the budget certified for taxes.

Maintenance and repair requests and repairs shall be processed in accordance with the procedures as outlined in Regulation 7410.

7420 HYGIENIC MANAGEMENT

The Board of Education recognizes that the health and physical well-being of the students and staff of this district depend in large measure upon the cleanliness and sanitary management of the schools.

The Board directs that a program of hygienic management be instituted in the schools and explained annually to all staff members. Each school shall be inspected for cleanliness and sanitation by the School Business Administrator and Facilities Manager on a regular basis.

The Board will cooperate with the local board of health in the sanitary inspection of the schools' toilets, washrooms, food vending machines, water supply, and sewage disposal systems.

The Superintendent shall prepare, in consultation with the school medical inspector, regulations, first aid and emergency medical procedures that utilize universal precautions in the handling and disposal of blood and body fluids, whether or not students or staff members with HIV infection are present. School staff members and volunteers shall be provided the supplies for implementing the procedures. In particular, school nurses, custodians, and teachers shall be trained in proper handling procedures. These regulations and procedures will comply with the regulations of the State Department of Health and State Department of Labor (OSHA Standards for Occupational Exposure to Bloodborne Pathogens) and recommendations of the Centers for Disease Control and Prevention.

Bloodborne Pathogens

The Board recognizes that school employees may in the performance of their duties reasonably anticipate contact with human blood or other potentially infectious body fluids that may expose them to bloodborne pathogens such as Hepatitis B Virus (HBV) and Human Immunodeficiency Virus (HIV). In accordance with Federal OSHA regulations, the Board will establish a written Exposure Control Plan designed to eliminate or minimize employee exposure to such infection. The plan shall list all job classifications and tasks in which exposure occurs; describe and require the implementation of workplace controls to eliminate or minimize exposure; require the provision of hepatitis B vaccination to employees who have occupational exposure; and require the provision of a training program for employees who have occupational exposure. The plan shall be updated annually and as required to include new or revised employee positions with occupational exposure. A copy of the plan shall be made accessible to employees.

Disposal of Medical Waste

The Superintendent shall prepare, in consultation with the school medical inspector, a medical waste disposal program to ensure all medical waste, including needles and sharps, are disposed of in accordance with the rules and regulations of the New Jersey Department of Health.

Chemical Hygiene

The Board also recognizes that certain school employees who work in laboratories may be exposed to hazardous chemicals in the course of their duties. In accordance with Federal OSHA regulations, the Board will establish practices that are capable of protecting employees from health hazards presented by hazardous chemicals used in the workplace. The plan shall contain the locations of hazardous chemicals and shall enunciate a plan capable of protecting employees from associated health hazards and keeping exposure of employees below specified limits. The Chemical Hygiene Plan shall be readily available to employees and shall contain at least the following elements:

1. Standard operating procedures for using hazardous chemicals in laboratory work;
2. Criteria that the Board will use to determine and implement control measures to reduce employee exposure;
3. The requirement that fume hoods and other protective equipment are functioning properly and that measures are taken to ensure adequate performance of such equipment;
4. Provision for employee information and training;
5. The circumstances under which a particular laboratory operation, procedure or activity shall require prior approval from the Principal before implementation;
6. Provisions for medical consultation;
7. Designation of personnel responsible for implementation of the chemical hygiene plan; and
8. Provisions for additional employee protection for work with particularly hazardous substances.

The Board directs that the program of chemical hygiene be implemented by the Chemical Hygiene Officer. The Facilities Manager will serve as Chemical Hygiene Officer for all schools in the district and shall be responsible for the examination of all school facilities to determine where hazardous chemicals are used and to ensure compliance of all school facilities with the Chemical Hygiene Plan.

The Superintendent shall develop and supervise a program for the cleanliness and sanitary management of the school buildings, school grounds, and school equipment pursuant to statute, rules of the State Board of Education, and regulations of the State Board of Health.

The day to day monitoring of the cleanliness of each school building shall be the responsibility of the Building Principal.

7421 INDOOR AIR QUALITY STANDARDS

The Board of Education will provide air quality for school employees in school buildings that meet the standards established by the New Jersey Department of Labor pursuant to N.J.A.C. 12:100-13.

The Board will designate the Facilities Manager as the individual, who is responsible to assure compliance with New Jersey Department of Labor standards. The designated person will assure that preventative maintenance programs for heating, ventilating and air conditioning (HVAC) systems are implemented and documented and that general and local exhaust ventilation is used for employees working with equipment or products that could reasonably be expected to result in hazardous chemicals or particulate exposure. The designated person shall check to make sure HVAC systems are working properly when the building temperatures are outside of the range of 68 to 79 degrees Fahrenheit and make sure buildings without mechanical ventilation have operable windows, doors, vents, stacks and other portals designated or used for natural ventilation are operational. The designated person will also promptly investigate all employee complaints of signs or symptoms that may be associated with building-related illnesses.

The Board will make sure air quality will be maintained at acceptable standards during renovation and remodeling that results in the diffusion of dust, stone and other small particles, toxic gases or other harmful substances in quantities hazardous to health. The designated person will notify employees at least twenty-four hours in advance, or promptly in emergency situations of work to be performed on the building that may induce air contaminants into their work area.

The designated person will respond to a complaint received by the Department of Labor within fifteen working days of receipt of the complaint.

7422 SCHOOL INTEGRATED PEST MANAGEMENT PLAN

The New Jersey School Integrated Pest Management Act of 2002 requires school districts to implement a school integrated pest management policy that includes an Integrated Pest Management Plan. In accordance with the requirements of the Act, the Board shall ensure implementation of Integrated Pest Management (IPM) procedures to control pests and minimize exposure of children, faculty, and staff to pesticides. These procedures shall be applicable to all school property in the Haworth School District.

IPM Coordinator (IPMC)

The Facilities Manager and Principal shall be designated as the district's Integrated Pest Management Coordinators (IPMC) and are responsible for the implementation of the school integrated pest management policy.

Integrated Pest Management Procedures in Schools

Implementation of Integrated Pest Management (IPM) procedures will determine when to control pests and whether to use mechanical, physical, cultural, biological, or chemical methods. Applying IPM principles prevents unacceptable levels of pest damage by the most economical means and with the least possible hazard to people, property, and the environment.

The Integrated Pest Management Coordinator (IPMC) shall consider the full range of management options, including no action at all. Non-pesticide pest management methods are to be used whenever possible. The choice of using a pesticide shall be based on a review of all other available options and a determination that these options are not effective or not reasonable. When it is determined that a pesticide must be used, low impact pesticides and methods are preferred and shall be considered for use first.

Development of IPM plans

The Superintendent, in collaboration with the school Building Principal(s) and the IPMC, shall be responsible for the development of the IPM Plan for the school district. The school district's Integrated Pest Management (IPM) Plan is a blueprint of how the school district will manage pests through IPM methods. The school district's IPM Plan will state the school district's goals regarding the management of pests and the use of pesticides for all school district property. The Plan will reflect the school district's site-specific needs and a description of how each component of the school district's Integrated Pest Management Policy and Regulation will be implemented for all school property.

Education/Training

The school community will be educated about potential pest problems and IPM methods used to achieve the pest management objectives.

The IPMC, other school staff, and pesticide applicators involved with implementation of the district's IPM policy will be trained in appropriate components of IPM as it pertains to the school environment.

Students and parents/legal guardians will be provided information on this policy and instructed on how they can contribute to the success of the IPM program.

Recordkeeping

Records of pesticide use shall be maintained on site to meet the requirements of the State regulatory agency and the Board.

Records shall also include, but are not limited to, pest surveillance data sheets and other non-pesticide pest management methods and practices utilized.

Notification/Posting

The Building Principal of each school, working with the IPMC, is responsible for timely notification to students, parents or legal guardians and the school staff of pesticide treatments pursuant to the School Integrated Pest Management Act.

Re-entry

Re-entry to a pesticide treated area shall conform to the requirements of the School Integrated Pest Management Act.

Pesticide Applicators

The IPMC shall ensure that applicators follow State regulations, including licensing requirements and label precautions, and must comply with all components of the School Integrated Pest Management Policy.

Evaluation

The Superintendent will report annually to the Board on the effectiveness of the IPM Plan and make recommendations for improvement as needed.

7425 LEAD TESTING OF WATER IN SCHOOLS

The health, safety, and welfare of the children in the school district are of utmost importance to the Board of Education. The potential exposure to lead-contaminated drinking water poses serious health problems, particularly for children, as well as for teachers and school personnel, since the risk of lead contamination can come from pipe and plumbing fixtures in school facilities or on school grounds. The Board shall assure the availability of potable drinking water through sanitary means in school facilities or on school grounds. The Board of Education shall provide, in accordance with N.J.A.C. 6A:26-12.4, testing for lead in all district sources of drinking water.

The Board shall conduct lead sampling and analysis in all drinking water outlets to which a student or staff member has or may have access in each school facility, other facility, or temporary facility, as soon as practicable, but no later than July 13, 2017, unless the district qualifies for an exemption in accordance with N.J.A.C. 6A:26-12.4(d)(h)(i). This testing shall be conducted with a lead sampling plan in accordance with N.J.A.C. 6A:26-12.4(d)1, 2, and 3, and shall be in accordance with the Safe Drinking Water Act, N.J.S.A. 58:12A-1.

Within twenty-four hours after the Board or designee has completed a review of final laboratory results in accordance with the provisions of N.J.A.C. 6A:26-12.4(e), the test results shall be made publicly available at the school facility and on the Board of Education's website. If any results exceed the permissible lead action level, the Board shall provide written notification to the parents of all students attending the facility, facility staff, and the New Jersey Department of Education. This notification shall include: a description of the measures taken by the Board or designee to immediately end the use of each drinking water outlet where the water quality exceeded the permissible lead action level; the measures taken to ensure that alternate drinking water has been made available to all students and staff members; and information regarding the health effects of lead in accordance with N.J.A.C. 6A:26-12.4(e)1 and 2. After the initial screening, the Board will conduct these lead screenings every six years and shall sample for lead after the replacement of any drinking water outlet or any other alteration to plumbing or service lines that may impact lead levels at the outlet, in accordance with N.J.A.C. 6A:26-12.4(f)1 and 2.

The Board shall submit to the New Jersey Department of Education by June 30 of each year a statement of assurance, that the school district completed lead testing in accordance with N.J.A.C. 6A:26-12.4; that notifications were provided consistent with N.J.A.C. 6A:26-12.4; and that alternative drinking water continues to be made available to all students and staff, if necessary, pursuant to N.J.A.C. 6A:26-12.4(g).

The Board may apply for reimbursement for the costs of any water supply testing and analysis conducted, in accordance with N.J.A.C. 6A:26-12.4(j).

7430 SCHOOL SAFETY

The Board of Education recognizes that it is required by law to take measures for the safety of students and district employees.

The Board shall provide, publish, and post rules for safety and the prevention of accidents; instruct students in safety and accident prevention; provide protective devices where they are required by law for the safety of students and employees; and provide suitable and safe equipment where such equipment is necessary for the conduct of the educational program and the operation of the schools.

The Superintendent shall prepare regulations governing school safety and the prevention of accidents and fire that include as a minimum the requirements of law and the applicable rules of various departments of State government. Such regulations shall provide procedures and precautions for the safety of students in school, employees in the performance of their duties, users of school vehicles, students in transit to and from school, injured students and employees, and visitors to the school. Safety regulations shall be promulgated to all school employees and shall be reviewed and evaluated annually. The Superintendent is directed to instruct teaching staff members in proper safety precautions.

7432 EYE PROTECTION

The Board of Education directs the rigorous implementation and enforcement of eye safety practices for students, staff members, and visitors exposed to conditions potentially hazardous to the eyes in the instructional program of this district.

The Superintendent shall be responsible for the continual monitoring of the school program, including, but not limited to, all vocational education, industrial arts education, science education, technology education and arts education, for conditions under which students, staff members, or visitors are exposed to a process or activity that might have a tendency to cause damage to the eyes.

Each student, staff member, and visitor exposed to a condition identified as hazardous to the eyes must wear an eye protective device appropriate to the activity and certified to meet the standards established by the State Board of Education, the American National Standard Practice for Occupational and Educational Eye and Face Protection, ANSI Z87.1-1979, and American National Standard Practice for the Safe Use of Lasers, ANSI Z136.1-1986 and the New Jersey Administrative Code. The eye protective device shall be supplied by the Board, except that the student, staff member, or visitor may wear personal eye wear that is appropriate to the activity and certified, in writing, by a licensed optician or other qualified licensed eye professional to meet or exceed those standards. District owned eye protective devices shall be inspected regularly by the appropriate staff member, and defective or poorly fitting devices shall be returned to the Principal for repair or discard. Any shared eye protective devices shall be disinfected between uses by the method prescribed by the school medical inspector.

Each classroom, shop, laboratory, and other area of the school in which students or staff members are exposed to caustic materials that can cause damage to the eyes shall be equipped with an emergency eye wash fountain in accordance with standards established by the Department of Education.

The Building Principal shall ensure that each area in the school identified as housing an activity hazardous to the eyes shall be posted with conspicuous signs that warn participants that an appropriate eye protective device must be worn during the activity. Staff members of such activities are responsible for instructing students in appropriate eye safety practices and for serving as exemplary models in the implementation of such practices.

The Board authorizes each staff member responsible for an activity or process hazardous to the eyes to compile and maintain, for the duration of the course of study, a list of students in the course who wear contact lenses.

A student who refuses or persistently neglects to wear an eye protective device when required to do so or fails to observe established eye safety practices shall be dismissed from the day's class by his/her teacher. Any such dismissal from class will be considered to be an absence, in accordance with Board policy on student attendance, and an accumulation of such absences may result in loss of course credit.

A staff member who refuses or persistently neglects to wear an eye protective device when required to do so or fails to observe established eye safety practices may be disciplined for insubordination for failing to obey the rules established by this Board. The proper implementation of eye protection practices shall be a criterion in the evaluation of every staff member required to observe such practices.

A visitor to the schools who refuses or persistently neglects to wear an eye protective device when required to do so or fails to observe established eye safety practices may be requested to leave the school premises.

The Superintendent shall promulgate regulations to implement this policy that conform to rules of the State Board of Education and shall provide in-service training to staff members whose instructional duties include activities hazardous to the eyes. The Superintendent shall report annually to the Board on the implementation of the eye protection program and the eye injuries, if any, occurring in the course of the instructional program.

No person shall use or allow the use of any hazardous substance in or on any building or grounds used as a public school or child care center when children are expected to be present.

The Superintendent may delegate authority for the maintenance of hazardous substances and for the development of safety and training standards for the handling of such substances to a safety officer.

The Facilities Manager shall conduct periodic audits of hazardous substances in use in the district, ascertain that such substances are being handled in accordance with appropriate safety requirements, and determine that the employees who are required to handle hazardous substances are properly equipped to do so.

The Facilities Manager shall inform the Superintendent of all hazardous substances in use in the district, the purpose of each, and the precautions required for each. 7434 SMOKING IN SCHOOL BUILDINGS AND ON SCHOOL GROUNDS

The Board of Education believes that the right of persons to smoke must be balanced against the right of nonsmokers to breathe air untainted by tobacco smoke.

For purpose of this Policy, “smoking” means the burning of, inhaling from, exhaling the smoke from, or the possession of a lighted cigar, cigarette, pipe, or any other matter or substance which contains tobacco or any other matter that can be smoked, including the use of smokeless tobacco and snuff, or the inhaling or exhaling of smoke or vapor from an electronic smoking device.

For the purpose of this Policy, “electronic smoking device” means an electronic device that can be used to deliver nicotine or other substances to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, cigarillo, or pipe.

For the purpose of this Policy, “school buildings” and “school grounds” means and includes land, portions of land, structures, buildings, and vehicles, owned, operated, or used for the provision of academic or extracurricular programs sponsored by the district or community provider and structures that support these buildings, such as school wastewater treatment facilities, generating facilities, and other central facilities including, but not limited to, kitchens and maintenance shops. “School buildings” and “school grounds” also includes athletic stadiums; swimming pools; any associated structures or related equipment tied to such facilities including, but not limited to, grandstands; greenhouses; garages; facilities used for non-instructional or non-educational purposes; and any structure, building, or facility used solely for school administration. “School buildings” and “school grounds” also includes other facilities as defined in N.J.A.C. 6A:26-1.2; playgrounds; and other recreational places owned by local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

In accordance with N.J.S.A. 26:3D-58 and N.J.A.C. 8:6-7.2, the Board prohibits smoking at all times anywhere in school buildings or on school grounds.

Notwithstanding any provision of this Policy, smoking by students is prohibited and governed by Policy No. 5533.

A sign indicating smoking is prohibited in school buildings and on school grounds will be posted at each public entrance of a school building in accordance with law. The sign shall also indicate violators are subject to a fine. Students and district employees who violate the provisions of this Policy shall be subject to appropriate disciplinary measures and may be subject to fines in accordance with law.

The Principal or designee may order the departure and removal of any person who continues to smoke in violation of this Policy and the law after being ordered to stop smoking in school buildings or on school grounds. The Principal or designee may request the assistance of law enforcement to accomplish this departure and removal.

In the event a person is found to have violated this Policy and the law, the Principal or designee may file a complaint with the appropriate Municipal Court or other agency with jurisdiction as defined in N.J.A.C. 8:6-9.1(c).

The Board of Education wishes to maintain a safe environment for all students, staff, and visitors. Therefore, all school employees who are supervising outdoor activities will adhere to the following procedures when thunderstorms are in the area.

Evacuation Criteria

The sounding of the alarm or horn signifies that thunder or lightning is in the vicinity. Immediate action must be taken. For a supervised student activity, the appropriate action to be taken is defined in the emergency procedures set forth by the district. Any spectators at these activities must seek the nearest available safe structure or shelter/cars. In addition to the items below, the staff member in charge has the discretion to remove students from an outside activity if they perceive any danger from inclement weather including but not limited to the threat of lightning.

A. Siren and Flashing Light

Once the siren goes off, the initial alarm or horn will remain activated for a period of approximately eighteen seconds followed by the activation of a strobe light. The strobe light will stay on for about thirty minutes past the last lightning detection.

Students, staff, and spectators on the field must evacuate to the nearest safe structure. Resumption of the outdoor class/game will be made by the official, coach and/or teacher in charge of the activity after the strobe light ceases to flash. The strobe light flashes for thirty minutes from the last lightning detection.

B. Activity Stoppage

Practice or school activity: The decision regarding stoppage of an outdoor practice or activity will be made by the staff member in charge of the activity. Onsite administrators have the right to stop the event using the criteria listed above.

C. Interscholastic Event or Competition

The decision regarding stoppage of play of an official game or contest is the domain of the onsite officials using the criteria listed above. This authority is unchallengeable and was set forth by the New Jersey State Interscholastic Athletic Association. All coaches, officials, and administrators need to abide by this to ensure the safety of all athletes, coaches, games management, spectators, and all others who may be present.

It is important to note that blue skies and no rain are not protection from lightning. Lightning can strike from a distance as far as ten miles.

D. Shelter

1. Safe areas may include:
 - a. Enclosed buildings;
 - b. Fully enclosed metal vehicles with a hard metal roof and windows up;
 - c. Low ground areas as a last resort (ditches, bottom of hill), assume a crouched position minimize body area, do not lie flat.
2. Unsafe areas include:
 - a. Open fields;
 - b. Golf carts/gators;
 - c. Metal bleachers (on or under);
 - d. Fences;
 - e. Umbrellas, flag poles, light poles;
 - f. Tall trees;
 - g. Pools of standing water.

7440 SCHOOL DISTRICT SECURITY

The Board of Education believes the buildings and facilities of the school district represent a substantial community investment. The Board directs the development and implementation of a plan for school district security to protect the school community's investment in the school buildings and facilities.

The school district security program will include: maintenance of facilities that are secure against unwelcome intrusion; protection against fire hazards and faulty equipment; and compliance with safe practices in the use of electrical, plumbing, heating, and other school building equipment. The Board directs close cooperation of district officials with law enforcement, fire officials, and other emergency agencies.

The Superintendent of Schools shall designate a school administrator as a School Safety Specialist for the district in accordance with the provisions of N.J.S.A. 18A:17-43.3. The School Safety Specialist shall be required to acquire a New Jersey Department of Education School Safety Specialist certification in accordance with the provisions of N.J.S.A. 18A:17-43.2. The School Safety Specialist shall also serve as the school district's liaison with local law enforcement and national, State, and community agencies and organizations in matters of school safety and security.

Access to school buildings and grounds outside the hours school is in session shall be limited to personnel whose employment requires their presence in the facility. An adequate key control system will be established to limit building access to authorized personnel and guard against the potential of intrusion by unauthorized persons who have obtained access improperly.

Building records and funds shall be kept in a safe place and secured as appropriate and necessary.

Protective devices designed to be used as safeguards against illegal entry and vandalism may be installed when appropriate. The Board may approve the employment of school resource officers, school security officers, and/or law enforcement officers in situations in which special risks are involved.

7441 ELECTRONIC SURVEILLANCE IN SCHOOL BUILDINGS AND ON SCHOOL GROUNDS

The Board of Education authorizes the use of electronic surveillance systems in school buildings and on school grounds to enhance the safety and security for school district staff, students, community members, and other building occupants and to protect the school district's buildings and grounds.

The content produced by the surveillance system under certain circumstances may be considered a student record and if so it will be subject to the Board of Education policy and regulations regarding confidential student records. If the content of the surveillance system becomes the subject of a disciplinary proceeding, it shall be treated like other evidence in the proceeding.

In accordance with the provisions of N.J.S.A. 18A:41-9, if at least one school building of the school district is equipped with video surveillance equipment that is capable of streaming live video wirelessly to a remote location, the Board of Education shall enter into a Memorandum of Understanding (MOU) with local law enforcement authorities providing the authorities with the capacity to activate the equipment and view live streaming video. The MOU shall include the provisions of N.J.S.A. 18A:41-9 and any additional information required by law enforcement officials. In the event the parties to the MOU are unable to reach an agreement regarding any provision required to be included in the MOU as per N.J.S.A. 18A:41-9a, the County Prosecutor shall make the final determination regarding that provision. Nothing in N.J.S.A. 18A:41-9 shall be construed as to require the installation of video surveillance equipment capable of streaming live video wirelessly to a remote site from a school building that does not have the ability to have live streaming video.

The Board of Education shall post signage in a prominent, public place in buildings and on school grounds where electronic surveillance equipment may be used.

In addition to posting, the district shall notify school staff members, parent(s), and students that electronic surveillance may be used in school buildings and on school grounds through publication in student and staff handbooks, school calendars, notice sent home with students, or any other effective means to publish the district's use of electronic surveillance equipment in school buildings and on school grounds.

7450 PROPERTY INVENTORY

As steward of this district's school property, the Board of Education recognizes that efficient management and the replacement of lost, damaged, or stolen property depend upon an accurate inventory and properly maintained property records.

The Board shall conduct a complete inventory by physical count of all district-owned equipment and supplies through a perpetual inventory.

For purposes of this policy, "equipment" means a unit of furniture or furnishings, an instrument, a machine, an apparatus, or a set of articles that retains its shape and appearance with use, is nonconsumable, costs at least \$2,000 as a single unit, and does not lose its identity when incorporated into a more complex unit.

The School Business Administrator shall ensure that inventories are systematically and accurately recorded and that property records of equipment are adjusted annually. Major items of equipment shall be subject to annual spot check inventory to determine loss, mislocation, or depreciation; any major loss shall be reported to the Board. Property records of consumable supplies shall be maintained on a continuous inventory basis.

The School Business Administrator shall maintain a system of property records that show, as appropriate to the item recorded, description and identification, manufacturer, year of purchase, initial cost, location, condition and depreciation, and current evaluation in conformity with insurance requirements.

7481 UNMANNED AIRCRAFT SYSTEMS (UAS also known as DRONES)

The Board of Education is concerned for the safety of all staff members, students, parents, community members, and visitors while on school grounds. The Board of Education recognizes the operation of an unmanned aircraft system (UAS) on school grounds or flying an unmanned aircraft on or over school grounds presents a public safety issue as school grounds are populated many hours of the day by students, staff members, parents, and community members.

An unmanned aircraft system is the unmanned aircraft and all the associated support equipment, control station, data links, telemetry, communications and navigation equipment, etc. necessary to operate the unmanned aircraft. The unmanned aircraft is the flying portion of the system by a pilot via a ground control system, or autonomously through the use of an on-board computer, communication links and any additional equipment that is necessary for the unmanned aircraft to operate safely. A model aircraft is considered an unmanned aircraft.

The Board of Education prohibits the operation of an unmanned aircraft system on school grounds, the launching or landing of an unmanned aircraft on school grounds, or the flying of an unmanned aircraft over school grounds at all times.

However, the Board of Education may authorize the use of an unmanned aircraft system on school grounds for an approved school district purpose.

The use of an unmanned aircraft system on school grounds for school district purposes that is owned and operated by a contractor must be approved by the Board of Education. Such request must include documentation (to include: the pilot's certificate, medical certification, aircraft registration, etc.) supporting the contractor's compliance with all applicable Federal Aviation Administration regulations and any State and local laws for the operation of an unmanned aircraft system and proof of insurance coverage for the specific use as required by the Board of Education. The minimum insurance coverage shall be determined by the Board after consultation with the Board's insurance company and Board Attorney.

The use of an unmanned aircraft system on school grounds for school district purposes that is owned and operated by the Board of Education or owned and operated by a student and used in an approved school district program must be operated under the supervision of a school district staff member(s). The unmanned aircraft system shall only be operated on school grounds and the unmanned aircraft shall only be launched or landed on school grounds or flown over school grounds. The Superintendent or designee shall approve the specific activity(ies) or event(s) in which an unmanned aircraft system may be used. The Superintendent or designee shall ensure the use of a school district-owned or student-owned unmanned aircraft system is in compliance

with all applicable Federal Aviation Administration regulations and State and local laws for the operation of an unmanned aircraft system. In addition, the Superintendent or designee shall ensure the Board of Education has insurance coverage for the use or operation of an unmanned aircraft system. The insurance coverage shall be determined by the Board after consultation with the Board's insurance company and Board Attorney.

The Board of Education will take appropriate action in accordance with Federal Aviation Administration regulations and/or any State and local laws against any violations of the provisions of this Policy.

7490 ANIMALS ON SCHOOL PROPERTY

The Board of Education will make every reasonable effort to maintain school grounds in a condition appropriate for the activities of school students.

Pet animals are not permitted on school district grounds, except by the express permission of the Building Principal. Without such permission, a pet owner who brings or permits his/her animal on school grounds has committed an act of trespass. If an animal is found running at large on school grounds, its owner will be deemed to have permitted the animal to enter school property.

The Board directs the Building Principal to give notice regarding the prohibition of pets by posting appropriate signs on school property. The Principal shall report to the appropriate municipal authorities any pet that runs at large on school property and any pet owner whose animal is present on school property is in violation of this policy.

Adopted: 19 June 2018

7510 USE OF SCHOOL FACILITIES

The district facilities belong to the community, which paid for them for the primary purpose of offering a full educational program for its children. Prudent use and management of school facilities outside of the regular operating schedules providing that such use does not interfere with the orderly conduct of a thorough and efficient system of education, allows the community to benefit more broadly from use of its own property. However, such community use must always respect the rights of others, particularly the rights of those residents whose properties adjoin or are close to school properties. There must also be a recognition that the primary purpose of the facilities are for the students' education.

The Haworth Board of Education will permit the use of school facilities when such permission has been requested in writing and has been approved by the Superintendent or designee for:

1. Uses and groups directly related to the school and the operations of the school;
2. Uses and organizations indirectly related to the school;
3. Departments or agencies of the municipal government;
4. Other governmental agencies;
5. Community organizations formed for charitable, civic or educational purposes.

No use shall conflict with the use of the buildings and grounds for school purposes or interfere with the regular conduct of school work. Regular school activities, whether day or evening, shall have priority for use of all school facilities.

In the event the Superintendent or designee deems it advisable, an application may be submitted to the Board of Education for action.

The Superintendent or designee or Board of Education may refuse to grant the use of a school building whenever in their judgment there is good reason why permission should be refused.

No one may bring alcoholic beverages onto any school property. Smoking is prohibited at all times in or on the grounds of the Haworth School District. All facility use shall comply with State and local fire, health, safety and police regulations.

The buildings may be available during holidays and vacation periods under the following conditions:

1. Proper insurance coverage including concussion coverage provided by the group.
2. Facility use fee paid by user.
3. Payment of custodial fees by user:

Custodian on duty must be an employee of the Haworth Board of Education and possess a Black Seal License. Custodian will be on duty one hour prior to the activity through one hour after the activity has ended for a minimum of four hours. Comply with any other provisions of this Policy for outside users.
4. The user shall provide a \$500 deposit to the Board of Education which will be returned after building inspection confirms that no damage has occurred during the use period.
5. User must exit the building immediately after the specified time period to allow custodians to clean the facility. Failure to leave as previously noted will result in the group being assessed additional custodial fees.
6. Failure to comply with these requirements and/or pay fees promptly may result in denial of any future requests by the user.
7. All application must be submitted at least two weeks in advance of the requested date of use.

The buildings shall not be available for community use for programs that will interfere with cleaning, maintenance schedules and special Board functions.

The user of school equipment must accept liability for any damage to or loss of such equipment that occurs while it is in use. Where rules so specify, no items of equipment may be used except by a qualified operator.

Use of district equipment on the premises by non-school personnel is limited to the equipment that is an integral part of the facility being used, e.g., the stage lights and piano in the auditorium, and the basketballs in the gym. No district equipment shall be removed from the premises for use by non-district personnel.

The Board shall require that all users of school facilities comply with policies of this Board and the rules and regulations of this district. Each user shall present evidence of the purchase of organizational liability insurance to the limit prescribed by such rules.

A \$500 deposit will be assessed (and will be applied toward any outstanding bills) before any organization, as described in the above paragraph, will be permitted the use of the facilities. All organizations shall pay annually a one time application fee of \$65 to supplement the cost of electricity, heat and services.

The Board of Education reserves the right, in very limited circumstances, to waive said fees. The use of school facilities for activities related to the educational program and district operations shall be without cost to the users and/or applicants except that the users and/or applicants shall be responsible for any extra materials, custodial fees, police fees or impact fees. A school custodian must be on duty whenever any group uses the building.

All applicants and/or users granted the use of facilities at such time where additional custodial fees are necessary shall assume the scheduled fee for additional custodial compensation, which is \$30 per hour to be assessed for weekend and holiday usage only. The custodians will be assigned by the Facilities Manager in consultation with School Business Administrator and vouchers for custodial fees will be presented for payment to the user.

Authorization for use of school facilities shall not be considered as an endorsement of or approval of the activity, person, group or organization nor the purpose they represent.

The school district shall provide a copy of Policy and Regulation 2431.4 – Prevention and Treatment of Sports-Related Concussions and Head Injuries to all youth sports team organizations that operate on school grounds or in school facilities. In accordance with the provisions of N.J.S.A. 18A:40-41.5, the school district shall not be liable for the injury or death of a person due to the action or inaction of persons employed by, or under contract with, a youth sports team organization that uses school facilities or operates on school grounds if the youth sports team organization provides the school district proof of an insurance policy in the amount of not less than \$50,000 per person, per occurrence; insuring the youth sports team organization against liability for any bodily injury suffered by a person. The youth sports team organization must also provide a statement of compliance with the school district's Policy and Regulation 2431.4 - Prevention and Treatment of Sports-Related Concussions and Head Injuries.

For the purpose of this Policy, a “youth sports team organization” means one or more sports teams organized pursuant to a nonprofit or similar charter or which are member teams in a league organized by or affiliated with a county or municipal recreation department.

7513 RECREATIONAL USE OF PLAYGROUNDS

The Board of Education requires that the playground of the school affords residents with a recreational area when school is not in session. The Board reserves the right to determine, in the interest of the safety of district residents and the integrity of the school facility, the uses to which the playground may be put and the hours when it may be used.

The Board will publish rules of conduct, which shall govern all persons who use the facilities of this district. Students and employees of this district who violate those rules will be subject to discipline. The Board directs that any other person who violates a rule of this Board be requested to leave the school premises.

Because of its potential for hazard, no object that is powered by fuel or battery shall be brought onto the school grounds for any purpose that is primarily recreational without the express permission of the Principal. Such objects include, but are not limited to, mini-bikes, mopeds, motorized model airplanes, and rockets.

7520 LOAN OF SCHOOL EQUIPMENT

The Board of Education believes that district owned equipment is a valuable resource that may be loaned for community use under certain conditions and when such use does not interfere with the educational program of the school.

The Board may lend specific items of equipment on the written request of the user when approval has been granted by the Superintendent and when such equipment is unobtainable elsewhere.

School equipment may be removed from school property by students or staff members only when such equipment is necessary to accomplish a task arising from their school or job responsibilities. The consent of the Principal is required for such removal. The removal of school equipment from school property by students or employees for personal use is prohibited.

The user of school owned equipment shall be fully liable for any damage or loss occurring to the equipment during the period of its use, regardless of any assignment of negligence, and shall be responsible for its safe return. When equipment authorized for loan requires the services of a qualified operator, the user shall employ the services of a person designated by this district and shall pay such costs as may have been set for such services.

7. A staff member must contact the district designated staff member in the event the technology device is not functioning properly or for repairs and/or required maintenance;

8. The Board of Education is under no legal, financial, or other obligation to provide a replacement technology device to any employee whose device is lost, stolen, or damaged;
9. Any technology device provided to a staff member is the property of the Board of Education. As such, the staff member shall have no expectation of privacy in the use of such device. 7523 SCHOOL DISTRICT PROVIDED TECHNOLOGY DEVICES TO STUDENTS

The Board of Education may provide technology devices to students in the district for school district authorized use only. The purpose of this Policy is to establish general guidelines for the issuance and utilization of any school district technology device provided to students of this district. For the purposes of this Policy, "technology device" or "device" shall include, but not be limited to, portable devices such as computers, laptops, tablets, cellular telephones, or any other computing or electronic devices the school district provides to students to be used as part of their educational program.

A technology device made available to students will not be considered a textbook or supply, as defined in N.J.S.A. 18A:34-1, mandatory to a successful completion of the classroom curriculum. Therefore, because a technology device defined in this Policy is not mandatory to a successful completion of a student's classroom curriculum, a student will not be required to obtain a technology device provided by the school district as defined in this Policy. In the event the school district provides a technology device that is deemed mandatory to a successful completion of the classroom curriculum, the district will provide students with such a technology device consistent with its textbook or supply policies. Nothing in this Policy prohibits a student from using their personal technology device in accordance with school rules and regulations.

A technology device provided by the school district may include pre-loaded software. A student is prevented from downloading additional software onto the technology device or tampering with software installed on the technology device. Only school district authorized staff members may load or download software onto a school district provided technology device.

To receive a school district provided technology device, the parent and student must sign a School District Provided Technology Device Form requiring the parent and the student to comply with certain provisions. These provisions may include, but are not limited to:

1. A school district provided technology device must be used only by the student for school district authorized use;
2. A student shall comply with the school district's acceptable use of technology policies, which shall be attached to the School District Provided Technology Device Form, in their use of any school district provided technology device;
3. Any school district provided technology device loaned to a student must be returned to the school district in the condition it was initially provided to the student considering reasonable use and care by the student;

4. The parent or student shall be responsible to reimburse the school district the cost of any technology device that is lost, damaged beyond reasonable use or beyond its value, abandoned, missing, stolen, or cannot be returned to the district in accordance with the terms of the School District Provided Technology Device Form;
5. The district may require, or offer as an option, depending on the type of technology device provided to the student, an insurance policy to be purchased by the parent or student that would cover certain losses or damage to a technology device during the time period the student has possession of the device. The parent or the student shall pay any insurance policy required deductibles in the event of a loss;
6. In the event the school district does not require the purchase of an insurance policy for a technology device or the parent or student elects not to purchase optional insurance, the parent and/or student shall be responsible for any loss or damage to the technology device in accordance with the terms of the School District Provided Technology Device Form;
7. A student will be required to report any hardware or software problems in the operation of the device to the school district staff member, designated on the School District Provided Technology Device Form, within two school days of the commencement of the problem;
8. A student must report to the school district staff member designated on the School District Provided Technology Device Form within two school days in the event the technology device has been damaged or is missing;
9. A parent or student is required to immediately file a police report in the event it is believed the technology device has been stolen. Within one school day after filing a police report, a parent or student shall complete the School District Provided Technology Device Loss Form and submit the completed Loss Form and a copy of the police report to the Principal or designee;
10. A student shall be required to provide routine cleaning and care of the device in accordance with school district cleaning and care guidelines;
11. The student shall have the technology device in their possession in school as required; and

12. Any other provisions the Superintendent of Schools determines should be included on the School District Provided Technology Device Form.

The school district will provide the student and parent with written or electronic notification that the technology device provided by the school district may record or collect information on the student's activity or the student's use of the technology device if the device is equipped with a camera, global positioning system, or other feature capable of recording or collecting information on the student's activity or use of the device. This notification shall also include a statement that the school district shall not use any of the capabilities in a manner that would violate the privacy rights of the student or any individual residing with the student. The parent shall be required to acknowledge receipt of this notification and the parent acknowledgement shall be retained by the Principal or designee for as long as the student retains the use of the school district provided technology device. The parent acknowledgement and a signed School District Provided Technology Device Form shall be required before the issuance of a technology device to a student. In accordance with the provisions of P.L. 2013, Chapter 44, a school district failing to provide this notification shall be subject to a fine of \$250 per student, per incident. The fine shall be remitted to the New Jersey Department of Education, and shall be deposited in a fund that shall be used to provide laptop or other portable computer equipment to at-risk students as defined in N.J.S.A. 18A:7F-45.

Students shall comply with all school district policies for the use of a school district provided technology device. A student shall be subject to consequences in the event the student violates any school district policy, including the district's acceptable use policies; student code of conduct; any provision of this Policy; or any provision of the School District Provided Technology Device Form.

Any person who purposely or knowingly damages school district property or damages school district property recklessly or negligently in the employment of fire, explosives or another dangerous means listed in accordance with N.J.S.A. 2C:17-2 or purposely or recklessly tampers with the tangible property of the school district so as to endanger school district property shall be reported to the appropriate law enforcement agency. Where the damage to district property is more than minimal or has been caused by a student or a minor not a student of this district, the Board will hold liable for the amount of the damage the parent(s) or legal guardian(s) having legal custody and control of the minor responsible for the damage.

A person convicted of an offense that involves an act of graffiti will be required to reimburse the school district the cost of damages and may be required to perform community service, which may include removing the graffiti from the property, in accordance with the law. In addition, the courts may suspend or postpone driving privileges of any person, at least thirteen and under eighteen years of age, if convicted of an act of graffiti.

A person who purposely defaces or damages district property with any symbol that exposes persons to violence, contempt, or hatred on the basis of race, color, creed, religion, national origin, ancestry, age, marital status, affectational or sexual orientation or sex, social or economic status, or disability is guilty of a crime and shall be reported to appropriate law enforcement authorities. The Board may also report to the appropriate law enforcement agencies any person whose vandalism of school property is serious or chronic.

8130 SCHOOL ORGANIZATION

The Board of Education directs the organization of the instructional program of this district for students in grades Kindergarten through eight.

The Superintendent shall continually monitor the effectiveness of the district organizational plan and recommend to the Board such modifications in the plan as may be in the best interest of students, make most effective use of district resources, and serve the educational goals of the Board.

Adopted: 19 June 2018

8140 STUDENT ENROLLMENTS

The Board of Education recognizes that efficient district operations require an accurate and up to date accounting of the number of students resident in this district and enrolled in district classes and programs.

Student attendance shall be recorded in the school register during school hours on each day the school is in session. Separate registers shall be kept for students attending preschool, Kindergarten, grades one through five, grades six through eight, grades nine through twelve, each preschool class for the disabled, each class for the disabled, shared-time classes for regular students, shared-time classes for students with disabilities, full-time bilingual education programs and vocational day programs, summer schools operated by the district, and any other programs as required by the New Jersey Department of Education and N.J.A.C. 6A:32-8.1(d).

A student who has been placed on home instruction shall have his or her attendance status recorded on the regular register attendance pages for the program in which the student is enrolled. For the period beginning the first day the student is unable to attend school and ending the day before the first instructional day at the student's place of confinement, the student shall be marked absent. No absences will be recorded for the student while on home instruction, providing the hours of instruction are no less than required by N.J.A.C. 6A:14-4.8 and 4.9. The number of possible days of enrollment for a student on home instruction shall be the same as for other students in the program in which the student is enrolled.

Such records shall be made and maintained as will enable the Board to plan program and facilities development, to make appropriate allocation of district resources, and receive the district's maximum amount of State and Federal aid.

The Superintendent or designee shall annually and in accordance with the timelines established by the Commissioner, file a report with the Commissioner stating the school district's enrollment.

8210 SCHOOL YEAR

The Board of Education recognizes that the preparation of a school calendar is essential to orderly educational planning and to the efficient operation of the district.

The Board shall determine annually the days when the schools will be in session for instructional purposes. The school calendar will provide no fewer than one hundred eighty one days of instruction. Days on which school is closed for holidays, teachers' institutes, and inclement weather shall not be considered as days in session.

A school day shall consist of not less than four hours of actual instruction, except that in an approved Kindergarten, one continuous session of two and one half hours may be considered a full day. A half-day class shall be considered the equivalent of a full day's attendance only if the class is in session for four hours or more, exclusive of recess periods or lunch periods.

An approved Kindergarten shall meet the requirements set forth in N.J.A.C. 6A:32-8.3(c).

The Commissioner of Education shall annually prescribe a list of religious holidays on which it shall be mandatory to excuse students for religious observance upon the written request signed by the parent or person standing in loco parentis. Staff members shall avoid, whenever possible, scheduling a test on a religious holiday commonly observed by residents of the district.

The Superintendent shall annually prepare and submit to the Board a school calendar no later than May 1. The Board reserves the right to alter the school calendar when such alteration is feasible and serves the best interests of the students of this district.

8220 SCHOOL DAY

The Board of Education shall determine the times that school will be in session for the purpose of providing adequate time for students to profit from the educational program of the district.

The schools of the district will be in session for students on those days recommended by the Superintendent and approved by the Board.

The Superintendent may close the schools, delay the opening of school, or dismiss school early when such alteration in the regular session is required for the protection of the health and safety of students and staff members. The Superintendent shall inform the Board President of any such alteration as soon as possible and shall prepare rules for the proper and timely notification of concerned persons in the event of any emergency closing of the schools.

8310 PUBLIC RECORDS

The Board of Education recognizes its responsibility to maintain the public records of this district and to make such records available to residents of New Jersey for inspection and reproduction. The Board designates the School Business Administrator as the custodian of government records for the district.

Government Record or Record (N.J.S.A. 47:1A-1.1)

“Government records” or “records” pursuant to N.J.S.A. 47:1A-1.1 include any record that has been required by law to be made, maintained, or kept on file by the Board, its officials, or its employees. Except as such records that may be exempted by law or this policy, a “government record” or “record” means any paper, written or printed book, document, drawing, map, plan, photograph, microfilm, data processed or image processed document, information stored or maintained electronically or by sound-recording or in a similar device, or any copy thereof, that has been made, maintained or kept on file in the course of the official business of the Board of Education or that has been received in the course of the official business of the Board of Education.

Board meeting minutes may be inspected and copied as soon as they are prepared; unapproved minutes will be so labeled. Minutes of executive/closed session Board meetings conducted in accordance with the Open Public Meetings Act will be preserved separately and will not be available for immediate public inspection. These minutes will be integrated with minutes of public meetings only after the matter discussed at the executive/closed session meeting has been made public.

A “government record” or “record” does not include inter-agency or intra-agency advisory, consultative, or deliberative material.

A “government record” or “record” does not include excluded information as outlined in N.J.S.A. 47:1A-1.1. The excluded information includes, but is not limited to, information which is deemed to be confidential as per N.J.S.A. 47:1A-1 et seq. Victims’ records; trade secrets and proprietary commercial or financial information; any record within the attorney-client privilege; administrative or technical information regarding computer hardware, software and networks which, if disclosed, would jeopardize computer security; emergency or security information or procedures for any buildings or facility which, if disclosed, would jeopardize security; security measures and surveillance techniques and information which, if disclosed, would give an advantage to competitors or bidders are examples of excluded government records.

Information generated by or on behalf of the Board or Board employees in connection with any sexual harassment complaint filed within the Board or with any grievance filed by or against an individual or in connection with collective negotiations, including documents and statements of strategy or negotiating position; information which is a communication between the district and its insurance carrier, administrative service organization or risk management office; information which is to be kept confidential pursuant to court order and that portion of any most documents which discloses the social security number, credit card number, unlisted telephone number or driver license number of any person; and personnel and pension records of an individual, except the individual's name, title of position, salary, payroll record, length of service, date of separation and the reason therefore, the amount and type of pension he/she receives, and data, other than detailed medical or psychological information, that shows conformity with qualifications for employment and pensions are examples of excluded government records.

Test questions, scoring keys, and other examination data pertaining to the administration of an examination for employment or academic examination; information concerning individual student records; grievance or disciplinary proceedings against a student to the extent disclosure would reveal the identity of the student; and all other information defined as not being a government record in N.J.S.A. 47:1A-1 et seq. are not government records.

Records of Investigation In Progress (N.J.S.A. 47:1A-3 et seq.)

Records which are sought to be inspected, copied, or examined pertain to an investigation in progress by the Board and/or administration will be inspected, copied and/or examined pursuant to N.J.S.A. 47:1A-3.

Inspection, Examination and Copying (N.J.S.A. 47:1A-5 et seq.)

The custodian will permit the government record to be inspected, examined, and copied pursuant to N.J.S.A. 47:1A-5 et seq. by any person during regular business hours. In the case of a Board of Education having a total district enrollment of 500 or fewer, the custodian will permit the records to be inspected, examined and copied during not less than six regular business hours over not less than three business days per week or the entity's regularly-scheduled business hours, whichever is less, unless the government record is exempt from public access as per N.J.S.A. 47:1A-1 et seq.

Copy Purchase (N.J.S.A. 47:1A-5 et seq.)

Except as otherwise provided by law or regulation, the fee assessed for the duplication of a government record embodied in the form of printed matter shall be \$.05 per letter size page or smaller, and \$.07 per legal size page or larger. If the school district can demonstrate that its actual costs for duplication of a government record exceed the per page rates, the district shall be permitted to charge the actual cost of duplicating the record. The actual cost of duplicating the record, upon which all copy fees are based, shall be the cost of materials and supplies used to make a copy of the record, but shall not include the cost of labor or overhead expenses associated with making the copy except as provided for in N.J.S.A. 47:1A-5.c.

Actual copy costs for special copies, such as color printing or blueprints copied within the school district, shall be calculated separately. Access to electronic records and non-printed materials shall be provided free of charge, but the district may charge for the actual costs of any needed supplies such as computer discs.

If the district's calculated per copy actual cost exceeds the enumerated rates set forth in N.J.S.A. 47:1A-5.b. the school district, if challenged, must demonstrate its actual costs are indeed higher than those enumerated rates and are therefore justified.

Whenever the nature, format, manner of collation, or volume of a government record embodied in the form of printed matter to be inspected, examined, or copied pursuant to this policy is such that the record cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate the request, the district will charge, in addition to the actual cost of duplicating the record, a special service charge that will be reasonable and will be based upon the actual direct cost of providing the copy or copies. The custodian will provide the requestor an opportunity to review and object to the charge prior to it being incurred.

A custodian will permit access to a government record and provide a copy thereof in the medium requested if the district maintains the record in that medium. If the district does not maintain the record in the medium requested, the custodian will either convert the record to the medium requested or provide a copy in some other meaningful medium. If a request is for a record in a medium not routinely used by the district; not routinely developed or maintained by the district or requiring a substantial amount of manipulation or programming of information technology, the district will charge, in addition to the actual cost of duplication, a special charge that will be reasonable and based on the cost for any extensive use of information technology, or for the labor cost of personnel providing the service, that is actually incurred by the district or attributable to the district for the programming, clerical, and supervisory assistance required, or both.

Immediate access ordinarily will be granted to budgets, bills, vouchers, contracts, including collective negotiations agreements and individual employment contracts, and public employee salary and overtime information.

The custodian will adopt a form for the use of any person who requests access to a government record held or controlled by the district. The request form will include information in accordance with the requirements of N.J.S.A. 47:1A-5.f. Requests for access to a government record shall be in writing and hand-delivered or mailed to the custodian. The custodian will promptly comply with a request in accordance with N.J.S.A. 47:1A-5.g.

Any officer or employee of the district who receives a request for access to a government record will forward the request to the custodian of the record or direct the requestor to the custodian of the record.

The custodian will grant access to a government record or deny a request for access to a government record in accordance with N.J.S.A. 47:1A-5.i and as soon as possible, but not later than seven business days after receiving the request, provided that the record is currently available and not in storage or archived.

A custodian will post prominently in public view in the part of the office of the custodian that is open to or frequented by the public a statement that sets forth in clear, concise and specific terms the right to appeal a denial of, or failure to provide, access to a government record by any person for inspection, examination, or copying or for purchase of copies thereof and the procedure by which an appeal may be filed.

Challenge to Access Upon Denial (N.J.S.A. 47:1A-6)

A person who is denied access to a government record by the custodian, at the option of the requestor, may institute a proceeding to challenge the custodian's decision by filing an action in Superior Court or in lieu of filing an action in Superior Court, file a complaint with the Government Records Council established pursuant to Section 8 of P.L.2001, c. 404 (C.47:1A-7). If it is determined that access was improperly denied, the court or agency head shall order that access be allowed. A requestor who prevails in any proceeding shall be entitled to a reasonable attorney's fee. A public official, officer, employee, or custodian who knowingly and willfully violates N.J.S.A. 47:1A-1 et seq. and is found to have unreasonably denied access under the totality of the circumstances, shall be subject to the penalties and disciplinary proceedings in accordance with N.J.S.A. 47:1A-11.

Government Records Council (N.J.S.A. 47:1A-7 et seq.)

The Board and the custodian of records will comply with the requirements and guidelines from the Government Records Council in accordance with N.J.S.A. 47:1A-7.

Common Right Law Right of Access (N.J.S.A. 47:1A-8)

Nothing contained in N.J.S.A. 47:1A-1 et seq. will be construed as limiting the common law right of access to a government record, including criminal investigative records of a law enforcement agency.

Construction with Other Laws (N.J.S.A. 47:1A-9 et seq.)

The provisions of this policy and N.J.S.A. 47:1A-1 et seq. shall not abrogate any exemption of a public or government record from public access heretofore made pursuant to N.J.S.A. 47:1A-1 et seq.; any other statute; resolution of either or both Houses of the Legislature; regulation promulgated under the authority of any statute or Executive Order of the Governor; Executive Order of the Governor; Rules of Court; any Federal law; Federal regulation; or Federal order.

The provisions of this policy and N.J.S.A. 47:1A-1 et seq. shall not abrogate or erode any executive or legislative privilege or grant of confidentiality heretofore established or recognized by the Constitution of this State, statute, court rule or judicial case law, which privilege or grant of confidentiality may duly be claimed to restrict public access to a public or government record.

8311 MANAGING ELECTRONIC MAIL

School district e-mail messages, like paper records, must be retained and destroyed according to established records management procedures as required by New Jersey's Division of Archives & Records Management (NJDARM). E-mail messages are electronic documents created and sent or received by a computer system. This definition applies equally to the contents of the communication, the transactional information, and any attachments associated with such communication. Thus, e-mail messages are similar to other forms of communicated messages, such as correspondence and memoranda.

N.J.S.A. 47:3-16, as amended, defines public records as follows:

"Public records" mean any paper, written or printed book, document or drawing, map or plan, photograph, microfilm, data processed or image processed document, sound recording or in a similar device, or any copy thereof, that has been made or required by law to be received for filing, indexing, or reproducing by any officer, commission agency, or authority of the State or any political subdivision thereof, including any subordinate boards thereof, or that has been received in the course of his/her or its official business by such officer, commission, agency, or authority of the State or of any political subdivision thereof, including subordinate boards thereof, in connection with the transaction of public business and has been retained by such recipient or its successor as evidence of its activities or because of the information contained therein.

An e-mail message that meets the criteria of the definition of public records per N.J.S.A. 47:3-16, as amended, whether it is subject to access by the general public or not, must be retained according to records retention and disposition schedules approved by the State Records Committee. No public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

Retention or disposition of e-mail messages must be related to the information they contain or the purpose they serve. The content of e-mail messages may vary considerably and therefore, the content must be evaluated to determine the length of time the message must be retained.

For the purposes of this Policy, there are non-record e-mail messages and public record e-mail messages.

Non-record e-mail messages are personal correspondence that do not meet the criteria of public records as per N.J.S.A. 47:3-16, as amended, and may be deleted at any time unless they become part of some official record as a result of a special circumstance. These types of messages may include personal correspondence not received or created in the course of school district business and may be deleted at any time since it is not an official public record. Non-record e-mail messages are also non-governmental publications that are publications, promotional material from vendors, and similar materials that are publicly available to anyone. These e-mail messages are not public records as defined by N.J.S.A. 47:3-16, as amended, unless specifically incorporated into other official public records, and may also be deleted at any time. However, if an e-mail message is used to justify an expenditure or is included in a proposal, the e-mail message becomes an official public record and must be retained according to records retention and disposition schedules in accordance with the appropriate retention schedules.

All public record e-mail messages shall be maintained by the individual who sends the e-mail message and the primary recipient. The sender and primary recipient are encouraged to print a hard copy of a public record e-mail and file the e-mail in school district files for continued access. The district may establish a district-wide system to facilitate public record e-mail management for continued access and retention. All public record e-mails shall be retained according to records retention and disposition schedules approved by the State Records Committee and no public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

An e-mail message that meets the criteria of the definition of a “government record” per N.J.S.A. 47:1A-1.1 must be made available to the public upon request under New Jersey’s Open Public Records Act during the required retention period, unless the content of the message falls under one of the exceptions contained in the Act or any other statute, regulation, Executive Order by the Governor, rule of Court, or Federal law, regulation or order.

8320 PERSONNEL RECORDS

The Board of Education believes that the orderly operation of the school district requires the retention of all records bearing upon an employee's qualifications for employment and employment history.

The Board requires that sufficient records be compiled and maintained to demonstrate an employee's qualifications for the position assigned; compliance with Federal, State, and local benefit programs; conformity to district rules; the proper conduct of evaluations; and the employee's entitlement, as appropriate, to tenure and seniority.

The Superintendent shall be responsible for the custody and maintenance of personnel records. A single, central file of documents shall be maintained; temporary, subsidiary records will be permitted for ease in data gathering only. An employee's personnel file shall be maintained for six years following his/her termination of district service, provided the employment history record card is maintained a minimum of eighty years.

Records maintained in the personnel files of this district are not public records and are not open to inspection except as provided for in this policy. Board minutes and other public records of this district and any computerized files maintained by this district may include only an employee's name, title, position, assignments, salary, payroll record, length of service in the district and in military service, the date and reason for separation from service in this district, and the amount and type of pension a former employee receives.

Personnel records may be inspected by school administrators to the extent that such inspection is required in the performance of the inspector's duties.

Board members may have access to confidential information in the personnel files of only those employees recommended for or subjected to an employment action requiring a vote of the Board or where access to the information is essential for the performance of the Board member's duties. Board member access to personnel files is limited to the relevant portion of the file and is available only through the Superintendent. Board members may freely inspect employment applications filed by candidates for district positions.

An employee may inspect his/her personnel file provided that the employee requests such access in writing, reviews the record in the presence of the administrator designated to maintain the file, makes no alteration or addition to the file nor removes any material from it, and signs a log attached to the file indicating the date on which it was inspected.

An employee may appeal to the Superintendent the inclusion or exclusion of records or for appropriate administrative review of the accuracy of any record in his/her personnel file.

The Superintendent shall prepare rules enumerating the records to be maintained for each employee of this district, including, as a minimum and as appropriate to the position, the completed application form, employment contract(s), a copy of the employee's qualifying certification, transcripts, report of an employment physical examination, oath of allegiance, criminal background check, income tax forms, retirement registration, hospitalization forms, annuity forms, rate of compensation, attendance record, assignments to positions, completed evaluations, reports of disciplinary incidents, records of special awards or distinctions, and reports of annual or special physical and mental examinations.

8330 STUDENT RECORDS

The Board of Education believes that information about individual students must be compiled and maintained in the interest of the student's educational welfare and advancement. The Board will strive to balance the student's right to privacy against the district's need to collect, retain, and use information about individual students and groups of students. The Board authorizes the establishment and maintenance of student files that include only those records mandated by law, rules of the State Board of Education, authorized administrative directive, and those records permitted by this Board.

The Superintendent shall prepare, present to the Board for approval, and distribute regulations that implement this Policy and conform to applicable State and Federal law and rules of the State Board of Education.

General Considerations

The Board of Education shall compile and maintain student records and regulate access, disclosure, or communication of information contained in educational records in a manner that assures the security of such records in accordance with the provisions of N.J.A.C. 6A:32-7.1 et seq. Student records shall contain only such information as is relevant to the education of the student and is objectively based on the personal observations or knowledge of the certified school personnel who originate(s) the record. The school district shall provide annual, written notification to parents, adult students, and emancipated minors of their rights in regard to student records and student participation in educational, occupational, and military recruitment programs. Copies of the applicable State and Federal laws and local policies shall be made available upon request. The school district shall make every effort to notify parents and adult students in their dominant language.

Nothing in this Policy shall be construed to prohibit certified school personnel from disclosing student records to non-adult students or to appropriate persons in connection with an emergency, if such knowledge is necessary to protect the health or safety of the student or other persons.

No liability shall be attached to any member, officer, or employee of the Board of Education permitting access or furnishing student records in accordance with N.J.A.C. 6A:32-7.1 et seq.

Student Information Directory

A student information directory is a publication of the Board of Education that includes information relating to a student as defined in N.J.A.C. 6A:32-2.1. This information includes: name; grade level; date and place of birth; dates of school attendance; major field of study; participation in officially recognized activities; weight and height relating to athletic team membership; degrees; awards; the most recent educational agency attended by the student; and other similar information. The student information directory shall be used only by authorized school district personnel and for designated official use by judicial, law enforcement, and medical personnel and not for general public consumption. In the event the school district publishes a student information directory, the Superintendent or designee will provide a parent or adult student a ten-day period to submit to the Superintendent a written statement prohibiting the school district from including any or all types of information about the student in any student information directory before allowing access to such directory to educational, occupational, and military recruiters pursuant to N.J.S.A. 18A:36-19.1 and P.L. 107-110 sec. 9528, Armed Forces Recruiter Access to Students and Student Recruiting Information of the No Child Left Behind Act of 2001.

School Contact Directory for Official Use

A school contact directory for official use is a compilation by the school district that includes the following information for each student: name; address; telephone number; date of birth; and school enrollment. The district shall compile and maintain a school contact directory for official use that is separate and distinct from the student information directory. The student contact directory may be provided for official use only to judicial and law enforcement personnel, and to medical personnel currently providing services to the student in question. To exclude any information from the school contact directory for official use the parent, adult student, or emancipated minor shall notify the Superintendent or designee in writing.

Mandated and Permitted Student Records

Mandated student records are those records school districts have been directed to compile by State statute, regulations, or authorized administrative directive in accordance with N.J.A.C. 6A:32-7.3.

Permitted student records are those student records not mandated pursuant to N.J.A.C. 6A:32-7.3, but authorized by the Board to promote the student's educational welfare. The Board shall authorize the permitted records to be collected by adopting Policy and Regulation 8330, which will list such permitted records.

Maintenance and Security of Student Records

The Superintendent or designee shall be responsible for the security of student records maintained in the school district. Policy and Regulation 8330 assure that access to such records is limited to authorized persons.

Records for each individual student may be stored electronically or in paper format. When student records are stored electronically, proper security and back-up procedures shall be administered.

Student health records, whether stored on paper or electronically, shall be maintained separately from other student records, until such time as graduation or termination, whereupon the health history and immunization record shall be removed from the student's health record and placed in the student's mandated record. Records shall be accessible during the hours in which the school program is in operation.

Any district internet website shall not disclose any personally identifiable information about a student without receiving prior written consent from the student's parent, in accordance with the provisions of N.J.S.A. 18A:36-35. Personally identifiable information means student names; student photos; student addresses; student e-mail addresses; student phone numbers; and locations and times of class trips.

Access to Student Records

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 shall have access to student records, including student health records. Access to student records shall be provided to persons authorized such access under N.J.A.C. 6A:32-7.1 et seq. within ten days of a request, but prior to any review or hearing conducted in accordance with N.J.A.C. 6A.

The district shall control access to, disclosure of, and communication regarding information contained in student health records to assure access only to people permitted by Federal and State statute and regulations in accordance with N.J.A.C. 6A:32-7.5.

The district may charge a reasonable fee for reproduction of student records, not to exceed the schedule of costs set forth in N.J.S.A. 47:1A-5, provided that the cost does not effectively prevent the parents or adult students from exercising their rights under N.J.A.C. 6A:32-7 or other Federal and State rules and regulations regarding students with disabilities, including N.J.A.C. 6A:14.

Access to and disclosure of a student's health record shall meet the requirements of the Family Education Rights and Privacy Act, 34 C.F.R. Part 99 (FERPA).

Only authorized organizations, agencies, or persons as defined in N.J.A.C. 6A:32-7.5 shall have access to student records, including student health records.

Nothing in N.J.A.C. 6A:32-7.1 et seq. or in Policy and Regulation 8330 shall be construed to prohibit school personnel from disclosing information contained in the student health record to students or adults in connection with an emergency, if such knowledge is necessary to protect the immediate health or safety of the student or other persons.

In complying with N.J.A.C. 6A:32-7 – Student Records, individuals shall adhere to requirements pursuant to N.J.S.A. 47:1A-10, the Open Public Records Act (OPRA) and 34 CFR Part 99, the Family Educational Rights and Privacy Act (FERPA).

Conditions for Access to Student Records

All authorized organizations, agencies, and persons defined in N.J.A.C. 6A:32-7.1 et seq. shall have access to the records of a student subject to conditions outlined in N.J.A.C. 6A:32-7.6(a).

Rights of Appeal for Parents and Adult Students

Student records are subject to challenge by parents and adult students on the grounds of inaccuracy, irrelevancy, impermissive disclosure, inclusion of improper information or denial of access to organizations, agencies, and persons in accordance with N.J.A.C. 6A:32-7.7(a).

To request a change in the record or to request a stay of disclosure pending final determination of the challenged procedure, the parent or adult student shall follow the procedures pursuant to N.J.A.C. 6A:32-7.7(b).

Appeals relating to student records for students with disabilities shall be processed in accordance with the requirements of N.J.A.C. 6A:32-7.7(b).

Regardless of the outcome of any appeal, a parent or adult student shall be permitted to place in the student record a statement commenting upon the information in the student record or setting forth any reasons for disagreement with the decision made in the appeal. Such statements shall be maintained as part of the student record as long as the contested portion of the record is maintained. If the contested portion of the record is disclosed to any party, the statement commenting upon the information shall also be disclosed to that party.

Retention and Disposal of Student Records

A student record is considered to be incomplete and not subject to the provisions of the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq., while the student is enrolled in the school district. The school district shall retain the student health record and the health history and immunization record according to the School District Records Retention Schedule, as determined by the New Jersey State Records Committee.

Student records of currently enrolled students, other than that described in N.J.A.C. 6A:32-7.8(e), may be disposed of after the information is no longer necessary to provide educational services to a student and in accordance with the provisions of N.J.A.C. 6A:32-7.8(b).

Upon graduation or permanent departure of a student from the school district, the parent or adult student shall be notified in writing that a copy of the entire student record will be provided to them upon request. Information in student records, other than that described in N.J.A.C. 6A:32-7.8(e), may be disposed of, but only in accordance with the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq. Such disposition shall be in accordance with the provisions of N.J.A.C. 6A:32-7.8(c)2.

No additions shall be made to the record after graduation or permanent departure without the prior written consent of the parent or adult student.

In accordance with N.J.A.C. 6A:32-7.8(e), the New Jersey public school district of last enrollment, graduation, or permanent departure of the student from the school district shall keep for 100 years a mandated record of a student's name, date of birth, name of parents, gender, health history and immunization, standardized assessment results, grades, attendance, classes attended, grade level completed, year completed, and years of attendance.

8335 FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Board of Education policies and regulations will be in compliance with the requirements of the Family Educational Rights and Privacy Act (FERPA). FERPA affords parents and adult students certain rights with respect to the student's education records. FERPA requires the district to provide parents and adult students the right to inspect and review the student's education records within forty-five days of the day the school district receives a request for access, to request an amendment(s) of the student's education records the parent or adult student believes are inaccurate, and to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

FERPA permits disclosure of student records without consent if the disclosure is to school officials with legitimate educational interests. FERPA permits the school district to disclose education records without a parent's or adult student's consent to officials of another school district in which a student seeks or intends to enroll. FERPA requires a school district to make a reasonable attempt to notify the parent or adult student of the records request unless it states in its annual notification that it intends to forward records on request.

The parent or adult student has the right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

The New Jersey Administrative Code 6A:32-7 – Pupil Records adopted by the New Jersey Department of Education incorporates the requirements of FERPA and Board of Education Policy 8330 ensures parents and adult students are afforded certain rights with respect to the student's education records as required by FERPA.

8350 RECORDS RETENTION

The New Jersey Department of the Treasury - Records Management Services places all public records on Records Retention Schedules that list the minimum legal and fiscal time periods public records must be retained by State and local governmental and educational agencies. Records Management Services determines these retention periods in conformance with State and Federal codes, regulations, and statutes of limitation. Final approval of the schedules comes from the State Records Committee, which is comprised of representatives of the Attorney General, State Treasurer, State Auditor, Director of Local Government Services, and the director of the division.

Part and parcel to a good records management program is the timely destruction of records once their retention period has expired. This pertains to the destruction of paper records as well as those that are microfilmed, have been imaged, or are electronic. Unique records disposal request (such as the disposal of fire damaged records which have not yet outlived their retention period) require specific authorization from the State Records Committee.

As per the Destruction of Public Records Act of 1953 (P.L. 1953, c. 410), the Board of Education must receive prior written authorization from Records Management Services to dispose of their public records regardless of the medium in which the information is maintained. Authorization to dispose public records shall be submitted electronically by the school district custodian of such records to Records Management Services. Records must be retained in accordance with the Records Retention Schedules and shall not be disposed until approval for such disposal is obtained from Records Management Services.

8420 EMERGENCY AND CRISIS SITUATIONS

The Board of Education recognizes its responsibility to provide for the safety and security in each school building in the district. The district will develop and implement written plans and procedures to provide for the protection of health, safety, security, and welfare of the school population; the prevention of, intervention in, response to and recovery from emergency and crisis situations; the establishment and maintenance of a climate of civility; and supportive services for staff, students, and their families.

The Superintendent of Schools or designee shall consult with law enforcement agencies, health and social services provider agencies, emergency management planners, and school and community resources, as appropriate, in the development of the school district's plans, procedures, and mechanisms for school safety and security. The plans, procedures, and mechanisms shall be consistent with the provisions of N.J.A.C. 6A:16-5.1 and the format and content established by the Domestic Security Preparedness Task Force, pursuant to N.J.S.A. App. A:9-64 et seq., and the Commissioner of Education and shall be reviewed annually, and updated as appropriate.

A copy of the school district's school safety and security plan shall be disseminated to all school district employees. New employees shall receive a copy of the school district's safety and security plan, as appropriate, within sixty days of the effective date of their employment. All employees shall be briefed in writing, as appropriate, regarding updates and changes to the school safety and security plan.

The school district shall develop and provide an in-service training program for all school district employees to enable them to recognize and appropriately respond to safety and security concerns, including emergencies and crisis, consistent with the school district's plans, procedures, and mechanisms for school safety and security and the provisions of N.J.A.C. 6A:16-5.1. New employees shall receive this in-service training, as appropriate, within sixty days of the effective date of their employment. This in-service training program shall be reviewed annually and updated, as appropriate.

In accordance with N.J.S.A. 18A:41-1, at least one fire drill and one school security drill will be conducted each month within school hours, including any summer months, which the school is open for instructional programs. A school security drill means an exercise, other than a fire drill, to practice procedures that respond to an emergency situation including, but not limited to, a non-fire evacuation, lockdown, bomb threat, or active shooter situation that is similar in duration

to a fire drill. Schools are required to hold a minimum of two active shooter, non-fire evacuation, bomb threat, and lockdown security drills annually. Fire alarm systems shall be initiated only during a fire drill evacuation. Responses made necessary by the unplanned activation of emergency procedures or by any other emergency shall not be substituted for a required school security drill.

The Principal or designee will provide local law enforcement or other emergency responders, as appropriate, with a friendly notification at least forty-eight hours prior to holding a school security drill. Although these outside agencies are not required to observe school security drills, the Principal is encouraged to invite representatives from local law enforcement and emergency responder agencies to attend and observe at least four different security drills annually.

Such drills and in-service training programs shall be conducted in accordance with a building security drill guide and training materials that educate school employees on proper evacuation and lockdown procedures in a variety of emergency situations on school grounds as provided by the New Jersey Office of Homeland Security and Preparedness.

The school district will be required to annually submit a security drill statement of assurance to the New Jersey Department of Education by June 30 of each school year. Each school in the district will be required to complete a security drill record form as required by the New Jersey Department of Education.

8431 PREPAREDNESS FOR TOXIC HAZARD

The Board of Education is concerned for the safety of the students and staff members assigned to district schools and will take reasonable steps to protect students and staff members from hazards that may result from industrial accidents beyond the control of school officials.

The Board will appoint an employee to serve as Toxic Hazard Preparedness (THP) Officer. The THP Officer will, in accordance with procedures prepared by the Superintendent, identify potential sources of toxic hazard and develop a plan that includes preventive and remedial measures to be followed in the event students and staff members are exposed to a toxic hazard. The plan will also include a system for the periodic evaluation of school environments.

The THP Officer will enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazard. The Board may, in its discretion, appoint and charge an ad hoc committee of community representatives to assist the THP Officer.

The plan for toxic hazard preparedness developed by the THP Officer and approved by this Board will be disseminated to the public. Teaching staff members will be instructed in the specific measures to be taken when toxic hazard is present and in the recognition of toxic hazards in the environment. A teaching staff member who detects a toxic hazard in school shall immediately notify the school Principal and the school nurse or, in the absence of either, the person authorized to perform that office.

Nothing in this policy should be construed in any way as an assumption of liability by the Board of Education for any death, injury, or illness that is the consequence of an accident or equipment failure or negligent or deliberate act beyond the control of the Board or its officers and employees.

8441 CARE OF INJURED AND ILL PERSONS

The Board of Education will provide the prompt and appropriate medical attention for students, staff members, or visitors who are injured or become ill on school grounds or during a school sponsored event, activity, or field trip.

Any injury or illness shall be reported immediately to the school nurse or, in the absence of the school nurse, the Building Principal or designee. Immediate steps may be taken as necessary to remove the injured or ill person from danger and/or to prevent exacerbation of the injury or illness. Basic first aid may be administered by district personnel to ensure the safety and comfort of the injured or ill person until the school nurse or other medical professional arrives on the scene.

The parent of an injured or ill student and, if necessary, the family of an injured or ill staff member or visitor will be notified promptly of the injury or illness and the ongoing health status of the injured or ill person. If the school nurse or school physician or, in the absence of both, the Principal or designee determines the injured or ill person should receive a medical examination from their medical professional, the parent or family member will be required to remove the injured or ill person from the school or school event or activity. In the event a serious health emergency occurs on school grounds or during a school sponsored event, activity, or field trip, emergency medical assistance will be contacted.

In the event it is determined by the school nurse and/or a medical professional that a student shall be immediately transported to a hospital or other emergency medical facility, a school staff member, if a parent or their designee is not on the scene, shall accompany the student to a hospital or other emergency medical facility.

The school nurse(s), in consultation with the school physician, will develop basic emergency first aid procedures for the emergency treatment of an injury or illness in the event a school staff member may be in the position to provide emergency first aid until the school nurse or other medical professional arrives on the scene.

Injuries and disabilities that occur in the course of the athletic program are subject to the provisions of Policy 2431 and implementing regulations. Student disabilities attributable to substance abuse will be handled in accordance with Policy 5530. Injuries that occur in the course of school bus transportation will be handled in accordance with regulations implementing Policy 8630.

8442 REPORTING ACCIDENTS

The Board of Education directs that all reasonable efforts be made to ensure a safe learning and working environment for the students and employees of this district. To that end and to the end that legitimate employee claims for worker's compensation be expedited, the Board requires that accidents be reported and evaluated. Any accident that results in an injury, however slight, to a student, an employee of the Board, or a visitor to the schools must be reported promptly and in writing to the district business office. Injured persons shall be referred immediately to the school nurse for such medical attention as may be appropriate.

The injured employee or visitor or the staff member responsible for an injured student shall complete a form, available in the office of the Building Principal, that includes the date, time and place of the incident; the names of persons involved; the nature of the injury, to the extent that it is known; and a description of all relevant circumstances.

A copy shall be retained by the Building Principal and a copy shall be sent to the business office.

Any employee of the Board who suffers a job-related injury must report the injury and its circumstances to the Building Principal or job supervisor, as appropriate, no later than twenty-four hours following the occurrence of the injury. The failure of an employee to comply with this mandate may result in disciplinary action.

8451 CONTROL OF COMMUNICABLE DISEASE

The Board of Education recognizes that control of the spread of communicable disease is essential to the well-being of the school community and to the efficient operation of the schools.

The Board shall be bound by the statutes and by rules of the State Board of Education for the exclusion and readmission of students who have contracted a communicable disease and of teachers and students who have been exposed to a communicable disease and for the instruction of teachers in health and the prevention of disease. The Board shall comply with regulations of the New Jersey Department of Health and the local and county Boards of Health governing the prevention, control, and reporting of communicable disease.

The teacher may exclude from the classroom and the Principal may exclude from the school building any student who appears to be ill or has been exposed to a communicable disease. A student may be isolated in school to await the arrival of or instructions from an adult member of his/her family. If the school medical inspector or the school nurse is present in the building, his/her recommendation shall be sought before any such exclusion or isolation is ordered.

Any student retained at home or excluded from school by reason of having or being suspected of having a communicable disease shall not be readmitted to his/her classroom until he/she presents written evidence of being free of communicable disease. That evidence may be supplied by the school medical inspector or another qualified physician who has examined the student.

Any student or adult who has weeping skin lesions that cannot be covered shall be excluded from school.

The Superintendent shall develop procedures for the control of communicable disease that include the instruction of teaching staff members in the detection of disease and measures for its prevention and control; the removal from school premises to the care of a responsible adult for students identified and excluded in accordance with this policy; the preparation of standards for the readmission of students who have recovered from communicable disease; the provision of appropriate home instruction to excluded students in accordance with law; and the filing of reports as required by law.

8453 HIV/AIDS

The Board of Education will comply with rules of the State Board of Education and the State Department of Health and Senior Services with regard to the admission and employment of persons who may be diagnosed with Acquired Immune Deficiency Syndrome (AIDS) or infected with Human Immunodeficiency Virus (HIV). "AIDS" means a condition affecting a person who has a reliably diagnosed disease that meets the criteria for AIDS specified by the Center for Disease Control of the United States Public Health Services. "HIV infection" means infection with the human immunodeficiency virus or any other related virus identified as a probable causative agent of AIDS. Laboratory results indicative of infection with HIV shall mean laboratory results showing the presence of HIV or components of HIV, or laboratory results showing the presence of antibodies to HIV, or results from laboratory tests conducted to measure the presence of HIV RNA (viral load tests), such as quantitative PCR tests.

AIDS or HIV infection shall not be considered a communicable disease for purposes of admission to or attendance in a school or for eligibility for educational transportation.

In accordance with N.J.A.C. 6A:16-1.4(a)8, no person, student or employee, will be excluded from school solely because he/she is infected with HIV or lives with or is related to a person infected with HIV. Students infected with HIV, including those who may be symptomatic or diagnosed with AIDS, may be excluded from school only as a student not infected with HIV or diagnosed with AIDS may be excluded from school. A school employee infected with HIV may be restricted in his/her employment only if the employee has another illness that would affect his/her employment.

Any student excluded from the regular school program will be provided with home instruction in accordance with rules of the State Board of Education and Policy No. 2412.

No student, staff member, or visitor may attend or visit school if he/she has an uncoverable and/or uncovered weeping skin lesion, whether or not the person has been screened for HIV.

It is not required that anyone in the school be especially notified that an HIV-infected student or employee is present. School employee physicals, student physicals and athletic physicals do not require disclosure of HIV status. Records of health and medical examinations should not include information about an individual's infection with HIV. Therefore, HIV/AIDS status is an exception to records required pursuant to student physical examinations, N.J.A.C. 6A:16-2.2, and school employee physical examinations, N.J.A.C. 6A:32-6.1 et seq. In the event the school nurse or a school official is apprised that a student or employee is HIV-infected, the fact of the infection will be held in strict confidence and will not be classified as a communicable disease for admission, local health reporting or educational transportation.

Information that identifies a student as having an HIV infection or AIDS shall be shared only with prior written informed consent of the student age twelve or greater, or of the student's parent(s)/legal guardian(s) as required by N.J.S.A. 26:5C-1 et seq. and only for the purpose of determining an appropriate educational program for the student. The person who receives such information shall not reveal it to any other person without the express written consent of the minor student's parent(s) or legal guardian(s), or the adult student.

The Board shall annually provide students, parent(s) or legal guardian(s), staff members, school volunteers, and members of the community with information intended to increase awareness of HIV and AIDS, including information regarding the nature of the disease and its prevention. The Board will cooperate with other agencies to provide HIV/AIDS awareness information to the community.

8454 MANAGEMENT OF PEDICULOSIS

The Board of Education recognizes the need to maintain a healthy learning environment for all children in the school district. One way to maintain this healthy learning environment is to manage pediculosis, a condition of a person having head lice. Head lice are very small insects that have claws that cling to hair and spend their entire life cycle on the heads of people. Head lice do not spread any diseases and having head lice is not prevented by personal or household cleanliness, use of shampoos, or length of hair. All social and economic groups can be affected by head lice. Because it is very difficult to totally prevent head lice infestations in schools where children come into close head-to-head contact with each other frequently, the Board of Education authorizes appropriate steps to manage pediculosis.

A student who is found to have active head lice will not be permitted to attend school until there are no active lice in the student's hair, proof of treatment has been provided to the nurse, and until all live and/or dead head lice are removed from the student's hair as confirmed by an examination by the school nurse.

The presence of nits (the eggs of lice) without active head lice will not prohibit a child from attending school provided proof of treatment has been provided to the nurse and there is no evidence of active head lice in the student's hair.

The Board recognizes parents have the primary responsibility for the detection and treatment of head lice and school staff members will work in a cooperative and collaborative manner to assist all families in managing pediculosis. The school nurse will compile a Management of Pediculosis Information Packet. The Board of Education's Management of Pediculosis Information Packet will be provided to parents of children identified with active head lice or nits and be made available to all parents upon request. The Information Packet will include information about identifying, treating, and managing pediculosis.

If the school nurse determines a student has active head lice or nits, the parent shall be notified by the school nurse as soon as reasonably possible. The parent will be provided a copy of the district's Management of Pediculosis Information Packet. The school nurse will advise the parent that prompt treatment of active head lice and/or nits is in the best interest of their child and treatment shall be required before the student can return to school. The school nurse will determine to send the child home or have the child remain at school for the remainder of the school day based on the comfort of the child, the degree of the infestation, and the likelihood of the spread of head lice to other students. If the school nurse cannot contact the parent a letter and/or email from the school nurse informing the parent of the presence of active head lice or nits will be sent home with the student. In the event the parent cannot be reached on the day it is determined their child has active head lice or nits, the parent will be required to contact the school nurse the next school day to review the Board Policy, the Management of Pediculosis Information Packet, and treatment options.

The following action will be taken to prevent the spread of head lice in district schools:

Grades Kindergarten through Eight – When a single case of active head lice has been identified by the school nurse, parents of all children in a class will be notified by the school nurse. The school nurse and Principal will send an eblast Head Lice Alert Notice informing parents lice/nits were found in their child's classroom.

1. The information provided to parents will clearly notify parents that treatment should only be performed on their child if active head lice or nits are found in their child's scalp and treatment should not be applied as a preventative measure. This notification will inform parents they are expected to notify the school nurse if they find active head lice or nits in their child's scalp.
2. The school nurse will perform head checks of all students in a classroom where there are active head lice cases or nits in the same classroom within a two week period.

When a case of active head lice has been identified by the school nurse, the school nurse shall perform a head check of any of the infested student's siblings in the school. If a sibling(s) attends a different school in the district, the school nurse in the sibling's school will be notified. In addition, anytime the school nurse has identified active head lice, the school nurse may conduct a head check of other students in the school who are most likely to have had head-to-head contact with the infested child. All other students to be checked shall be identified by the school nurse in consultation with the school administration.

Each school in the district will make available to parents the district's Management of Pediculosis Policy.

All school staff members will maintain a sympathetic attitude and will not stigmatize and/or blame families who experience difficulty with control measures. All school staff members will act responsibly and respectfully when dealing with members of the school and broader community regarding issues of head lice.

Each school in the district will educate and encourage children and parents to learn about head lice in an attempt to remove any stigma or to prevent any harassment, intimidation, and bullying associated with this issue. Any instances of harassment, intimidation, and bullying shall be reported and investigated in accordance with the provisions of the district's Harassment, Intimidation, and Bullying Policy.

A student excluded from school for reasons outlined in this Policy shall be re-admitted only upon the examination and approval of the Principal or designee and the school nurse. The examination for re-admittance to school by the school nurse may be, but is not required to be, in the presence of the student's parent.

Cases of active head lice will be recorded by the school nurse in each school for the purpose of tracking incident rates and mandatory reporting of outbreaks will be done according to the New Jersey Department of Health criteria for reporting outbreaks.

8461 REPORTING VIOLENCE, VANDALISM, HARASSMENT,
INTIMIDATION, BULLYING, ALCOHOL,
AND OTHER DRUG ABUSE

The Board of Education shall observe “Week of Respect” during the week beginning with the third Monday in October of each year by organizing activities to prevent school violence. Activities shall include, but are not limited to, age-appropriate opportunities for student discussion on conflict resolution, issues of student diversity, and tolerance. The Board shall invite law enforcement personnel to join members of the teaching staff in the discussions and provide programs for school employees that are designed to help them recognize warning signs of school violence and to instruct them on recommended conduct during an incident of school violence.

Any school employee who observes or has direct knowledge from a participant or victim of an act of violence or the possession and/or distribution of alcohol or other drugs on school grounds, and any school employee who reports a student for being under the influence of alcohol or other drugs, according to the requirements of N.J.S.A. 18A:40A-12 and N.J.A.C. 6A:16-4.3, shall file a report describing the incident to the school Principal, in accordance with N.J.S.A. 18A:17-46. The report shall be on a form adopted by the Board to include all of the incident detail and offender and victim information that are reported on the Electronic Violence and Vandalism Reporting System (EVVRS).

A report alleging an incident of harassment, intimidation, or bullying shall be made in accordance with the provisions of N.J.S.A. 18A:37-13.1 and Policy 5512.

The Building Principal, for each incident report of violence, vandalism, harassment, intimidation, bullying, alcohol, or other drug abuse, shall review the incident report for accuracy; forward a copy of the incident report to the Superintendent; and notify the Superintendent of the action taken regarding the incident. The Board shall not discharge or subject to any manner of discrimination any school employee who files a report pursuant to N.J.A.C. 6A:16-5.3.

The majority representative of the school employees’ bargaining units shall have access monthly to the number and disposition of all reported acts of school violence, vandalism, harassment, intimidation, or bullying pursuant to N.J.S.A. 18A:17-46. Personally identifying information may be provided to the majority representative of the school employees’ bargaining units only in instances when school administrators have reason to believe that the safety of a school staff member is at risk.

Two times each school year, between September 1 and January 1 and between January 1 and June 30, at a public hearing held pursuant to N.J.S.A. 18A:17-46, the Superintendent shall report to the Board all acts of violence, vandalism, harassment, intimidation, bullying, and incidents of alcohol and other drug abuse that occurred during the previous reporting period in accordance with the provisions of N.J.S.A. 18A:17-46 and N.J.A.C. 6A:16-5.3. The report shall include the number of reports of harassment, intimidation, or bullying, the status of all investigations, the nature of the bullying based on one of the protected categories identified in section 2 of P.L.2002, c.83 (C.18A:37-14), the names of the investigators, the type and nature of any discipline imposed on any student engaged in harassment, intimidation, or bullying, and any other measures imposed, training conducted, or programs implemented, to reduce harassment, intimidation, or bullying. The information shall also be reported once during each reporting period to the Department of Education. The report must include data broken down by the enumerated categories as listed in section 2 of P.L.2002, c.83 (C.18A:37-14), and data broken down by each school in the district, in addition to district-wide data. It shall be a violation to improperly release any confidential information not authorized by Federal or State law for public release.

The report shall be used to grade each school for the purpose of assessing its effort to implement policies and programs consistent with the provisions of P.L. 2002, c.83 (C.18A:37-13 et seq.). The district shall receive a grade determined by averaging the grades of all the schools in the district. The Commissioner shall promulgate guidelines for a program to grade schools for the purposes of N.J.S.A. 18A:17-46. The grade received by a school and the district shall be posted on the homepage of the school's website. The grade for the district and each school of the district shall be posted on the homepage of the district's website. A link to the report shall be available on the district's website. The information shall be posted on the websites within ten days of the receipt of a grade by the school and district.

Whenever it is alleged a school employee has knowingly falsified the report on violence, vandalism, harassment, intimidation, or bullying required under N.J.S.A. 18A:17-46, the Board shall make a determination regarding whether the employee committed the act. The Board shall provide written notice of the allegations to the employee and the employee shall be entitled to a hearing before the Board in accordance with the provisions of N.J.A.C. 6A:16-5.3(g)2. Upon a determination by the Board that an employee has knowingly falsified the report, the Board may take appropriate action as outlined in N.J.A.C. 6A:16-5.3(g)3. Any action taken by the Board shall be based on its consideration of the nature of the conduct, the circumstances under which it occurred, and the employee's prior employment record. Any employee having been found responsible for the falsification of the report by the Board shall have the right to file a grievance

under their respective bargaining agreements, appeal the Board's determination to the Commissioner of Education and subsequently to the State Board of Education, or appeal the decision to the Superior Court of New Jersey. The availability of appeal options shall be based upon the action taken by the Board.

8462 REPORTING POTENTIALLY MISSING OR ABUSED CHILDREN

The Board of Education recognizes early detection of missing, abused, or neglected children is important in protecting the health, safety, and welfare of all children. In recognition of the importance of early detection of missing, abused, or neglected children, the Board of Education adopts this Policy pursuant to the requirements of N.J.S.A. 18A:36-24 and 18A:36-25. The Board provides this Policy for its employees, volunteers, or interns for the early detection of missing, abused, or neglected children through notification of, reporting to, and cooperation with the appropriate law enforcement and child welfare authorities pursuant to N.J.S.A. 18A:36-24 and 18A:36-25 et seq., N.J.A.C. 6A:16-11.1, and N.J.S.A. 9:6-8.10.

Employees, volunteers, or interns working in the school district shall immediately notify designated child welfare authorities of incidents of alleged missing, abused, and/or neglected children. Reports of incidents of alleged missing, abused, or neglected children shall be reported to the New Jersey State Central Registry (SCR) at 1-877 NJ ABUSE or to any other telephone number designated by the appropriate child welfare authorities. If the child is in immediate danger a call shall be placed to 911 as well as to the SCR.

The person having reason to believe that a child may be missing or may have been abused or neglected may inform the Principal or other designated school official(s) prior to notifying designated child welfare authorities if the action will not delay immediate notification. The person notifying designated child welfare authorities shall inform the Principal or other designated school official(s) of the notification, if such had not occurred prior to the notification. Notice to the Principal or other designated school official(s) need not be given when the person believes that such notice would likely endanger the reporter or student involved or when the person believes that such disclosure would likely result in retaliation against the student or in discrimination against the reporter with respect to his or her employment.

The Principal or other designated school official(s) upon being notified by a person having reason to believe that a child may be missing or may have been abused or neglected, must notify appropriate law enforcement authorities. Notification to appropriate law enforcement authorities shall be made for all reports by employees, volunteers, or interns working in the school district. Confirmation by another person is not required for a school district employee, volunteer, or intern to report the suspected missing, abused, or neglected child situation.

School district officials will cooperate with designated child welfare and law enforcement authorities in all investigations of potentially missing, abused, or neglected children in accordance with the provisions of N.J.A.C. 6A:16-11.1(a)5.

The district designates the Guidance Counselor as the school district's liaison to designated child welfare authorities to act as the primary contact person between the school district and child welfare authorities with regard to general information sharing and the development of mutual training and other cooperative efforts. The district designates the Superintendent or designee as the school district's liaison to law enforcement authorities to act as the primary contact person between the school district and law enforcement authorities, pursuant to N.J.A.C. 6A:16-6.2(b)1, consistent with the Memorandum of Agreement, pursuant to N.J.A.C. 6A:16-6.2(b)13.

An employee, volunteer, or intern working in the school district who has been named as a suspect in a notification to child welfare and law enforcement authorities regarding a missing, abused, or neglected child situation shall be entitled to due process rights, including those rights defined in N.J.A.C. 6A:16-11.1(a)9.

The Superintendent or designee shall provide training to school district employees, volunteers, or interns on the district's policy and procedures for reporting allegations of missing, abused, or neglected child situations. All new school district employees, volunteers, or interns working in the district shall receive the required information and training as part of their orientation.

There shall be no reprisal or retaliation against any person who, in good faith, reports or causes a report to be made of a potentially missing, abused, or neglected child situation pursuant to N.J.S.A. 9:6-8.13.

8465 HATE CRIMES AND BIAS-RELATED ACTS

The Board of Education is committed to providing a safe and healthy environment for all children in the school district. Hate crimes and bias-related acts involving students can lead to further violence and retaliation. Hate crimes and bias-related acts, by their nature are confrontational, inflame tensions, and promote social hostility and will not be tolerated by the school district. The school district employees will work closely with local law enforcement and the county prosecutor's office to report or eliminate the commission of hate crimes and bias-related acts.

Definitions

A "hate crime" is any criminal offense where the person or persons committing the offense acted with a purpose to intimidate an individual or group of individuals because of race, color, disability, religion, sexual orientation, or ethnicity.

A "bias-related act" is an act directed at a person, group of persons, private property, or public property that is motivated in whole or part by racial, gender, disability, religion or sexual orientation, or ethnic prejudice. A bias-related act need not involve conduct that constitutes a criminal offense. All hate crimes are also bias-related acts, but not all bias-related acts will constitute a hate crime.

Required Actions

Whenever any school employee in the course of his/her employment develops reason to believe that (1) a hate crime has been committed or is about to be committed on school property, or has been or is about to be committed by any student, whether on or off school property and whether or not such offense was or is about to be committed during operating school hours, or (2) a student enrolled in the school has been or is about to become the victim of a hate crime, whether committed on or off school property or during operating school hours, the school employee shall immediately notify the Building Principal and Superintendent, who in turn shall notify the Haworth Police Department and Bias Investigation Officer for the county prosecutor's office. The Principal shall notify the Haworth Police Department and the county prosecutor's office immediately if there is reason to believe that a hate crime that involves an act of violence has been or is about to be physically committed against a student or there is otherwise reason to believe that a life has been or will be threatened.

Whenever any school employee in the course of his/her employment has reason to believe that a bias-related act has been committed or is about to be committed on school property, or has been or is about to be committed by any student, whether on or off school property and whether or not such bias-related act was or is to be committed during operating school hours, the school employee should immediately notify the Building Principal and Superintendent, who in turn should promptly notify the Haworth Police Department.

In deciding whether to refer the matter of a bias-related act to the Haworth Police Department or the county prosecutor's office, the Building Principal and the Superintendent, should consider the nature and seriousness of the conduct and the risk that the conduct posed to the health, safety and well-being of any student, school employee or member of the general public. The Building Principal and Superintendent should also consider the possibility that the suspected bias-related act could escalate or result in some form of retaliation which might occur within or outside school property.

It is understood a referral to the Haworth Police Department or county prosecutor's office is only a transmittal of information that might be pertinent to a law enforcement investigation and is not an accusation or formal charge.

Unless the Haworth Police Department or the county prosecutor's office request otherwise, the school district may continue to investigate a suspected hate crime or bias-related act occurring on school property and may take such actions as necessary and appropriate to redress and remediate any such acts.

School officials will secure and preserve any such graffiti or other evidence of a suspected hate crime or bias-related act pending the arrival of the Haworth Police Department or the county prosecutor's office. The school officials, when feasible, will cover or conceal such evidence until the arrival of the Haworth Police Department or county prosecutor's office.

He/she shall, if appropriate and feasible, summon the aid of law enforcement officers in the conduct of the search. The Superintendent shall promptly notify, by telephone call and by letter, the Chief of Police of Haworth that a weapon is present on school premises; the notice shall request removal of the weapon by an authorized law enforcement officer. Students convicted or found to be delinquent for possessing a firearm on school property, on a school bus, or at a school-sponsored function or committing a crime while possessing a firearm shall be immediately removed from the regular education program for a period of not less than one calendar year and placed in an alternative education school or program pending a hearing before the Board of Education to remove the student. (Chapters 127 and 128 of 1995, The Zero Tolerance for Guns Act)

Any student who commits an assault upon members of the school community with a weapon other than a firearm on school property must be immediately removed from the regular education program and provided with an alternative program, pending a hearing before the Board of Education. (Chapters 127 and 128 of 1995, The Zero Tolerance for Guns Act)

Students with disabilities violating the provisions of this policy shall be dealt with in accordance with Policy No. 2460 and Regulation No. 2460.6.

Nothing in this policy shall be construed to prohibit the reporting of a crime committed by a child with a disability to the appropriate law enforcement or judicial authorities, or to prevent such authorities from exercising their responsibilities with regard to the application of Federal or State law to crimes committed by a child with disabilities.

Any student requiring removal from the regular education program for the reasons enumerated above shall be removed in accordance with Policy and Regulation No. 5611.

The Superintendent, or designee, shall prepare regulations to implement this policy for the guidance of school staff in dealing with incidents involving weapons in the school district.

8601 STUDENT SUPERVISION AFTER SCHOOL DISMISSAL

The Board of Education adopts this Student Supervision After School Dismissal Policy as a result of the New Jersey Supreme Court's decision in *Joseph Jerkins, an infant by his Guardian Ad Litem, Charles Jerkins; Charles Jerkins and Toni Jerkins, individually, v. Soweto Anderson; Kemba N. Anderson; John Does 1-10 (fictitious individuals) and ABC Corporations 1-10 (fictitious entities), and Board of Education of Pleasantville Public Schools and Rosemay Clarke*.

The New Jersey Supreme Court, in *Jerkins*, indicated dangers exist for younger students at dismissal as children are susceptible to numerous risks, including negligent conduct, when leaving school property. Because of these risks, the Board of Education adopts and requires the implementation of Policy 8601 for the supervision of younger students after dismissal. The supervision provisions of Policy Guide 8601 are applicable to parents or legal guardians of students attending district-operated schools or programs in grades Kindergarten to five who are not eligible for district-provided transportation after dismissal or are eligible and elect not to use district-provided transportation after dismissal.

Any parent(s) or legal guardian(s) of a student attending a district-operated school or program in grades Kindergarten to five, where the student is not eligible for district-provided transportation or is eligible and elects not to use district-provided transportation after dismissal may request the school or program not release the student to walk home after dismissal unless the student is released to the parent(s) or legal guardian(s) or escort(s) designated by the parent(s) or legal guardian(s). The parent(s) or legal guardian(s) may designate up to three escorts. The parent(s) or legal guardian(s) requesting their child(ren) only be released to a parent(s) or legal guardian(s) or parent(s) or legal guardian(s)-designated escort after dismissal must submit a completed Request for Supervision at Dismissal from School Form to the Principal or designee, or program administrator.

The Form shall be made available on the school or school district website.

Only those parents or legal guardians requesting the school or program not release their child(ren) to walk home after school dismissal unless the child(ren) is released to the parent(s) or legal guardian(s) or designated escort need to complete the Request Form.

In order for the school administration to effectively implement the requirements of this Policy and to ensure the safety and security of students that will be released to a parent(s) or legal guardian(s) or designated escort, the parental request shall be applicable for every school day and shall apply for a duration period of the entire school year. The Request Form must be re-submitted at the end of the duration period. In addition, a parent(s) or legal guardian(s) may rescind their Request by submitting a written request to the Principal or program administrator

indicating the date in which the parent(s) or legal guardian(s) no longer requests the school provide supervision of their child(ren) after school dismissal. The child(ren) will be dismissed in accordance with typical dismissal protocol effective the date indicated in the rescinding request.

The Principal or designee, or program administrator upon receiving the Request for Supervision at Dismissal from School Form, shall notify the appropriate school staff member(s) who has supervision of the student at dismissal time at the end of the school day of the parent's or legal guardian's request. The supervising staff member that receives such notice shall retain supervision of the student when other students are dismissed from school at the end of the school day.

Each Principal or program administrator will develop and implement a written Student Supervision After School Dismissal Plan for their school building or program location. This Plan shall include the school building's or program's supervision procedures for students at the end of the school day to the designated area in the school building or program and the location of the designated area in the school building or program. The Plan shall be based on the school's or program's ability to provide supervision, the accessibility for the parent(s) or legal guardian(s) or designated escort to pick-up the child without disrupting dismissal of the remaining school population, and other considerations unique to the school building or program location. The school's or program's Student Supervision After School Dismissal Plan shall be provided to all parent(s) or legal guardian(s) that have submitted a Request Form.

In the event the parent(s) or legal guardian(s) or designated escort does not arrive to pick up their child(ren) after the dismissal time of school, the Principal or designee will attempt to contact the parent(s) or legal guardian(s) using the district's emergency call procedures.

The student(s) shall be supervised by school staff in the designated area of the building and will only be released when the parent(s) or legal guardian(s) or designated escort arrives to pick up the student and signs the student out of school.

In order to ensure the safety of other students being dismissed from school in accordance with typical school dismissal protocol, to limit interaction of parent(s) or legal guardian(s) or designated escorts with other students within the building, and to avoid traffic and vehicular safety problems outside the school building, the Principal or program administrator may prohibit the parent(s) or legal guardian(s) or designated escort from entering the school building until a time period after school has dismissed or until school buses and other vehicular traffic have cleared the school site. This determination shall be made by each Principal or program administrator after considering the unique circumstances at the school building and the building's typical dismissal protocol.

In the event of an emergency such that, when an unforeseen event prevents a parent or legal guardian or designated escort from arriving for the child(ren) at dismissal within the time period designated by the Principal or program administrator, the student will be relocated to the Main Office in the school building and will remain in the Main Office supervised by the Main Office staff until the parent(s) or legal guardian(s) or designated escort arrives and signs the student out of school.

The school will provide parent(s) or legal guardian(s) information regarding any supervised after-school services, if any, that may be available to students at the school's facilities after formal school dismissal.

This Policy shall be published in student/school handbooks. In addition, the school district shall provide to parent(s) or legal guardian(s) in the beginning of the school year, the school's calendar to include the starting and dismissal times for full session, half-session, and early dismissal days due to weather or other emergencies. Parent(s) or legal guardian(s) shall be required to return to the school a signed acknowledgement of receipt of the student/school handbook, which shall include this Policy and the school calendar. In addition, any changes to the school's calendar made during the school year shall also be provided to parent(s) or legal guardian(s).

The school bus driver shall be in full charge of the school bus at all times and shall be responsible for maintaining order. The school bus driver will never exclude a student from the school bus, but if unable to manage a student, the school bus driver will report the unmanageable student to the Principal or designee of the school in which the student attends.

The Principal or designee, upon such report from the school bus driver, may assign appropriate discipline. The discipline may include excluding the student from the bus. The student's parent shall provide for the student's transportation to and from school during the time of exclusion.

In the event of an emergency, school bus drivers shall follow procedures established by this Board. School administrators shall organize and conduct emergency exit drills at least twice within the school year for all students who are transported to and from school. In accordance with the provisions of N.J.S.A. 18A:39-19.4, a Commissioner-developed student information card shall be completed by a parent of a student with an Individualized Education Plan (IEP), who receives transportation services, when the IEP is developed or amended. Upon receiving consent from the parent, the student information card shall be provided to a school bus driver and bus aide for each student on the bus route to which the school bus driver or bus aide is assigned for whom a student information card has been completed by the parent.

The school bus driver will immediately inform the Principal of the receiving school and the School Business Administrator or designee of the district providing the transportation following an accident that involves injury, death, or property damage. The school bus driver must also complete and file within ten days of the accident the Preliminary School Bus Accident Report prescribed by the Commissioner of Education. In addition to the Preliminary School Bus Accident Report, the driver of a school bus involved in an accident resulting in injury or death of any person, or damage to property of any one person in excess of \$500, shall complete and file within ten days after such accident a motor vehicle accident report in accordance with N.J.S.A. 39:4-130.

A school bus driver who violates this policy provision is subject to fines pursuant to N.J.S.A. 39:3B-25.

8670 TRANSPORTATION OF DISABLED STUDENTS

The Board of Education shall provide transportation services for students with disabilities as required by law and dictated by the student's educational needs and physical welfare. The Board will provide the transportation specified as a related service in the program of special education approved for a disabled student. Such transportation will conform to the student's Individualized Education Program (IEP) and the transportation requirements described by the Child Study Team or prescribed by the school physician. Transportation to a placement outside this district will conform to the school calendar of the receiving school.

The transportation of a disabled student may include such special equipment, transportation aides, and special arrangements for other assistance to and from and in and around the school. When necessary for the student's welfare, the case manager will provide the transportation coordinator and driver with specific information about the student. For students with disabilities below the age of five, safety belts or restraint systems will be used.

The transportation of disabled students to special education programs approved by the Board and located outside the State will conform to guidelines established by the New Jersey State Department of Education. Such transportation services will be dictated by the student's IEP and approved by the Child Study Team. The individual plan for a disabled student's out-of-State transportation will be submitted to the Office of the County Superintendent prior to its implementation. In general, transportation of out-of-State disabled students will be by the most economical and expeditious mode consistent with the student's special needs and will be limited to travel at the beginning and the ending of the school year.

State aid will be sought for the services provided in accordance with law and this policy. The Board directs that appropriate records be maintained and all relevant documentation be preserved in order that the district be properly reimbursed for the costs of transportation.

In placing property insurance coverage, the Board shall be guided by the price of the coverage, the ability of the insurer to meet obligations promptly and fully, the reputation and past performance of the insurer's agent, and the goal of distributing the insurance coverage of the district through an insurance broker(s).

Best and Company to be no less than A+; and must derive over fifty percent of his/her income from insurance premium commissions or receive no less than \$100,000 annually in premium income from sources other than this school district.

The Board shall in accordance with law, insure employees of the school district against injury and death arising out of or in the course of their employment.

The Board shall provide indemnification to any person holding any office, position or employment under the jurisdiction of the Board, including any student teacher/intern, or person assigned to other professional pre-teaching field experience, for damages, losses, and costs incurred as a result of a civil or administrative action or other legal proceeding brought against any such persons for any acts or omissions arising out of and in the course of their employment, student teaching, or other assignment to professional field experience with this Board. This indemnification will include all costs of defending such action, including reasonable counsel fees and expenses, together with costs of appeal, if any, and will hold harmless and protect such person from any financial loss resulting from such action. No employee will be held harmless or have his/her defense costs defrayed in a disciplinary proceeding instituted against him/her by the Board or when the employee is appealing an action taken by the Board. Indemnification for exemplary or punitive damages is not required and will be governed by the standards and procedures set forth in N.J.S.A. 59:10-4. The Board may arrange for and maintain appropriate insurance to cover all such damages, losses and expenses.

The Board shall provide indemnification to any person holding any office, position or employment under the jurisdiction of the Board, including any student teacher/intern, or person assigned to other professional pre-teaching field experience, for the costs of defense against any criminal or quasi-criminal action for any such act or omission when such prosecution is dismissed or results in a final disposition favorable to the officer or employee. This indemnification will include the cost of defending such proceeding, including reasonable counsel fees and expenses of the original hearing or trial and all appeals. No employee will be held harmless or have his/her defense costs defrayed as a result of a criminal or quasi-criminal complaint filed against the employee by or on behalf of the Board. The Board may arrange for and maintain appropriate insurance to cover all such damages, losses and expenses.

8760 STUDENT ACCIDENT INSURANCE

The Board of Education recognizes injuries to students may occur from accidents occurring in the course of attendance at school and participation in the athletic and co-curricular programs of the school district.

In accordance with the provisions of N.J.S.A. 18A:43-1, the Board is not required to, but may arrange for, maintain, and may pay the premiums for insurance coverage by a qualified insurer for loss sustained by students through accidental means while participating in those school activities insured by the Board's insurance provider. This insurance coverage, if purchased by the Board, will not cover all school activities and will be secondary insurance requiring all claims be submitted to the student's parent's or legal guardian's insurance provider before being submitted to the school district's insurance provider. All claim decisions and payment amounts will be made by the school district's insurance provider in accordance with the terms of the insurance policy purchased by the Board. The insurance coverage provided under this program will be based on a payment schedule and may not provide for full payment of such claims.

The Board, if such insurance is provided, may require payment to the Board by students to whom the benefit of such insurance is extended, of a proportional share of premiums or any part thereof in accordance with the provisions of N.J.S.A. 18A:43-2. In the event the Board requires such payment, the amount to be paid by students shall be established by a schedule determined by the Board, but no student electing not to participate in the accident insurance coverage shall be required to make any payment toward the cost of the premiums.

The Board may provide parent(s) or legal guardian(s) the opportunity to purchase insurance coverage, at no cost to the Board, for injury resulting from accidents sustained by students occurring in the course of attendance at school and participation in the athletic and co-curricular programs of the school district.

The Superintendent and/or designee will recommend suitable and qualified insurance providers for Board consideration and approval. Parent(s) or legal guardian(s) of students who may be eligible for such insurance coverage will be notified of its availability.

In accordance with the provisions of N.J.S.A. 18A:43-3, in the event the Board elects to provide this student accident insurance, it shall not be construed to impose any liability on the part of the Board for an injury sustained by a student as a result of or in connection with any activities outlined in N.J.S.A. 18A:43-1 or as a result of or in connection with the conduct of the physical education program of the school district.

The Board may, upon formal resolution duly adopted, become a member of a school board insurance group in order to participate in any joint self-insurance fund or funds, risk management programs, or related services offered or provided by the group. The Board's membership in the group will be governed by the bylaws of the insurance group, which must be reviewed and approved by the Commissioner of Insurance in accordance with State law.

8810 RELIGIOUS HOLIDAYS

The Board of Education recognizes the acknowledgment of religious holidays in the public school may be a source of community concern. It is a goal of the district educational program to teach mutual understanding and brotherhood and respect for group differences. In pursuing this goal, the educational program may recognize that various religious groups celebrate different holidays with different practices.

In the acknowledgment or observance of any religious holiday, the Superintendent shall ensure the school and/or school officials do not mandate, organize, participate in an official capacity, endorse, persuade, compel, prevent or deny participation in constitutionally protected prayer or religion in violation of the governing principles of the First Amendment of the United States Constitution. Consistent with these principles, the Superintendent shall ensure:

1. No worship or religious service of any kind is sponsored by the school district and conducted during the school day, whether or not conducted by a clergyman;
2. Religious exhibits or displays include only materials that are a necessary or integral part of the curriculum;
3. Any religious music played is selected primarily for its artistic content; and
4. Any acknowledgment of a religious holiday neither advances nor inhibits any particular religious sect or religion consistent with the governing principles of the First Amendment of the United States Constitution.

The Board of Education requires the students in each school in the school district to salute the United States flag and repeat the pledge of allegiance to the flag of the United States in accordance with the provisions of N.J.S.A. 18A:36-3. The pledge of allegiance shall be rendered with the right hand over the heart, except that students who have a conscientious objection against such pledge or salute, or are children of accredited representatives of foreign governments to whom the United States government extends diplomatic immunity, shall not be required to render such salute and pledge or stand during such pledge or salute, but shall be required to show full respect to the flag while the pledge is being given.

The Board of Education authorizes observance of Commodore John Barry Day as required by N.J.S.A. 18A:36-10 through 12 and appropriate exercises for the development of a higher spirit of patriotism on the last day of school preceding Washington's Birthday (also celebrated as President's Day), Decoration of Memorial Day, Columbus Day, and Veterans Day as required by N.J.S.A. 18A:36-13. 8860 MEMORIALS

The Board of Education recognizes that each officer and employee of this district is important not only to the school district but to the community at large. The loss of any officer or employee of this Board by death is a loss that the Board and the district share with the community.

In order to memorialize that loss in a fitting manner, the Board directs that, whenever notice is received of the death of a Board member or a person employed by the Board, the flag of the United States at each school district building shall be flown at half mast for one school day. Written notice shall be posted in an appropriate manner in each district building on that day in order that students, staff members, and visitors are informed of the purpose of the memorialization.

The Superintendent may, in his/her discretion, grant an employee of this district a brief absence without loss of pay or personal leave for the purpose of attending the funeral of his/her direct supervisor or subordinate provided that no disruption in the educational program will be caused by any such absence.

The Superintendent shall recommend to the Board and the Board may approve appropriate recognition measures beyond those provided for in this policy when the deceased Board officer or employee has, by length of service or extraordinary accomplishment, especially distinguished his/her service to this school district.

9100 PUBLIC RELATIONS

The Board of Education directs the implementation of a public relations program to foster the continuing and constructive cooperation of this school district with parent(s) or legal guardian(s), community organizations and institutions, representatives of business and industry, and other members of the community served by the school district.

The Superintendent shall consult with representatives of the community in the development of educational goals for the district, objectives and standards for the educational program, and the family life education curriculum. The Board encourages the involvement of community members in the governance of the district through advisory committees, in accordance with Policy No. 9140.

The Board respects the contributions to community life made by business, industry, labor, charitable organizations, cultural institutions, volunteer associations, and other community groups that enrich the educational potential of the community. The Superintendent shall be alert to opportunities for an educational program expanded and enriched by utilization, both within and without the schools, of a diversity of community resources. A file of community resources shall be maintained in each school building.

The Board directs all district employees to acquaint residents with the work of the schools; to give thoughtful and courteous consideration to all inquiries and suggestions and carefully investigate all complaints; to make parent(s) or legal guardian(s) feel welcome in the school and in the classroom; to cooperate with parent organizations and other groups of residents seeking information or offering assistance to the schools; to treat all students with firmness, sensitivity, intelligence, and fairness so as to command their respect and enlist the cooperation of their parent(s) or legal guardian(s); and to work with others in a manner conducive to high morale and meriting the respect of the community.

Adopted: 19 June 2018

9120 PUBLIC RELATIONS PROGRAM

The Board of Education believes all reasonable means should be employed to keep the community served by the school district informed on matters of importance regarding district programs, finances, personnel, policies, and operations.

The Board will determine which of its official actions have sufficient community impact and interest to warrant special release; the Board alone will release to the news media information about those matters of importance. The Board President may release information regarding Board actions of lesser importance as they have been recorded in the minutes of the Board meetings and upon the request of media representatives. The release of all other publications, photographs, and documents depicting the accomplishments of the students and staff of the district shall be approved by the Superintendent of Schools or designee.

The school district will not release or publish photographs or release other personal identifying information of an individual district student without the prior written permission of the parent(s) or legal guardian(s) or from the adult student. Written permission slips for such release from each parent(s) or legal guardian(s) or adult student will be obtained by the Principal or designee for the students in their school building or by the Program Administrator for students in programs where a Principal is not assigned. These written permission forms shall be maintained by the Principal or Program Administrator. Group photographs may be released by the district without permission, but in no event will an individual student in a group photograph be identified by name and/or by other personal identifier without written permission from the parent(s) or legal guardian(s) or adult student.

The Superintendent of Schools shall direct an information program designed to acquaint residents of the community and the public generally with the achievements and the needs of the schools. As a minimum, information shall be disseminated regarding the district's educational goals; the district's guarantee of equal educational opportunity; the district's programs for basic skills improvement, special education, bilingual education, and English as a second language; and summary reports of the administration of Statewide assessment tests. Every effort shall be made to foresee and avoid problems caused by misunderstanding or lack of information.

The public information program may include the publication and distribution of a district newsletter, meetings with parent(s) or legal guardian(s) and interested residents, a presentation and interpretation of the proposed annual budget, periodically distributed calendars and notices of events, the Superintendent's annual report, and a student handbook, as well as the release of news and photographs of school activities for publication. Notices, publications, and other written materials may be prepared in languages other than English when necessary and appropriate for understanding.

The Board of Education adopts the following strategies to minimize the cost of public relations as defined in N.J.A.C. 6A:23A-9.3(c)14 in accordance with N.J.A.C. 6A:23A-5.2.

School district publications shall be produced and distributed in the most cost-efficient manner possible that will enable the school district to inform and educate the target community. The use of expensive materials or production techniques where lower cost methods are available and appropriate, such as the use of multi-color glossy publications instead of suitable, less expensive alternatives, is prohibited.

The school district will not distribute, via mass mailings or other means to the district community at large, publications that include the picture(s) of any members of the Board of Education within ninety days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district. Any publication(s) distributed by the Board via mass mailings or other means to the district community at large within sixty days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district must be submitted to the Executive County Superintendent for review prior to distribution to ensure that the public funds are being expended in a reasonable and cost-effective manner.

Public relations activities, such as booths at Statewide conferences, marketing activities and celebrations for opening schools and community events, and TV productions that are not part of the instructional program or do not provide information about district or Board operations to the public, that are excessive in nature are prohibited. All activities involving promotional efforts to advance a particular position on school elections or any referenda are prohibited.

Nothing in N.J.A.C. 6A:23A-5.2 and this Policy shall preclude the school district from accepting donations or volunteer services from community members, local private education foundations and local business owners to conduct or assist in public relations services. Examples include, but are not limited to: providing school district flyers, newsletters, or other materials containing school-related information of public concern to local businesses, public meeting places, or other local organizations to display or make available for dissemination; making school district related information of public concern available to local newspapers to publish related articles; and utilizing volunteered services of local community members, district employees, members of parent organizations or local businesses with expertise in related areas such as printing, advertising, publishing, or journalism.

The Board of Education will establish annually prior to budget preparation, a maximum dollar limit for public relations, as defined in N.J.A.C. 6A:23A-9.3(c)14. In the event it becomes necessary to exceed the established maximum dollar limit for public relations, the Superintendent of Schools shall recommend to the Board of Education an increase in the maximum dollar amount for public relations. Any increase in the maximum dollar amount shall require formal Board action.

N.J.A.C. 6A:23A-5.2

9130 PUBLIC COMPLAINTS AND GRIEVANCES

Any person or group having a legitimate interest in the schools of this district may present a request, suggestion, or complaint concerning district personnel, the educational program, instructional or resource materials, or the operations of the district. The Board directs the establishment of procedures for the hearing and settlement of requests and complaints that provide a means for resolving them fairly and impartially, permit appropriate redress, and protect district personnel from unnecessary harassment.

When a Board member is confronted with an issue, he/she will withhold comment, commitment and/or opinion and refer the complaint or inquiry to the Superintendent, who shall review the complaint according to established procedures.

Only in those cases where satisfactory adjustment cannot be made by the Superintendent and the staff shall communications and complaints be referred to the Board for resolution.

Any misunderstandings or disputes between the public and school district staff should, whenever possible, be settled by direct, informal discussions among the interested parties. It is only when such informal meetings fail to resolve differences that more formal procedures shall be employed. A complaint about a school program or personnel should be addressed to the Building Principal; a complaint about instructional or resource materials should be addressed to the Superintendent.

The Superintendent shall establish procedures for the hearing of requests and complaints regarding district personnel, the educational program, instructional and resource materials, and the operation of the school district. Procedures will be governed by the following guidelines:

1. The matter will be resolved initially, wherever possible, by informal discussions between or among the interested parties.
2. A matter that cannot be resolved informally may be appealed at successive levels of authority, up to and including the Board of Education.
3. The complaint and its immediate resolution will be reduced to writing at the first and at each successive level of appeal.
4. A reasonable period of time, not to exceed three working days, will be permitted for the filing of an appeal in writing at each successive level. A decision at each level of appeal must be rendered in writing no later than five working days after the appeal is filed, except that the Board shall have forty-five calendar days to make its decision.

5. In the case of complaints about instructional or resource materials, the initial complaint must set forth in writing the author, title, and publisher of the materials as well as those specific portions of the material or the work to which objection is taken; the complainant's familiarity with the work; the reasons for the objection; and the use of the work in the schools. The Superintendent shall appoint a committee of professional staff members and community representatives to review the challenged material against the standards for the selection of resource materials established by Board policy. The committee will report its findings to the Board. No challenged material may be removed from the curriculum or from a collection of resource materials except by action of the Board of Education, and no challenged material may be removed solely because it presents ideas that may be unpopular or offensive to some. Any Board action to remove material will be accompanied by the Board's statement of its reasons for the removal.
6. A complainant shall be notified that a decision of the Board may be appealed to the Commissioner of Education.

9140 CITIZENS ADVISORY COMMITTEES

The success of the school system depends, to a large extent, on open channels of communication between the school community and the community at large. Citizens advisory committees are particularly useful in keeping the Board of Education and the administration informed with regard to community opinion and in representing the community in the study of specific school problems.

The Board may establish advisory committees as standing committees to serve in a liaison function between the local community and the schools, as permanent committees for funded programs as the law requires, and as the need arises.

In creating a new advisory committee, the Board shall appoint members of the community who are able and interested in the subject and concerned about the schools; appoint members who represent a wide range of community interests and backgrounds; appoint a chairperson; and appoint one or more Board members to serve as ex officio members.

In charging a new advisory committee, the Board shall define the committee assignment in writing, set a date for a preliminary and final report, and establish a budget. Expenditures of district funds by advisory committees shall be made only upon the approval of the Superintendent.

Recommendations of an advisory committee shall not reduce the responsibility of the Board, which may accept or reject recommendations in the exercise of its statutory discretion.

Meetings of an advisory committee that are open to or attended by fewer than a majority of the members of the Board are not subject to the Open Public Meetings Act and need not be open to the public, except as expressly permitted by the Board.

9150 SCHOOL VISITORS

The Board of Education welcomes and encourages visits to school by parent(s) or legal guardian(s), other adult residents of the community, and interested educators. In order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, the Board directs the enforcement of rules governing school visits.

The Superintendent and Building Principal each possess the authority to prohibit the entry of any person into a school of this district or to expel any person from the school when there is reason to believe the presence of such person would be inimical to the good order of the school. If such a person refuses to leave the school grounds or creates a disturbance, the Principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Visitors shall be required to register their presence in the school. No staff member shall transact business with or permit the continuing presence in the school of a visitor who has not been duly registered.

When the parental rights of a parent have been terminated by a court of appropriate jurisdiction, the legal guardian must inform the school so that the administration may apply appropriate regulations. The Superintendent or designee shall seek confirmation of legal custodianship where necessary. In the case of joint custody, the Superintendent or designee shall take steps to allow both parents' rights to visit their child/children's classroom.

No visitor may confer with a student in school without the approval of the Principal; any such conference may take place only in the presence of a teaching staff member and/or administrator.

The Superintendent shall develop regulations that will protect students and employees of the district from disruption to the educational program and the efficient conduct of their assigned tasks.

9160 PUBLIC ATTENDANCE AT SCHOOL EVENTS

The Board of Education welcomes the attendance of members of the community at athletic and other public events held by the schools of the district and acknowledges its duty to maintain order and preserve the facilities of the district during the conduct of such events.

The Board may bar the attendance of any person at a school event whose conduct constitutes a disruption. The Board prohibits the possession and consumption of alcoholic beverages at any function sponsored by the district, and, further, prohibits wagering on school premises.

9180 SCHOOL VOLUNTEERS

The Board of Education recognizes the services of volunteers can enrich the educational program, assist teaching staff members in the performance of their duties, and enhance the relationship between the school district and the community. The Board authorizes a program for the utilization of volunteer services in the school(s) of the school district.

An unpaid volunteer who does not volunteer on a “regular basis” is not required to complete a criminal history record check. A volunteer is not required to be approved by the Board. The unpaid volunteer shall be under the direct supervision of a certified staff member.

However, there are some unpaid volunteers who are in the school(s) on a “regular basis” and shall be required to complete a criminal history record check. The Board of Education shall reimburse the volunteer for the cost of the criminal history record check in accordance with the provisions of N.J.S.A. 18A:6-7.2. The Superintendent shall determine which volunteers should complete the criminal history record check.

For the purpose of this Policy, a “volunteer” is a person who is not paid by the Board of Education, who assists with classroom or other school activities under the direct supervision of an appropriately certified or licensed school district employee, and provides assistance for school activities on a “regular basis” throughout the school year.

For the purpose of this Policy, “regular basis” means volunteering services more than ten occasions during a school year.

A volunteer who is in the school(s) on a “regular basis” must be approved by the Board upon the recommendation of the Superintendent.

Volunteers must be persons of known character, responsibility, and integrity.

Neither the Superintendent nor any Principal shall be obligated to utilize the proffered services of a volunteer whose abilities or interests do not serve the needs of students.

Each school volunteer shall be given a copy of this Policy and the rules of conduct.

The following guidelines shall govern the service of school volunteers:

1. Volunteers may serve only under the direction and supervision of an appropriately certified or licensed staff member;

2. Volunteers should clearly understand their duties and responsibilities and perform no service outside those duties;
3. Volunteers serve only in a support capacity; only appropriately certified or licensed staff members are responsible for educational planning and decisions and the teaching of new concepts;
4. Volunteers shall respect the individuality, dignity, and worth of each child;
5. Volunteers are not permitted access to student records;
6. Volunteers should exercise discretion in discussing their school activities with others in the community and must maintain confidential any information that if disclosed would violate Federal and State laws;
7. Volunteers may consult with the Principal regarding their duties and responsibilities; and
8. Volunteers shall receive no financial remuneration from the Board.

9190 COMMUNITY ORGANIZATIONS

The Board of Education respects the contributions to community life made by business, industry, labor, charitable organizations, cultural institutions, volunteer associations and other community groups that enrich the educational potential of the community.

The Board directs the Superintendent to be alert to the opportunities for an educational program expanded and enriched by utilization, both within and without the school district, of a diversity of community resources.

9200 COOPERATION BETWEEN PARENTS AND SCHOOL

The Board of Education believes that the education of children is a joint responsibility that the Board shares with the parent(s) or legal guardian(s) of students. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained.

It is the position of the Board that parent(s) or legal guardian(s) bear the ultimate responsibility for their children's in-school behavior, including the behavior of students who have reached the legal age of majority, but are still for all practical purposes under parental authority.

The Board directs that cooperation be encouraged by parent-teacher conferences that permit two-way communication between home and school; open houses in district schools that provide parent(s) or legal guardian(s) with the opportunity to see the school facilities, meet the faculty, and observe the program on a first hand basis; meetings of staff members and groups of the parent(s) or legal guardian(s) of those students having special abilities, needs, or problems; and special events of a cultural, ethnic, or topical nature, which are initiated by parent groups, involve the cooperative effort of students and parent(s) or legal guardian(s), and are of general interest to the schools or community.

Adopted: 19 June 2018

9210 PARENT ORGANIZATIONS

The Haworth Board of Education will encourage the work of a general, voluntary, school-connected organization of parents, school staff, and friends of the school in each school. Such organizations may not establish educational policy, participate in the administration of the school, or authorize management and direction of school affairs.

Such organizations shall have as their objectives the promotion of student welfare; the development of close relationships between the home and the school; and the development between educators and the public of such united efforts as will secure for every student in the schools the best kind of educational program possible.

The Haworth Home and School Executive Board consisting of seven members is authorized to oversee the activities of school committees. It will meet no less than one time per month. The School Lunch Committee will report to the Haworth Home and School Executive Board. The Superintendent or designee will be informed of all committee activities by the Haworth Home and School Executive Board directly. Additionally, the Haworth Home and School Executive Board will report all activities at the public meeting of the Board.

Organizations shall not use the district's name in their titles without the Board's express consent. Such permission to use the district's name does not constitute permission to act as the district's representative.

The Board shall make it a practice not to interfere in the internal workings of such groups. Such groups shall annually report to the Superintendent or designee on the activities of the organization.

Permission to hold regular meetings of such organizations in school facilities will be extended by the Board of Education for a particular school year, in accordance with Board policy.

The Superintendent or designee or another professional staff member designated by the Superintendent or designee may serve as adviser to the general parent/teacher organization. All members of the professional staff shall be encouraged to join the organization and to participate in its activities.

Fund-raising activities of school organizations shall be approved by the Board and shall benefit the school by supporting the purchase of classroom supplies, books, materials and/or other purpose relevant to the educational program.

9230 PARENTAL RESPONSIBILITIES

The Board of Education believes that children benefit when parent(s) or legal guardian(s) recognize and discharge a responsibility to encourage and support the learning process.

Parent(s) or legal guardian(s) can help children learn by:

1. Requiring that children obey all school rules and by accepting responsibility for a child's improper conduct;
2. Sending children to school with proper attention to health, personal cleanliness, and dress;
3. Maintaining an active interest in each child's daily work and making it possible for the child to complete assigned homework by providing a quiet place and suitable conditions for study;
4. Reading communications from the school and signing and returning them promptly when so requested;
5. Attending conferences arranged for the exchange of information on the child's progress in school; and
6. Scheduling family matters to minimize interference with school time.

Adopted: 19 June 2018

9240 RIGHTS OF PARENTS

The Board of Education recognizes that the parent(s) or legal guardian(s) of each child are ultimately responsible for the care and custody of that child, and that both parent(s) or legal guardian(s) share that responsibility equally. The Board recognizes as well that, where only one parent has legal custody of a child, the rights and responsibilities of the other parent may be limited. The Board believes that the interests of the child are best served by the continuing involvement of both parents in the child's life and well-being.

The Board will presume that each natural or adoptive parent(s) or legal guardian(s) of a student enrolled in this district possesses full parental rights of access to the student and to information about the student, notwithstanding any separation of the parent(s) or legal guardian(s) or dissolution of their marriage. Accordingly, and in the absence of notice to the contrary, the Board directs that school administrators accommodate the needs of both parent(s) or legal guardian(s) for access to their child, to their child's teachers, and to information about their child.

Every parent, except as prohibited by Federal and State law, shall have access to records and information pertaining to his/her unemancipated child, including, but not limited to, medical, dental, insurance, child care and educational records, whether or not the child resides with the parent, unless that access is found by the court to be not in the best interest of the child or the access is found by the court to be sought for the purpose of causing detriment to the other parent.

The place of residence of either parent shall not appear on any records or information released pursuant to the provisions of this section.

A child's parent(s), guardian(s) or legal custodian(s) may petition the court to have a parent's access to the records limited. If the court, after a hearing, finds that the parent's access to the record is not in the best interest of the child or that the access sought is for the purpose of causing detriment to the other parent, the court may order that access to the records be limited. Proper notice of court action consists of the custodial parent's sworn affidavit or certification supported by a copy of the pertinent portion of a legal agreement or court order that awards custody and establishes the rights and limitation of the noncustodial parent or terminates the parental rights of the noncustodial parent.

Nothing in this policy shall be construed as limiting in any way the rights of the noncustodial parent whose parental rights have not been terminated to full access to his/her child's records.

9242 USE OF ELECTRONIC SIGNATURES

The New Jersey Uniform Electronic Transactions Act (UETA) authorizes a Board of Education to use electronic forms, filings, and signatures to conduct official business with the public. The use of electronic forms, filings, and signatures may save school district resources and will provide a convenient and cost-efficient option for parents to receive, review, and acknowledge receipt of information from the school district. Therefore, the Board of Education authorizes the use of electronic forms, filings, and signatures in communications between the school district and parents pursuant to the UETA.

For the purposes of this Policy, “electronic” means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

For the purposes of this Policy, “electronic record” means a record created, generated, sent, communicated, received, or stored by electronic means.

For the purposes of this Policy, “electronic signature” means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

For the purposes of this Policy, “information processing system” means an electronic system for creating, generating, sending, receiving, storing, displaying, or processing information.

The school district may electronically send documents to parents of students enrolled in the school district. These documents may include, but are not limited to: informational notices; school or school related events or activities; periodic updates on a student’s progress; school district forms; requests for information; and any other communications between the school district and home. Some documents electronically sent to parents may require the parent to: acknowledge receipt of a document; provide parental consent for such matters as student compliance with the district’s acceptable use of school district computers and administration of surveys; and/or acknowledge receipt and acceptance of terms of a Board of Education policy, regulation, or practice. Any document sent to parents of students enrolled in the school district must be capable of retention by the recipient. To be capable of retention, the recipient at the time of receipt, must be able to retain and accurately reproduce the document for later reference by all persons who are entitled to retain the record. A record is not capable of retention by the recipient if the sender of its information processing system inhibits the ability of the recipient to print or store the electronic record.

The Board of Education authorizes documents may be electronically sent to parents of students enrolled in the school district only with the approval of the Superintendent of Schools. The Superintendent shall establish an information processing system to include a process for parents to electronically send, sign, and return documents to the school district. The school district shall make accommodations for a parent who is unable or unwilling to conduct business electronically. In addition, a parent may refuse to conduct business electronically for any reason and at any time. In this event, the school district shall make available a hard copy of the document(s) to the parent to review, maintain, and any document(s) requiring signatures to be returned to the district. The Superintendent will only implement an information processing system in accordance with the provisions of the UETA.

Documents that are electronically signed and returned to the school district may be maintained by the school district in electronic or non-electronic form. Documents returned to the district that are not electronically signed shall be maintained by the district in non-electronic form. However, nothing shall prevent the school district from converting a non-electronic document to an electronic document and for such document to be stored in electronic form. All electronic or non-electronic documents returned to the school district shall be maintained by the school district in accordance with the New Jersey Department of the Treasury - Records Management Services - Records Retention Schedules and in accordance with N.J.S.A. 12A:12-12.

9260 PARENTAL LIABILITY FOR VANDALISM

The school property held in trust by this Board of Education represents a substantial investment of the taxpayers of the school district; liability for the willful and malicious destruction of that property should be borne by those directly and indirectly responsible.

The Board further believes that parent(s) or legal guardian(s) are ultimately responsible for the supervision and discipline of students and that the knowledge that they are vicariously liable for the acts of their children and wards will encourage parent(s) or legal guardian(s) to exercise that responsibility more vigorously.

Where any property, real or personal, owned by this Board has been willfully and maliciously damaged by any minor, whether or not the person is enrolled in this district, the Board shall bring civil action against the parent(s) or legal guardian(s) having legal custody and control of the person at the time the damage was caused, for the full amount of the damage.

N.J.S.A. 18A:37-3

Adopted: 19 June 2018

9270 HOME SCHOOLING AND EQUIVALENT EDUCATION OUTSIDE THE SCHOOLS

The Board of Education encourages the enrollment of all children of school age resident in the district in public schools or in approved private schools so that they may enjoy the benefits of a well-planned educational program and the socialization possible in a group environment.

Every parent, legal guardian or other person having custody and control of a child between the ages of six and sixteen years shall cause such child regularly to attend the public school or a day school in which there is given instruction equivalent to that provided in the public schools for children of similar grades and attainments or to receive equivalent instruction elsewhere than at school. The Board recognizes its responsibility for assuring that every child of school age resident in the district is enrolled in a public or private school or is offered an equivalent thorough and efficient education elsewhere than at school. The Board acknowledges that a parent, guardian, or other person having custody and control of a child has a constitutional right to choose the type and character of education they feel is best suited for their child(ren), be it secular or sectarian. Home schooling is an option and when chosen this option will be carried out in the student's home rather than the school.

In the event the Superintendent determines there is credible evidence the parent, legal guardian, or other person having custody and control of a school-aged child is not causing the child to receive equivalent instruction elsewhere than at school, the Superintendent may request a letter of intent from the parent, legal guardian, or other person confirming the child is receiving equivalent instruction elsewhere than at school. The Superintendent may report to the appropriate municipal authorities children whom he/she has reason to believe are not receiving an education in accordance with N.J.S.A. 18A:38-25. The New Jersey Department of Education encourages the parent, legal guardian, or other person having custody and control of a school-aged child to notify the Superintendent of the intent to educate the child elsewhere than at school to avoid questions with respect to compliance with the compulsory education laws.

The parent or legal guardian or other person having custody and control of a child between the ages of six and sixteen, who fails to comply with any of the compulsory education provisions of N.J.S.A. 18A:38 et seq. relating to his/her duties, shall be deemed to be a disorderly person and shall be subject to a fine.

If a child seeks admission to this school district from a program of home schooling, the school district will evaluate the work of the child to determine his/her appropriate grade placement. The Superintendent or designee will objectively evaluate the child's skill and achievement levels, as it would with any transfer student, before making a determination as to the acceptability of credits and/or the appropriate grade level placement.

When children are home schooled and are not enrolled in a school, the school district is not required to provide any of the entitlements or privileges of students enrolled in the school district unless an entitlement or privilege is specifically provided in Board Policy or required by Federal law, or State statute or administrative code. The school district's curriculum and other public record information will be provided to the parent, legal guardian, or other person having custody and control of a child upon request in accordance with the Open Public Records Act and Policy and Regulation 8310.

A child educated at home shall not receive a State endorsed high school diploma from the Board of Education.

9280 PARENT CONFERENCES

The Board of Education endorses the parent-teacher conference as an effective means of permitting parent(s) or legal guardian(s) and teachers to share information about students and the educational program in a constructive setting.

The Superintendent is directed to schedule parent-teacher conferences at such times as will permit the maximum attendance of parent(s) or legal guardian(s), including working parent(s) or legal guardian(s); to encourage the participation of parent(s) or legal guardian(s); and to provide in-service training to teachers to assist them in making most effective use of the conference.

The Board believes that the information exchanged in parent-teacher conferences can be of great importance to the student's ability to profit educationally; such conferences are, therefore, an essential part of the instructional program and an integral part of a teacher's professional responsibility. Accordingly, all teachers are required to attend the parent conferences scheduled for the children assigned to them. A teacher's failure to observe this policy may be cause for discipline.

The Board regards parent-teacher conferences as non-adversarial meetings in which all persons present are united in a common interest in the educational well-being of the student. The parent(s) or legal guardian(s) of the student may bring to the conference additional persons who share that interest and wish to aid the parent(s) or legal guardian(s) and the teacher. When a parent(s) or legal guardian(s) desires the representation of legal counsel at the conference, however, the Board may wish to be similarly represented. Accordingly, the parent(s) or legal guardian(s) who plans to bring legal counsel to a parent-teacher conference shall notify the school Principal of that intention no later than five working days in advance of the conference in order that the Superintendent may secure such legal representation as he/she may deem advisable.

The purposes of the parent-teacher conference are best served when all persons present share freely and candidly their knowledge of the student's educational progress and information relating to that progress. Any person present may make and preserve notes, for his/her benefit, of the information shared and may, if permitted, make a tape recording of the conference as an aid to memory or to share with an absent parent or legal guardian. Because the presence of the tape recorder may act to impede the free exchange necessary to an effective conference, however, either the parent(s) or legal guardian(s) or the teacher may refuse the other's request that a tape recorder be used.

9320 COOPERATION WITH LAW ENFORCEMENT AGENCIES

The Board of Education acknowledges the law compelling school attendance vests in the Board a custodial responsibility for the children in its charge and a duty to protect those children from persons not associated with the school district.

The Board further recognizes that its interest in helping children understand and respect the law is best served by a close and cooperative relationship with local law enforcement. The Board adopts Policy and Regulation 9320 in accordance with N.J.A.C. 6A:16-6.1 et seq. to ensure cooperation between school staff and law enforcement officials in all matters relating to the unlawful possession, distribution and disposition of controlled dangerous substances, as defined in N.J.S.A. 24:21-2, including anabolic steroids, drug paraphernalia, alcoholic beverages and/or firearms as defined in subsection f. of N.J.S.A. 2C:39-1.(f); and other deadly weapons as defined in N.J.S.A. 2C:39-1.(r) and in the planning and conduct of law enforcement activities and operations occurring on school property, including arrest procedures and undercover school operations. The Board directs the Superintendent to institute a program of such communication and cooperation.

Policy and Regulation 9320, as adopted by the Board, will be submitted for approval to the County Superintendent of Schools in accordance with N.J.A.C. 6A:16-6.2(a)2.

Policy and Regulation 9320 have been developed and approved by the Board to protect the interests of students and serve the legitimate needs of law enforcement in accordance with N.J.A.C. 6A:16-6.1 et seq.

The school Principal may request from law enforcement agencies at the time of charge, adjudication or disposition, information as to the identity of a juvenile student charged, the adjudication and the disposition. A law enforcement or prosecuting agency shall at the time of charge, adjudication or disposition, advise the school Principal of the school where the juvenile is enrolled, of the identity of the juvenile charged, the offense charged, the adjudication and the disposition if:

1. The offense occurred on school property or a school bus, occurred at a school-sponsored function or was committed against an employee or official of the school; or

- e. Would be a crime of the first or second degree.

Information provided in accordance with the section above shall be treated as confidential. The school Principal may inform school staff members of this information if the Principal deems it appropriate for maintaining order, safety or discipline in the school or to planning programs relevant to the juvenile's educational and social development. Law enforcement or the prosecuting agency may provide the school Principal with information identifying one or more juveniles who are under investigation or who have been taken into custody for the commission of any act that would constitute an offense if committed by an adult when the law enforcement or prosecuting agency determines that the information may be useful to the Principal in maintaining order, safety, or discipline in the school or in planning programs relevant to the juvenile's educational and social development. Information provided in accordance with the section above shall be treated as confidential, but the school Principal may inform school staff members of this information if the Principal deems it appropriate for maintaining order, safety or discipline in the school or for planning programs relevant to the juvenile's educational and social development. No information provided in accordance with this paragraph shall be maintained.

The Principal who requests and/or receives information as specified in this policy shall notify the Superintendent or designee within twenty-four hours.

The school district shall comply with the Department of Education rules and regulations concerning the creation, maintenance and disclosure of student records regarding school Principal notification of juvenile offender case disposition and this policy.

9324 SEX OFFENDER REGISTRATION AND NOTIFICATION

The Board of Education and administration will comply with the guidelines developed by the New Jersey Attorney General's Office and will work cooperatively with the County Prosecutor's Office and the Haworth Police Department regarding the requirements of N.J.S.A. 2C:7-1 et seq. (Megan's Law).

The Megan's Law notification statute applies to all sex offenders who are required to register pursuant to N.J.S.A. 2C:7-1 et seq. The offenses requiring registration by persons convicted, an adjudicated delinquent or a person acquitted by reason of insanity are as indicated in New Jersey Statutes Annotated.

Definitions

- A. Tier One offenders encompass those that are a "low risk of re-offense", thus constituting a low risk of harm to the community. This offender is one who, because of the type of crime, the lack of violence in his/her behavior, the lack of a substantial criminal history and the existence of ties to the community presents no more than a possible risk of re-offense.
- B. Tier Two offenders encompass those who are a "moderate risk of re-offense", thus constituting a moderate risk of harm to the community in that the pertinent documents demonstrate that they are reasonably likely to re-offend, warranting limited notice for the protection of the public.
- C. Tier Three offenders encompass those who are a "high risk of re-offense" in that the available record demonstrates that there is a probable risk of re-offense, warranting notice to the community likely to encounter the offender.

The County Prosecutors Office determines the specific schools, community organizations and residences to receive notification.

The School District is automatically included on the notification list and is not required to register to be notified under Tier Two or Tier Three notifications. Where the risk of re-offense is determined by the County Prosecutor's Office to be moderate or high in accordance with the law, the County Prosecutor's Office and/or the appropriate law enforcement office will notify the Superintendent and the Principal of the targeted school(s). The Superintendent should not notify the target school(s), but may contact the Prosecutor's Office if the Superintendent thinks that a

school in the notification area has been inadvertently omitted. The school district is entitled to receive the offender's name and a recent photograph, along with a physical description, the offense of which he/she was convicted, their address, place of employment and/or schooling, and vehicle license number.

The Board of Education shall take appropriate steps to educate and alert those staff members who are charged with the care and supervision of children, emphasizing that this information is intended to assist such staff members in the protection of their charges, not to provide notification to the community at large. All sex offender notification information to the community must be released by the appropriate law enforcement agency or the County Prosecutor's Office. The school district and/or any school staff member shall keep all sex offender notification information confidential. In the event the school district is notified a student is a Tier One or Two sex offender, the school district will cooperate with the local law enforcement and the County Prosecutor's Office on community notification consistent with the law and guidelines of the New Jersey Attorney General's Office.

The County Prosecutor's Office will be asked to provide guidance to the school district staff members. The Board of Education, working in conjunction with the County Prosecutor's Office and/or a local law enforcement office, will hold meetings and other educational programs at a particular school for staff regarding the safeguarding of the school district's children. There will be a strong emphasis on providing pertinent information, constructive knowledge and guidance to the community, as well as advice concerning the consequences of vigilante activity.

The Building Principal of each school notified by the Prosecutor's Office will have the discretion to make the determination as to which employees within the school should be informed of the notification. The Building Principal should share the notice with any person who in the course of the duties of his/her employment or assignment is regularly in a position to observe unauthorized persons in or near the property of the notified school. If any persons to be notified by the Building Principal are employees of private contractors, the Principal or the Superintendent will notify the private vendor who will provide notice to the employees. The Principal shall only notify school appropriate district staff of Tier Two or Tier Three notifications and not to provide notification to the community at large. Guidance to the school district in providing this information to staff members will be obtainable from the County Prosecutor's Office.

9400 NEWS MEDIA RELATIONS

Representatives of the local newspapers and radio and television stations are an important link in the communications chain between the school district and the community it serves. The maintenance of a good working relationship with members of the media is essential to meeting the objectives of the district's school and community relations program.

The Board of Education must give formal approval to all basic practices governing relations between news media and the district and reserves the right to negotiate, on terms most favorable to the district, for the radio broadcasting, televising, filming, or sound recording of any school event by an outside agency.

The Board President and Superintendent shall be the chief communications representatives of the Board.
